RECEIVED  
CITY OF SALINAS

AUG 07 2024

Salinas needs to prepare for the future. Right now, the City is not able to meet the hopes and expectations of the community. I want to change that. People want and deserve results. I offer my Six years of experience as your mayor from 2006-2012 by running to be the next Mayor.

CITY CLERK

As Mayor I learned a lot of valuable lessons, worked in a collaborative style, and put forth a vision for our hometown.

I can get right to work at City Hall on the communities' priorities. I know how the City functions, the importance of setting the right priorities in the budget and helping to provide economic opportunities and support for businesses – new and established.

Economic development is the key to ensuring the City has the necessary financial resources to provide essential services. It's how we can invest in fully funding police, fire, parks, libraries and fixing streets and sidewalks.

I've walked your neighborhoods, attended association meetings, worshipped with you, celebrated birthdays, and went to school functions to hear what you had to say. I will continue that approach of being present to the entire community.

It would be an honor to serve you again as Mayor.
