KATE McKENNA, AICP Executive Officer

DATE: September 26, 2022

TO: Chair and Members of the Formation Commission

FROM: Kate McKenna, AICP, Executive Officer

BY: Kelly Donlon, General Counsel

SUBJECT: Approve finding, pursuant to AB 361 and in order for the Commission to continue to

meet remotely, that the COVID-19 pandemic state of emergency declared by Governor Newsom is still in effect; that the Commission has reconsidered the circumstances of the state of emergency; and that the Monterey County Health Officer continues to recommend social distancing measures for meetings of

legislative bodies.

SUMMARY OF RECOMMENDATION:

Pursuant to AB 361 and in order for the Commission to continue to meet remotely, the Commission finds: that the COVID-19 pandemic state of emergency declared by Governor Newsom is still in effect; that the Commission has reconsidered the circumstances of the state of emergency; and that the Monterey County Health Officer continues to recommend social distancing measures for meetings of legislative bodies of local agencies.

EXECUTIVE OFFICER'S REPORT:

On September 16, 2021, Governor Newsom signed AB 361. This legislation amends the Brown Act to allow meeting bodies subject to the Brown Act to meet via teleconference during a proclaimed state of emergency in accordance with teleconference procedures established by AB 361 rather than under the Brown Act's more narrow standard rules for participation in a meeting by teleconference. AB 361 provides that if a state or local health official recommends social distancing, a "legislative body" – which is defined to include the Commission – may meet remote remotely after September 30, 2021, provided that within 30 days of the first meeting after September 30, and every 30 days thereafter, the legislative body finds 1) the Governor's proclaimed state of emergency is still in effect; 2) the legislative body has reconsidered the circumstances of the state of emergency, and 3) the Monterey County Health Officer continues to recommend social distancing measures for meetings of legislative bodies and/or the state of emergency continues to directly impact the ability of the members to meet safely in person.

The Monterey County Health Officer has recommended and continues to recommend social distancing measures for meetings of legislative bodies, so the Commission was able to meet remotely under AB 361

from October 2021 through September 2022.

The Commission must make the findings at least every 30 days in order to keep meeting remotely. If the Commission makes the findings on September 26, the Commission may continue to meet remotely for the next thirty days. Due to the greater than 30-day separation between the August 22 and September 26 regular meetings of the Commission, the Commission Chair scheduled a special meeting on September 26 – immediately before the September 26 regular meeting – in order to have the opportunity to renew the AB 361 findings again.

Please note that the LAFCO meetings on September 26 will be a hybrid format of in person and remote. The recommended action will allow for this hybrid format.

LAFCO Counsel Kelly Donlon was consulted in the preparation of this report.

Respectfully Submitted,

Kate McKenna, AICP Executive Officer

SUBJECT: Update to the Procedure for Review of the Monthly LAFCO Bank Warrant Registers

by the Commission

SUMMARY OF RECOMMENDATION:

The Budget and Finance Committee recommends that the Commission discontinue the monthly review of LAFCO Bank Warrant Registers.

EXECUTIVE OFFICER'S REPORT:

This item was reviewed by the Budget and Finance Committee on September 9 and discussed with the LAFCO Executive Officer and Mr. Mike Briley, CPA, Managing Partner of Hayashi Wayland.

Following a discussion of financial reporting procedures, the Committee recommends that the Commission discontinue its monthly review of bank warrant registers and, instead, begin receiving monthly balance sheets and profit and loss statements. For example, please see Agenda Items No. 3-7 for financials for the past several months.

The intention is to provide the Commission with the most useful financial summaries on a monthly basis. Warrant registers will continue to be prepared and will be available for review upon request to the LAFCO office.

Respectfully Submitted,

Kate McKenna, AICP Executive Officer

SUBJECT: Updates to the LAFCO Rules and Regulations ("Bylaws") for the Orderly

and Fair Conduct of Hearings

SUMMARY OF RECOMMENDATION:

The Budget and Finance Committee recommends that the Commission adopt a resolution (Attachment 1) finding that the proposed revisions are not a "project" for purposes of the California Environmental Quality Act and adopting proposed updates to the LAFCO hearing rules and regulations ("Bylaws").

