To Interested Parties:

The Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 (Act) establishes procedures for local government changes of organization, including city incorporations, annexations to a city or special district, and city and special district consolidations.

Local agency formation commissions (LAFCOs) have numerous powers under the Act, but those of primary concern are the power to act on local agency boundary changes and to adopt spheres of influence for local agencies. Among the purposes of LAFCOs are the discouragement of urban sprawl and the encouragement of the orderly formation and development of local agencies.

Staff to the Assembly Local Government Committee regularly updates the Guide to the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000. This version reflects the 2023 legislative changes to the Act. I hope that you find it to be a useful and helpful document.

Respectfully,

Juan Carrillo, Chair

**DIVISION 3. CORTESE-KNOX-HERTZBERG LOCAL GOVERNMENT  
REORGANIZATION ACT OF 2000**

**PART 1. GENERAL**

**CHAPTER 1. LEGISLATIVE FINDINGS AND  
DECLARATIONS**

<b>Title</b>	<b>56000.</b> This division shall be known and may be cited as the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000.
<b>Legislative findings and declarations; state interests</b>	<b>56001.</b> The Legislature finds and declares that it is the policy of the state to encourage orderly growth and development which are essential to the social, fiscal, and economic well-being of the state. The Legislature recognizes that the logical formation and determination of local agency boundaries is an important factor in promoting orderly development and in balancing that development with sometimes competing state interests of discouraging urban sprawl, preserving open-space and prime agricultural lands, and efficiently extending government services. The Legislature also recognizes that providing housing for persons and families of all incomes is an important factor in promoting orderly development. Therefore, the Legislature further finds and declares that this policy should be effected by the logical formation and modification of the boundaries of local agencies, with a preference granted to accommodating additional growth within, or through the expansion of, the boundaries of those local agencies which can best accommodate and provide necessary governmental services and housing for persons and families of all incomes in the most efficient manner feasible.
<b>Priorities</b>	The Legislature recognizes that urban population densities and intensive residential, commercial, and industrial development necessitate a broad spectrum and high level of community services and controls. The Legislature also recognizes that when areas become urbanized to the extent that they need the full range of community services, priorities are required to be established regarding the type and levels of services that the residents of an urban community need and desire; that community service priorities be established by weighing the total community service needs against the total financial resources available for securing community services; and that those community service priorities are required to reflect local circumstances, conditions and limited financial resources. The Legislature finds and declares that a single multipurpose governmental agency is accountable for community service needs and financial resources and, therefore, may be the best mechanism for establishing community service

priorities especially in urban areas. Nonetheless, the Legislature recognizes the critical role of many limited purpose agencies, especially in rural communities. The Legislature also finds that, whether governmental services are proposed to be provided by a single-purpose agency, several agencies, or a multipurpose agency, responsibility should be given to the agency or agencies that can best provide government services.

**Substantial evidence test**

**Automatic merger doctrine**

**56116.** The Legislature declares that the doctrine of automatic merger of a district with a city or the merger by operation of law of a district with a city has no further force or effect. **Mergers and subsidiary districts; mutual service agreements**

**56117.** A district may be either merged with, or established as, a subsidiary district of a city in the manner provided in this division. A mutual service agreement between a city and a district may provide that the city shall not, while that agreement is in effect, or during any portion of the agreement's effective duration as the city and the district may stipulate in the agreement, initiate a proposal to establish the district as a subsidiary district of the city.

Unless otherwise provided by the principal act, any territory annexed to a district shall be contiguous to the district and shall not be a part of another district formed under the same principal act without the consent of the other district.

**Contiguity requirements**

**Parent and member districts;  
automatic boundary change**

**56120.** Where the principal act of any parent district provides that the boundaries of the parent district shall be automatically changed in the event of a change in the boundaries of a member district, or that the boundaries of the parent district may be concurrently changed with a change in the boundaries of a member district, the boundaries of the parent district shall be deemed to be automatically, or may be concurrently, changed as the case may be, when proceedings are in accordance with the provisions of the principal acts of any parent district, upon completion of a change of organization or a reorganization changing the boundaries of the member district. The commission of the principal county of the member district shall have exclusive jurisdiction over such a change in boundaries of the member district and also of any parent district subject to this division.

**Rights of bondholders;  
enforcement**

**56121.** No change of organization or reorganization, or any term or condition of a change of organization or reorganization, shall impair the rights of any bondholder or other creditor of any county, city, or district. contracts entered into by a public entity created by a joint exercise of powers agreement established pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code. Notwithstanding any provision of this division, or of any change of organization or reorganization, or any term or condition of a change of organization or reorganization, each and every bondholder or other creditor may enforce all of his or her rights in the same manner, and to the same extent, as if the change of organization, reorganization, term, or condition had not been made. Those rights may also be enforced against agencies, and their respective officers, as follows:

- (a) Annexation or detachment: against the city or district to, or from, which territory is annexed or detached.
- (b) Incorporation: against the newly incorporated city.
- (c) Formation: against the newly formed district.
- (d) Disincorporation: against the successor county receiving distribution of the remaining assets of the disincorporated city.
- (e) Dissolution: against the local agency receiving distribution of all or any part of the remaining assets of a dissolved district.
- (f) Consolidation: against the consolidated successor city or district.
- (g) Reorganization: against the affected city or district, successor county or newly incorporated city or newly formed district, as the case may be, for any of the above enumerated changes of organization or city incorporations which may be included in the particular reorganization.

**Enforceability of Section 56886; effect on bondholders or other creditors**

**56122.** Section 56886 and any term and condition provided by, or made pursuant to, that section shall be enforceable by, between, among, and against any public agency or agencies designated in the term and condition, but shall not constitute, or be given effect as, a limitation upon the power of any bondholder or other creditor to enforce his or her rights, particularly any rights provided for by Part 5 (commencing with Section 57300), as if Section 56886 had not been enacted or the term and condition had not been made or provided pursuant to that section.

**Multi-county districts; principal county**

**56123.** Except as otherwise provided in Section 56124, if a proposed change of organization, reorganization, or determination of a sphere of influence applies to two or more affected counties, for the purpose of this division, exclusive jurisdiction shall be vested in the commission of the principal county. Any notices, proceedings, orders, or any other acts authorized or required to be given, taken, or made by the commission, board of supervisors, clerk of a county, or any other county official, shall be given, taken, or made by the persons holding those offices in the principal county. The commission of the principal county shall

provide notice to the legislative body and the executive officer of all affected agencies of any proceedings, actions, or reports on the proposed change of organization or reorganization. Any officer of a county other than the principal county shall cooperate with the commission of the principal county and shall furnish the commission of the principal county with any certificates, records, or certified copies of records as may be necessary to enable the commission of the principal county to comply with this division.

**Jurisdiction other than principal county; requirements**

**56124.** If a proposed change of organization, reorganization, or determination of a sphere of influence applies to two or more affected counties, for purposes of this division, exclusive jurisdiction may be vested in the commission of an affected county other than the commission of the principal county if all of the following occur:

- (a) The commission of the principal county approves of having exclusive jurisdiction vested in another affected county.
- (b) The commission of the principal county designates the affected county which shall assume exclusive jurisdiction.
- (c) The commission of the affected county so designated agrees to assume exclusive jurisdiction.

If exclusive jurisdiction is vested in the commission of an affected county other than the principal county pursuant to this section, any notices, proceedings, orders, or any other acts authorized or required to be given, taken, or made by the commission, board of supervisors, clerk of a county, or any other officer of a county, shall be given, taken, or made by the persons holding those offices in the affected county. Any officer of a county other than the affected county shall cooperate with the commission of the affected county and shall furnish the commission of the affected county with any certificates, records, or certified copies of records as may be necessary to enable the commission of the affected county to comply with this division.

**District formation as part of reorganization**

**56125.** If any reorganization provides for the formation of any new district or districts, the district or districts shall be deemed to have been formed upon compliance with the procedure and provisions of this division relating to reorganization. If the terms and conditions of any change of organization or reorganization provide for the formation of an improvement district or for the annexation of territory to, or detachment of territory from, an existing improvement district, that formation, annexation, or detachment shall be deemed to have been completed upon compliance with the procedure and provisions of this division relating to a change of organization or a reorganization. In any proceeding for a change of organization or a reorganization providing for territory to be formed into, or annexed to, or

No further or separate proceedings need be taken for the formation of any improvement district or for the annexation of territory to, or detachment of territory from, the existing improvement district. To that extent only, this division shall govern and provide the exclusive procedure for the formation of any such improvement district or for the annexation of territory to, or detachment of territory from, an existing improvement district and the provisions of the principal act relating to the formation of an improvement district or for the annexation of territory to, or detachment of territory from, an existing improvement district shall have no application.

**Assessor to furnish estimated assessed valuations**

**56126.** Upon request by the executive officer or the clerk of any county or district, the assessor of any city, county, or district shall furnish estimated assessed valuations, determined by the same methods and valuations used in preparing the last equalized assessment roll, in both of the following cases:

**Public agency ownership**

- (a) Where real property is owned by a public agency and no assessed value for that real property is shown on the roll.
- (b) Where a single assessment parcel shown on the last equalized assessment roll either:

- (1) Has been split into two or more parcels by reason of the sale or conveyance of any portion of the original assessment parcel.
- (2) Overlaps two or more counties, cities, districts, or election precincts, or any combination of those entities or precincts.

Any of these estimates shall be conclusively presumed to be assessed values for the purpose of this division, but shall be given no force or effect for other purposes.

**Determination that a district is not a district**

**56127.** If the legislative body of any of the districts, agencies, or authorities enumerated in subdivision (a) of Section 56036.6 desires a determination by the commission that the district, agency, or authority is not a district or a special district, for purposes of Part 4 (commencing with Section 57000) or Part 5 (commencing with Section 57300), the legislative body, prior to the adoption of any ordinance, resolution, or order proposing, declaring an intention, or initiating proceedings to make a change of organization, shall make application to the commission of the principal county describing the proposed change of organization and requesting that determination. If a proposal is initiated by other than the legislative body of a district or special district, the district or special district may, within 10 days of notification by the commission of the initiation of the proposal, request a

determination by the commission that it is not a district or special district for purposes of Part 4 (commencing with Section 57000) or Part 5 (commencing with Section 57300). That application shall be filed with the executive officer and shall be presented to the commission not later than its next regular meeting. The executive officer shall give the legislative body filing the application mailed notice of the time and place at which the application shall be presented to the commission. No other notice is required to be given. However, the commission may, prior to making its findings and determinations, order the executive officer to give notice of the filing and presentation of the application by publication or by mailing to other affected counties, cities, and districts, or by both publication and mailing.

**Application for determination;  
commission findings**

**56128.** (a) Upon presentation of any application filed pursuant to Section 56127, the commission shall determine that the applicant district, agency, or authority is not a district or special district for purposes of Part 4 (commencing with Section 57000) or Part 5 (commencing with Section 57300), if the commission finds that the applicant is not engaged in any of the following:

(1) The distribution and sale for any purpose, other than for the purpose of resale, of water or of gas or electricity for light, heat, or power.

(2) Furnishing sanitary sewer service or garbage and refuse collection service to the ultimate users, as defined in subdivision (b), of those services.

**"Ultimate user"**

(b) "Ultimate user" means any user or consumer other than the state, the United States, a city, a county, or a district, or any agency, department, or office of any of those entities or a public utility.

If no application is made to the commission, or if the commission in passing upon an application does not determine that the applicant is not a district or special district for the purposes of Part 4 (commencing with Section 57000) or Part 5 (commencing with Section 57300), then

this division shall provide the sole and exclusive authority for the initiation, conduct, and completion for a change of organization or reorganization by that district, agency, or authority and, to the extent of any inconsistency between this division and the principal act of the applicant, this division shall control.

**Public utility; certificate of public convenience and necessity; gas or electric service**

**56129.** (a) If a public utility has been granted a certificate of public convenience and necessity authorizing and requiring it to furnish gas or electric service within a certain service area and, as a result of a change of organization or a reorganization, territory consisting of all, or any part, of that service area becomes a part of, or is formed into, a district authorized by its principal act to furnish gas or electric service, the district shall not furnish that service within the territory except upon approval by both of the following:

(1) The commission after receipt and consideration of the report of the Public Utilities Commission made as provided in Section 56131.

(c) "Gas or electric service," as used in this section and in Sections 56130, 56131, and 56875, means the distribution and sale for any purpose, other than for the purpose of resale, of gas or electricity for light, heat, or power.

The question submitted at the election shall identify the district, designate the kind of service to be furnished, identify the territory within which the service is proposed to be furnished, and state the name of the public utility presently authorized to furnish the gas or electric service within the territory.

The district shall not furnish the gas or electric service, as defined in subdivision (c) of Section 56129, within the territory unless the question of furnishing the gas or electric service has been submitted to the voters at an election called, held, and conducted within the territory and a majority of the votes cast upon the question are in favor of the service. The board of supervisors or the legislative body of the conducting district may submit the question at the election called upon the question of confirmation of an order of change of organization or reorganization, or the board of directors of the district may submit the question of the gas or electric service at a special election

called after completion of the proceedings for a change of organization or a reorganization. The question of the service shall be submitted as a separate proposition at any election within the territory and shall be voted upon only by qualified voters within the territory. If the question is defeated at the election, for one year thereafter no petition requesting the gas or electric service may be filed and no new election called upon the question.

**Proposals filed with the Public Utilities Commission**

**56131.** The executive officer shall file with the Public Utilities Commission a certified copy of any proposal for a change of organization or a reorganization which provides, as a part of the change of organization or reorganization, that gas or electric service, as defined in subdivision (c) of Section 56129, be furnished by a district within any of the territory affected by the change of organization or reorganization. The certified copy need not contain any signatures if the proposal is by petition. After that change of organization or reorganization has been ordered, the clerk of the district shall file with the Public Utilities Commission a certified copy of any ordinance, resolution, or order made by the board of directors of a district proposing to furnish gas or electric service, as defined in subdivision (c) of Section 56129, within the territory.

**Public Utilities Commission**

After that filing, the Public Utilities Commission shall cause an investigation to be made and may conduct any hearings in connection with the proposal. Upon completion of the investigation and not later than 90 days after the date of the filing, the Public Utilities Commission shall make a report to the commission stating whether, in the opinion of the Public Utilities Commission, the proposed service by the district within the territory will substantially impair the ability of the public utility to provide adequate service at reasonable rates within the remainder of the service area of the public utility. The secretary of the Public Utilities Commission shall immediately file a certified copy of that report with the executive officer.

**Investigation and report**

**Health care districts; notification of state agencies**

**Independent judgment of members**

**56331.4.** While serving on the commission, all commission members shall exercise their independent judgment on behalf of the interests of residents, property owners, and the public as a whole in furthering the purposes of this division. Any member appointed on behalf of local governments shall represent the interests of the public as a whole and not solely the interests of the appointing authority. This section does not require the abstention of any member on any matter, nor does it create a right of action in any person.

