Introduction

The Department of Community Services and Development (CSD) has developed the 2022/2023 Community Needs Assessment (CNA) and Community Action Plan (CAP) template for the Community Services Block Grant (CSBG) network. Each agency must submit a completed CAP, including a CNA to CSD on or before **June 30, 2021**. In an effort to reduce administrative burden during the Novel Coronavirus (COVID-19) pandemic, CSD has made changes to the CAP template. The changes are detailed below in the “What’s New for 2022/2023?” section. Provide all narrative responses in 12-point Arial font with 1.5 spacing. When the CNA and CAP are complete, they should not exceed 52 pages, excluding the appendices.

Purpose

Public Law 105-285 (the CSBG Act) and the California Government Code require that CSD secure a CAP, including a CNA from each agency. Section 676(b)(11) of the CSBG Act directs that receipt of a CAP is a condition to receive funding. Section 12747(a) of the California Government Code requires the CAP to assess poverty-related needs, available resources, feasible goals and strategies that yield program priorities consistent with standards of effectiveness established for the program. Although CSD may prescribe statewide priorities or strategies that shall be considered and addressed at the local level, each agency is authorized to set its own program priorities in conformance to its determination of local needs. The CAP supported by the CNA is a two-year plan that shows how agencies will deliver CSBG services. CSBG funds are by their nature designed to be flexible. They shall be used to support activities that increase the capacity of low-income families and individuals to become self-sufficient.

Federal CSBG Programmatic Assurances and Certification

The Federal CSBG Programmatic Assurances are found in section 676(b) of the CSBG Act. These assurances are an integral part of the information included in the CSBG State Plan. A list of the assurances that are applicable to CSBG agencies has been provided in the Federal Programmatic Assurances section of this template. CSBG agencies should review these assurances and certify that they are in compliance.

State Assurances and Certification

As required by the CSBG Act, states are required to submit a State Plan as a condition to receive funding. Information provided in agencies’ CAPs will be included in the CSBG State Plan. Alongside Organizational Standards, the state will be reporting on [State Accountability Measures](#) in order to ensure accountability and program performance improvement. A list of the applicable State Assurances and the agency certification for them are found in the State Assurances section of this template.

Compliance with CSBG Organizational Standards

As described in the Office of Community Services (OCS) [Information Memorandum \(IM\) #138 dated January 26, 2015](#), CSBG agencies will comply with implementation of the Organizational Standards. CSD has identified the Organizational Standards that are met through the completion of the CAP and the CNA. A list of Organizational Standards that will be met upon completion of the CAP can be found in the Organizational Standards section of this template. Agencies are encouraged to utilize this list as a resource when reporting on the Organizational Standards annually.

What's New For 2022/2023?

Two-Part Layout. The 2022/2023 template has been divided into two parts:

Part I: Community Needs Assessment (CNA); and

Part II: Community Action Plan (CAP).

The CNA portion has sections for the needs assessment narrative and the results. Surveys and analysis documents may be attached as appendices. The CAP portion encompasses all the usual topics such as Vision and Mission Statement, Tripartite Board of Directors, Service Delivery System, Linkages, Monitoring, etc.

Revised Public Hearing Section. In addition to including the statute for the public hearing requirement, CSD has incorporated new guidelines for issuing the Notice of Public Hearing and the draft CAP, and documenting low-income testimony delivered at the public hearing. The Low-Income Testimony and Agency Response document will be required as an appendix. See the section on Public Hearing(s) for more details.

CNA Helpful Resources. Part I: Community Needs Assessment contains resources on conducting a needs assessment, influence of COVID-19 on the process, and updated links to state and national quantitative data sets.

Revised and Reduced Narrative Sections. Every effort has been made to reduce the administrative burden of conducting a CNA and preparing a CAP during an active pandemic. Although these tasks are fundamental to CSBG and should not be overlooked, CSD is aware of the reduced capacity and other circumstances under which many of the agencies are functioning. CSD has removed questions, utilized check boxes when possible, and made some questions optional. Many questions about the federal and state assurances have been removed. However, agencies are still required to certify that they are in compliance with the assurances. In the sections pertaining to the Tripartite Board of Directors and Linkages, for instance, agencies may indicate whether there are changes to the response in the 2020-2021 CAP or whether they would like CSD to accept the 2020-2021 CAP response without adaptations. Please keep in mind that these flexibilities are made because of the COVID-19 pandemic and may not be utilized in future years.

Additional Information. CSD has added a section to address disaster preparedness and agency capacity building. While this information is not directly mandated by statute, it is important to know

agencies have disaster response plans in place and are making efforts to increase their own capacities. Responses to these questions are optional.

Federal and State Assurances Certification. Pertaining to the federal and state assurances, CSD removed questions where possible. If compliance to an assurance could be demonstrated without a narrative, the question was removed. However, agencies will still be required to certify that the Federal CSBG Programmatic Assurances and the State Assurances are being met. Agency certifications are found in those sections.

CSBG State Plan References. Information for the CSBG State Plan comes largely from CAPs submitted by agencies. To help agencies understand their roll in preparing the CSBG State Plan, CSD has indicated which questions contribute to the development of the annual CSBG State Plan.

Public Hearing(s)

California Government Code Section 12747(b)-(d)

State Statute Requirements

As required by California Government Code Section 12747(b)-(d), agencies are required to conduct a public hearing for the purpose of reviewing the draft CAP. All testimony presented by low-income individuals and families during the public hearing shall be identified in the final CAP. Agencies shall indicate whether or not the concerns expressed by low-income individuals and families have been addressed. If an agency determines that any of the concerns have not been addressed in the CAP, the agency shall include in its response document, information about the concerns and comment as to their validity.

Public Hearing Guidelines

Notice of Public Hearing

1. Notice of the hearing and comment period must be published at least 15 calendar days prior to the public hearing.
2. The notice may be published on the agency's website, Facebook page, social media channels, and/or in newspaper(s) of local distribution.
3. The notice must include information about the draft CAP; where members of the community may review, or how they may receive a copy of, the draft CAP; the dates of the comment period; where written comments may be sent; date, time, and location of the public hearing; and the agency contact information.
4. The comment period should be open for at least 15 calendar days prior to the hearing. Agencies may opt to extend the comment period for a selected number of days after the hearing.
5. The draft CAP must be made available for public review and inspection at least 30 days prior to the hearing. The draft CAP can be posted on the agency's website, Facebook page, social media channels, and distributed electronically or in paper format.
6. Attach a copy of the Notice(s) of Public Hearing as Appendix A to the final CAP.

Public Hearing

1. Agencies must conduct at least one public hearing on the draft CAP.
2. Public hearing(s) shall not be held outside of the service area(s).
3. Low-income testimony presented at the hearing or received during the comment period must be memorialized verbatim in the Low-Income Testimony and Agency's Response document and appended to the final CAP as Appendix B.
4. The Low-Income Testimony and Agency's Response document should include the name of low-income individual, his/her verbatim testimony, an indication of whether or not the need was addressed in the draft CAP, and the agency's response to the testimony if the concern was not addressed in the draft CAP.

Guidance for Public Hearings During COVID-19

The COVID-19 pandemic poses unique challenges to fulfilling the public hearing requirement. CSD asks that agencies adhere to state and county public health guidance to slow the spread of the virus and ensure public safety. The health and safety of agency staff and the communities you serve is paramount. If a public hearing cannot be conducted in person, CSD encourages agencies to utilize other formats or methods that will still adhere to the state and county public health guidance. If conducting a public hearing through other formats or methods is still not possible, agencies must contact their Field Representative at CSD at least 30 days prior to the submission of the CAP for additional guidance. Agencies will be required to provide documentation to support their constraints to meet the public hearing requirement.

Public Hearing Report

Date(s) of Public Hearing(s)	May 18, 2021
Location(s) of Public Hearing(s)	Remote Access: https://montereycty.zoom.us/j/224397747 Physical location: Monterey County Government Center 168 West Alisal St. Salinas, CA 93901
Dates of the Comment Period(s)	April 15, 2021 – May 31, 2021
Where was the Notice of Public Hearing published? Part I: Community Needs Assessment

CSBG Act Section 676(b)(11)

California Government Code Section 12747(a)

Helpful Resources

In 2011, NASCSP published a [Community Action to Comprehensive Community Needs Assessment Tool](#) that supports planning and implementing a comprehensive CNA. The tool lays out design choices, planning steps, implementation practices, analysis, and presentation options.

The National Community Action Partnership has [resources](#) such as an online Community Needs Assessment Tool and information about conducting a needs assessment during the COVID-19 pandemic. The Partnership also has a [Data Hub](#) designed specifically for the community needs assessment process.

To provide a comprehensive “picture” of the community needs in your service area(s), agencies will collect and analyze both quantitative and qualitative data. Links to several national and state quantitative data sets are given below. Local and agency data also provide information about the needs of the community.

National and State Data Sets			
U.S. Census Bureau Poverty Data	U.S. Bureau of Labor Statistics Economic Data	U.S. Department of Housing and Urban Development Housing Data & Report	U.S. Department of Health and Human Services Data Portal
Baseline Census Data by County	National Low-Income Housing Coalition Housing Needs by State	National Center for Education Statistics IPEDS	
California Department of Finance Demographics	California Attorney General Access RSS Data	California Department of Public Health Various Data Sets	California Governor's Office Covid-19 Data
California Department of Education School Data via DataQuest		California Employment Development Department UI Data by County	

Community Needs Assessment Narrative

CSBG Act Sections 676(b)(3)(C), 676(b)(9)

Organizational Standards 1.1, 1.2, 2.2, 3.2, 3.3, 3.4

State Plan

1. How did the agency share the CAP, including the CNA, with the community, stakeholders, partner organizations? (Check all that apply.)

- The agency's website
- Posted on the agency's Facebook page
- Electronic reports were sent
- Printed copies were distributed
- Social media channels
- Other

2. Describe how your agency collected and included current data specific to poverty and its prevalence related to gender, age, and race/ethnicity for your service area. (Organizational Standard 3.2, State Plan)

The 2021-2023 Community Action Plan is based on data from the 2000 US Census, 2015-2019 American Community Survey, and the 2018 Small Area Income & Poverty Estimates.

3. Describe the geographic location(s) that your agency is funded to serve. If applicable, include a description of the various pockets, high-need areas, or neighborhoods of poverty that are being served by your agency.

Monterey County Community Action Partnership serves low-income individuals and families county-wide. MCCAP structures its process for selecting services providers such that it targets providers that can reach the most vulnerable populations and underserved districts throughout Monterey County.

4. Indicate from which sources your agency collected and analyzed quantitative data for the CNA. (Check all that apply.) (Organizational Standard 3.3)

Federal Government/National Data Sets

- Census Bureau
- Bureau of Labor Statistics
- Department of Housing & Urban Development
- Department of Health & Human Services
- National Low-Income Housing Coalition

- Board members
- New and potential partners
- Clients

 Community Forums **Asset Mapping** **Other**

7. If you selected “Other” in Question 6, please list the additional approaches your agency took to gather qualitative data.

Client Evaluations

8. Describe your agency’s analysis of the quantitative and qualitative data collected from low-income individuals and families. Include a description of the data collected. (Organizational Standards 1.1, 1.2, 3.3; State Plan)

MCCAP’s Community Needs Assessment (CNA) process involves collecting information about the expressed needs of low-income residents alongside quantitative data and population demographics from multiple sources to paint a clearer picture of poverty in Monterey County. MCCAP analyzes national and local quantitative data collected from several sources including the U.S. census, the ACS survey, Monterey Bay Economic Partnership, and Monterey County Office of Education. We use this data to look for region-specific causes and conditions of poverty while examining the demographic profile of residents experiencing poverty, as well as their geographic distribution throughout the county. In order to gather relevant qualitative data to assess and prioritize the needs of low-income residents, MCCAP undertakes several activities annually including administering a survey to low-income residents, collecting written testimonials, holding a public hearing, recording public comments, and documenting data from service providers. The results of the needs assessments are then vetted at our public hearing and reported to our Community Action Commission (CAC) for approval prior to writing our biennial Community Action Plan (CAP), which establishes the basis for prioritizing and directing CSBG funds toward services deemed most impactful for our community.

9. Summarize the data gathered from each sector of the community listed below and detail how your agency used the information to assess needs and resources in your agency’s service area(s). Your agency must demonstrate that each sector was included in the needs assessment; A response for each sector is required. (CSBG Act Sections 676(b)(3)(C), 676(b)(9); Organizational Standard 2.2; State Plan)

A. **Community-based organizations:** MCCAP is a public agency that subcontracts CSBG services through a network of community based and faith-based organizations. MCCAP not only conducts its biennial CNA surveys through this network, but also collects regular customer evaluations through its service providers. Much of the data collection was informed by work MCCAP does throughout the year in collaboration with many community and faith-based organizations that directly serve the low-income community. After findings are presented at the public hearing, public comments and written testimonials are then incorporated into the CNA prior to its endorsement by the Community Action Commission.

B. **Faith-based organizations:** The response to this question is the same as above. MCCAP has a broader set of partnerships with local FBOs beyond its community action service provider agencies, which is leveraged when assessing community resources and surveying needs.

FBOs serve as an important resource for identifying the basic needs of vulnerable families and individuals.

C. Private sector (local utility companies, charitable organizations, local food banks). MCCAP funds twelve private human service providers including the Food Bank of Monterey County. MCCAP meets regularly with these subcontractors to share community updates on community needs and resources available. In addition, MCCAP staff are involved in several public private partnerships, including a partnership with United Way of Monterey County to implement two separate emergency rental and utility assistance programs. As a funder and partner, MCCAP not only supports local 2-1-1 infrastructure, but also collects and reviews United Way’s 2-1-1 call center data both to assess resident needs and service gaps. This data paints a picture of the services requested, the level of demand for specific services, services that are lacking, and regional gaps in service providers—or service “deserts”

D. Public sector (social services departments, state agencies): MCCAP is a public CAA located in the Monterey County Department of Social Services. MCCAP staff actively engages in intergovernmental partnerships between county departments and across governmental jurisdictions within the county to address housing and homelessness issues. MCCAP staff also funds and partners with the local Continuum of Care (CoC) to conduct and respond to the annual point in time homeless count. County data on social services, health and human services, and housing and homeless services is integral to MCCAP’s needs assessments, planning and strategic management.

