

CANDIDATE STATEMENT FOR LIBBY DOWNEY

I have been a trustee on the MPC board for the past four years. My vision in participating in public service encompasses supporting equity and diversity. My husband, Wayne, a retired educator, and I have lived in Monterey for over fifty years. Wayne is an MPC alumnus. I served on the MPC Foundation Board for six years and ten years as the Executive Director of the Lyceum (classes for gifted and underserved youth). Having been on the City Council of Monterey for 12 years, I will provide the opportunity to communicate with community stakeholders. Since earning my BSN and PHN from Chapel Hill (UNC), I have taken numerous classes ranging from genstrain to physiology, genetics, art and music appreciation, and California History. I thirst for knowledge, which keeps me actively engaged in further learning experiences. Monterey Peninsula College is a treasure of our community. The development of the Fort Ord property is an opportunity to increase enrollments and revenues and provide the region with essential training for Public Safety. Implementing the bond measure is a primary focus, and I would like to continue serving on behalf of MPC.