**Independent special district selection committee**

**56332.** (a) The independent special district selection committee shall consist of the presiding officer of the legislative body of each independent special district. However, if the presiding officer of an independent special district is unable to participate in a meeting or election of the independent special district selection committee, the legislative body of the district may appoint one of its members as an alternate to participate in the selection committee in the presiding officer's place. Those districts shall include districts located wholly within the county and those containing territory within the county representing 50 percent or more of the assessed value of taxable property of the district, as shown on the last equalized county assessment roll. Each member of the committee shall be entitled to one vote for each independent special district of which he or she is the presiding officer or his or her alternate as designated by the governing body. Members representing a majority of the eligible districts shall constitute a quorum.

**Meetings**

(b) The executive officer shall call and give written notice of all meetings of the members of the selection committee. A meeting shall be called and held under one of the following circumstances:

**Anticipated vacancy**

(1) Whenever the executive officer anticipates that a vacancy will occur within the next 90 days among the members or alternate member representing independent special districts on the commission.

(2) Whenever a vacancy exists among the members or alternate member representing independent special districts upon the commission.

**Appointment of special district members**

(c) The selection committee shall appoint two regular members and one alternate member to the commission. The members so appointed shall be elected or appointed members of the legislative body of an independent special district residing within the county but shall not be members of the legislative body of a city or county. If one of the regular district members is absent from a commission meeting or disqualifies himself or herself from participating in a meeting, the alternate district member may serve and vote in place of the regular district member for that meeting.

**District member disqualification**

Service on the commission by a regular district member shall not disqualify, or be cause for disqualification of, the member from acting on proposals affecting the special district on whose legislative body the member serves. The special district selection committee may, at the time it appoints a member or alternate, provide that the member or alternate is disqualified from voting on proposals affecting the district on whose legislative body the member serves.

### **Call for nominations**

(1) The executive officer may prepare and deliver a call for nominations to each eligible district. The presiding officer, or his or her alternate as designated by the governing body, may respond in writing by the date specified in the call for nominations, which date shall be at least 30 days from the date on which the executive officer mailed the call for nominations to the eligible district.

(2) At the end of the nominating period, if only one candidate is nominated for a vacant seat, that candidate shall be deemed appointed. This paragraph shall be operative only if the written notice of the meeting provided pursuant to subdivision (b) discloses that, if nominations are received for only one candidate by the end of the nominating period, the candidate shall be deemed appointed and the meeting may be cancelled.

(d) If the office of a regular district member becomes vacant, the alternate member may serve and vote in place of the former regular district member until the appointment and qualification of a regular district member to fill the vacancy.

### **Elections by mailed ballot**

(e) A majority of the independent special district selection committee may determine to conduct the committee's business by mail, including holding all elections by mailed ballot, pursuant to subdivision (f).

(f) If the independent special district selection committee has determined to conduct the committee's business by mail or if the executive officer determines that a meeting of the special district selection committee is not feasible, the executive officer shall conduct the business of the committee by mail. Elections by mail shall be conducted as provided in this subdivision.

(1) The executive officer shall prepare and deliver a call for nominations to each eligible district. The presiding officer, or his or her alternate as designated by the governing body, may respond in writing by the date specified in the call for nominations, which date shall be at least 30 days from the date on which the executive officer mailed the call for nominations to the eligible district.

(2) At the end of the nominating period, if only one candidate is nominated for a vacant seat, that candidate shall be deemed appointed. If two or more candidates are nominated, the executive officer shall prepare and deliver one ballot and voting instructions to each eligible district. The ballot shall include the names of all nominees and the office for which each was nominated. Each presiding officer, or his or her alternate as designated by the

governing body, shall return the ballot to the executive officer by the date specified in the voting instructions, which date shall be at least 30 days from the date on which the executive officer mailed the ballot to the eligible district.

### **Ballot and voting instructions**

(3) The call for nominations, ballots, and voting instructions shall be delivered by certified mail to each eligible district. As an alternative to the delivery by certified mail, the executive officer may transmit materials by electronic mail. All notices and election materials shall be addressed to the presiding officer, care of the clerk of the district.

(4) Nominations and ballots may be returned to the executive officer by electronic mail.

(5) Each returned nomination and ballot shall be signed by the presiding officer or his or her alternate as designated by the governing body of the eligible district.

### **Quorum**

(6) For an election to be valid, at least a quorum of the special districts must submit valid ballots. The candidate receiving the most votes shall be elected, unless another procedure has been adopted by the selection committee. Any nomination and ballot received by the executive officer after the date specified is invalid, provided, however, that if a quorum of ballots is not received by that date, the executive officer shall extend the date to submit ballots by 60 days and notify all districts of the extension. If ballots from a quorum of the districts have not been received at the end of the 60-day extension period, the executive officer shall extend the period to return ballots for a length of time at his or her discretion until a quorum is achieved, unless another procedure has been adopted by the selection committee. The executive officer shall announce the results of the election within seven days of the date specified.

(7) For a vote on special district representation to be valid, at least a quorum of the special districts must submit valid ballots to the executive officer by the date specified in the voting instructions, which date shall be at least 30 days from the date on which the executive officer mailed the ballot to the eligible district. If ballots from a quorum of the districts have not been received at the end of the 60-day extension period, the executive officer shall extend the period to return ballots for a length of time at his or her discretion until a quorum is achieved, unless another procedure has been adopted by the selection committee. By a majority vote of those district representatives voting on the issue, the selection committee shall either accept or deny representation. The executive officer shall announce the results of the election within seven days of the date specified.

(8) All election materials shall be retained by the executive officer for a period of at least six months after the announcement of the election results.

**"Executive officer"**

(g) For purposes of this section, "executive officer" means the executive officer or designee as authorized by the commission.

**Representation of independent special districts**

**56332.5.** (a) If the commission does not have representation from independent special districts on or before January 1, 2001, the commission shall initiate proceedings for representation of independent special districts upon the commission if either of the following occur:

**Proceedings**

(1) Upon receipt of a written request by one or more members of the selection commission representing districts having 10 percent or more of the assessed values of taxable property within the county, as shown on the last equalized county assessment roll.

(2) Upon adoption of a resolution by the commission proposing representation of special districts upon the commission.

**Meeting**

(b) The commission, at its next regular meeting, shall adopt a resolution of intention. The resolution of intention shall state whether the proceedings are initiated by the commission or by an independent special district or districts, in which case, the names of those districts shall be set forth. The commission shall order the executive officer to call and give notice of a meeting of the independent special district selection committee to be held within 15 days after the adoption of the resolution in order to determine whether independent special districts shall accept representation on the commission and appoint independent special district representation pursuant to Section 56332.

**Appointment of public member when commission includes special district representation**

**56333.** When a commission is enlarged to seven members as provided in Section 56332, the public members appointed pursuant to Sections 56325 and 56329 shall thereafter be appointed by members of the commission representing cities, counties, and special districts. Those appointments shall be made at the times and in the manner provided in Section 56334.

