

Occupation: Incumbent/Community College Instructor

I continue to be honored to serve as your councilmember. Like my work as a teacher and a mom, I pour my heart and mind into working hard for the health and safety of our residents.

Bringing forward our no-smoking ordinances in public spaces and multi-unit housing, and championing the FORTAG bike path, have been important contributions to our city. I'm proud to be a part of supporting the health and safety of our community, and increasing access to our parks.

For four years, I've served on our Finance Committee, providing important oversight of our budget and safeguarding your tax dollars. To further our economic development, I believe in responsibly and sustainably developing our Ft. Ord property while protecting our "17-acres."

Regionally, I serve as Chair of ReGen Monterey and am on the boards of Monterey-Salinas Transit and the Seaside Groundwater Basin Watermaster. These positions allow me to expand my work towards increasing the wellbeing of our communities and the environment.

Transparency is my cornerstone. Consider reviewing my contributions chronicled in council reports posted on my webpage.

My guiding principles are honesty, inclusion, and diligence. My mission is to celebrate and increase our exceptional quality of life in Del Rey Oaks.
