0 6 PT staff plus 2 students, sometime temp to cover leaves

Number of people on your waiting list: 1) We serve students on a first come, first save basis, and schedule student appointments 2 weeks out, to maximize access for students (to meet their personal or work schedule changes, childcare needs, etc.). 2) If appointments are booked by students for the 2 week timeframe, every day is a new day in DSPS, as available appointments can then be scheduled for the new day that opens up, building on the 2 week timeframe. Please let me know if you have questions about this. 3) During peak times (at the beginning of the semester, and before registration for classes begins), we shift from scheduled appointments to drop in services, which focuses on students needing to register with DSPS, as well as continuing students being eligible for DSPS accommodations and services for the semester. This is to maximize access for students, so DSPS Counselors and staff can help as many students as possible.
