

CANDIDATE STATEMENT OF QUALIFICATIONS

Name: Dave Pacheco

Age: No listing

Occupation: Incumbent City Councilman

I am honored to serve the residents of Seaside and share my background, ideas, and successes. Over my last three terms, I have proven to have an independent voice, consistently listening to residents and emphasizing a strong quality of life for Seaside.

We have made strides in creating a greater community, but now is the time for actions that create a lasting impact on Seaside's future. Our focus must center on good-paying jobs, first-class police and fire departments, quality parks, newly paved streets, diverse businesses, and affordable housing, all while protecting our environment.

As an action-driven Councilman, I lead by example, community participation, preparation, and communication. I always put Seaside residents first, ensuring their voices are heard in practice and policy. I have worked on Seaside's development, creating jobs, services, and opportunities. I have led efforts to improve parks, expand youth activities, and enhance our streets and sidewalks.

A life-long resident and former city employee of 36 years, I value the need to be proactive in our service to residents and businesses. I understand that action through participation and preparedness is essential for wise choices. My commitment to Seaside and its residents is an invaluable guide to our city's future.