E. Educational institutions (local school districts, colleges): MCCAP utilizes data from the Monterey County Office of Education to access county-wide and district specific graduation rates, participation in free lunch programs, and homeless students. This data provides context for poverty statistics in that illustrates not just the causes and conditions of poverty in our area, but also the scope and distribution of poverty throughout the county. It makes clear that needs and resources aren’t evenly distributed across the 5 districts comprising Monterey County, which is important information when selecting service providers for our biennial CAP.

10. “Causes of poverty” are the negative factors that create or foster barriers to self-sufficiency and/or reduce access to resources in communities in which low-income individuals live. After review and analysis of the data, describe the causes of poverty in your agency’s service area(s). (Organizational Standard 3.4, State Plan)

There are several interacting factors that contribute to the causes and conditions of poverty in our area, which have been exacerbated during the COVID-19 pandemic. The public health and economic crises accompanying COVID-19 have elevated the level of need, magnified existing disparities, and further burdened already limited resources.

In Monterey County, there is a very high cost of living, an extreme shortage of affordable housing, an economy based on low-wage, low-skill jobs, poor education outcomes, a large immigrant

population, and a growing homeless problem, particularly amongst families with children. Many low-income residents are working poor who struggle to earn enough income to maintain a stable level of self-sufficiency. Almost 50% of the population has a high school education or less and the bulk of existing jobs are in low-wage industries¹. Moreover, unemployment spiked from 4.8% to 14.4% over a one-year period between June 2019 and June 2020². Additionally, a large percentage of farmworkers living in the county are married couples and couples with children who have inadequate housing.³ The combined effects of insufficient and overcrowded housing along with job losses in agricultural and service industries greatly challenged COVID responses while also creating additional barriers for low-income residents.

Monterey County, like many California counties, has an extreme shortage of affordable housing that is driving the area's high cost of living. Rent burden and housing scarcity are a major factor making struggling households vulnerable to an economic shock. In fact, rent burden contributes to economic instability and is cited as the primary reason for homelessness.⁴ Fifty-six percent of renters in the county spend more than 30% of their income on rent.⁵ Moreover, rent increases are far outpacing growth in incomes with the median income rising 5.8% as compared to a 9.9% increase in median rent.⁶

Poverty statistics alone do not fully capture the true extent of poverty in our area because federal poverty thresholds fail to account for the true cost of living. Based strictly on federal definitions, Monterey County has an overall poverty rate of 13.3% overall, but 19.2% for children ages 0-17 years old.⁷ Poverty rates are higher in Salinas and South County. Poverty also greatly impacts women-led households, children, and non-white residents of the county. U.S. Census data poverty rates provide a starting point, or a baseline, for assessing who is affected by poverty in our community.

According to the Cost of Living Index, the cost of living in Monterey County is 49% higher than the U.S. average.⁸ The United Way's real cost measure (RCM) calculates the minimum income levels required to meet basic needs and attain self-sufficiency in Monterey County. According to the real cost measure, two adults and two children living and working in Monterey County need an income that is 263 to 307% above the poverty threshold to simply make ends meet⁹.

11. “Conditions of poverty” are the negative environmental, safety, health and/or economic conditions that may reduce investment or growth in communities where low-income individuals live. After review and analysis of the data, describe the conditions of poverty in your agency’s service area(s). (Organizational Standard 3.4, State Plan)

The previous question outlines the causes and conditions of poverty specific to the Monterey region. Monterey County has a shortage of affordable housing, a population with a low level of educational attainment, and an economy dependent on laborers, seasonal work, and low wage jobs. Under favorable economic conditions, the high cost of living in our region makes it difficult to secure basic needs in order to obtain and maintain self-sufficiency.

The effects of the COVID pandemic exacerbated the conditions of poverty, as business closures, overcrowded housing, and limited access to healthcare combined to disproportionality affect Hispanic residents and the number who contracted, were hospitalized, and died from COVID-19¹⁰. Mental or physical health problems are often a consequence of living in poverty, but these problems can also cause problems that impede self-sufficiency. Access to health care is limited by the availability and distribution of health services throughout the county. There is only one mental health provider per 310 residents.¹¹ Health care facilities tend to be more concentrated on the peninsula, presenting challenges of proximity for low-income residents living further away or with limited transportation options. Preceding the pandemic, 11% of residents do not have health insurance. Most of the uninsured are low-income individuals and families who are technically above the poverty line.¹²

Just as importantly, COVID-19 affected the network of service providers that serve as a source of safety net resources for vulnerable residents. COVID-19 restrictions created challenges for churches and nonprofits that depended upon volunteers, donations, and in person service provision. School closures also greatly impacted access to resources, particularly to food. The sudden and widespread closure of community-based food resources increased the Food Bank of Monterey County’s normal demand for food by 400% while simultaneously reducing supply and significantly increasing food and labor costs¹³. As such, COVID-19 effectively exacerbated the conditions of poverty by increasing the level of need for basic needs and overwhelming the capacity of local agencies in their ability to sufficiently address the elevated level of need in our community.

12. Describe your agency’s approach or system for collecting, analyzing, and reporting customer satisfaction data to the governing board. (Organizational Standard 6.4, State Plan)

- No change to the response in your agency’s 2020-2021 CAP.
- Adaptations to the response in your agency’s 2020-2021 CAP are described below.

Community Needs Assessment Results

CSBG Act Section 676(b)(11)

California Government Code Section 12747(a)

Table 1: Needs Table

Complete the table below. Insert a row if additional space is needed.

Needs Identified	Level	Integral to Agency Mission (Y/N)	Currently Addressing (Y/N)	Agency Priority (Y/N)
Mental Health Support Groups	Family	Y	Y	Y
Rent Payment Assistance	Family	Y	Y	Y
Before/After School Activities	Family	Y	Y	Y
Child/Youth Education Support	Family	Y	Y	Y
Food Boxes/Bags of Groceries	Family	Y	Y	Y
Youth Recreation Activities	Family	Y	Y	Y
Family Mentoring/Parenting Classes	Family	Y	Y	Y
Financial Management	Family	Y	Y	Y
Substance Abuse Support Groups	Family	Y	Y	Y
Vocational Training	Family	Y	Y	Y

Needs Identified: List the needs identified in your most recent CNA.

Level: List the need level, i.e. community or family. Community Level: Does the issue impact the community, not just clients or potential clients of the agency? For example, a community level employment need is: There is a lack of good paying jobs in our community. Family Level: Does the need concern individuals/families who have identified things in their own life that are lacking? An example of a family level employment need would be: Individuals do not have good paying jobs.

Integral to Agency Mission: Indicate if the identified need aligns with your agency’s mission.

Currently Addressing: Indicate if your agency is already addressing the identified need.

Agency Priority: Indicate if the identified need will be addressed either directly or indirectly.

Table 2: Priority Ranking Table**

Prioritize all needs identified as an agency priority in Table 1. Insert a row if additional space is needed.

Agency Priorities	Description of programs, services, activities	Indicator(s)/Service(s) Category (CNPI, FNPI, SRV)
1. Shelter, Rental Assistance	Emergency shelter, rent & utility assistance	SRV 4c, 4d, 4i, 4j, 4k, 4m, 4n, 4o NPI 4a, 4b, 4c, 4d, 4e
2. Mental Health Support	Counseling services	SRV 5p, 5t, 5u, 5v, 5x, 5y, 5z, 5aa, 5kk, 5mm NPI 5b, 5c, 5d, 5e
3. Food	Food Boxes	SRV 5ii, 5jj,
4. Vocational Training	Employment services	SRV 1a, 1b, 1c, 1f, 1g, 1h, 1j, 1k, 1l, 1m, 1o, 1p, 1q, NPI 1a, 1b, 1c, 1d, 1h
5. Financial Management	Workshops, tax services	SRV 2f, 3a, 3c, 3o NPI 3c, 3d, 3h, 3z
6. Youth Recreation and Engagement	Before and after school activities	SRV 2l, 2m, 5q NPI 2h, 2z
7. Child/Youth Education Support	Tutoring, mentoring support	SRV 2e, 2h, 2k, 2n NPI 2c, 2d
8. Leadership Training	Leadership programs and youth mentoring	SRV 1h, 1i, 2o, 2p, 2q, 2v NPI 1a, 2c, 2e, 6a
<p>** Agency Comment: Priorities are based on MCCAP's 2021 CNA survey. 2022-2023 SRVs & NPIs will be determined by the outcome of the subsequent RFP process, which will solidify CAP services for 2022-2023.</p> <p>Agency Priorities: Rank your agency priorities.</p> <p>Description of programs, services, activities: Briefly describe the program, services, or activities that your agency will provide to address the need. Identify the number of clients to be served or the number of units offered, including timeframes for each.</p> <p>Indicator/Service Category (CNPI, FNPI, SRV): List the indicator(s) or service(s) that will be reported in annual report.</p>		

Part II: Community Action Plan

CSBG Act Section 676(b)(11)

California Government Code Sections 12745(e), 12747(a)

California Code of Regulations, Title 22, Division 11, Chapter 1, Sections 100651 and 100655

Vision and Mission Statement

1. Provide your agency's Vision Statement.

Monterey County Community Action Commission and the Community Action Partnership envisions a thriving community in which policy makers, community members and a broad representation of the public and private sectors are engaged in service delivery systems that promote self-sufficiency, reduce poverty and homelessness, and build community spirit for the low-income population in Monterey County.

2. Provide your agency's Mission Statement.

The mission of the Monterey Community Action Partnership is to assess the needs of the low-income people in Monterey County and develop, maintain, and evaluate community services that empower low-income individuals and families to improve their quality of life.

Tripartite Board of Directors

CSBG Act Sections 676B(a); 676(b)(10)

California Code of Regulations, Title 22, Division 11, Chapter 1, Section 100605

State Plan

1. Describe how your Advisory or Governing Board is involved in the decision-making process and participates in the development, planning, implementation and evaluation of programs to serve low-income communities. (CSBG Act Section 676B(a))

No change to the response in your agency's 2020-2021 CAP.

Adaptations to the response in your agency's 2020-2021 CAP are described below.

2. Describe your agency's procedures under which a low-income individual, community organization, religious organization, or representative of low-income individuals that considers its organization or low-income individuals to be inadequately represented on your agency's board to petition for adequate representation. (CSBG Act Section 676(b)(10), State Plan)

No change to the response in your agency's 2020-2021 CAP.

Adaptations to the response in your agency's 2020-2021 CAP are described below.

3. Describe your Advisory or Governing Board's policy for filling board vacancies in accordance with established bylaws. Include the recruiting process, democratic selections process for low-income board members, and the timeframe established by your agency to fill vacancies. (State Plan)

No change to the response in your agency's 2020-2021 CAP.

Adaptations to the response in your agency's 2020-2021 CAP are described below.

Service Delivery System

CSBG Act Section 676(b)(3)(A)
State Plan

1. Describe your agency's service delivery system. Include a description of your client intake process or system and specify whether services are delivered via direct services or subcontractors, or a combination of both. (CSBG Act Section 676(b)(3)(A), State Plan)

Monterey County Community Action Partnership (MCCAP) is a public agency housed within Monterey County Department of Social Services. As such, MCCAP does not provide any direct services; rather, it facilitates network collaboration and allocates resources for service priorities through our network of community-based service providers. Guided by the Community Needs Assessment (CNA) process and in partnership with the Community Action Commission (CAC), MCCAP subcontracts community-based service providers for service delivery. MCCAP administers and evaluates contracts through the Department of Social Services. However, other than stipulating performance standards and expectations, MCCAP defers to individual service providers for the implementation of client intake systems most appropriated for facilitating the unique types of services they provide.

2. List your agency's proposed programs/services/activities that will be funded by CSBG. Include a brief explanation as to why these were chosen and how they relate to the CNA. (CSBG Act Section 676(b)(3)(A), State Plan)

Consistent with the intent and spirit of CSBG and CAP program, MCCAP funding is directed by community priorities and according to the required timeline dictated by the 2022-2023 CAP planning process. To date, MCCAP has completed the community needs assessment which has been endorsed by the CAC. Upon completion of the Community Action Plan (CAP), MCCAP and the CAC will solicit proposals from the community for services that are in-line with MCCAP's mission and service priorities outlined in the CNA.

Linkages and Funding Coordination

CSBG Act Sections 676(b)(1)(B) and (C), (3)(C) and (D), 676(b)(4), (5), (6), and (9)

California Government Code Sections 12747, 12760

Organizational Standards 2.1, 2.4

State Plan

1. Describe how your agency coordinates funding with other providers in your service area. If there is a formalized coalition of social service providers in your service area, list the coalition(s) by name and methods used to coordinate services/funding. (CSBG Act Sections 676(b)(1)(C), 676(b)(3)(C); Organizational Standard 2.1; State Plan)

Monterey County Community Action Partnership (MCCAP) is a public agency housed within Monterey County Department of Social Services (MCDSS). As such, MCCAP does not provide any direct services; rather, it facilitates network collaboration and allocates resources for service priorities through our network of community-based service providers. The focus of network coordination is to leverage resources to maximize community impact. Additionally, MCCAP staff works closely with community-based organizations (CBO), municipalities, and the Community Foundation of Monterey County (CFMC) to coordinate funding from private sources and local, state, and federal government.

MCCAP staff within MCDSS are actively engaged as a Community Advisor for the Coalition of Homeless Services Providers (CHSP), the local Continuum of Care (CoC) Coordinator, in addition to sitting on boards and committees of local non-profit and philanthropic funding organizations. CHSP, as the CoC Coordinator administers state and federal funding, develops, and releases RFP's, and allocates funding throughout the continuum. MCCAP staff assisted in development of the original "10-Yr Plan to end homelessness in Monterey County" and is participating in developing an update to the Plan. MCCAP, as MCDSS staff, are also members of the Leadership Council, the CoC planning body which consists of community-based organizations, jurisdictional entities, philanthropic leaders, and faith-based organizations. MCCAP/DSS is often looked to regarding local funding decisions and direction. MCCAP subcontractors provide services designed to remove obstacles and assist individuals and families to move into self-sufficiency. Additionally, MCDSS partnered with Community Foundation of Monterey County to conduct a series of community meetings to address homeless service provision in Monterey County.