EXECUTIVE OFFICER'S REPORT:

Summary

In July, staff and General Counsel conducted a routine review of the LAFCO Bylaws and Conflict of Interest Code. While no changes are needed to the Conflict of Interest Code, minor changes were drafted for the Bylaws for conducting hearings. The Bylaws item was pulled from the Commission's consent agenda on August 22 and referred to the Budget and Finance Committee for review. On September 9, the Committee discussed and recommended approval of an updated set of changes to the LAFCO Bylaws. The proposed updates will clarify current rules and procedures of the Commission for consistency with LAFCO practices, and do not alter the conduct of LAFCO hearings.

Discussion

Attachment 1 is the draft resolution with a clean version of the proposed Bylaws. Attachment 2 shows the proposed changes in tracked changes format. Highlights by section are as follows:

- 1. Section 9. Location of Meetings: clarification that LAFCO's meetings will be held in the Board of Supervisors Chambers or as permitted by State Law, which currently allows for legislative bodies to meet virtually during a proclaimed state of emergency.
- 2. Section 11. Selection/Appointment of Members: identification of the Monterey County Mayors' Association as the body serving as the City Selection Committee to appoint LAFCO City Members and explanation of the Independent Special Districts Selection Committee process of holding an election to appoint LAFCO Special District Members.
- 3. Section 12. Chair and Chair Pro Tempore: explanation that, if the Commission does not hold a meeting in May, it will meet in June to select one of its members to serve as Chair.

- 4. Section 15. Alternate Members: clarification of roles and participation of Alternate Members during closed session meetings of the Commission.
- 5. Section 17. Compensation: clarification that LAFCO's procedure is that Commissioners shall not receive a LAFCO stipend for attending CALAFCO functions.
- 6. Section 25. Public Participation at Meetings and Section 26. Hearings: clarifying when the Commission will receive public comments.

Section 3. REGULAR MEETINGS

Regular meetings of the Commission shall be held on the fourth Monday of each month commencing at the hour of 4:00 p.m., or as may be otherwise determined as part of the adoption of the annual calendar. If such a meeting falls upon a legal holiday, the regular meeting shall be held on the preceding or succeeding Monday that does not fall on a holiday as set forth in the annual calendar. The Commission will not make a final determination on any issue raised during the public comment period that is not included on the agenda. The Commission may refer the item to staff or schedule action for a future agenda.

TO: Chair and Members of the Budget and Finance Committee

FROM: Kate McKenna, AICP, Executive Officer

SUBJECT: Office Lease Agreement – Amendment No. 7

SUMMARY OF RECOMMENDATION:

The Budget and Finance Committee recommends that the Commission approve Amendment No. 7 to the LAFCO office lease agreement for 132 W. Gabilan Street, Salinas.

EXECUTIVE OFFICER'S REPORT:

This item came before the Budget and Finance Committee on September 9 for review and is recommended for approval.

The current agreement to lease office space at 132 W. Gabilan Street, Salinas, will expire on June 30, 2023. Due to previously negotiated rent rollbacks and freezes, the monthly cost in FY 22-23 is \$2,397.69 (\$1.65 per sq. ft.) – about the same as LAFCO's cost for this space fifteen years ago.

Attached is a proposed amendment to extend the lease term for five years to June 30, 2028, with a monthly cost of \$2,685.20 (\$1.85 per sq. ft.) in Year 1 and a three percent cost of living increase in each of Years 2 through Year 5. No other terms will change. This cost includes the base rent, property taxes, insurance, utilities, maintenance and use of common areas.

Proposed terms will continue to provide excellent value and an efficient location for LAFCO operations. For comparison, the proposed Year 1 cost will still be below the current market rate for comparable office space. Also, the landlord has undertaken repairs and maintenance to update LAFCO's office walls, flooring and lighting in the current lease period. These improvements further support the recommended action.