**Terms of commissioners**

**56334.** The term of office of each member shall be four years and until the appointment and qualification of his or her successor. Upon enlargement of the commission by two members, as provided in Section 56332, the new members first appointed to represent independent special districts shall classify themselves by lot so that the expiration date of the term of office of one new member coincides with the existing member who holds the office represented by the original two-year term on the commission and the term of office of the other new member coincides with the existing member who holds the office represented by the original four-year term on the commission. The body which originally appointed a member whose term has expired shall appoint his or her successor for a full term of four years. Any member may be removed at any time and without cause by the body appointing

**Removal from commission**

that member. The expiration date of the term of office of each member shall be the first Monday in May in the year in which the term of the member expires, unless procedures adopted by the commission specify an alternate date to apply uniformly to all members. However, the length of a term of office shall not be extended more than once. Any vacancy in the membership of the commission shall be filled for the unexpired term by appointment by the body which originally appointed the member whose office has become vacant.

**Vacancies**

**Chairperson**

The chairperson of the commission shall be selected by the members of the commission.

**Reimbursement of expenses; per diem**

Commission members and alternates shall be reimbursed for the actual amount of their reasonable and necessary expenses incurred in attending meetings and in performing the duties of their office. The commission may authorize payment of a per diem to commission members and alternates for each day while they are in attendance at meetings of the commission.

**City selection committee**

**56335.** In each county containing two or more cities, regular and alternate city members to the commission shall be appointed by the city selection committee organized in the county pursuant to and in the manner provided in Article 11 (commencing with Section 50270) of Chapter 1 of Part 1 of Division 1. Regular members of the commission shall be appointed by the city selection committee pursuant to Sections 56325, 56326, and 56327.

The city selection committee shall appoint one alternate member to the commission in the same manner as it appoints a regular member. If one of the regular city members is absent from a commission meeting, or disqualifies himself or herself from participating in a meeting, the alternate member may serve and vote in place of that regular city member for that meeting.

Except in the case of a member appointed pursuant to subdivision (d) of Section 56326 or subdivision (b) of Section 56327, a city selection committee, may, at the time it appoints a member or alternate, provide that the member or alternate is disqualified from voting on proposals affecting the city which the member or alternate represents.

If the office of a regular city member becomes vacant, the alternate member may serve and vote in place of the former regular city member until the appointment and qualification of a regular city member to fill the vacancy.

**Disqualification of members**

**56336.** Each commission may adopt regulations with respect to disqualification of members or alternates from participating in the review of a proposal. In the absence, however, of those

regulations, Section 56332 or 56335 shall apply. The representation by a member or alternate of a city or district shall not disqualify, or be cause for disqualification of, the member or alternate from acting on a proposal affecting the city or the district, and any regulation providing for the disqualification of a city or district representative for that reason is null and void.

**City, county, and special district members may serve while holding office**

**56337.** A city, county, or district officer may serve as a member of the commission while holding office as a city, county, or district officer. If a member who is a city, county, or district officer ceases to be an officer of a city, county, or district during his or her term, his or her membership on the commission shall be considered vacant.

**CHAPTER 3. POWERS**

**LAFCO powers and duties**

**56375.** The commission shall have all of the following powers and duties subject to any limitations upon its jurisdiction set forth in this part:

**To review and approve, conditionally approve, modify, or disapprove proposals**

- (H) The dissolution of a district pursuant to Section 56375.1

**Disapproval limitation**

(3) A commission may initiate a proposal described in paragraph (2) only if that change of organization or reorganization is consistent with a recommendation or conclusion of a study prepared pursuant to Section 56378, 56425, or 56430 and the commission makes the determinations specified in subdivision (b) of Section 56881.

(4) A commission shall not disapprove an annexation to a city, initiated by resolution, of contiguous territory that the commission finds is any of the following:

(A) Surrounded or substantially surrounded by the city to which the annexation is proposed or by that city and a county boundary or the Pacific Ocean if the territory to be annexed is substantially

developed or developing, is not prime agricultural land as defined in Section 56064, is designated for urban growth by the general plan of the annexing city, and is not within the sphere of influence of another city.

(B) Located within an urban service area that has been delineated and adopted by a commission, which is not prime agricultural land, as defined by Section 56064, and is designated for urban growth by the general plan of the annexing city.

(C) An annexation or reorganization of unincorporated islands meeting the requirements of Section 56375.3.

(5) As a condition to the annexation of an area that is surrounded, or substantially surrounded, by the city to which the annexation is proposed, the commission may require, where consistent with the purposes of this division, that the annexation include the entire island of surrounded, or substantially surrounded, territory.

(6) A commission shall not impose any conditions that would directly regulate land use density or intensity, property development, or subdivision requirements.

(7) The decision of the commission with regard to a proposal to annex territory to a city shall be based upon the general plan and rezoning of the city. When the development purposes are not made known to the annexing city, the annexation shall be reviewed on the basis of the adopted plans and policies of the annexing city or county. A commission shall require, as a condition to annexation, that a city prezone the territory to be annexed or present evidence satisfactory to the commission that the existing development entitlements on the territory are vested or are already at build-out, and are consistent with the city's general plan. However, the commission shall not specify how, or in what manner, the territory shall be rezoned.

(8)(A) Except for those changes of organization or reorganization authorized under Section 56375.3, and except as provided by subparagraph (B), a commission shall not approve an annexation to a city of any territory greater than 10 acres, or smaller as determined by commission policy, where there exists a disadvantaged unincorporated community that is contiguous to the area of proposed annexation, unless an application to annex the disadvantaged unincorporated community to the subject city has been filed with the executive officer.

(B) An application to annex a contiguous disadvantaged unincorporated community shall not be required if either of the following apply:

(i) A prior application for annexation of the same disadvantaged unincorporated community has been made in the preceding five years.

(ii) The commission finds, based upon written evidence, that a majority of the registered voters within the affected territory are opposed to annexation.

**Conditions regulating land use prohibited**

**Rezoning requirement**

**Annexation greater than 10 acres; contiguous disadvantaged unincorporated community**

**No application required**

(C) This paragraph shall also apply to the annexation of two or more contiguous areas that take place within five years of each other and that are individually less than 10 acres but cumulatively more than 10 acres.

**To determine whether territory is inhabited or uninhabited**

(b) With regard to a proposal for annexation or detachment of territory to, or from, a city or district or with regard to a proposal for reorganization that includes annexation or detachment, to determine whether territory proposed for annexation or detachment, as described in its resolution approving the annexation, detachment, or reorganization, is inhabited or uninhabited.

**To determine successor city or district**

(c) With regard to a proposal for consolidation of two or more cities or districts, to determine which city or district shall be the consolidated, successor city or district.

**To approve annexation of noncontiguous city-owned land**

(d) To approve the annexation of unincorporated, noncontiguous territory, subject to the limitations of Section 56742, located in the same county as that in which the city is located, and that is owned by a city and used for municipal purposes and to authorize the annexation of the territory without notice and hearing.

**Change of pre-zoning; two-year limitation**

(e) To approve the annexation of unincorporated territory consistent with the planned and probable use of the property based upon the review of general plan and rezoning designations. No subsequent change may be made to the general plan for the annexed territory or zoning that is not in conformance to the rezoning designations for a period of two years after the completion of the annexation, unless the legislative body for the city makes a finding at a public hearing with written notice provided no less than 21 days to the commission that a substantial change has occurred in circumstances that necessitate a departure from the rezoning in the application to the commission.

**Number of registered voters for incorporation or district formation**

(f) With respect to the incorporation of a new city or the formation of a new special district, to determine the number of registered voters residing within the proposed city or special district or, for a landowner-voter special district, the number of owners of land and the assessed value of their land within the territory proposed to be included in the new special district. The number of registered voters shall be calculated as of the time of the last report of voter registration by the county elections official to the Secretary of State prior to the date the first signature was affixed to the petition. The executive officer shall notify the petitioners of the number of registered voters resulting from this calculation. The assessed value of the land within the territory proposed to be included in a new landowner-voter special district shall be calculated as shown on the last equalized assessment roll.

