

Dennis Volk  
68  
Business Owner

I am a local businessman who has lived in and has participated in the community for more than 40 years. I became interested in business when I was just eight years old. I have devoted myself and my time in being an active volunteer and community member for the betterment of the city. I have always been passionate about helping others especially those in most need. Now, I want to take my passion one step further by taking action to run for Mayor to actively work on improving the city. As a start, I would like to focus on the areas of housing, the direction of development and economical growth. I believe the people of the city have a right to not only be heard but to be involved as well, knowing what's going on in our community and with Seaside. I believe I have Seaside's best interest at heart, and we can truly grow and improve together. I would appreciate your vote in this year's election, and I hope that you will put your trust in me to best represent the city.

Thank you,  
Dennis
