I grew up in PG and started my career here. I moved all over Northern California, but my heart stayed in PG. Seven years ago, in anticipation of retirement, we bought a house here, fixed it up and six years ago made PG our forever home.

Since the last election, we have been busy. We purchased a long vacant and crumbling building in downtown, completing tenant improvements, and helping someone start two businesses.

I believe we live in one of the most beautiful cities in the world.

We need to be guardians of the environment, have a better collaboration and partnership with the school district, and manage our city in a responsive and responsible manner. We need to prioritize our parks and youth recreation department so that the kids that attend our schools have safe and updated recreation actives for all that want to attend.

We need a plan to ensure a strong small business base in our four commercial zones. We need to improve our city infrastructure, starting with sidewalk repair, investing in a recycled water distribution system, and tree preservation.

Tina Rau
