Narrative: I was contacted by Randy McMurray, Supervisor, HMMS, regarding Cal-OES report 23-6391. I responded after speaking with Roger Van Horn, EHB Supervisor, Well Program, who indicated there may be seepage pits near the driveway. I arrived and there was no evidence of a sewage release from the septic system onto the ground surface. No one was home to make contact with at the property. I left the scene at ~ 6:45 pm after updating Randy McMurray and Roger Van Horn.

Incident Status:

No Further Action Health Department Follow-up Warranted

Referred to other Agency or Department for follow-up:
