CITY OF SALINAS

JUL 22 2024

CITY CLERK

Orlando Osornio

Salinas City Councilmember, District 4

As a lifelong Salinas resident, I grew up learning the value of hard work from an early age. I saw my father work seven days a week as a landscaper, my mother was with the Salinas Union High School District for over 40 years. I hold these values close as my wife Denise and I raise our four-year old daughter, Olivia, and our newborn Sophia.

My passion for hard work led me to many conversations with residents in our neighborhoods, at our parks, and at community meetings. Then and now, the message I heard was clear, people want solutions. That is why I have fought so hard to ensure our city invests resources into our streets, sidewalks, parks and recreation, and public safety. That is why I have worked hard with our City Council and residents to ensure that the decisions we make benefit our community.

From increasing affordable housing resources to promoting our small businesses, I will continue to work hard, to talk with residents, and build relationships that bring solutions to our district and city. I do not ever forget, Salinas is stronger when we work together!