Respectfully Submitted,

Kate McKenna, AICP Executive Officer

Anticipated Future Agenda Items and Progress Report on Special Studies SUBJECT:

SUMMARY OF RECOMMENDATION:

This report is for information only.

EXECUTIVE OFFICER'S REPORT:

Following are current work priorities and a partial list of items that the Commission may consider in coming months or years. It is organized by applications on file, potential applications under discussion, and LAFCO-initiated studies.

Part 1: Items Currently on File and In Progress, but Not Set for Hearing

1. City of Soledad: Approximately 647-acre Miramonte (formerly Miravale III) sphere of influence (SOI) amendment and annexation.

The City of Soledad submitted a LAFCO application in March 2020 that proposes an approximately 40% expansion to Soledad's existing 1,525 acres of developed area (excluding noncontiguous areas such as the wastewater treatment plant). Staff determined the original application to be incomplete in early April 2020. In June 2021, the Commission held a study session to receive information on the status of Soledad's proposed SOI/annexation.

Application status is currently incomplete. The City amended its application in July 2021 and again in July 2022. In early August, staff provided a letter listing the remaining items needed in order for the application to be determined complete. The letter was discussed at the August 22 Commission meeting. On September 8, the City submitted supplemental application

materials. As of this writing, the new updates are under review. When able to be determined complete, the application will be scheduled for a public hearing.

2. Fort Ord Reuse Authority Dissolution: Per State law, the Fort Ord Reuse Authority (FORA) ceased operations after June 30, 2020. LAFCO's statutory FORA dissolution oversight authority expired after December 31, 2020 with the repeal of the FORA Act, but litigation and monitoring of final administrative tasks continue. Staff presented a status report on FORA dissolution at the August 22 meeting.

3. Mission Soledad Rural Fire Protection District: Sphere amendment and annexation of Paraiso Springs Resort (portion). Application status is <u>incomplete</u>.

The County approved the Paraiso Springs project in November 2019. The project proponents are now moving forward with development of the site. The previously/historically developed portion of the resort is already within the fire district.

Pursuant to conditions of approval in the County's development permitting, the developer is required to work with the fire district to annex the remainder of the new development site. LAFCO staff has been monitoring and engaged with this project since 2013. LAFCO received the District's application in January 2022. In February, staff issued a completeness review letter listing items needed before the application can be deemed complete. Importantly, the District and developer have signed an agreement to financially mitigate the project's impacts on fire and emergency medical services. Staff continues to coordinate with the District to resolve other items in the completeness letter.

Part 2: Potential Agenda Items under Discussion

1. **City of Gonzales:** Annexation of some or all of an approximately 1,350-acre area placed in the City's sphere in 2014, plus potentially an adjacent 50-acre parcel. Status is <u>pre-application</u>.

The City of Gonzales is currently completing an administrative draft Specific Plan and EIR for the Vista Lucia project (Fanoe-owned lands of approximately 770 acres). The City similarly is working on a specific plan and an EIR for the Puente del Monte project (Jackson and Rianda-owned lands comprising approximately 547 acres). In total, the two projects together would represent a large expansion of the City, approximately doubling the existing City size. The scope of such an expansion raises issues relevant to LAFCO's review. On June 28, 2021, the Commission held a study session to receive information on the status of the City's proposed annexations.

The City issued a Notice of Preparation for the Vista Lucia project in September 2021, and LAFCO staff provided a comment letter in October 2021. LAFCO will comment on the project's draft environmental impact report when it becomes available, possibly in late 2022. The City anticipates submitting a LAFCO annexation application for the Vista Lucia project in 2022 or 2023. In 2023, we anticipate commenting on a draft environmental impact report for the Puente del Monte project, and receiving an application for annexation of that project. Staff continues to coordinate with Gonzales staff, and with the County, as the City refines and develops these future expansion proposals.

In March and May 2022, City staff discussed other potential annexation/SOI proposals with LAFCO staff. Still in concept status, those proposals may be further refined in coming months or years.