**To adopt standards for evaluating proposals**

<b>Waive application; detachment from an assessment district; specific findings required</b>	(n) To waive the application of Section 22613 of the Streets and Highways Code if it finds the application would deprive an area of a service needed to ensure the health, safety, or welfare of the residents of the area and if it finds that the waiver would not affect the ability of a city to provide any service. However, within 60 days of the inclusion of the territory within the city, the legislative body may adopt a resolution nullifying the waiver.

(F) The district's recent annual audits show chronic issues with the district's fiscal controls and the district has taken no action to remediate the issues.

(2) (A) At a public hearing for which notice has been published and posted, the commission adopts a resolution of intent to initiate

The resolution shall provide a remediation period of not less than 12 months during which the district may take steps to remedy the specified deficiencies and also specify a date upon which the district shall provide the commission a mid-point report on such remediation efforts at a regularly scheduled commission meeting.

(B) At the conclusion of the remediation period, at a public hearing for which notice has been published and posted, the commission shall take one of the following actions:

**Island annexations without  
protest proceedings**

**56375.3.** (a) In addition to those powers enumerated in Section 56375, a commission shall approve, after notice and hearing, the change of organization or reorganization of a city, and waive protest proceedings pursuant to Part 4 (commencing with Section 57000) entirely, if all of the following are true:

(1) The change of organization or reorganization is initiated on or after January 1, 2000.

(2) The change of organization or reorganization is proposed by resolution adopted by the affected city.

(3) The commission finds that the territory contained in the change of organization or reorganization proposal meets all of the requirements set forth in subdivision (b).

(b) Subdivision (a) applies to territory that meets all of the following requirements:

**Size restriction**

(1) It does not exceed 150 acres in area, and that area constitutes the entire island.

(2) The territory constitutes an entire unincorporated island located within the limits of a city, or constitutes a reorganization containing a number of individual unincorporated islands.

**"Surrounded"**

(3) It is surrounded in either of the following ways:

(A) Surrounded, or substantially surrounded, by the city to which annexation is proposed or by the city and a county boundary or the Pacific Ocean.

(B) Surrounded by the city to which annexation is proposed and adjacent cities.

(B) The presence of public improvements.

(C) The presence of physical improvements upon the parcel or parcels within the area.

**Non-prime**

(6) It will benefit from the change of organization or reorganization or is receiving benefits from the annexing city.

(7) This subdivision does not apply to any unincorporated island within a city that is a gated community where services are currently provided by a community services district.

**Separate property tax agreement**

(8) Notwithstanding any other law, at the option of either the city or the county, a separate property tax transfer agreement may be agreed to between a city and a county pursuant to Section 99 of the Revenue and Taxation Code regarding an annexation subject to this subdivision without affecting any existing master tax sharing agreement between the city and county.

**Exclusion**

(c) Notwithstanding any other provision of this subdivision, this subdivision shall not apply to all or any part of that portion of the development project area referenced in subdivision (e) of Section 33492.41 of the Health and Safety Code that as of January 1, 2000, meets all of the following requirements:

(1) Is unincorporated territory.

(2) Contains at least 100 acres.

(3) Is surrounded or substantially surrounded by incorporated territory.

(4) Contains at least 100 acres zoned for commercial or industrial uses or is designated on the applicable county general plan for commercial or industrial uses.

(d) The Legislature finds and declares that the powers set forth in subdivision (a) for territory that meets all the specifications in subdivision (b) are consistent with the intent of promoting orderly growth and development pursuant to Section 56001 and facilitate

the annexation of disadvantaged unincorporated communities, as defined in Section 56033.5.

**Limitation on island proceedings** **56375.4.** The authority to initiate, conduct, and complete any proceeding pursuant to subdivision (a) of Section 56375.3 does not apply to any territory that, after January 1, 2014, became surrounded or substantially surrounded by the city to which annexation is proposed, except for islands that were created after January 1, 2014, as a result of boundary adjustments between two counties.

**Spheres; consistency** **56375.5.** Every determination made by a commission regarding the matters provided for by subdivisions (a), (m), and (n) of Section 56375 and by subdivision (a) of Section 56375.3 shall be consistent with the spheres of influence of the local agencies affected by those determinations.

**Open-space land conversion; policies and priorities** **56377.** In reviewing and approving or disapproving proposals which could reasonably be expected to induce, facilitate, or lead to the conversion of existing open-space lands to uses other than open-space uses, the commission shall consider all of the following policies and priorities:

(a) Development or use of land for other than open-space uses shall be guided away from existing prime agricultural lands in open-space use toward areas containing nonprime agricultural lands, unless that action would not promote the planned, orderly, efficient development of an area.

**Development within jurisdiction** (b) Development of existing vacant or nonprime agricultural lands for urban uses within the existing jurisdiction of a local agency or within the sphere of influence of a local agency should be encouraged before any proposal is approved which would allow for or lead to the development of existing open-space lands for non-open-space uses which are outside of the existing jurisdiction of the local agency or outside of the existing sphere of influence of the local agency.

**Authorization to initiate studies and request information from other governmental agencies** **56378.** (a) In addition to its other powers, the commission shall initiate and make studies of existing governmental agencies. Those studies shall include, but shall not be limited to, inventorying those agencies and determining their maximum service area and service capacities. In conducting those studies, the commission may request land use information, studies, joint powers agreements, and plans of cities, counties, districts, including school districts, community college districts, joint powers agencies and joint powers authorities, regional agencies and state agencies and departments. Cities, counties, districts, including school districts, community college districts, joint

powers agencies and joint powers authorities, regional agencies, and state agencies and departments, shall comply with the request of the commission for that information and the commission shall make its studies available to public agencies and any interested person. In making these studies, the commission may cooperate with the county planning commissions.

**Grants-in-aid**

(b) The commission, or the board of supervisors on behalf of the commission, may apply for or accept, or both, any financial assistance and grants-in-aid from public or private agencies or from the state or federal government or from a local government.

**Request for transcript of commission meetings**

**56379.** Any person may, prior to any meeting, request the commission to cause a stenographic or electromagnetic record to be made of a meeting. If the cost of making that record is borne by that person, the commission shall cause the record to be made. The commission may require any person requesting the record to be made to deposit the estimated cost of making the record with the commission prior to the hearing.

**Personnel and facilities**

**56380.** The commission shall make its own provision for necessary quarters, equipment, and supplies as well as personnel. The commission may choose to contract with any public agency or private party for personnel and facilities.

**Annual budget**

**56381.** (a) The commission shall adopt annually, following noticed public hearings, a proposed budget by May 1 and final budget by June 15. At a minimum, the proposed and final budget shall be equal to the budget adopted for the previous fiscal year unless the commission finds that reduced staffing or program costs will nevertheless allow the commission to fulfill the purposes and programs of this chapter. The commission shall transmit its proposed and final budgets to the board of supervisors, to each city, and to each independent special district.

**Apportionment by auditor**

(b) After public hearings, consideration of comments, and adoption of a final budget by the commission pursuant to subdivision (a), the auditor shall apportion the net operating expenses of a commission in the following manner:

**Commissions with city and district representation**

(1) (A) In counties in which there is city and independent special district representation on the commission, the county, cities, and independent special districts shall each provide a one-third share of the commission's operational costs.

(B) The cities' share shall be apportioned in proportion to each city's total revenues, as reported in the most recent edition of the Cities Annual Report published by the Controller, as a percentage of the combined city revenues within a county, or by an alternative method approved by a majority of cities representing the majority of the combined cities' populations.