2. Provide information on any memorandums of understanding and/or service agreements your agency has with other entities regarding coordination of services/funding. (Organizational Standard 2.1, State Plan)

MCCAP engages in several productive Memorandum of Understanding(s) (MOU) between the County Health Department, Monterey County Behavioral Health, and the City of Salinas to coordinate services and service provision.

MCDSS/MCCAP partners with the Monterey County Health Department to provide Community Based Case Management and Technical Support and Interface Development for the Whole Person Care (WPC) infrastructure. MCCAP staff administers the agreement that leverages WPC and MCDSS funding (50-50%) to provide comprehensive case management, housing, and health services to a very vulnerable homeless population at the Dorothy's Place Drop-In Center in Salinas' Chinatown. The Chinatown Health Services Center receives referral from the Drop-In Center. MCCAP/MCDSS also partners with the Monterey County Behavioral Health Division to finance the biennial Monterey County Homeless Census. The Homeless Census is mandated by HUD for communities receiving federal dollars to provide homeless services.

Another important partnership is between MCCAP/MCDSS and the City of Salinas who have worked together for the past six years to provide a warming shelter in downtown Salinas for homeless families and individuals. The City and the County both share shelter costs (50-50%) and planning. In addition to the MOU for managing the temporary warming shelter, an additional MOU between Monterey County and the City of Salinas was developed to apply for state Homeless Emergency Aid Program (HEAP) funding to build a permanent emergency shelter with wrap around services. The shelter was completed this year and will operate within Salinas city limits. The permanent emergency shelter will be located on county-owned property. The City and County will coordinate funding sources to cover ongoing expenses not provided through HEAP.

3. Describe how services are targeted to low-income individuals and families and indicate how staff is involved, i.e. attend community meetings, provide information, make referrals, etc. Include how you ensure that funds are not used to duplicate services. (CSBG Act Section 676(b)(9), California Government Code Section 12760, State Plan)

No change to the response in your agency's 2020-2021 CAP.

Adaptations to the response in your agency's 2020-2021 CAP are described below.

4. Describe how your agency will leverage other funding sources and increase programmatic and/or organizational capacity. (California Government Code Section 12747, State Plan)

MCCAP partners extensively across all sectors within our community. MCCAP staff is housed in the Monterey County Department of Social Services (MCDSS). In addition to our network of CBO service providers, MCCAP partners within DSS internally, across county departments, and with municipalities. MCCAP staff also collaborate closely with many CBOs that work directly with the low-income community in our service area. MCCAP's network and staff participate in a variety of regular and ongoing community dialogue committees, regular working groups, and ad hoc working groups to monitor and assess community needs. These groups are composed of key individuals from public, private, faith-based, and community-based organizations. They convene to develop strategies with respect to identifying service needs, gaps in services, and methods for improving

data and information sharing. Information gleaned from these ongoing interactions helps MCCAP to both identify important local issues and corroborate statistical data and survey responses.

Furthermore, MCCAP is actively involved in the following groups organized to promote community dialogue: bimonthly Collaborative Community partnership meetings; Safe Parking round-tables; “Impact Monterey” Community Needs Assessment working group organized by United Way and Middlebury College; Chinatown Homeless Action Team (CHAT); Whole person care clinical care committee; United Way’s Active Referral Network working group; The Monterey County and County Board of Supervisors’ Health, Housing, Homelessness, and Human Services Committee (HHHSC); Aging and Adult Services’ HOME Collaborative; Coalition of Homeless Service Providers’ (CHSP) Housing Pipeline Leadership Council; Interfaith Homeless Lodging Program’s (IHELP) monthly working board; and the Salvation Army, Bethel Church and Catholic Charities’ Emergency Food & Shelter Program’s (EFSP) local board.

5. Describe your agency’s contingency plan for potential funding reductions. (California Government Code Section 12747, State Plan)

- No change to the response in your agency’s 2020-2021 CAP.
- Adaptations to the response in your agency’s 2020-2021 CAP are described below.

6. Describe how your agency documents the number of volunteers and hours mobilized to support your activities. (Organizational Standard 2.4)

- No change to the response in your agency’s 2020-2021 CAP.
- Adaptations to the response in your agency’s 2020-2021 CAP are described below.

7. Describe how your agency will address the needs of youth in low-income communities through youth development programs and promote increased community coordination and collaboration in meeting the needs of youth. (CSBG Act Section 676(b)(1)(B), State Plan)

- No change to the response in your agency’s 2020-2021 CAP.
- Adaptations to the response in your agency’s 2020-2021 CAP are described below.

8. Describe how your agency will promote increased community coordination and collaboration in meeting the needs of youth, and support development and expansion of innovative community-based youth development programs such as the establishment of violence-free zones, youth mediation, youth mentoring, life skills training, job creation, entrepreneurship programs, after after-school child care. (CSBG Act Section 676(b)(1)(B), State Plan)

- No change to the response in your agency's 2020-2021 CAP.
 - Adaptations to the response in your agency's 2020-2021 CAP are described below.
-

9. If your agency uses CSBG funding to provide employment and training services, describe the coordination of employment and training activities as defined in Section 3 of the Workforce and Innovation and Opportunity Act [29 U.S.C. 3102]. (CSBG Act Section 676(b)(5), State Plan)

MCCAP subcontracts with local community-based agencies to provide employment and training services utilizing CSBG funding. As a program under the auspices of the MCDSS, MCCAP collaborates and coordinates with CalWORKs Employment Programs, more specifically the Welfare to Work component of Welfare Reform, Community Benefits Branch, Aging and Adult Services Branch, the Military and Veteran's Services, and the Family and Children's Services Branch. An MOU agreement with the Monterey County Workforce Development Board coordinates MCCAP subcontractors with respect to Workforce Investment Opportunity Act (WIOA) Partner Referrals.

10. Describe how your agency will provide emergency supplies and services, nutritious foods, and related services, as may be necessary, to counteract conditions of starvation and malnutrition among low-income individuals. (CSBG Act Section 676(b)(4), State Plan)

- No change to the response in your agency's 2020-2021 CAP.
 - Adaptations to the response in your agency's 2020-2021 CAP are described below.
-

11. Describe how your agency coordinates with other antipoverty programs in your area, including the emergency energy crisis intervention programs under title XVI (relating to low-income home energy assistance) that are conducted in the community. (CSBG Act Section 676(b)(6), State Plan)

- No change to the response in your agency's 2020-2021 CAP.
 - Adaptations to the response in your agency's 2020-2021 CAP are described below.
-

12. Describe how your agency will use funds to support innovative community and neighborhood-based initiatives, which may include fatherhood and other initiatives, with the goal of strengthening families and encouraging effective parenting. (CSBG Act Section 676(b)(3)(D), State Plan)

No change to the response in your agency's 2020-2021 CAP.

Adaptations to the response in your agency's 2020-2021 CAP are described below.

Monitoring

CSBG Act Section 678D(a)(1)(A) and (B)

1. Describe how your agency's monitoring activities are related to establishing and maintaining the integrity of the CSBG program. Include your process for maintaining high standards of program and fiscal performance.

MCCAP undertakes several monitoring activities throughout the entire service contract period beginning with proposal selection. As a Community Action Agency housed within MCDSS, MCCAP undertakes a highly systematic approach to accountability that combines the ROMA framework and the Monterey County Contactor Monitoring Tool (CMT). While MCCAP staff and commissioners are ROMA informed and subscribe to ROMA principles, MCCAP staff also serve as contract-managers for Monterey County.

Combining ROMA principles and County performance standards, MCCAP staff monitor program effectiveness and outcomes, fiscal performance, and contract compliance. Monitoring activities include bimonthly CAP updates and partner reviews, subcontractor site visit with commissioners, a formal desk review, CSD annual reporting, MCCAP's monthly internal fiscal and contract review, collecting customer evaluations, and monthly review of invoices and documentation.

MCCAP monitors and evaluates program and fiscal performance in accordance with the objectives in the Community Action Plan by coordinating with member agencies, the Community Action Commission, and MCDSS' fiscal branch to conduct annual site visits. Subcontractor site visits are an opportunity to monitor performance and assess how well agencies within the network function together in each region to provide services to low-income people. Site visits are also a vehicle to showcase services to the Community Action Commissioners participating in each of the site visits.

MCCAP, the Community Action Commission, and the accountant-auditor conduct annual program and fiscal monitoring for each contracting agency using a standardized contract monitoring tool. After the site visit, a written report is sent to each agency with information about the site visit that includes recommendations, suggestions and/or findings along with a corresponding deadline to respond.

2. If your agency utilizes subcontractors, please describe your process for monitoring the subcontractors. Include the frequency, type of monitoring, i.e., onsite, desk review, or both, follow-up on corrective action, and issuance of formal monitoring reports.

MCCAP is a public agency housed within MCDSS. As such, MCCAP does not provide any direct services; rather, it facilitates network collaboration and allocates resources for service priorities through our network of community-based service providers. MCCAP monitors subcontractors through bimonthly CAP updates and partner reviews, biennial site visits with commissioners, comprehensive biennial desk review, annual CSD reporting, MCCAP's monthly internal fiscal and contract review, semi-annual customer evaluations, and monthly review of invoices and documentation.

Once services and providers are selected and two-year service contracts are secured, MCCAP conducts a form of service-provider effectiveness every six months of the contract period. The methods employed by MCCAP to monitor performance include site visits, desk reviews, customer service evaluations, and bimonthly meetings with network partners. MCCAP's bimonthly meetings with service providers serve as a mechanism for regularly checking in with providers regarding progress, problems, adjustments, and/or administrative updates. To ensure quality of services and ongoing provider feedback, customer service evaluations are collected, recorded, and reported every six months during the 2-year contract period. MCCAP conducts formal performance and outcome reviews semi-annually. At the end of the first six months of a service contract, MCCAP completes site visits to conduct performance and outcome reviews for each subcontractor. The following year, MCCAP conducts mid-year desk reviews to monitor performance and outcomes. In addition, annual CSD reporting is performed at the end of each calendar year over the course of the contract period.

MCCAP staff meets every two months with all subcontracting agencies to provide updates and to encourage networking and collaboration through a convening referred to as the CAP Community Circle (CCC). At scheduled CCC meetings, service agencies share information related to service capacity and outcomes. These meetings serve as a mechanism by which MCCAP can review and monitor agency goals and program activities. MCCAP also incorporates formal, structured mechanisms for monitoring providers' programs, service-delivery, fiscal and contract performance.

MCCAP subcontracts with agencies in a biennial cycle corresponding to implementation of each new Community Action Plan. In year one, MCCAP conducts onsite monitoring of each member agency guided by the Monterey County Contractor Monitoring Tool (Appendix G). MCCAP utilizes this tool to ensure a reliable and consistent evaluation process, adequate documentation and reporting, and satisfactory resolution of issues. MCCAP staff evaluate subcontractors on the basis contract compliance, program administration, scope of service, program performance, and budget and fiscal standards. Budget and fiscal requirements are based on accounting standards with respect to financial reporting, budget control, allowable costs, internal controls, property management, accounting records, and program income. In year two, a desk review is performed using the same contract monitoring tool, and the evaluation process measures the same indicators as in the year-one site visit.

In accordance with CSD's ROMA principles and MCDSS's risk management practices, MCCAP undertakes a thorough and consistent monitoring and evaluation process that combines CSD performance standards and MCDSS contract monitoring requirements. The evaluation data collected as a result of monitoring activities is compiled into a consolidated report that is presented to, and reviewed by, the full tripartite board.

Data Analysis and Evaluation

CSBG Act Section 676(b)(12)

Organizational Standards 4.2, 4.3

1. Describe your agency's method for evaluating the effectiveness of programs and services. Include information about the types of measurement tools, the data sources and collection procedures, and the frequency of data collection and reporting. (Organizational Standard 4.3)

MCCAP evaluates the effectiveness of programs and services throughout the entire service contract period beginning with proposal selection. As a Community Action Agency housed within Monterey County Department of Social Services, MCCAP undertakes a highly systematic approach to accountability that combines the ROMA framework and the Monterey County Contactor Monitoring Tool (CMT). While MCCAP staff and commissioners are ROMA-trained and subscribe to ROMA principles, MCCAP staff also serve as contract-managers for Monterey County.

MCCAP tailored the CMT to coordinates evaluations according to ROMA principles and the ROMA cycle. As such, evaluations conducted during the assessment, planning, implementation, and results and outcome/evaluation stages are based on community needs and impact. MCCAP employs several different methods for evaluating performance that begins with subcontractor selection and continues every six-months following the procurement of services. Once service priorities have been determined via the Community Needs Assessment (CNA) process, the CMT is used to assess the financial, managerial, and programmatic soundness of the community-based organizations that submit proposals for service provision. The CMT further supports contract adherence and performance.

Once services and providers are selected and two-year service contracts are secured, MCCAP conducts reviews of service-provider effectiveness every six months during the contract period. The methods employed by MCCAP to monitor performance include site visits, desk reviews, customer service evaluations, and bimonthly meetings with network partners. MCCAP's bimonthly meetings with service providers serve as a mechanism for regularly checking in with providers regarding progress, problems, adjustments, and/or administrative updates. To ensure quality of services and ongoing provider feedback, customer service evaluations are collected, recorded, and reported every six months during the 2-year contract period. MCCAP conducts formal performance and outcome reviews semi-annually. At the end of the first six months of a service contract, MCCAP completes site visits to conduct performance and outcome reviews for each subcontractor. The second year of the two-year, MCCAP conducts mid-year desk reviews to monitor performance and outcomes. In addition, annual CSD reporting is performed at the end of each calendar year over the course of the contract period.

2. Applying the Results Oriented Management and Accountability (ROMA) cycle of assessment, planning, implementation, achievement of results, and evaluation, describe one change your agency made to improve low-income individuals' and families' capacity for self-sufficiency. (CSBG Act Section 676(b)(12), Organizational Standard 4.2)

No change to the response in your agency's 2020-2021 CAP.

Adaptations to the response in your agency's 2020-2021 CAP are described below.