2. City of Salinas: Target Area "K" (Ferrasci Ranch) sphere amendment and annexation of approximately 100 acres at the northeast corner of Harrison Road and Russell Road. Status is pre-application.

The site, just north of Salinas and designated as Target Area K in the City's recently approved Economic Development General Plan Element, is planned for industrial and commercial development. In 2019, the County and City approved a site-specific amendment of the Greater Salinas Area Memorandum of Understanding to facilitate the City's annexation and development of this site. Informal pre-application discussions have been underway with County staff, City staff and property owners since January 2020, most recently in February 2022.

3. City of Marina:

- a. Former Fort Ord Landfill and Landfill Border Parcels Annexation of an approximately 341-acre former Army landfill and landfill border parcels area (south of Imjin Parkway, north of Intergarrison Road, east of 8th Street, and west of Abrams Drive), and detachment of this area from Monterey County Regional Fire District. Current status is pre-application. In November 2020, Monterey County and City of Marina entered into an agreement to convey its landfill border parcels (approximately 177 acres) to the City of Marina and designate the City of Marina as recipient of the former landfill parcels (approximately 164 acres) from the U.S. Army. The City of Marina and County of Monterey also agreed to seek prompt annexation of these properties to the City of Marina. The area is currently uninhabited and includes a five-acre commercial area known as the Ord Market. The area is within the City of Marina's existing sphere of influence.
- b. East Campus Housing Areas Annexation of California State University Monterey Bay (CSUMB) East Campus housing areas (Schoonover and Frederick Park neighborhoods between Reservation Road and Imjin Road), and detachment of this area from Monterey County Regional Fire District. Current status is pre-application. Both housing areas are in Marina's sphere of influence and have a combined population of about 3,000.
 - Among other considerations, LAFCO's review will include each proposal's potential effect on fire and emergency medical service delivery models and related revenues to the affected agencies. Initial discussions with the parties occurred in 2019. There is currently no specific schedule for the City to submit an application or applications.
- 4. City of Greenfield Annexation proposal with two separately owned parcels (vacant Thorp parcel and an existing elementary school site) on Apple Avenue west of the existing city limits. The original application is <u>incomplete</u>, and a revised project is in <u>pre-application</u> status.
 - In 2017, the City submitted an annexation application for a proposed residential project on the Thorp parcel, but that application remains incomplete. The City is now pursuing development of a community center rather than housing on the Thorp parcel. Staff met with the City in March 2022 to discuss annexation of the proposed community center parcel and existing school parcel.
- 5. Technical Assistance to Local Agencies in Greenfield: LAFCO serves as an informal facilitator and information clearinghouse for small cities and special districts challenged by financial, governance and service delivery issues. Recent staff efforts have focused on special districts in Greenfield, Spreckels, Soledad and North Monterey County.
 - Greenfield Memorial District Board members, employees and community members have contacted LAFCO staff expressing concerns about the District's governance, transparency, accountability and operations. These concerns include challenges in retaining board members and obtaining a quorum of Board members to conduct District business, possible lapses in financial reporting, human resources issues, and substantial repair and maintenance issues. As a first step, LAFCO staff provided an educational Board orientation training to the Memorial District on April 26.

Based on the serious challenges the Greenfield Memorial District is experiencing, LAFCO staff is preparing an updated Municipal Service Review and Sphere of Influence (MSR/SOI) study for the District. The study will explore the District's challenges, provide recommendations for immediate improvement, and identify potential options going forward. We will include a review of the City of Greenfield and the Greenfield Fire, Recreation and Cemetery Districts, consistent with timely, periodic review of these agencies. The LAFCO study will provide a comprehensive approach to

identify potential partnerships, explore opportunities for increased integration, and/or review other efficiencies among Greenfield-area local public agencies.

6. County Service Area (CSA) 25 – Quail Lodge Golf and Country Club: Potential expansion of the CSA's boundaries. Status is pre-application.