## Intergovernmental revenue

(C) The independent special districts' share shall be apportioned in proportion to each district's total revenues as a percentage of the combined total district revenues within a county. Except as provided in subparagraph (D), an independent special district's total revenue shall be calculated for nonenterprise activities as total revenues for general purpose transactions less intergovernmental revenue and for enterprise activities as total operating and nonoperating revenues less intergovernmental revenue,, as reported in the most recent edition of the "Special Districts Annual Report" published by the Controller, or by an alternative method approved by a majority of the agencies, representing a majority of their combined populations. For the purposes of fulfilling the requirement of this section, a multicounty independent special district shall be required to pay its apportionment in its principal county. It is the intent of the Legislature that no single district or class or type of district shall bear a disproportionate amount of the district share of costs.

(D) (i) For purposes of apportioning costs to a health care district formed pursuant to Division 23 (commencing with Section 32000) of the Health and Safety Code that operates a hospital, a health care district's share, except as provided in clauses (ii) and (iii), shall be apportioned in proportion to each district's net from operations as reported in the most recent edition of the hospital financial disclosure report form published by the Office of Statewide Health Planning and Development, as a percentage of the combined independent special districts' net operating revenues within a county.

(ii) A health care district for which net from operations is a negative number may not be apportioned any share of the commission's operational costs until the fiscal year following positive net from operations, as reported in the most recent edition of the hospital financial disclosure report form published by the Office of Statewide Health Planning and Development.

(iii) A health care district that has filed and is operating under public entity bankruptcy pursuant to federal bankruptcy law, shall not be apportioned any share of the commission's operational costs until the fiscal year following its discharge from bankruptcy.

(iv) As used in this subparagraph "net from operations" means total operating revenue less total operating expenses.

(E) Notwithstanding the requirements of subparagraph (C), the independent special districts' share may be apportioned by an alternative method approved by a majority of the districts, representing a majority of the combined populations. However, in no event shall an individual district's apportionment exceed the amount that would be calculated pursuant to subparagraphs (C) and (D), or in excess of 50 percent of the total independent special districts' share, without the consent of that district.

**Commissions without district representation**

(F) Notwithstanding the requirements of subparagraph (C), no independent special district shall be apportioned a share of more than 50 percent of the total independent special districts' share of the commission's operational costs, without the consent of the district as otherwise provided in this section. In those counties in which a district's share is limited to 50 percent of the total independent special districts' share of the commission's operational costs, the share of the remaining districts shall be increased on a proportional basis so that the total amount for all districts equals the share apportioned by the auditor to independent special districts.

**Counties with no cities**

(2) In counties in which there is no independent special district representation on the commission, the county and its cities shall each provide a one-half share of the commission's operational costs. The cities' share shall be apportioned in the manner described in paragraph (1).

(3) In counties in which there are no cities, the county and its special districts shall each provide a one-half share of the commission's operational costs. The independent special districts' share shall be apportioned in the manner described for cities' apportionment in paragraph (1). If there is no independent special district representation on the commission, the county shall pay all of the commission's operational costs.

**Alternative apportionment**

(4) Instead of determining apportionment pursuant to paragraph (1), (2), or (3), any alternative method of apportionment of the net operating expenses of the commission may be used if approved by a majority vote of each of the following: the board of supervisors; a majority of the cities representing a majority of the total population of cities in the county; and the independent special districts representing a majority of the combined total population of independent special districts in the county. However, in no event shall an individual district's apportionment exceed the amount that would be calculated pursuant to subparagraphs (C) and (D) of paragraph (1), or in excess of 50 percent of the total independent special districts' share, without the consent of that district.

**Auditor requests payment by July 1**

(c) After apportioning the costs as required in subdivision (b), the auditor shall request payment from the board of supervisors and from each city and each independent special district no later than July 1 of each year for the amount that entity owes and the actual administrative costs incurred by the auditor in apportioning costs and requesting payment from each entity. If the county, a city, or an independent special district does not remit its required payment within 60 days, the commission may determine an appropriate method of collecting the required payment, including a request to the auditor to collect an equivalent amount from the property tax, or any fee or eligible revenue owed to the county, city, or district. The auditor shall provide written notice to the county, city, or

district prior to appropriating a share of the property tax or other revenue to the commission for the payment due the commission pursuant to this section. Any expenses incurred by the commission or the auditor in collecting late payments or successfully challenging nonpayment shall be added to the payment owed to the commission. Between the beginning of the fiscal year and the time the auditor receives payment from each affected city and district, the board of supervisors shall transmit funds to the commission sufficient to cover the first two months of the commission's operating expenses as specified by the commission. When the city and district payments are received by the commission, the county's portion of the commission's annual operating expenses shall be credited with funds already received from the county. If, at the end of the fiscal year, the commission has funds in excess of what it needs, the commission may retain those funds and calculate them into the following fiscal year's budget. If, during the fiscal year, the commission is without adequate funds to operate, the board of supervisors may loan the commission funds. The commission shall appropriate sufficient funds in its budget for the subsequent fiscal year to repay the loan.

**Board of supervisors transmits funds**

**Provision for loan to commission**

**Apportionment for special membership commissions**

**56381.6.** (a) Notwithstanding the provisions of Section 56381, for counties whose membership on the commission is established pursuant to Sections 56326, 56326.5, 56327, or 56328, the commission's annual operational costs shall be apportioned among the classes of public agencies that appoint members to the commission in proportion to the number of members appointed by each class. The classes of public agencies that may be represented on the commission are the county, the cities, and independent special districts. Any alternative cost apportionment procedure may be adopted by the commission, subject to a majority affirmative vote of the commission that includes the affirmative vote of at least one of the members appointed by the county, one of the members appointed by the cities, and one of the members appointed by districts, if special districts are represented on the commission.

(b) Allocation of costs among individual cities and independent special districts and remittance of payments shall be in accordance with the procedures of Section 56381. Notwithstanding Section 56381, any city that has permanent membership on the commission pursuant to Sections 56326, 56326.5, 56327, or 56328 shall be apportioned the same percentage of the commission's annual operational costs as its permanent member bears to the total membership of the commission, excluding any public members selected by all the members. The balance of the cities' portion of the commission's annual operational costs shall be apportioned to

the remaining cities in the county in accordance with the procedures of Section 56381.

**Destruction of records**

**56382.** The commission may authorize the destruction of any duplicate record, paper, or other document if the original or a photographic or electronic copy of the record, paper, or other document is retained in the files of the commission, and the commission may authorize the destruction of original records more than two years old if a photographic or electronic copy of the original record is made and preserved, provided that the following conditions are met:

**Requirement for records**

(a) The record is reproduced on a medium that does not permit additions, deletions, or changes to the original document, or reproduced in compliance with the minimum standards or guidelines, or both, as recommended by the American National Standards Institute or the Association for Information and Image Management for recording of permanent records or nonpermanent records, whichever applies.

(b) The device used to reproduce the record is one that accurately and legibly reproduces the original thereof in all details and that does not permit additions, deletions, or changes to the original document images.

(c) The reproductions are made as accessible for public reference as the original records were.

(d) A true copy of archival quality of the reproductions shall be kept in a safe and separate place for security purposes.

**Processing fees**

**56383.** (a) The commission may establish a schedule of fees and a schedule of service charges pursuant to this division, including, but not limited to, all of the following:

(1) Filing and processing applications filed with the commission.