3. Applying the full ROMA cycle, describe one change your agency facilitated to help revitalize the low-income communities in your agency's service area(s). (CSBG Act Section 676(b)(12), Organizational Standard 4.2) (Optional)

Additional Information (Optional)

Disaster Preparedness

1. Does your agency have a disaster plan in place that includes strategies on how to remain operational and continue providing services to low-income individuals and families during and following a disaster?
<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2. If so, when was the disaster plan last updated?
March 2021
3. Briefly describe your agency's main strategies to remain operational during and after a disaster.
Departments first responder functions, mission critical functions and non-mission critical functions; including critical times of year when certain functions must be performed (the discharge of certain mission critical work may be specific to the time of season, year or month or dependent on other factors directly affecting the function). Each agency contracted through MCCAP must also have a disaster plan in place that includes strategies on how to remain operational and continue providing services to low-income individuals and families during and following a disaster.

Agency Capacity Building

1. Although the CNA focused on Community and Family Level needs, if your agency identified Agency Level need(s) during the CNA process, list them here.
N/A
2. Describe the steps your agency is planning to take to address the Agency Level need(s).
N/A

Federal CSBG Programmatic Assurances and Certification

CSBG Act 676(b)

Use of CSBG Funds Supporting Local Activities

676(b)(1)(A): The state will assure “that funds made available through grant or allotment will be used – (A) to support activities that are designed to assist low-income families and individuals, including families and individuals receiving assistance under title IV of the Social Security Act, homeless families and individuals, migrant or seasonal farmworkers, and elderly low-income individuals and families, and a description of how such activities will enable the families and individuals--

- i. to remove obstacles and solve problems that block the achievement of self-sufficiency (particularly for families and individuals who are attempting to transition off a State program carried out under part A of title IV of the Social Security Act);
 - ii. to secure and retain meaningful employment;
 - iii. to attain an adequate education with particular attention toward improving literacy skills of the low-income families in the community, which may include family literacy initiatives;
 - iv. to make better use of available income;
 - v. to obtain and maintain adequate housing and a suitable living environment;
 - vi. to obtain emergency assistance through loans, grants, or other means to meet immediate and urgent individual and family needs;
 - vii. to achieve greater participation in the affairs of the communities involved, including the development of public and private grassroots
 - viii. partnerships with local law enforcement agencies, local housing authorities, private foundations, and other public and private partners to
-
- I. document best practices based on successful grassroots intervention in urban areas, to develop methodologies for wide-spread replication; and
 - II. strengthen and improve relationships with local law enforcement agencies, which may include participation in activities such as neighborhood or community policing efforts;

Needs of Youth

676(b)(1)(B) The state will assure “that funds made available through grant or allotment will be used – (B) to address the needs of youth in low-income communities through youth development programs that support the primary role of the family, give priority to the prevention of youth problems and crime, and promote increased community coordination and collaboration in meeting the needs of youth, and support development and expansion of innovative community-based youth development programs that have demonstrated success in preventing or reducing youth crime, such as--

- I. programs for the establishment of violence-free zones that would involve youth development and intervention models (such as models involving youth mediation, youth mentoring, life skills training, job creation, and entrepreneurship programs); and
- II. after-school childcare programs.

Coordination of Other Programs

676(b)(1)(C) The state will assure “that funds made available through grant or allotment will be used – (C) to make more effective use of, and to coordinate with, other programs related to the purposes of this subtitle (including state welfare reform efforts)

Eligible Entity Service Delivery System

676(b)(3)(A) Eligible entities will describe “the service delivery system, for services provided or coordinated with funds made available through grants made under 675C(a), targeted to low-income individuals and families in communities within the state;

Eligible Entity Linkages – Approach to Filling Service Gaps

676(b)(3)(B) Eligible entities will describe “how linkages will be developed to fill identified gaps in the services, through the provision of information, referrals, case management, and follow-up consultations.”

Coordination of Eligible Entity Allocation 90 Percent Funds with Public/Private Resources

676(b)(3)(C) Eligible entities will describe how funds made available through grants made under 675C(a) will be coordinated with other public and private resources.”

Eligible Entity Innovative Community and Neighborhood Initiatives, Including Fatherhood/Parental Responsibility

676(b)(3)(D) Eligible entities will describe “how the local entity will use the funds [made available under 675C(a)] to support innovative community and neighborhood-based initiatives related to the purposes of this subtitle, which may include fatherhood initiatives and other initiatives with the goal of strengthening families and encouraging parenting.”

Eligible Entity Emergency Food and Nutrition Services

676(b)(4) An assurance “that eligible entities in the state will provide, on an emergency basis, for the provision of such supplies and services, nutritious foods, and related services, as may be necessary to counteract conditions of starvation and malnutrition among low-income individuals.”

State and Eligible Entity Coordination/linkages and Workforce Innovation and Opportunity Act Employment and Training Activities

676(b)(5) An assurance “that the State and eligible entities in the State will coordinate, and establish linkages between, governmental and other social services programs to assure the effective delivery of such services, and [describe] how the State and the eligible entities will coordinate the provision of employment and training activities, as defined in section 3 of the Workforce Innovation and Opportunity Act, in the State and in communities with entities providing activities through statewide and local workforce development systems under such Act.”

State Coordination/Linkages and Low-income Home Energy Assistance

676(b)(6) “[A]n assurance that the State will ensure coordination between antipoverty programs in each community in the State, and ensure, where appropriate, that emergency energy crisis intervention programs under title XXVI (relating to low-income home energy assistance) are conducted in such community.”

Community Organizations

676(b)(9) An assurance “that the State and eligible entities in the state will, to the maximum extent possible, coordinate programs with and form partnerships with other organizations serving low-income residents of the communities and members of the groups served by the State, including religious organizations, charitable groups, and community organizations.”

Eligible Entity Tripartite Board Representation

676(b)(10) “[T]he State will require each eligible entity in the State to establish procedures under which a low-income individual, community organization, or religious organization, or representative of low-income individuals that considers its organization, or low-income individuals, to be inadequately represented on the board (or other mechanism) of the eligible entity to petition for adequate representation.”

Eligible Entity Community Action Plans and Community Needs Assessments

676(b)(11) “[A]n assurance that the State will secure from each eligible entity in the State, as a condition to receipt of funding by the entity through a community service block grant made under this subtitle for a program, a community action plan (which shall be submitted to the Secretary, at the request of the Secretary, with the State Plan) that includes a community needs assessment for the community serviced, which may be coordinated with the community needs assessment conducted for other programs.”

State and Eligible Entity Performance Measurement: ROMA or Alternate System

676(b)(12) “[A]n assurance that the State and all eligible entities in the State will, not later than fiscal year 2001, participate in the Results Oriented Management and Accountability System, another performance measure system for which the Secretary facilitated development pursuant to section 678E(b), or an alternative system for measuring performance and results that meets the requirements of that section, and [describe] outcome measures to be used to measure eligible entity performance in promoting self-sufficiency, family stability, and community revitalization.”

Fiscal Controls, Audits, and Withholding

678D(a)(1)(B) An assurance that cost and accounting standards of the Office of Management and Budget (OMB) are maintained.

- By checking this box and signing the Cover Page and Certification, the agency’s Executive Director and Board Chair are certifying that the agency meets the assurances set out above.**

State Assurances and Certification

California Government Code Sections 12747(a), 12760, 12768

[California Government Code § 12747\(a\)](#): Community action plans shall provide for the contingency of reduced federal funding.

[California Government Code § 12760](#): CSBG agencies funded under this article shall coordinate their plans and activities with other agencies funded under Articles 7 (commencing with Section 12765) and 8 (commencing with Section 12770) that serve any part of their communities, so that funds are not used to duplicate particular services to the same beneficiaries and plans and policies affecting all grantees under this chapter are shaped, to the extent possible, so as to be equitable and beneficial to all community agencies and the populations they serve.

For MSFW Agencies Only

[California Government Code § 12768](#): Migrant and Seasonal Farmworker (MSFW) entities funded by the department shall coordinate their plans and activities with other agencies funded by the department to avoid duplication of services and to maximize services for all eligible beneficiaries.

- By checking this box and signing the Cover Page and Certification, the agency's Executive Director and Board Chair are certifying the agency meets assurances set out above.**

Organizational Standards

MAXIMUM FEASIBLE PARTICIPATION

Category One: Consumer Input and Involvement

Standard 1.1 The organization/department demonstrates low-income individuals' participation in its activities.

Standard 1.2 The organization/department analyzes information collected directly from low-income individuals as part of the community assessment.

Category Two: Community Engagement

Standard 2.1 The organization/department has documented or demonstrated partnerships across the community, for specifically identified purposes; partnerships include other anti-poverty organizations in the area.

Standard 2.2 The organization/department utilizes information gathered from key sectors of the community in assessing needs and resources, during the community assessment process or other times. These sectors would include at minimum: community-based organizations, faith-based organizations, private sector, public sector, and educational institutions.

Standard 2.4 The organization/department documents the number of volunteers and hours mobilized in support of its activities.

Category Three: Community Assessment

Private Agency - Standard 3.1 Organization conducted a community assessment and issued a report within the past 3 years.

Public Agency - Standard 3.1 The department conducted or was engaged in a community assessment and issued a report within the past 3-year period, if no other report exists.

Standard 3.2 As part of the community assessment, the organization/department collects and includes current data specific to poverty and its prevalence related to gender, age, and race/ethnicity for their service area(s).

Standard 3.3 The organization/department collects and analyzes both qualitative and quantitative data on its geographic service area(s) in the community assessment.

Standard 3.4 The community assessment includes key findings on the causes and conditions of poverty and the needs of the communities assessed.

Standard 3.5 The governing board or tripartite board/advisory body formally accepts the completed community assessment.

VISION AND DIRECTION

Category Four: Organizational Leadership

Private Agency - Standard 4.1 The governing board has reviewed the organization's mission statement within the past 5 years and assured that:

- 1.The mission addresses poverty; and
- 2.The organization's programs and services are in alignment with the mission.

Public Agency - Standard 4.1 The tripartite board/advisory body has reviewed the department's mission statement within the past 5 years and assured that:

- 1.The mission addresses poverty; and
- 2.The CSBG programs and services are in alignment with the mission.

Standard 4.2 The organization's/department's Community Action Plan is outcome-based, anti-poverty focused, and ties directly to the community assessment.

Standard 4.3 The organization's/department's Community Action Plan and strategic plan document the continuous use of the full Results Oriented Management and Accountability (ROMA) cycle or comparable system (assessment, planning, implementation, achievement of results, and evaluation). In addition, the organization documents having used the services of a ROMA-certified trainer (or equivalent) to assist in implementation.

Category Six: Strategic Planning

Standard 6.4 Customer satisfaction data and customer input, collected as part of the community assessment, is included in the strategic planning process, or comparable planning process.

Appendices

Please complete the table below by entering the title of the document and its assigned appendix letter. Agencies must provide a copy of the Notice(s) of Public Hearing and the Low-Income Testimony and the Agency's Response document as appendices A and B, respectively. Other appendices such as need assessment surveys, maps, graphs, executive summaries, analytical summaries are encouraged. All appendices should be labeled as an appendix (e.g., Appendix A: Copy of the Notice of Public Hearing) and submitted with the CAP.

Public Hearing

2022-2023 Community Action Plan

[Salinas, CA – 05/10/2021] The Monterey County Community Action Partnership (MCCAP) will present the 2022-2023 Monterey County Community Action Plan (Plan) at the County Board of Supervisors meeting on Tuesday, May 18th 2021 and encourages public comments and input on service need priorities for low-income residents.

The Plan provides MCCAP with service priorities, goals, outcome objectives, and strategies to address the needs of the low-income population in Monterey County for calendar years (CY) 2022 through 2023. The Plan is required by the California Department of Community Services and Development (CSD) to receive the annual Community Services Block Grant (CSBG) federal funding allocation. CSBG funds are used to provide services to low-income people in Monterey County living below the federal poverty level.

The Plan is a two-year strategic guide that describes how the MCCAP complies with federal and state mandates, details specific goals, outcome objectives, service delivery strategies, and evaluation procedures. It emphasizes close coordination with public assistance programs within the Department of Social Services (DSS) as well as other evidence-based community programs to assist in delivery of supportive services to help low-income families attain and maintain self-sufficiency. For the CY 2022-2023 Plan, the process included a comprehensive community needs assessment which gathered input from targeted low-income sectors of the County of Monterey to determine the top consumer identified service needs and a robust literature review which included data from other local, state and federal assessments on a wide variety of issues identified as impactful to the causes and conditions of poverty.

Funding for these service needs is distributed based on poverty rates to community providers through a formal request for proposal and possible sole source subcontracts serving the four major regions of the County (Salinas, South County, North County, and Monterey Peninsula) tentatively scheduled to be released in late summer 2021. To view the Community Action Plan and submit written comments:

Notice of Public Hearing

Public Hearing: The 2022-2023 CAP will be presented for public comment at the May 18, 2021 Monterey County Board of Supervisors meeting during the afternoon session, which begins at 1:30PM. County Board of Supervisors meeting calendars, agendas, and live meeting links are available [here](#).

The Community Action Commission endorsed the Monterey County Community Action Partnership's (MCCAP) 2022-2023 Draft Community Action Plan on March 15, 2021. The Monterey County Community Action Plan (CAP) sets the 2022-2023 funding priorities for local services based on the 2021 Community Needs Assessment. [Access the full CAP here](#) and/or [Access the Executive Summary \(English\)](#) or [Access the Executive Summary \(Español\)](#).

Written Public Comments: MCCAP is currently accepting written public comments now through May 30, 2021. Please email your comments to MCCAP@co.monterey.ca.us. Written testimony about community needs can be submitted directly via the [Comment Card Survey \(English\)](#) or [Comment Card Survey \(Español\)](#) or by using [this form](#) and sending it to MCCAP by email, mail or fax (see contacts tab). The final draft of the 2022-2023 CAP will be presented publicly at the May 18, 2021 Monterey County Board of Supervisors meeting. Public comments and written testimony will be recorded and incorporated into the final plan.

Community Engagement

Citizens are engaged when they play a meaningful role in the discussions and decision-making process of what they consider their needs to be. Every two years, Monterey County Community Action Partnership (MCCAP) executes a Community Needs Assessment. This collaborative effort between community members, MCCAP Commissioners, service providers and MCCAP staff, provides opportunities for community members to engage in these meaningful roles.