This CSA was formed in 1963 to provide street and sidewalk, storm drain, and road shoulder maintenance for the Valley Greens subdivision and golf course. The area consists of a golf course, 165 single-family residential lots, and 21 condominium lots, serving about 400 people. Services are provided by the County Public Works Department. Several CSA residents contacted the County and LAFCO to potentially add several adjacent parcels to the CSA. LAFCO staff participated in a CSA advisory committee meeting in April 2021 to provide an overview of the annexation process. LAFCO and County met in August 2021 to coordinate on the project.

In addition, our staff met with the County and Carmel Area Wastewater District in March 2022 to discuss and coordinate sewer and road improvements in this area.

7. Drinking Water Project North of Moss Landing

LAFCO staff met with representatives from the Community Water Center (CWC), a non-profit for community-driven water solutions, in August 2021. Due to water quality issues in the unincorporated County area north of Moss Landing, the CWC prepared a report to identify potential solutions to provide safe potable water to approximately 90 households in this area. CWC is working with PSMCSD, the closest public water provider in the area. LAFCO staff provided relevant information to CWC representatives regarding potential LAFCO actions that could facilitate the extension of PSMCSD's potable water services to this area. Current status is <u>pre-application</u>.

8. Castroville Community Services District (CSD) – Potential sphere amendment and annexation of the Moss Landing Commercial Park

This commercial and industrial site, designated as a future study area for the Castroville CSD in 2014, has ongoing problems with its septic system and will eventually need to connect to the Monterey One Water regional wastewater treatment plant by annexing to the CSD (a Monterey One Water member agency). Preliminary coordination with the CSD, the County, and property owner representatives is underway. LAFCO staff participated in a County development review meeting in October 2021. Current status is pre-application.

9. Salinas Valley Healthcare System (SVMHS) – Potential annexation in North Monterey County to align with boundaries of the newly formed Pajaro Valley Health Care District.

Part 3: Other LAFCO-Initiated Studies

In 2021, LAFCO completed Municipal Service Review/Sphere of Influence studies for Carmel Area Wastewater District and the Monterey Peninsula Water Management District.

Currently, staff is preparing a Municipal Service Review/Sphere of Influence study for the City of Soledad to coincide with consideration of that City's SOI amendment/annexation application, which is on file and under review (see page 1 of this report).

Also this year, staff is preparing a Municipal Service Review/Sphere of Influence study for four Greenfield-area agencies to help address local challenges (see page 2 of this report). The agencies are the City of Greenfield, Greenfield Memorial District, Greenfield Fire District, Greenfield Cemetery District, and Greenfield Public Recreation District.

In 2023, staff will begin a Municipal Service Review/Sphere of Influence study for the City of Gonzales to coincide with that City's anticipated annexation application (see page 2 of this report).

Also in 2023, we intend to begin a Municipal Service Review/Sphere of Influence study for the City of Marina. The study will focus on issues such as future growth and provision of services.

SUBJECT: Consider an Update to LAFCO's Schedule of Fees and Deposits – Continued

Public Hearing from August 22, 2022.

SUMMARY OF RECOMMENDATIONS:

It is recommended that the Commission:

- 1. Receive a report from the Executive Officer;
- 2. Open the public hearing and receive any public comments;
- 3. Provide for questions or follow-up discussion by the Commission;
- 4. Close the public hearing, and
- 5. Consider and adopt a resolution (Attachment 1) to amend LAFCO's Schedule of Fees and Deposits.

EXECUTIVE OFFICER'S REPORT:

Summary

This item was previously prepared for consideration during a Public Hearing at the August 22, 2022 LAFCO Commission meeting. The Commission continued the Public Hearing item to the September 26 regular Commission meeting and referred this item to the Budget and Finance Committee in order to conduct further review. On September 9, the Budget and Finance Committee discussed and recommended approval of this item.

