

Diana Agar Ingersoll

Occupation: Retired City Employee

Age: 66

I have been a resident of Seaside for over 40 years. I am an immigrant from the Philippines and lived my childhood in Guam. I am a widow, a mother of two and a proud grandmother.

I retired after 34½ years of service with the city as the Deputy City Manager and managed the Community & Economic Development, Building & Code Enforcement, Recreation and Public Works & Engineering Divisions. My education includes a B.S. in Civil Engineering and a MBA in Management.

I serve as a Board Member for Community Partnership for Youth (CPY) and Seaside Lions Club. I am a lector, a religious education teacher and a Finance Council member at St. Francis Xavier Church. These organizations are reflective of Seaside's diverse community and have afforded me to embrace teamwork and different perspectives, to become a community leader and to work collaboratively with others to meet the end goals.

With my background in city government and involvement in the community, I am humbly asking to have this opportunity to serve the residents of Seaside as a city councilmember. If elected to office, it is my goal to bring prosperity, security and a sense of community to our city.

City Clerk's Office