Funding

Funding for MCCAP comes from a variety of sources. Community Service Block Grants (CSBG) are federally funded allocations which provide base funding for community services supported in part by MCCAP. Other funding sources utilized are: Domestic Violence Trust Fund (DVTF), Homeless Fund (HF), and Monterey County Department of Social Services (MCDSS) general fund support. CSBG funding comes from the federal government via the State of California. DVTF allocations are generated by marriage license taxes. HF allocations are generated by Monterey County hotel taxes. Although funding remains generally consistent, there may be some fluctuations from year to year as tax levels increase and decrease.

MCCAP funds various programs to assist and empower low-income individuals and families through contracts with non-profit agencies. A list of the current provider agencies and the service priorities they address can be found under SERVICE PROVIDERS. Program priorities are determined by a biannual Community Needs Assessment process. The current needs priority list was developed from a public hearing held on January 12, 2017. These priorities are valid for the 2018 and 2019 funding cycles.

Top County-Wide Service Priorities

- Services for Youth
- Housing/Utility Resources
- Food Access/Food Pantry
- Child Care Resources
- Health & Wellbeing (Physical & Mental health)
- Violence Prevention/Intervention
- Transportation • Adult/Parent Education
- Employment Support Services
- Budgeting & Tax Preparation Services
- Homeless Services/Emergency Shelter

Community Needs Assessment

Monterey County Community Action Partnership's 2019 Community Needs Assessment forms the basis for the 2020-2021 Community Action Plan, guiding funding decisions to support services during 2020-2021. [Access the full CNA here](#).

Monterey County Community Action Partnership's (MCCAP) 2021 Community Need Assessment forms the basis for the 2022-23 Community Action Plan, guiding funding decisions to fund service for 2022 and 2023. The first step to understanding community needs involves updating our community demographic profile. [Access the MCCAP 2021 Demographics Report here](#).

Comentario

La aportación de la comunidad es importante para nosotros.

El aporte público ayuda a formar una mejor comprensión de las necesidades de la comunidad con el fin de financiar servicios que puedan afectar la vida de poblaciones vulnerables como los niños y las personas sin hogar o en riesgo de quedarse sin hogar.

Sus comentarios nos ayudan a trabajar juntos para abordar las necesidades de la comunidad.

Comment

Community input is important to us.

Public input helps form a better understanding of community needs in order to fund services that can impact the lives of vulnerable populations like children and those who are homeless or at risk of homelessness.

Your comments help us to work together to address community needs.

IN PERSON: VISIT ONE OF OUR COMMUNITY PROVIDERS

[2021 MCCAP Service Provider List](#)

Agency Response to Public Testimony

MCCAP actively solicited public comments to corroborate findings from the 2021 biennial Community Needs Assessment and finalize the 2022-2023 Community Action Plan, which guides MCCAP's process for contracting service providers in alignment with needs expressed by the community. MCCAP not only received oral and written testimony from the low-income residents, but also from a range of residents including agency representatives that work directly with the county's most vulnerable residents.

To facilitate the public hearing and comment process while meeting the challenges presented by COVID-19, MCCAP held a hybrid public hearing and engaged partners to disseminate the plan and collect comments. MCCAP publicly posted the results of the 2021 Monterey County Community Needs Assessment (CNA) along with a draft of the 2022-2023 Community Action Plan (CAP) on April 15, 2021. The complete CNA and CAP were posted on MCCAP's webpage along with multiple options for submitting comment. In addition, community partners and elected officials publicized and made the plan available and shared information on submitting public comments. Public comments were collected beginning April 15 through May 31, 2021. Comments could be submitted via email, online survey, directly through MCCAP service providers, or using a testimony form to be submitted directly to MCCAP. The public hearing was conducted during a regularly scheduled Monterey County Board of Supervisors meeting, which is a central public facility with the capacity and technical support to accommodate broad public attendance and participation. There were 108 attendees.

MCCAP is a public agency within the Department of Social Services. As such, the agency seeks broad public input and county-wide representation to guide the Request for Proposal (RFP) and service contracting process. Public comments are integral to the CAP planning process because they both substantiate and supply context for community needs. Public comments submitted this year support the findings of the community needs assessment, expanded upon survey responses, verified direct service provider observations, and spoke to the range of services that MCCAP seeks to provide low-income residents. MCCAP is currently designing its 2021 RFP for services based not just on expressed needs, but also according to demographic and geographic distribution of those needs. In essence, this information refines the RFP process to identify appropriate community-based organizations capable of providing the desired services to target populations and geographic regions. Ultimately, public comments provide a critical link to ensuring the identification and selection of service providers capable of executing the Community Action Plan.

Transcription of Oral Comments presented at the May 18, 2021 Public Hearing for the 2022-23 CAP

Jada: resident from Soledad received help from Partnership for Children, has cancer and is on remission. Partnership for children helped with rent due to job loss. Also, with gas and food assistance. I feel these programs are so needed for families, I appreciated all support and all organizations in MC that help all those families in need.

Ann Packer-Gathering for Women Board Chair: GFW is committed to the health and wellbeing of homeless and housing insecure women in the peninsula. We provide comprehensive services to promote our guest's health and safety, and to support their path out of homelessness and into a sustainable and healthy way of life. We do this through our Monterey day center, which offers hot nutritious on site and weekend take away meals, needed clothing, showers, comprehensive case management support, limited emergency assistance, job interview skills, access to free basic mental and physical health care and referrals for other necessary services for our community services providers. Our greatest need in our community is affordable housing transitioning our homeless guests into affordable housing has been an increasing challenge with the federal poverty income guidelines being too low. Several in our community cannot receive assistance from programs that assist with housing.

The cost of living in MC is so high, our clients rely on programs to help them with move in and rental assistance but when they don't qualify because of the federal poverty income limits they remain homeless and I do have a testimonial from one of our guest initials AC which I am going to read: Affordable permanent housing was unimaginable for me, a 74 year old single disabled female who had lost hope of ever obtaining housing. After being homeless for 8 years I lived under a bridge for about 6 years, then entered transitional housing. The last months of transitional housing were hard. I've lost all hope of getting housed and was dreading the thought of returning to the streets. I was on every housing waitlist possible. Thankfully with the collaboration between agencies and endless hours of case management an apartment accepted the housing support voucher and I finally became housed in October 2020. All I could think was I am off the hamster wheel. So, I thank you very much for your time and your support and efforts and building a stronger more just community

Tatiana Ayala- Program Service Coordinator for Partnership for Children. We service children with life threatening illnesses, and we provide practical support to their families. I assist with intakes, of all the assistance requested we receive, I have firsthand seen the demand and the urgency our families need our help paying for rent. In the first 3 months of this year alone, 45 of our families requested rent assistance and thankfully we were able to provide the help to our families. A large portion of our families are farm working families whose income was disrupted by the impact of COVID-19 in addition to COVID, their employment was also affected when farm working season ends, leaving a lot of families in need of rent assistance. We have found that rent assistance helps alleviate some stress of financial burden but most importantly it allows our families to focus on their children's health and treatment, and their overall wellbeing.

Stacie Andrews- Executive assistant with The Village Project. We are pleased to support the underserved community members throughout Monterey County as a CAP carrier partner this year. For 13 years we have been providing cultural congruent approaches to the ways we serve our community members. We are pleased to provide input related to the needs of community members. COVID-19 pandemic has showed us the great disparities that continue to exist for the community members we serve. While we do not have clients that are able to be present to speak directly to you today. I do have a couple of points that were highlighted by many of

our clients as stated before by other community members, home ownership programs, rental assistance and affordable housing are extremely important and services that they deem necessary in the community. We are also seeing an increase in those individuals who need some food support as well as fuel support as the gas prices continue to increase. Throughout enrichment programs we have seen that many of the parents would like more education support and enrichment support in the community available for their children.

Daniel Gonzalez – YWCA Program Director. We are a local nonprofit that works primarily with victims of domestic violence and human trafficking. We provide wraparound holistic services, legal assistance, sheltering, therapeutic services and we also have educational outreach services that work throughout the county, and you know similar to what has been stated by my counterparts from all the other partners in the community. We find that from the surveys we've been providing to our clients and the people that we serve; housing is the biggest issue in our community. In the county, access to affordable housing. We have a transitional housing program where we are trying to assist with finding a home after they leave our shelter and we are finding it hard to find affordable housing for them. You know, to kind of summarize a little bit of what we've been hearing from our clients is access to utilities, internet access has been an issue during the pandemic, transportation with the high cost of fuel right now, so people are having a hard time with transportation. Also, we received a couple of comments that indicated that the requirements to qualify for rental assistance in some programs is a bit...cut by BOS Chair

Client of multiple agencies/service: CCCIL, Wholeperson care, MCHomes, GFW, Project RoomKey, Project HomeKey, Homeless Coalition, Interim, H-Step Up. Would like more comprehensive resource guide for navigating among District agencies and communities. Funneling people through appropriate channels they need to go through. I went through a gauntlet myself. I went through I-Help GFW and I worked for banquets and got unemployment and I am very blessed before COVID, COVID was a blessing for some people. I got a lot of people into the Marina Country Inn and into Step up program. I have a housing choice voucher but because of poor credit and prior incarceration is difficult for people, we need some amendments with realtors or some kind of forgiveness or some small loan program so people can get into housing in the first place.

Melissa Kendrick- Executive Director Food Bank. Thank you so much for having me, first I would like to thank the Supervisors and particularly CAP staff, Glorietta, Lauren, Denise for their phenomenal support. During this year all funds from CAP are used exclusively for food, demand for food in Monterey county has quadrupled this year and we are consistently serving over 55,000 families each month and distributing more than 30 million pounds of food through our direct distribution sites. We have never handed out so much food so fast, demand for food remains at this extraordinarily high level. As we look ahead, high demand for food is likely to continue for the next 18 months or beyond. Many of our nonprofit's partners, either have not reopened or are just operating under very difficult circumstances, increasing the need for our direct services for 14 months. We have remained open depending on our dedicated staff and amazing National Guard members working incredibly long hours on the front lines of this public health and hunger emergency. We have not missed a day at the warehouse or in the field since shelter in place began. We are so grateful for all our partners pantries and soup kitchens, many of them were on the call today. They are just being unbelievable. We completely reimaged our entire operations to scale up and serve the incredible need in this county at a breakneck pace. While we remain hopeful that the effective COVID-19 vaccination efforts will allow our local economy to recover...cut by BOS Chair.

	Response Date	Respondents	Home	Zip	Low-Income?	Comments
1	5/28/2021 10:02	Adeleen Vargas	Soledad	93960	Yes	I need rental assistance for my family
2	5/27/2021 8:46	Lauren Hutchinson	Monterey	93940	Yes	Not Given
3	5/26/2021 14:47	Not Given	Gonzales	93926	No	Mental health available with not a big focus on diagnosis. many places like MC behavioral Health don't see you if you don't have a specific diagnosis. This prevents many people from getting help. Good to focus on domestic violence and mental health. More housing available in the county is needed.
4	5/25/2021 17:04	MIRAFLOR SUGABO	Greenfield	93927	Yes	House Rent
5	5/25/2021 11:14	Reyna Toledo	Castroville	95012	Yes	Danza Azteca- Having activities for the community of Castroville is extremely important since the social economic means are limited children and youth are left with limited choices to learn, grow and thrive. Having the Recreation Center provide Oceloyotl Danza Kalpulli space to consistently on Monday nights and have free practice for any of the community members to learn cultural heritage of meso America through the art of Dance, songs and crafts, it's a beautiful contribution to making a difference by having a healthy and safe space to come together.
6	5/25/2021 11:13	Joe Islas	Castroville	95012	No	Boxing Strong- I was looking for something to put my 7 year old daughter in and she's always talked about boxing. And what a great opportunity for he to be able to try it in Castroville. Thanks NCPRD
7	5/25/2021 11:10	Christy Barrera	Castroville	95012	Yes	(Boxing Strong)- During this time of a pandemic resuming activities is crucial in young children and youths lives. Each child can benefit from an outlet, structured activity, interacting with peers and positive coaches. We enrolled our 2 young children into boxing because we see the benefit of exercise, team work, independent sports,

Appendix B: Online Public Testimony Submissions

Case Number	Date and Time	Submitter Name	City	Zip Code	Agency	Response
8	5/25/2021 10:32	Laura Vasquez	Castroville	95012	Yes	For me, a single mother who works long hours in the fields, this program has been of great service. It has also helped out my son tremendously with his academics as circumstance became difficult during the pandemic. We did not have internet at home and my son had no one to help him understand what was expected of him. This program has helped him to stay focused, have someone keep him on track, as he needs additional support in that area, and it has boosted his self-esteem and confidence again, as he was suffering from a bit of depression before he started the program. This program mainly helped me to stay focused on work and not have the added stress of knowing my child is left unattended and in harms way. I feel blessed that I found this program and was able to participate in it. I am especially thankful for what it has done for my son.
9	5/25/2021 10:31	Rosi Cruz	Castroville	95012	Yes	The Distance Learners day camp has helped my son tremendously. I see improvements he has made academically. I think having a tutor that is able to work one on one with my son has helped increase his confidence in his schoolwork. The personal tutoring goes beyond my expectations because the tutor has taken the time to know my son's quirks and has accommodated and modified his work so he can better understand his schoolwork. It has been great knowing that I have a place I can rely on to help my child

Appendix B: Online Public Testimony Submissions Agency Response

Case Number	Date	Time	Testimony	City	Zip	Agency	Response
10	5/25/2021	10:30	Tamera Quiroz	Castroville	95012	Yes	The distance learning programs has HELPED my family so much. As we are a working family when school closed down I had to stay home from work to be able to do school with my child who has learning disabilities and requires a lot of help. I heard about the program which was going to be opening for essential workers and I applied. My son started the program the first day and has been there for over a year. He has grown so much from the wonderful staff of the program who have worked so hard with him that he is now able to read. Before the program he was really struggling to read. I can not say enough good things about the staff of the program.
11	5/18/2021	14:41	azucena esparza	Salinas	93906	Yes	It is very much needed to spread the word of valuable serv
12	5/17/2021	9:21	Monica Martinez	Watsonville	95076	Yes	This program give us great information, and lots of resorts.
13	5/16/2021	16:51	Kelly deWolfe	Monterey	93940	No	The Financial Literacy Education project is essential to the well being of residents of Monterey County. Financial distress is an issue impacting the majority of our residents in Monterey County. I see this first hand as a program director for our Emergency Rent Assistance Program. Many of our clients also participate in Financial Literacy Education workshops. Through this program, residents are able to plan for their futures and save in the long term. In many cases this could mean the difference between financial independence and living paycheck to paycheck.
14	5/15/2021	8:17	Tina Engquist	Salinas	not given	No	Assessments are a good tool to determine the greatest needs of the community. Financial Lit. is extremely important as it provides tools to folks that they can apply at different times in their life.