LAFCO's adopted work program includes a task under Financial Management to "review and update the project fee schedule and hourly staffing rates, as needed." The purpose of the review is to ensure that LAFCO is reimbursed for actual costs of LAFCO's services, in a manner consistent with the law and LAFCO's public purposes. Staff's review concludes that:

- 1) The current Analyst hourly billing rate of \$165 per hour (adopted in 2020) for time spent on processing boundary changes and other applications should be increased to \$171 per hour.
- 2) Application fee deposit amounts in the fee schedule should be updated to reflect LAFCO's cost increases

The proposed increase to the hourly billing rate for applications would not affect LAFCO's practice of providing preliminary, pre-application coordination services at no direct cost to applicants. Preparation of studies such as municipal service reviews and sphere of influence studies, when they fall within LAFCO's annual work program or periodic review schedules, will also continue to be covered by the annual budget.

Discussion

LAFCO carries out six basic functions: (1) formal processing of applications; (2) special studies initiated by the Commission; (3) Commission and Committee support; (4) administration and human resources management; (5) financial management, and (6) government and community relations. Only the first

function, the formal processing of applications, is funded by direct user fees and is subject to the fee schedule. The other five functions are funded through the annual work program and budget process and are considered important public policy functions of general benefit.

The total processing fee for any given proposal is the actual time-and-materials cost of processing an application. An initial deposit is required when an application is submitted for processing. If LAFCO's hourly costs – and other costs such as public noticing – eventually exceed the initial deposit amount, staff requests additional funds as needed. At the conclusion of processing an application, staff provides a final fee statement and issues a refund for any remaining unused balance.

Legal Authority

Government Code Section 56383 allows LAFCO to establish a schedule of reasonable fees to process applications, conduct proceedings of the Commission, amend spheres of influence, and hold reconsideration hearings. Government Code Section 56383 requires that LAFCO's fees not exceed the estimated reasonable cost of providing the service for which the fee is charged. The current LAFCO fee schedule was adopted in 2020. Total costs are based on actual time and materials charges. In accordance with the lead times in California Government Code Section 66017, if the Commission adopts an updated fee schedule, the increase will take effect on December 1, 2022. The increase is recommended to apply to all applications, including those currently on file and in progress.

Review of Hourly Costs and Initial Deposit Amounts

Since the billing rate was set in 2020, LAFCO's hourly Analyst staffing costs (Salaries and Benefits) have risen by about 14 percent. The increase in the Consumer Price Index (CPI) for the same time period was ten percent. The 14 percent increase is composed of a ten percent increase in the calculation of average analyst salaries (two five percent step increases for purposes of the calculation – one step takes into account the analyst salary range amendments for the analyst classifications approved by the Commission on May 23, 2022 and one step factors in LAFCO's reasonable costs of both LAFCO analysts positions at step 5 or higher – and a three percent Cost of Living Adjustment approved by the Commission on April 25, 2022 with approval of the current year budget) and a 15 percent increase in average annual benefits.

The 2022 LAFCO overhead costs calculation has decreased from 2020. LAFCO's budgeted expenses for services and supplies is an important factor in calculating overhead costs for the Analyst hourly billing rate. While most budget expenses for services and supplies have risen by ten percent since 2020, line items that have decreased overhead costs include: 1) LAFCO staffing changes – eliminating a half-time administrative support position (4.5 to 4.0 FTE), 2) a reduction in property and liability insurance costs, 3) a reduction in accounting and financial services costs, and 4) a reduction in temporary professional services costs related to FORA dissolution. Additionally, the 2020 overhead calculation included a contingency for unknown costs associated with COVID-19 and FORA dissolution. A calculation of hourly costs is provided in Attachment 2.

To address the rise in LAFCO's costs, an increase in the Analyst hourly billing rate for application processing, from \$165 per hour to \$171 per hour (a 3.6 percent increase) is recommended. The proposed \$171 hourly rate is within the range of comparable LAFCOs, which charge between \$85 to \$213 per hour for staff time, as shown in Attachment 3.

In reviewing proposals from recent years, the initial deposits received have generally, but not always, covered the total application processing cost. The last approved increase to LAFCO's application deposits occurred in 2008. Increases of approximately ten percent to the initial deposit amounts are currently recommended (Exhibit 1 to Attachment 1).

