

CONSOLIDATED OVERSIGHT BOARD FOR THE COUNTY OF MONTEREY

MEETING:	January 27, 2023	AGENDA NO.: 7
SUBJECT:	a. Consider Approval and Adoption of the 2023 Regular Meeting Calendar for the Consolidated Oversight Board for the County of Monterey; and/or b. Provide direction to staff.	
DEPARTMENT:	Auditor-Controller's Office	

RECOMMENDATION:

It is recommended that the Consolidated Oversight Board for the County of Monterey:

- a. Consider Approval and Adoption of the 2023 Regular Meeting Calendar for the Consolidated Oversight Board for the County of Monterey; and/or
- b. Provide direction to staff.

SUMMARY/DISCUSSION:

The *California Health and Safety Code* (HSC) § 34179(e) requires Oversight Board meetings be conducted in accordance with the Ralph M. Brown Act. To carry out its fiduciary duties, and to allow the successor agencies within the County of Monterey to bring items before the Oversight Board, it is necessary to establish the date, time and location of regularly scheduled meetings.

The attached meeting calendar is based on the required timeline for successor agencies to submit their respective Recognized Obligation Payment Schedule (ROPS) to the Department of Finance. Per the direction of the Board, the attached meeting calendar also has a backup meeting date, in case an agenda item needs to be continued for further discussion.

Should a need arise that a meeting needs to be cancelled, rescheduled or a specific meeting calendared, a notification will be provided to all pertinent agencies.

It is recommended the Oversight Board consider approval and adoption of the 2023 regular meeting calendar and/or provide direction to staff.

OTHER AGENCY INVOLVEMENT:

County Counsel has reviewed this recommendation as to form and legality.

FINANCING:

All costs associated with this recommendation shall be reimbursed by the Office of the Auditor-Controller, solely from Redevelopment Property Tax Trust Funds (as defined by the Dissolution Act), pursuant to *California Health & Safety Code* §§ 34183 and 34179(j). There are no additional impacts with this recommendation.
