

COMMUNITY MEETING

County of Monterey

Agricultural Mitigation Policy Development

Tuesday, July 5th, 2022 - 1 pm to 3 pm

**Castroville Public Library - Community Room
11160 Speegle St., Castroville, CA 95012**

North Monterey County landowners, residents, and interested parties:

The County of Monterey Housing and Community Development Department staff and Supervisor John M. Phillips (District 2) invite you to join the conversation about the development of the County's Agricultural Conservation Mitigation Program (REF#: 220044).

Recognizing that agriculture is the largest industry in the County and an important contributor to the economy, the 2010 General Plan seeks to promote the long-term protection, conservation, and enhancement of productive and potentially productive agricultural lands. The County team is developing policies to mitigate (which means to minimize or off-set) the loss of agricultural land due to conversion and development in the inland areas of unincorporated Monterey County.

At this meeting, staff will provide an overview of the Program, timeline, and steps in developing policies and provide an opportunity for input to staff toward the development of draft policies.

Bring your questions, ideas, and feedback regarding the development of draft policies to mitigate the loss of agricultural lands to development.

Questions: Contact Taylor Price at (831) 784-5730 or pricet1@co.monterey.ca.us