Pre-Application Coordination and Other Services

LAFCO has a longstanding practice of providing pre-application review and coordination at no direct cost to applicants. Additionally, the Executive Officer's time is not a direct cost to applicants. A significant portion of the Executive Officer's time is related to carrying out governmental relations in support of the Commission's directives to build and maintain informal, effective working relationships that promote the public purposes of LAFCO. These services promote open communication and resolution of issues prior to Commission decisions, and no changes are proposed.

Public Notice and Local Agency Outreach

Notice of the August 22 public hearing was posted in the Monterey County Weekly, on the LAFCO website, at the County Government Center, and at the LAFCO office. A draft of this report was distributed to individual managers of special districts, Cities, and the County on September 16, requesting feedback. Any comments received will be considered at the September 26 continued public hearing.

The hourly rate includes Analyst time, routine Executive Officer and secretarial support, routine legal review and GIS support services, and routine copy services. Consultant costs, legal notices published in newspapers, any legal time in excess of one hour, any GIS time in excess of one hour, and any extraordinary copying or other miscellaneous processing charges will be billed directly to the applicant in addition to staff time. LAFCO will also collect pass-through fees for other agencies, including the County Recorder, State Board of Equalization, and State Department of Fish and Game.

Requests will be made for additional payments if necessary to replenish the application's account and keep payments current with the remaining work required for an application. Work will stop if payments stop. If an application has been deemed complete and set for a public hearing, and payments have stopped, a denial recommendation will be prepared for the application. Any balances due must be current before LAFCO issues a Certificate of Filing or a Certificate of Completion.

The Executive Officer may exercise discretion in adjusting monthly or final invoices to reflect administrative credits for staff training and similar circumstances that warrant a reduction in billable costs. Any excess funds not needed to cover the actual cost of preparation will be refunded to applicant at the end of the process.

Waiver:

The Commission may waive or reduce LAFCO fees upon a finding that the proposed action would be in the public's best interest and/or is necessary for public health and safety reasons. A request for waiver must be submitted in writing to the Commission. Fees may also be waived for applications filed in response to a condition imposed by the Commission or in response to a recommendation made by the Commission.

TO: Chair and Members of the Commission FROM: Kate McKenna, AICP, Executive Officer

SUBJECT: Executive Officer Communications – City of Gonzales Service Extension to Alpine

Camp

SUMMARY OF RECOMMENDATION:

This report is for information only.

EXECUTIVE OFFICER'S REPORT:

This report informs the Commission of a recent (August) administrative action approving an out-of-agency water and sewer service extension by the City of Gonzales to Alpine Camp, an existing farmworker housing facility located adjacent to the city limits. The approval action, with location map, is attached.

The Cortese-Knox-Hertzberg Act requires LAFCO approval of services provided outside of a city's boundaries. By local LAFCO policy, the Commission has authorized the Executive Officer to approve out-of-district extensions of services when there is a public health or safety issue. The policy also directs the Executive Officer to inform the Commission at the next available meeting of any administratively approved service actions.

Recent similar administrative approval actions were in April 2019 (City of Greenfield – six single-family houses), January 2019 (Carmel Area Wastewater District – a single-family house) and April and June 2017 (City of Greenfield – new elementary school site and a single-family house, respectively).

Alpine Camp's domestic water has historically been provided by private wells. In an April 2022 letter, the County of Monterey Health Department documented that the wells are contaminated with nitrate and do not meet safe drinking water standards. Residents of the houses currently rely on bottled water. Connection to the city's water system will alleviate the need for bottled water. The approved service extension also includes city sewer service. The County's letter indicated that the on-site septic system has failed and represents a significant public health concern.

