

COMMUNITY SURVEY

∞∞∞∞

County of Monterey Environmental Justice and Safety Elements

∞∞∞∞

Complete the Community Survey

Survey available via QR Code or at <https://www.co.monterey.ca.us/GeneralPlanUpdates>

Monterey County residents and interested parties: The County of Monterey Housing and Community Development Department invites you to be a part of the development of the new Environmental Justice Element and an updated Safety Element for unincorporated Monterey County.

∞∞∞∞

A Safety Element addresses the issue of protection of the County's people from unreasonable risks associated with disasters, e.g., fires, floods, and earthquakes. An Environmental Justice Element addresses the inequities resulting from environmental hazards and health impacts in the built environment and seeks to ensure that all residents have the right to live, work, and play in a safe and healthy community.

By integrating both the updated Safety Element and the new Environmental Justice Element into the General Plan, the County aims to fulfill its commitment to create a secure and equitable environment where every resident can thrive in the community.

Please participate in the community survey with your thoughts and experiences on important Safety and Environmental Justice issues in the County. To get more information about this project visit our webpage:
