Monterey County residents and interested parties: The County of Monterey Housing and Community Development Department staff invites you to be a part of the development of the 6th Cycle Housing Element Update (REF220020) for unincorporated Monterey County.

∞∞∞∞

The Housing element is a planning document used by the County to ensure that there is an adequate supply of housing for all income levels within unincorporated Monterey County. Your participation in the Housing Element process gives you a say in the types and locations of housing that may be developed in your community, as well as the policies and programs to support the development of housing.

At this meeting, staff will provide an overview of the Housing Element, present community housing needs, challenges, issues, and seek input on potential new policies and programs. Bring your questions, ideas, and feedback to help identify solutions to any housing related issues or challenges facing your community.

Please participate in the community housing survey to share your ideas and feedback *by* February 10, 2023.