Appendix B: Online Public Testimony Submissions

Item ID	Date	Time	Name	City	Phone Number	Response	Comments
15	5/14/2021	15:23	Berj Amir	Seaside	93955	No	The financial literacy presentation was/is an important learning for our first generation students. The information was accessible and on target. Please retain this outreach education for our community, it is more important than ever to understand the some key financial concepts to break the socioeconomic cycle of poverty.
16	5/14/2021	14:39	Jocelyn Villagrana	Salinas	93906	Yes	I have attended United Way workshops and benefited to much, thanks to the staff i was able to manage my money. I feel more people should benefit from this. Thanks you

I recently moved into this house which is on the corner of Luxton and Mingo. Several times a day, and at any hour - morning, noon, or evening, I can hear, and often see, cars traveling very fast up and down Mingo. It scares me to think that any person, including children and older adults take their lives into their hands when crossing Mingo. Is there a way to slow cars down to a safer speed? It would be at all possible to put in a few speed bumps along Mingo? I worry that I will look up some day to see a person run over by a car traveling way too fast on Mingo. Please help this situation!

Thank you.

Sincerely,

To whom it may concern, My child has little problem in learning & in a big class she can not concentrate. The teacher or I sit down with her then she gets the info but when we leave her alone she does not and it confused. I work swing shift, but can not always sit with her. I looked up for tutors and they are so expensive that I can not afford it. I have three children & that is not in my budget. It will be great if we can get free tutoring for children. My other children are ok in school but I would like them to do better, more time on math & english it will be great for them. This community is very expensive to live in and not a lot of people can afford to pay for private tutors.

As a result of COVID-19, my husband and I lost our jobs and have been struggling to pay our bills since then. Shortly after the pandemic took place, we had a baby and we also have a 10 year old daughter to provide for. I recently returned to work but my husband remains unemployed. As a family of four, it has been extremely difficult to pay rent and other bills with only one source of income. Any financial support that we can receive will help take some weight off our shoulders.

Seaside, Ca - (low income) SSDI

In my opinion, my community's top service needs are...

En mi opinión, las necesidades más importantes de mi comunidad son...

This community is in need of services for the youth. We are lacking in before school services like school transportation and after school programs that include late food banks, tutoring for all grades K-12; there is a great need for senior services such as transportation to and from Dr. care.

The teen population needs counseling services, as well as recreational and sports programs, tailored to their age range.

This community has a serious problem with homelessness. The city owns large parcels of land that has sat idle since the closing of Fort Ord, Ca. We need to see city take a small plot of that land prepared for and create a village for those without - turned into a homeless place for people who need a decent safe house designed to give people a chance to get off the streets to a safe place to live.

First of all it really looks good up at (D.M.) property it stays that way. Now I do believe that when things need to be fixed in your apartment it is a important for that person as well as us signing and doing things that the office wants. And also the cameras need to be where you can see everything. People who smoke give them a smoking off the grounds of ~~the~~ property. A lot of people dont wear where masks and okay because I have had my shop lot of wear masks ~~make it~~ where we can ~~be~~ here on holidays without family. More things for ~~senior~~ men & women they need help too.

Monterey County Community Action Commission
1000 S Main St,
Salinas, Ca 93901

Dear Community Action Commission,

We are a group of students from the California State University Monterey Bay College of Business and we have conducted research on the current issue of poverty in Monterey County. To our understanding, your organization works to reduce poverty in the community of Monterey through funding local providers who specialize in addressing specific barriers to achieving self-sufficiency. During our research, we have found one option that we believe would greatly reduce poverty here in Monterey County and we would like to offer a possible solution.

One solution we believe would be beneficial is funding non-profit programs such as New Way Homes. New Way Homes is working to build more low income housing complexes in Monterey and San Francisco County. The current housing crisis in California is causing a massive rise in poverty rates, homelessness, and environmental impacts all across the state.

In Monterey County, there are only four low income housing complexes for its population of 434,062 (US Census Bureau, 2019). That is dramatically lower than our neighbor, Santa Cruz County. Santa Cruz county has 27 low income housing complexes for its population of only 273,2143 (LowIncomeHousing.US, 2021). These more affordable housing options are one of the reasons that Santa Cruz County has a lower poverty rate than Monterey County. In addition, investing in these apartment complexes will help save the county money in the long run due to the decrease of individuals who will need to apply for the current rent aiding social services, like REACH and the Rapid Re-Housing Program. Your organization ranked rent payment assistance programs as the top social service needed by low income residents in Monterey County in your 2019 Community Action Partnership and building these complexes will decrease that demand. Due to our research, we support funding nonprofit programs such as New Way Homes and think that it would have a positive impact on our community and the current issue of poverty.

We are aware that you will be holding a town hall meeting this month to hear public comments that will help guide priorities, goals, strategies, and objectives of the partnership and we hope that you take this suggestion into consideration. Thank you for your time and we look forward to hearing back from you.

Best,

Jarred Blitz, Ryan Burns, Christopher Haiunte, Kaylie Honberger, Ashley O'Toole

are you low income?
¿eres de bajos ingresos?

Carmel, CA 93923

In my opinion, my community's top service needs are...

En mi opinión, las necesidades más importantes de mi comunidad son...

mental and behavioral health.

Harmony At Home, along with our community as a whole, has been filled with challenges and uncertainty due to the pandemic and distance

learning. We have been resilient in our efforts to continue to provide services to the members of our community who most need our support.

The scope of our services has moved from group models to individual counseling and support to meet the needs of our clients, while being

mindful of confidentiality. Sessions and meetings are weekly for 30-60 minutes. We have extended many of our clients beyond the 10-week

counseling model, as the current situation has warranted extended

support. Harmony At Home's services are critical, more than ever now,

and we will continue to positively impact children and families throughout Monterey County. We are actually expanding our school and community

contracts right now. Our school and community partners are recognizing how important social, emotional and mental health services are, especially

with the added trauma of COVID-19.

Monterey, CA / Seaside, CA (houseless)

are you low income?
eres de bajos ingresos?

Yes

In my opinion, my community's top service needs are...

En mi opinión, las necesidades más importantes de mi comunidad son...

1) Housing programs will be established for mental health people including houseless in Monterey or Seaside people. Monterey should create vouchers for gyms around Monterey, Seaside or Marina for houseless women to take a shower on weekends when community service facilities are closed. There needs to be a locker in a gym or extra storage space to store my bedding (blankets/pillow/extra cloths)

Housing programs should not have a two year waiting list. It is ridiculous. I would appreciate to not suspend hotel/emergency vouchers if a houseless person, he or she does not check-in on the same day. A one week stay is great for a houseless person to recover her or his strength before going outside to an unsafe

Ramona Love

To Whom it may Concern

I Came to the gathering a Broken woman, I
me and my dog "hurricane" living in my car, my window
did not roll up all the way and it was november so
was very cold and rainy.

I came up here running from a Domestic violence
the man wanted to kill me so I no choice but to
and live in a safe house when my time ran
(because there was a time limit, get your life together
then get out) I was forced to live in my car, I
knew "no" one, no family friends "no one" I was
Cold, hungry, no Blankets, no cloths. I did
one thing in my favor I had signed up for
Section 8 and recieved a voucher But
I applied to 32 Places But Because
of my Fast credit History and because
I was on SSD only making a small income
because I was Disabled and not able
to work no one would rent to me.

The shelter I lived at said they
would pay for the Deposit but I had
to find the Place.

I Suffered for more then 6 months
I Parked in front of hotels in front
of Business's in any lighted area's
wherever "I" thought it might be safe

I would come to gathering because I needed to eat and shower wishing they had warm dinner because their food was so good, they provided me with clothes socks to keep my feet warm, new shoes, Dog food, a mail box.

I never told the gathering what I was going through with my stalker, this went on for months. I didn't know if they could help me find me a home. I thought "just stick to yourself like they do in jail, you'll be safe that way" until this one man started chasing me, me every night in his car I told people at the gathering they told me to tell the case workers as soon as I did they hooked me up with a organization that put me far up a hill, there were trees and mountains, (no one could find me) they rangers would worry if there were a mountain slide with rain so they chop the trees and care for things up there when they did it would wake the bugs and they would bite all night long, it was awful, but it was safe.

3

I expressed to the gathering I couldn't find a place, that's when Evangelina work her magic to help me, before that I remember crying out to God by myself because I couldn't take it anymore it was so cold.

Evangelina helped me call places all of a sudden God allowed me to find a place, she used her wonderful aggressive Personality - Speak to the Manager everyone tried to help me but they can get the results that she did. When I moved in I had nothing she supplied me with all my needs for the kitchen, dishes, Dish tupperwares anything for eatery. Bathroom Supplies that were needed in a apartment. She also had made a way to supply me with Box Spring for my Bed. When I went to get my things in I was finally I lost my Box Spring, and I'm not sure if I mentioned if she helped me to turn on my house insurance recently. The Apartment Company told me I had to get this and she helped

Appendix B: Low-Income Testimony and Agency Response

me for one full year, Gathering also told me before I left if I ever needed help or food or my P&E Bill sets ahead of me and I can't afford to come get help.

I will never forget all the help and arms that have reached out to me from Gathering, it has been such a scary scary road but I have finally found my way and God has used The Gathering to guide me and start my life over again and I am so grateful just me and my Dog (Hurricane)
Thank you

Pamara Over.

En mi opinión, las necesidades más importantes de mi comunidad son...

Food Equity

Broadband Equity

Housing Equity.

When we think about basic needs these 3 things listed assist with creating a better community. I listed Broadband (internet) as a basic need because in this time of a pandemic a majority of services went virtual.

Housing crisis in Monterey County is becoming ridiculous. \$4,000 a month for a 2 bedroom apartment is way out of reach for the majority population.

We have heard from our guests/clients how the pandemic has impacted their lives. Most of the individuals shared: unemployment, food insecurity, and home insecurity. The impact of job loss affects child care in cases where they don't have family members to support them and make sure children and youth are accessing their school via zoom or other social media platforms.

Some isolated cases have shared because of the pandemic some relatives have relapsed with alcohol and drugs causing domestic violence.

Though there are vaccination clinics all over the country there is paperwork that needs to be filled using online applications. This system is overwhelming for some of our clients, especially seniors or adults who their English proficiency is limited or non-existent. Our estimate is that there is a group of guests/clients who are not vaccinated yet. We don't turn anyone away or ask for vaxx cards.

We follow strict protocols maintaining social distance, wearing masks, and cleaning surfaces with sanitizing wipes and using hand sanitizer. We try to educate people by example and sharing information from Salinas Valley Hospital, but our policy as a church is to love our neighbor as ourselves. All our clients/guests are served with no distinction of race, legal status or vaccination vs. non vaccination person.

To whom it may concern,

My name is Sharon Lucas um
 writing you to let you know how
 much this shelter has helped me &
 my family. Before i came here i was
 homeless w/ my 3yr old daughter. Since
 coming to this shelter they have
 help me with alot of things (a place
 to sleep, food, helped my apply for housing,
 and they have been there for me when
 i needed someone to talk to.) They also
 have helped my by getting my daughter
 out of foster care & letting her live
 here with me. If it wasn't for this
 place none of these things would
 have been possible for me to achieve..
 The staff her are very friendly and
 helpful and um very thankful for
 these people & this place.
 I am very grateful
 for the Natividad
 D.V. shelter

The Alliance on Aging has a program called Tax Counseling for the Elderly (TCE). This program has been serving clients since 1980.

IRS certified staff and volunteers operate the program between February 1st and April 15th each tax season and help clients with 'off-season' inquiries and tax issues.

This program is so important to the seniors in our community who have been isolated because of the COVID for the last year.
Most seniors have been coming back for years and the help we offer them prevents them from being taken advantage of by paid tax preparers. In addition to tax preparation, we utilize the opportunity to connect them to other services that help with quality of life.

Despite COVID, this tax season we were able to prepare more that 1600 tax returns. If we weren't able to offer a tax refund, we were able to offer the relief that their taxes have been completed and processed for this year.

2022-2023 Community Action Plan: *Executive Summary*

Monterey County Community Action Partnership

Monterey County Community Action Partnership

Our Mission

To assess the needs of the low-income people in Monterey County and develop, maintain, and evaluate community services that empower low-income individuals and families to improve their quality of life.

MCCAP operates within the Monterey County Department of Social Services.

The Community Action Plan is developed every two years to identify & prioritize needs & services for the low-income residents of Monterey County.

Monterey County Community Action Commissioners & Guests

What is Poverty?

2019 CAP Public Hearing held at Food Bank for Monterey County

Federal Poverty Level

The federal poverty level (FPL), or "poverty line", is annual economic measure of income set by the Department of Health and Human Services (HHS) to determine whether an individual or family qualifies for certain federal benefits and programs.

2021 FPL Rates

The 2021 FPL annual income is \$26,500 for a family of four. In Monterey County, 13.3% of residents earn income at or below the FPL.

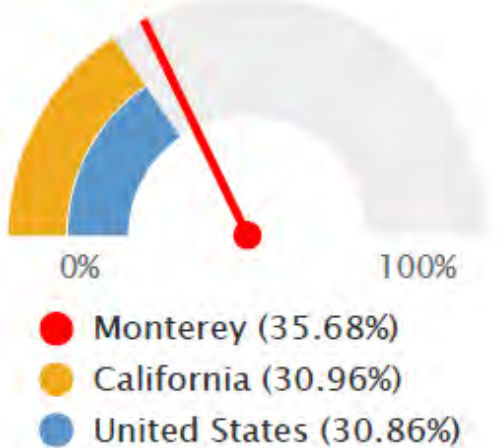

The Problem

The real cost of living is much higher than the FPL – especially in California. Residents living at or below twice the FPL still don't earn enough for basic needs. In Monterey County, 36% of residents live at or below 200% of FPL and struggle financially, but do not qualify for many federal benefit programs.

All Ages Poverty Rate

Percent Population with Income at or Below 200% FPL

Causes & Conditions in Monterey County

“Causes of poverty” are negative factors that promote barriers to self-sufficiency and may restrict access to resources where they are needed.

- High cost of living
- Shortage of affordable housing
- Economy based on low-wage, low-skill jobs
- Economic disruptions, such as the COVID-19 pandemic
- Low level of educational attainment

“Conditions of poverty” are environmental, safety, health and/or economic factors that affect investment in communities where low-income individuals live.

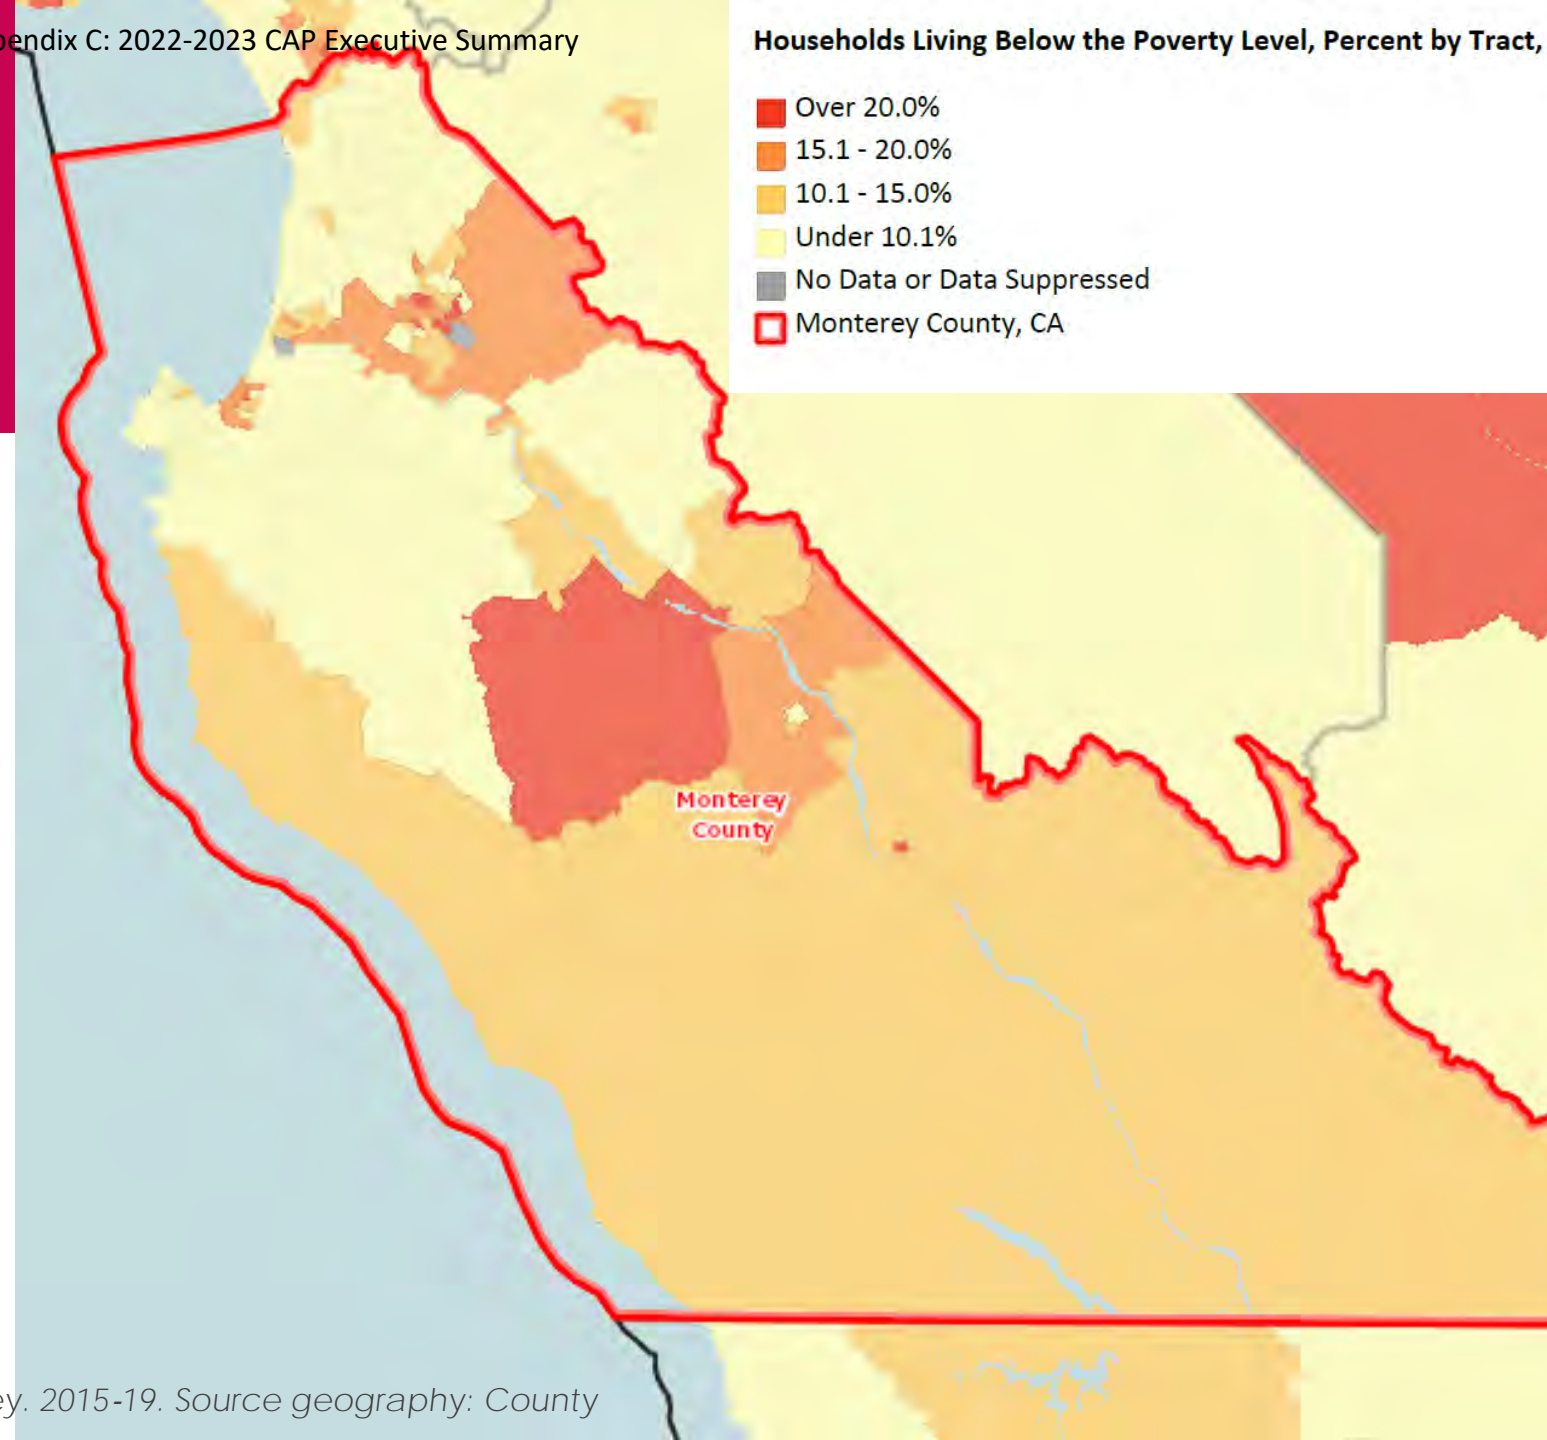

- Limited access to healthcare
- Insufficient access to safety net service providers
- COVID-19 closures disproportionately impacted low-income
 - Unemployment
 - Exposure
 - Access to healthcare & basic needs

Poverty Profile

MCCAP examines poverty statistics in relation to the region's economic and demographic characteristics and how poverty is distributed geographically and across subpopulations. To understand how poverty directly affects our community, MCCAP inquires about the needs of residents via annual surveys, written testimonials, and public hearings to develop a more comprehensive profile of poverty in our county.

Households Living Below the Poverty Level, Percent by Tract,

Poverty Profile

Monterey County's 13.3% overall poverty rate does not affect residents and households equally.

PERSONS OF COLOR

- 16% African Americans
- 16.5% Hispanics

CHILDREN

- 20% All < age 4
- 24% Hispanic < age 4
- 37% Black < age 4

WOMEN & FAMILIES

- 14.8% Family Poverty (125% FLP)
- 47% Poverty households have female head of house

A family of four in Monterey County would need an income 260-300% above the poverty threshold in order to simply make ends meet.

Experience of Poverty

Food pantry at Food Bank for Monterey County

72% of all Monterey public-school children are eligible for the *free or reduced lunch program*.

19% of all children under age 18 experience *food insecurity* at some point during the year.

People living in poverty disproportionately experienced *job loss, exposure and economic impacts* due to COVID-19.

Unemployment spiked from 4.4% to 14.4% between June 2019 and June 2020.

Comment

Community input is important to us.

Public input helps form a better understanding of community needs in order to fund services that can impact the lives of vulnerable populations like children and those who are homeless or at risk of homelessness.

Your comments help us to work together to address community needs.

Helping People Changing Lives.

2022-2023 Plan de Acción Comunitaria: *Resumen Ejecutivo*

Asociación de Acción Comunitaria del Condado de Monterey

Asociación de Acción Comunitaria del Condado de Monterey

Nuestra Misión

Evaluar las necesidades de las personas de bajos ingresos en el condado de Monterey y desarrollar, mantener y evaluar los servicios comunitarios que empoderan a las personas y familias de bajos ingresos para mejorar su calidad de vida.

MCCAP opera dentro del Departamento de Servicios Sociales del Condado de Monterey.

El Plan de Acción Comunitario se desarrolla cada dos años para identificar y priorizar las necesidades y servicios para los residentes de bajos ingresos del Condado de Monterey.

Comisionados de Acción Comunitaria del Condado de Monterey e Invitados

¿Qué es la Pobreza?

Nivel de Pobreza Federal

El nivel federal de pobreza (FPL), o "línea de pobreza", es una medida económica anual de los ingresos establecida por el Departamento de Salud y Servicios Humanos (HHS) para determinar si una persona o familia califica para ciertos beneficios y programas federales.

2021 FPL Tarifas

Los ingresos anuales de la FPL de 2021 son de \$26,500 para una familia de cuatro personas.

En el condado de Monterey, el 13.3% de los residentes obtienen ingresos de o por debajo de la FPL.

El Problema

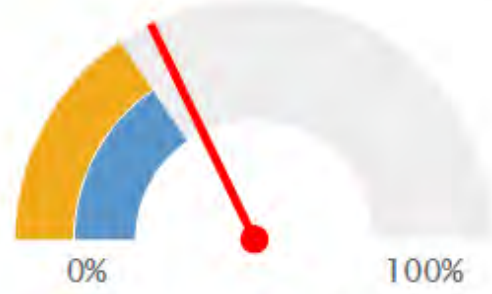

El costo real de vida es mucho más alto que la FPL, especialmente en California. Los residentes que viven en o por debajo del doble de la FPL todavía no ganan lo suficiente para las necesidades básicas. En el condado de Monterey, el 36% de los residentes viven en o por debajo del 200% de FPL y tienen problemas financieros, pero no califican para muchos beneficios de programas federales.

Tasa de pobreza de todas las edades

- Monterey County (13.3%)
- California (12.8%)
- United States (12.96%)

Porcentaje de población con ingresos de o por debajo del 200% FPL

- Monterey (35.68%)
- California (30.96%)
- United States (30.86%)

Causas & Condiciones

en el Condado de Monterey

Las "causas de la pobreza" son factores negativos que promueven barreras a la autosuficiencia y pueden restringir el acceso a los recursos donde se necesitan.

- Alto costo de vida
- Escasez de vivienda asequible
- Economía basada en empleos de bajos salarios y baja cualificación
- Disrupciones económicas, como la pandemia COVID-19
- Bajo nivel de logro educativo

"Las condiciones de pobreza" son factores ambientales, de seguridad, de salud y/o económicas que afectan la inversión en comunidades donde viven personas de bajos ingresos.

- Acceso limitado a la atención médica
- Acceso insuficiente a los proveedores de servicios de redes de seguridad
- Cierres Covid-19 afectaron desproporcionadamente a los de bajos ingresos
 - Desempleo
 - Exposición
 - Acceso a la atención médica y necesidades básicas

Perfil de Pobreza

MCCAP examina las estadísticas de pobreza en relación con las características económicas y demográficas de la región y cómo se distribuye geográficamente la pobreza entre las subpoblaciones. Para entender cómo la pobreza afecta directamente a nuestra comunidad, MCCAP pregunta sobre las necesidades de los residentes a través de encuestas anuales, testimonios escritos y audiencias públicas para desarrollar un perfil más completo de pobreza en nuestro condado.

Hogares que viven por debajo del nivel de pobreza, porcentaje por ACS 2015-19

Perfil de Pobreza

La tasa general de pobreza de Monterey de 13.3% no afecta por igual a los residentes y hogares.

PERSONAS DE COLOR

- 16% Afroamericanos
- 16.5% Hispanos

NIÑOS

- 20% Todos < edad 4
- 37% Afroamericanos < edad 4
- 24% Hispanos < edad 4

MUJERES & FAMILIAS

- 14.8% Pobreza Familiar (125% FLP)
- 47% hogares pobres con una mujer como cabeza de familia

Una familia de cuatro personas en el condado de Monterey necesitaría un ingreso de 260-300% por encima del nivel de pobreza para simplemente llegar a fin de mes.

Experiencia de Pobreza

72% de todos los niños de escuelas públicas de Monterey son elegibles para el *programa de almuerzo gratuito o reducido*.

19% de todos los niños menores de 18 años experimentaron *inseguridad alimentaria* en algún momento del año.

Personas que viven en la pobreza desproporcionadamente han experimentado *pérdida de empleo, exposición e impactos económicos* debido al COVID-19.

Desempleo aumento del 4.4% al 14.4% entre junio de 2019 y junio de 2020.

Despensa de alimentos en el Banco de Alimentos del Condado de Monterey

Comentario

La aportación de la comunidad es importante para nosotros.