This approved out-of-agency service extension complies with the requirement for LAFCO approval to extend services outside of city boundaries, and will address an existing public health and safety problem. The approved action is also compatible with the 2014 Greater Gonzales Memorandum of Agreement between the City and County, in that the site is in the city's approved sphere of influence and is contiguous with the city. City staff has expressed interest in a potential future annexation. The service extension process is an interim step toward annexation, and will get the needed services in place quickly and efficiently.

Respectfully Submitted,

Kate McKenna, AICP Executive Officer

KATE MCKENNA, AICP

Executive Officer

ADMINISTRATIVE APPROVAL: Extension of Services Outside of Agency Boundaries (City Water and Sewer Service) to Alpine Camp farmworker housing

Agency: City of Gonzales

Location: 52 Gonzales River Rd, adjacent to the City of Gonzales (APN: 020-031-002)

LAFCO File No. 22-03

Government Code Section 56133 provides that a City or special district may extend services by contract or agreement to areas outside its jurisdictional boundaries only if it first receives written approval from the Local Agency Formation Commission (LAFCO). The City of Gonzales operates municipal water and wastewater collection/treatment systems.

LAFCO of Monterey County's adopted Policies and Procedures provide that "The Executive Officer may administratively approve requests for service extension outside an agency's jurisdictional boundary if the applicant has satisfactorily demonstrated the existence of a public health or safety issue as identified in writing from the local public health officer. The Executive Officer is required to inform LAFCO at the next available meeting of any administratively approved service agreements." (Section XV.1.e)

The LAFCO Executive Officer hereby approves extension of water and sanitary sewer services by the City to the Alpine Camp employee housing facility. The site is located in unincorporated Monterey County, outside of the City limits and within the City's sphere of influence, and is approximately 2.3 acres in area (see figure below).

The Executive Officer's administrative approval is based on the following considerations:

- 1. On 8/24/2022 the City submitted a written request for extension of its water and wastewater services to the subject site with the LAFCO Executive Officer; and
- 2. The County of Monterey Health Department has documented that the wells on the site are contaminated by nitrate and that the on-site septic system is failing; and
- 3. LAFCO staff has reviewed the record and considered the applicant City's determination that the proposal is exempt from the California Environmental Quality Act; and
- 4. The LAFCO Executive Officer has considered the parameters set forth in the Cortese-Knox-Hertzberg Act, Section 56133, for LAFCO approval of out-of-agency provision of services and found them to be consistent with the current proposal, as discussed below.
 - Govt. Code 56133(c): The commission may authorize a city or district to provide new or extended services outside its jurisdictional boundaries and outside its sphere of influence to respond to an existing or impending threat to the public health or safety of the residents of the affected territory if both of the following requirements are met:

- (1) The entity applying for the contract approval has provided the commission with documentation of a threat to the health and safety of the public or the affected residents.
 - In a letter dated April 19, 2022, the County of Monterey Health Department has documented that the site's well water is contaminated by nitrate and is considered unsafe to drink and that the on-site septic system is considered to be in failure; and
- (2) The commission has notified any alternate service provider, including any water corporation as defined in Section 241 of the Public Utilities Code, or sewer system corporation as defined in Section 230.6 of the Public Utilities Code, that has filed a map and a statement of its service capabilities with the commission.
 - LAFCO has no records of alternative service providers having filed such maps or statements.
- 5. Section XV.1.e of LAFCO of Monterey County's Policies and Procedures delegate to the Executive officer the authority to administratively approve requests for service extension outside an agency's jurisdictional boundary pursuant to Section 56133(c) cited above.

For the reasons cited above, the proposal is consistent with State law and with Commission policy regarding service extension agreements.

Indemnification Clause: As a condition of the approval of this application, the applicant City shall agree to defend at their sole expense any action brought against LAFCO, the Commission and its staff, because of the approval of this application. The applicant will reimburse LAFCO for any court costs and attorneys' fees which may be required by a court to pay as a result of such action. LAFCO may, at its sole discretion, participate in the defense of any such action; but such participation shall not relieve applicant of his obligations under this condition. The obligation on the part of the applicant to indemnify LAFCO is effective upon the signing of this document and does not require any further action.
