I am running for the Pacific Grove Union School District Board because I believe in a future where every child has the opportunity to thrive, and every dollar spent on education maximizes our students' success. I have worked in the construction industry and technology for 27 years and will apply the same ethics and commonsense values to the review of school budgets in ways that will benefit students the most.

Budget Accountability:

Our district faces significant financial decisions that affect every classroom and every student.

By focusing on strategic investments in key areas such as teaching resources, facilities maintenance, and technology, we can ensure that every dollar directly supports our students' learning experiences.

Student Success:

I believe in fostering an inclusive environment that recognizes and supports the diverse needs of our students, including the ability for high achieving students to be challenged and ensuring that every child has the resources and encouragement he or she needs to excel.

I ask for your support to bring a fresh perspective and a steadfast commitment to both fiscal responsibility and educational excellence. Together, we can make a positive difference in the lives of our students and the future of our community.

Thank you for your consideration.