El aporte público ayuda a formar una mejor comprensión de las necesidades de la comunidad con el fin de financiar servicios que puedan afectar la vida de poblaciones vulnerables como los niños y las personas sin hogar o en riesgo de quedarse sin hogar.

Sus comentarios nos ayudan a trabajar juntos para abordar las necesidades de la comunidad.

Monterey County Community Action Partnership (Español)

2022-2023 Encuesta de Evaluación sobre las Necesidades de la Comunidad

Monterey County Community Action Partnership es responsable de administrar aproximadamente \$500,000 en servicios en el Condado de Monterey que apoyan a los residentes que viven en la pobreza. Por favor ayude a nuestra organización a identificar las necesidades de servicio más importantes para nuestro programa del 2022-2023 compartiendo su experiencia y opinión.

* 1. 1. ¿Qué región del Condado de Monterey considera su comunidad?

- Norte del Condado (Aromas, Castroville, Elkhorn, Moss Landing, Prunedale, Royal Oaks, etc)
- Region de Salinas (City of Salinas, Spreckles, Toro Park, Las Palmas, etc)
- Sur del Condado (Chualar, Gonzales, Soledad, Greenfield, King City, San Ardo, etc)
- Peninsula/Costa (Marina, Seaside, Sand City, Monterey, Pacific Grove, Carmel, Big Sur, etc)
- No soy residente del Condado de Monterey

2. Por favor, clasifique los servicios de EMPLEO y TRABAJOS de los más necesarios a los menos necesarios.

Entrenamiento de Preparación para Trabajo

Asesoría Profesional (talleres o coaching)

Apoyo de Búsqueda de Empleo

Experiencia de Trabajo

Practicas Profesionales de Aprendizaje

Entrenamiento Vocacional

3. Por favor, clasifique los SERVICIOS FINANCIEROS de los mas necesarios a los menos necesarios.

Administracion Financiera

Coordinacion y Abogacia de beneficios

Creacion de Bienes (Cuenta de Ahorros)

Programas de Preparación de Impuestos (Gratis o a Precios Reducidos)

4. Por favor, clasifique los servicios de SALUD y COMPORTAMIENTO de los más necesarios a los menos necesarios.

Educacion de Bienestar Personal

Ejercicios y Aptitud Fisica

Grupos de Apoyo de Abuso Substancias

Grupos de Apoyo de Salud Mental

Programas/Grupos de Apoyo de Violencia Domestica

Habilidades Nutricionales

Comidas Preparadas

Cajas de Comida/Bolsas de Comestibles

Tutoria Familiar/Clases para Padres

Cajilla de higiene de emergencia (artículos de tocador, jabón, productos femeninos)

Uso de instalaciones de higiene de emergencia (duchas, aseos, lavabos)

5. Por favor, clasifique los servicios DE EDUCACION & RECREACION de los más necesarios a los menos necesarios.

Apoyo a la Educación Infantil/Juvenil

Actividades Antes y Despues de Escuela

Actividades Recreativas Juveniles

Programa de Verano

Mentor/Tutor

Mejora de Comportamiento (Autoestima)

Educacion para Adultos

Apoyo para Padres

Clases de Ingles

6. Por favor, clasifique los servicios de VIVIENDA & REFUGIOS de los más necesarios a los menos necesarios.

Asistencia con el Pago de Vivienda

Asistencia con Pago de Deposito

Consejeria sobre Desalojos

Mediación de Arrendador/Inquilino

Asistencia de Pago de Servicios Publicos (Utilidades)

7. Por favor, clasifique los servicios de PARTICIPACION COMUNITARIA de los más necesarios a los menos necesarios.

Educación y Acceso a Votar

_Entrenamiento de Liderazgo

Clases de Ciudadania

Entrenamiento para Voluntarios

8. ¿Hay otros servicios no mencionados antes que son críticamente necesarios para los residentes de bajos ingresos del Condado de Monterey?

2021

Monterey County Community Action Partnership

2022-2023 Community Needs Assessment Survey

Monterey County Community Action Partnership is responsible for administering approximately \$500,000 for services in Monterey County that support residents living in poverty. Please help our organization identify the top service needs for our 2022-2023 program by sharing your experience and opinion.

* 1. What region of Monterey County do you consider your community?

- North County (Aromas, Castroville, Elkhorn, Moss Landing, Prunedale, Royal Oaks, etc)
- Salinas Region (City of Salinas, Spreckles, Toro Park, Las Palmas, etc)
- South County (Chualar, Gonzales, Soledad, Greenfield, King City, San Ardo, etc)
- Peninsula/Coastal (Marina, Seaside, Sand City, Monterey, Pacific Grove, Carmel, Big Sur, etc)
- I am not from Monterey County
- Other (please specify)

2. Please rank the EMPLOYMENT & JOBS services from most needed to least needed.

Job Readiness Training

Career Counseling (workshops or coaching)

Job Search Support

Work Experience

Apprenticeship/Internship

Vocational Training

3. Please rank the FINANCE services from most needed to least needed.

Financial Management

Benefit Coordination/Advocacy

Asset Building

Tax Prep Programs (free or reduced cost)

4. Please rank the HEALTH & BEHAVIOR services from most needed to least needed.

Wellness Education

Exercise and Fitness

Substance Abuse Support Groups

Mental Health Support Groups

Domestic Violence Programs/Support Groups

Nutrition Skills

Prepared Meals

Food Boxes/Bags of Groceries

Family Mentoring/Parenting Classes

Emergency Hygiene Kits/Boxes (toiletries, soap, feminine products)

Emergency Hygiene Facility Use (showers, toilets, sinks)

5. Please rank the EDUCATION & RECREATION services from most needed to least needed.

Child/Youth Education Support

Before/After School Activities

Youth Recreation Activities

Summer Program

Mentoring/Tutoring

Behavior Improvement (self-esteem)

Adult Education

Parenting Support

English Language Classes

6. Please rank the HOUSING & SHELTER services from most needed to least needed.

Rent Payment Assistance

Deposit Payment Assistance

Eviction Counseling

Landlord/Tenant Mediation

Utility Payment Assistance

7. Please rank the COMMUNITY INVOLVEMENT services from most needed to least needed.

Voter Education & Access

Leadership Training

Citizenship Classes

Volunteer Training

8. Are there any other services not mentioned before that are critically needed for the low-income residents of Monterey County?

Education

Educational Attainment

Educational Attainment shows the distribution of the highest level of education achieved in the report area, and helps schools and businesses to understand the needs of adults, whether it be workforce training or the ability to develop science, technology, engineering, and mathematics opportunities. Educational attainment is calculated for persons over 25, and is an estimated average for the period from 2014 to 2019.

For the selected area, 14.8% have at least a college bachelor's degree, while 20.3% stopped their formal educational attainment after high school.

Report Area	No High School Diploma	High School Only	Some College	Associates Degree	Bachelors Degree	Graduate or Professional Degree

Head Start

Head Start is a program designed to help children from birth to age five who come from families at or below poverty level. The program's goal is to help children become ready for kindergarten while also providing the needed requirements to thrive, including health care and food support.

This indicator reports the number and rate of Head Start program facilities per 10,000 children under age 5. Head Start facility data is acquired from the US Department of Health and Human Services (HHS) 2018 Head Start locator. Population data is from the 2010 US Decennial Census. The report area has a total 28 Head Start programs with a rate of 8.6 per 10,000 children under 5 years old.

Report Area	Children Under Age 5	Total Head Start Programs	Head Start Programs, Rate (Per 10,000 Children)
Monterey County, CA	32,547	28	8.6
California	2,531,333	2,265	8.95

Evictions

This indicator reports information about formal evictions based on court records from 48 states and the District of Columbia, compiled by the Eviction Lab. The number evictions and eviction filings within the report area is shown in below. The “filing rate” is the ratio of the number of evictions filed in an area over the number of renter-occupied homes in that area. An “eviction rate” is the subset of those homes that received an eviction judgment in which renters were ordered to leave. For the year 2016, the Eviction Lab reports that, of 64,758 homes in the report area, there were 401 eviction filings, for an eviction filing rate of 0.62%. 399 of the eviction filings ended in an eviction, for an eviction rate of 0.62%.

Note: Not all counties have data that has been provided. Indicator data do not include information about "informal evictions", or those that happen outside of the courtroom.

Report Area	Renter Occupied Households	Eviction Filings	Evictions	Eviction Filing Rate	Eviction Rate

Household Income

Median annual household incomes in the report area for 2018 are shown in the table below. Since this reports a median amount, a "Report Area" value is not able to be calculated.

Report Area	Estimated Population	Median Household Income
Monterey County, CA	433,212	\$69,665
California	39,148,760	\$75,250
United States	322,903,030	\$61,937

Data Source: US Census Bureau, *Small Area Income & Poverty Estimates*. 2018. Source geography: County

Jobs and Earnings by Sector

The number of jobs and total wage and salary earnings from employment in the report area are broken down by economic sector in the table below. These figures include both private and government employment. The sectors listed below represent private employment except for the last table which includes all the earnings from jobs with local, state and federal government. A negative number means that overall business in that sector lost money for the year in the report area.

Notes:

- (D) - Not shown to avoid disclosure of confidential information, but the estimates for this item are included in the totals
- (L) - Less than \$50,000, but the estimates for this item are included in the totals
- (no data) - Data not available for this year.

Nutrition

Free and Reduced Lunch Program

Free or reduced price lunches are served to qualifying students in families with income between under 185 percent (reduced price) or under 130% (free lunch) of the US federal poverty threshold as part of the federal National School Lunch Program (NSLP).

Out of 79,516 total public school students in the report area, 57,197 were eligible for the free or reduced price lunch program in the latest report year. This represents 71.9% of public school students, which is higher than the state average of 59.4%.

Report Area	Total Students	Students Eligible for Free or Reduced Price Lunch	Students Eligible for Free or Reduced Price Lunch, Percent
Monterey County, CA	79,516	57,197	71.9%
California	6,171,666	3,667,601	59.4%
United States	50,744,629	25,124,175	49.5%

Food Insecurity - Food Insecure Children

This indicator reports the estimated percentage of the population under age 18 that experienced food insecurity at some point during the report year. Food insecurity is the household-level economic and social condition of limited or uncertain access to adequate food.

Report Area	Population Under Age 18	Food Insecure Children, Total	Child Food Insecurity Rate
Monterey County, CA	114,398	21,850	19.10%
California	147,140	30,330	20.60%
United States	73,641,039	13,411,620	18.21%

Food Insecurity - Food Insecure Population Ineligible for Assistance

This indicator reports the estimated percentage of the total population and the population under age 18 that experienced food insecurity at some point during the report year, but are ineligible for State or Federal nutrition assistance. Food insecurity is the household-level economic and social condition of limited or uncertain access to adequate food. Assistance eligibility is determined based on household income of the food insecure households relative to the maximum income-to-poverty ratio for assistance programs (SNAP, WIC, school meals, CSFP and TEFAP).

Report Area	Food Insecure Population	Food Insecure Population Ineligible for Assistance, Percent	Food Insecure Children	Food Insecure Children Ineligible for Assistance, Percent
Monterey County, CA	41,110	0.00%	21,850	26.00%

Persons Receiving Medicare

The total number of persons receiving Medicare is shown, broken down by number over 65 and number of disabled persons receiving Medicare for the report area. The U.S. Department of Health and Human Services reported that a total of 65,119 persons were receiving Medicare benefits in the report area in 2019. A large number of individuals in our society are aware that persons over 65 years of age receive Medicare; however, many of them are unaware that disabled persons also receive Medicare benefits. A total of 6,554 disabled persons in the report area received Medicare benefits in 2019.

Uninsured Population, Percent by County, SAHIE 2018

Uninsured Population

Asthma Prevalence

Appendix E: 2021 Monterey County CNA Data

This indicator reports the percentage of adults aged 18 and older who self-report that they have ever been told by a doctor, nurse, or other health professional that they had asthma. This indicator is relevant because asthma is a prevalent problem in the U.S. that is often exacerbated by poor environmental conditions.

Report Area	Survey Population (Adults Age 18+)	Total Adults with Asthma	Percent Adults with Asthma
Monterey County, CA	334,739	45,995	13.7%
California	28,274,454	4,019,037	14.2%
United States	237,197,465	31,697,608	13.4%

Percent Adults with Asthma

Note: This indicator is compared to the state average.

Data Source: Centers for Disease Control and Prevention, Behavioral Risk Factor Surveillance System. Additional data analysis by CARES, 2011-12. Source geography: County

Asthma (Diagnosed), Percentage of Adults Age 18+ by County, BRFSS 2011-12

Adults Ever Diagnosed with Asthma, Percentage by Race / Ethnicity

The table below displays the prevalence of asthma among the adult population by race/ethnicity

Report Area	Non-Hispanic White	Non-Hispanic Black	Non-Hispanic Other Race	Hispanic or Latino
California	15.6%	20.7%	13.2%	11.3%
United States	13.2%	15.8%	11.9%	12.0%

Note: No county data available. See data source and methodology for more details.

Deaths of Despair

This indicator reports the rate of death due to intentional self-harm (suicide), alcohol-related disease, and drug overdoses per 100,000 population. Figures are reported as rates age-adjusted to year 2000 standard. Rates are resummarized for report areas from county level data, only where data is available. This indicator is relevant because suicide is an indicator of poor mental health.

Appendix E: 2021 Monterey County CNA Data

Report Area	Total Population	Avg. Annual Deaths, 2011-2017	Mortality Rate, 2001-2007	Mortality Rate, 2011-2017
Monterey County, CA	430,838	130	25.8	30.27
California	38,685,693	13,359	27.4	34.5
United States	318,679,623	129,605	28.9	40.67

Note: This indicator is compared to the state average.

Built Environment

Broadband Access

This indicator reports the percentage of population with access to high-speed internet. Data are based on the reported service area of providers offering download speeds of 25 MBPS or more and upload speeds of 3 MBPS or more. This data represent both wireline and fixed/terrestrial wireless internet providers. Cellular internet providers are not included.

Report Area	Total Population (2010)	Access to DL Speeds > 25MBPS (2019)
Monterey County, CA	415,057	99.49%
California	37,253,956	98.95%
United States	312,471,327	96.07%

Note: This indicator is compared to the state average.
