

# Monterey County EMS System Policy

Policy Number: 2180  
Effective Date: 7/1/2022  
Review Date: 6/30/2025

## TACTICAL MEDICINE

### I. PURPOSE

- A. To authorize a program of Tactical Medicine,
- B. To coordinate tactical medicine activities with the EMS system, and
- C. To provide medical oversight for tactical medicine teams, and outline QI requirements for SWAT teams that wish to integrate a program of tactical medicine into their operations.

### II. POLICY

- A. Tactical medicine programs shall be developed and utilized in accordance with California POST/EMS Authority Tactical Medicine Operational Programs and Standardized Training Recommendations document.
- B. A needs assessment to determine the level of emergency care required by the SWAT team to support its mission and operations shall be made by the requesting agency and provided to the EMS Agency prior to implementation.
- C. Tactical medicine personnel shall adhere to the Monterey County scope of practice and function under medical control as established by the EMS Medical Director while functioning as part of a SWAT team.
- D. The scope of practice for tactical medicine personnel shall not exceed those activities authorized in Title 22 CCR and by Monterey County policy.
- E. Tactical medicine programs shall be approved by the Monterey County EMS Agency prior to implementation and reviewed when changes to the program are proposed or every two years if no changes are proposed.
- F. Initial and ongoing training shall adhere to standards developed by POST and the EMS Authority.
- G. Tactical medicine personnel shall ensure that their personnel are equipped and supplied to be able to provide patient care under Monterey County EMS policy and protocol.
- H. SWAT teams shall ensure coordination of their tactical medicine procedures with other Monterey County based SWAT teams to ensure safe operational integration with the EMS system.
- I. Operational tactics in the tactical environment are under the control of the Incident Commander or designee.

### III. PROCEDURE

#### A. Initial program authorization

1. Submit a letter requesting authorization of tactical medicine program by the tactical team to the EMS Agency. The needs assessment shall be included with the authorization request.
2. Submit a copy of the proposed program to include the QI plan and list of drugs and equipment carried. For reference and more information please visit: [https://post.ca.gov/Portals/0/Publications/Tactical\\_Medicine.pdf?ver=2019-07-12-131139-640](https://post.ca.gov/Portals/0/Publications/Tactical_Medicine.pdf?ver=2019-07-12-131139-640)
3. Submit a roster of all EMT and paramedic personnel who are intended to be a part of the tactical medicine program.
4. Designate a Tactical Medicine Program Director who shall be the point of contact between the SWAT team and the EMS Agency, EMS service providers, and hospitals.

#### B. Ongoing program authorization and maintenance

1. Regular participation in the Monterey County EMS QI program is required for ongoing program approval.
2. Drug, equipment, and supply inventory shall be maintained so that drugs, equipment, and supplies are in useable condition and amounts are adequate to support the intended mission.

#### C. Integration with the Monterey County EMS system.

1. Utilization of on duty EMS personnel as part of the SWAT team shall not interfere with patient care or continued operation of the EMS system.
2. Planned tactical operations should be coordinated with local EMS providers whenever possible to ensure safe integration of EMS personnel.

#### END OF POLICY
