

## DMC-ODS Add-On Codes Cheat Sheet

### INTERPRETATION

- To be used when sign language/oral interpretation (not translation) is needed to address a language barrier
- The duration for this add-on should be equal to the time spent with the 3rd party providing interpretation
- Used for any service code
- Used by any staff member

### COLLATERAL

- To be used when the beneficiary's significant support persons are present with the beneficiary and time is spent focused on supporting the achievement of the beneficiary's treatment goals
- Beneficiary must be present
- The duration should be equal to the number of minutes the beneficiary's significant support person was present and time is spent on achievement of goals
- Collateral **cannot** be used with:
  - Assessment (primary)
- Used by Physicians and/or Licensed/licensed eligible staff only
- Only available in OP/IOP/NTP levels of care

### EXTENDED SERVICE

- To be used for certain service codes when the duration of service exceeds the maximum allowed service time
- Used by Physicians and/or Licensed/licensed eligible staff
- Additionally, this Add-On may be used by SUD counselors when providing Care Coordination only

Service Description	Extended Service Begin After x Minutes