(2) Proceedings undertaken by the commission and any reorganization committee.

(3) Amending or updating a sphere of influence.

(4) Reconsidering a resolution making determinations.

**Reasonable cost**

(b) The fees shall not exceed the estimated reasonable cost of providing the service for which the fee is charged and shall be imposed pursuant to Section 66016. The service charges shall not exceed the cost of providing service for which the service charge is charged and shall be imposed pursuant to Section 66016.

**Deposit**

(c) The commission may require that an applicant deposit some or all of the required amount that will be owed with the executive officer before any further action is taken. The deposit shall be made within the time period specified by the commission. No application shall be deemed filed until the applicant deposits the required amount with the executive officer. The executive officer shall provide the applicant with an accounting of all costs charged

against the deposited amount. If the costs are less than the deposited amount, the executive officer shall refund the balance to the applicant after the executive officer verifies the completion of all proceedings. If the costs exceed the deposited amount, the applicant shall pay the difference prior to the completion of all proceedings.

**Fee waiver**

(d) The commission may reduce or waive a fee, service charge, or deposit if it finds that payment would be detrimental to the public interest. The reduction or waiver of any fee, service charge, or deposit is limited to the costs incurred by the commission in the proceedings of an application.

**Mandatory time limits**

(e) Any mandatory time limits for commission action may be deferred until the applicant pays the required fee, service charge, or deposit.

**Fees for signature verification**

(f) The signatures on a petition submitted to the commission by registered voters shall be verified by the elections official of the county and the costs of verification shall be provided for in the same manner and by the same agencies which bear the costs of verifying signatures for an initiative petition in the same county.

**Incorporation fees; loan from general fund**

(g) For incorporation proceedings that have been initiated by the filing of a sufficient number of voter signatures on petitions that have been verified by the county registrar of voters, the commission may, upon the receipt of a certification by the proponents that they are unable to raise sufficient funds to reimburse fees, service charges, or deposits for the proceedings, take no action on the proposal and request a loan from the General Fund of an amount sufficient to cover those expenses subject to availability of an appropriation for those purposes and in accordance with any provisions of the appropriation. Repayment of the loan shall be made a condition of approval of the incorporation, if successful, and shall become an obligation of the newly formed city. Repayment shall be made within two years of the effective date of incorporation. If the proposal is denied by the commission or defeated at an election, the loan shall be forgiven.

(1) Is unincorporated territory.

(2) Contains at least 100 acres.

(3) Is surrounded or substantially surrounded by incorporated territory.

(4) Contains at least 100 acres zoned for commercial or industrial uses or is designated on the applicable county general plan for commercial or industrial uses.

(b) Facilities or services related to development may be provided by other local agencies to all or any portion of the area defined in paragraphs (1) to (4), inclusive, of subdivision (a). Subdivision (a) shall apply regardless of whether the determination of the sphere of influence is made before or after January 1, 2000.

**Spheres of influence; farmland security zones**

**56426.** The commission shall not approve or conditionally approve a change to the sphere of influence of a local government agency of territory that is subject to a farmland security zone contract pursuant to Article 7 (commencing with Section 51296) of Chapter 7 of Part 1 of Division 1, if that local government agency provides or would provide facilities or services related to sewers, nonagricultural water, or streets and roads to the territory, unless these facilities or services benefit land uses that are allowed under the contract and the landowner consents to the change to the sphere of influence.

**Sphere of influence of proposed or newly incorporated city**

**56426.5.** (a) Beginning January 1, 1990, at the time a commission approves a proposal for an incorporation or a reorganization which includes an incorporation, the commission may determine the sphere of influence for the proposed new city. The commission shall determine the sphere of influence for any newly incorporated city within one year of the effective date of incorporation.

(b) Beginning January 1, 2010, at the time when a commission approves a formation or reorganization that includes the formation of a district, the commission may determine the sphere of influence for the proposed new district. The commission shall determine the sphere of influence for any newly formed district within one year of the effective date of formation.

**Change to sphere of influence; land under Williamson Act**

**56426.6.** (a) The commission shall not approve a change to the sphere of influence of a local government agency of territory that is subject to a contract entered into pursuant to the California Land Conservation Act of 1965 (Chapter 7 (commencing with Section 51200) of Part 1 of Division 1) if that local government agency provides, or would provide, facilities or services related to sewers, nonagricultural water, or streets and roads to the territory, unless these facilities or services benefit land uses that are allowed under the contract and the landowner consents to the change to the sphere of influence.

(b)(1) Notwithstanding subdivision (a), the commission may nevertheless approve a change for that territory if it finds either of the following:

(A) That the change would facilitate planned, orderly, and efficient patterns of land use or provision of services, and the public interest in the change substantially outweighs the public interest in the current continuation of the contract beyond its current expiration date.

(B) That the change is not likely to adversely affect the continuation of the contract beyond its current expiration date.

(2) In making a determination pursuant to this subdivision, the commission shall consider all of the following:

(A) The policies and implementation measures adopted by the

city or county that would administer the contract both before and after any ultimate annexation, relative to the continuation of agriculture or other uses allowable under the contract.

(B) The infrastructure plans of the annexing agency.

(C) Other factors that the commission deems relevant.

(c) This section shall not apply to any of the following:

(1) Territory that is subject to a contract for which a notice of nonrenewal has been served pursuant to Section 51245.

(2) Territory that is subject to a contract for which a tentative cancellation has been approved pursuant to Section 51282.

(3) Territory for which the governing body of the county or city administering the contract has given its written approval to the change and the landowner consents to the change.

At least 21 days prior to the date of that hearing, the executive officer shall give mailed notice of the hearing to each affected local agency or affected county, and to any interested party who has filed a written request for notice with the executive officer. In addition, at least 21 days prior to the date of that hearing, the executive officer shall cause notice of the hearing to be published in accordance with Section 56153 in a newspaper of general circulation which is circulated within the territory affected by the sphere of influence proposed to be adopted. The commission may continue from time to time any hearing called pursuant to this section.

At any hearing called and held pursuant to this section, the commission shall hear and consider oral or written testimony presented by any affected local agency or affected county or any interested person who wishes to appear.

This section shall only apply to spheres of influence adopted by the commission after January 1, 1975.

**Request for amendments of sphere of influence**

**56428.** (a) Any person or local agency may file a written request with the executive officer requesting amendments to a sphere of influence or urban service area adopted by the commission. The request shall state the nature of the proposed amendment, state the reasons for the request, include a map of the proposed amendment, and contain any additional data and information as may be required by the executive officer.

**CEQA; notice**

(b) After complying with the California Environmental Quality Act, Division 13 (commencing with Section 21000) of the Public Resources Code, the executive officer shall place the request on the agenda of the next meeting of the commission for which notice can be given. The executive officer shall give notice in the manner provided by Section 56427. On the date and time provided in the notice, the commission may do either of the following:

(1) Without further notice, consider the amendments to a sphere of influence.

Set a future date for the hearing on the request.

**Report and recommendation**

(c) The executive officer shall review each requested amendment and prepare a report and recommendation. The report shall be completed not less than five days before the date specified in the notice of hearing. The executive officer shall send copies of the report to the person or agency making the request, each affected local agency, and each person who has filed a request for a report.

**Hearing**

(d) At its meeting, the commission shall consider the request and receive any oral or written testimony. The consideration may be continued from time to time, but not to exceed 70 days from the date specified in the original notice. The person or agency which filed the request may withdraw it at any time prior to the conclusion of the consideration by the commission.

**Determination and decision**

(2) (e) At the conclusion of its consideration, the commission may approve with or without amendment, wholly, partially, or conditionally, or disapprove the request. The commission shall follow the procedures in Section 56425.

**Fee**

(f) The commission may require the person or agency making a request pursuant to this section to pay a fee to cover the commission's costs. The fee shall not exceed the estimated reasonable cost of providing the service and shall be set pursuant to Section 56383. The commission may waive the fee if it finds that the request can be considered and studied as part of the periodic review of spheres of influence required by Section 56425. In addition, the commission may waive the fee if it finds that payment would be detrimental to the public interest.

**Petition for removal from city sphere; hearing; fees**

(g) The commission and executive officer may review and act on any request to amend a sphere of influence or urban service area concurrently with their review and determination on any related change of organization or reorganization. In case of a conflict between the provisions of this section and any other provisions of this part, the other provisions shall prevail.

**Requirements**

**56429.** (a) Notwithstanding Sections 56425, 56427, and 56428, a petition for removal of territory from a sphere of influence determination may be brought pursuant to this section by landowners within the redevelopment project area referenced in subdivision (e) of Section 33492.41 of the Health and Safety Code, if, at the time the petition is submitted, the area for which the petition is being requested meets all of the following requirements:

(1) Is unincorporated territory.

(2) Contains at least 100 acres.

(3) Is surrounded or substantially surrounded by incorporated territory.

(4) Contains at least 100 acres zoned for commercial or industrial uses or is designated on the applicable county general plan for commercial or industrial uses.

(c) The petition shall be placed on the agenda of the commission in accordance with subdivision (b) of Section 56428.

(d) The executive officer shall give notice of the hearing in accordance with Section 56427.

(e) From the date of filing of the petition to the conclusion of the hearing, the commission shall accept written positions from any owner of land in the unincorporated territory that is seeking removal from a city's sphere of influence.

(f) The petition to remove territory from a city's sphere of influence shall be granted and given immediate effect if the commission finds that written positions filed in favor of the petition and not withdrawn prior to the conclusion of the hearing represent landowners owning 50 percent or more of the assessed value of the land within the affected territory.

(g) No removal of territory from a city's sphere of influence that is proposed by petition and adopted pursuant to this section shall be repealed or amended except by the petition and adoption procedure provided in subdivisions (a) to (f), inclusive. In all other respects, a removal of territory from a city's sphere of influence proposed by petition and adopted pursuant to this section shall have the same force and effect as any amendment to or removal of territory from a city's sphere of influence approved by the commission. No territory removed from a city's sphere of influence pursuant to this section shall be annexed to that city, unless the territory is subsequently added to the sphere of influence of the city pursuant to the petition and adoption procedure provided in this section.

(h) Pursuant to Section 56383, the commission may establish a schedule of fees for the costs of carrying out this section.

The commission shall consider the potential impacts on the incorporation proponents prior to making a decision on the duration of any continuance.

**Executive officer's report; revenue loss for land owned by city or county**

**56667.** If the report filed pursuant to Section 56665 indicates that more than 50 percent of the land proposed for incorporation is owned by or dedicated to the use of a city or county and that the proposed incorporation would result in a revenue loss to that city or county, and at the hearing held pursuant to Section 56666 the board of supervisors of the county or city council of the city presents a resolution objecting to the incorporation, no further proceedings shall be conducted by the commission and no new proposal involving incorporation of substantially the same territory shall be initiated for one year.

In the absence of a resolution of objection from a city or county, the commission may approve the proposal only if it imposes as a

condition thereto that the newly incorporated city may not adopt any regulation or policy which would have a negative fiscal impact on any contract existing at the time of the incorporation which is related to the publicly owned land.

This section shall not preclude the completion of proceedings to incorporate territory which is the subject of incorporation proceedings filed with the executive officer of the commission prior to February 15, 1986.

(e) The effect of the proposal on maintaining the physical and economic integrity of agricultural lands, as defined by Section 56016.

(q) Information contained in a local hazard mitigation plan, information contained in a safety element of a general plan, and any maps that identify land as a very high fire hazard zone pursuant to Section 51178 or maps that identify land determined to be in a state responsibility area pursuant to Section 4102 of the Public Resources Code, if it is determined that such information is relevant to the area that is the subject of the proposal.

**District annexation; factors to consider and adoption of resolution**

**56668.3.** (a) If the proposed change of organization or reorganization includes a city detachment or district annexation, except a special reorganization, and the proceeding has not been terminated based upon receipt of a resolution requesting termination pursuant to either Section 56751 or Section 56857, factors to be considered by the commission shall include all of the following:

The commission's consideration shall be based only on financial or service related concerns expressed in the protest. Except for findings regarding the value of written protests, the commission is not required to make any express findings concerning any of the other factors considered by the commission.

**Consideration of regional growth goals and policies**

**56668.5.** The commission may, but is not required to, consider the regional growth goals and policies established by a collaboration of elected officials only, formally representing their local jurisdictions in an official capacity on a regional or subregional basis. This section does not grant any new powers or authority to the commission or any other body to establish regional growth goals and policies independent of the powers granted by other laws.

## **CHAPTER 3. PROCEEDINGS FOR CITIES**

### **Article 1. Incorporation**

**Necessary findings; proposed incorporation** **56720.** The commission shall not approve or conditionally approve any proposal that includes an incorporation, unless the commission finds, based on the entire record, that:

(e) The proposed city is expected to receive revenues sufficient to provide public services and facilities and a reasonable reserve during the three fiscal years following incorporation.

**Proposed name for new or consolidated city**

The proposed name for the new or consolidated city may contain the word "town."

**56723.** If the petition is for incorporation, it may also include provisions for appointment of a city manager and appointment of elective city officials, except city council members.

**Election of city officers**

**56724.** (a) If the commission approves a proposal that includes the incorporation of a city, the resolution making determinations shall, upon the incorporation applicant's request, specify that the first election of city officers is to be held after voter approval of the proposal.

(b) If the applicant has submitted an application to the commission prior to the effective date of this section, the applicant may request that the election of city officers be held after the vote on the incorporation proposal.

(c) If the election of city officers is to be conducted after the vote on the incorporation proposal, the commission shall not set the effective date to be sooner than the election date of the city officers.

**Article 2. Special Reorganization**

Notwithstanding any other provision of this division, an election, if required, shall be conducted in accordance with Sections 57119 and 57132.5.

**Special reorganization;  
incorporation of city with  
population of 1,000,000 or more**

**56732.** If the commission approves a proposal for a special reorganization that includes the incorporation of a city with a population of more than 1,000,000, the commission shall do both of the following:

(a) Specify in the resolution making determinations that, notwithstanding Section 36501, the legislative body of the city shall consist of an even number of members, with at least 12 elected by districts, as defined in Section 34871. The commission shall establish the initial boundaries of a sufficient number of districts of approximately equal populations, consistent with state and federal law, not to exceed more than 100,000 residents per district.

(b) All public employees to which Chapter 10 (commencing with Section 3500) of Division 4 of Title 1 applies shall continue to be deemed public employees of the original local agency or of the newly incorporated local agency for all the purposes of that chapter, including, but not limited to, the continuation and application of any collective bargaining agreement that applies to these employees, and all representational and collective bargaining rights under that chapter.

**Collective bargaining agreements**

(c) Any existing collective bargaining agreement shall remain in effect and be fully binding on the original local agency or on the newly incorporated local agency, and on the employee organizations that are parties to the agreement for the balance of the term of the agreement, and until a subsequent agreement has been established.

(d) Any existing retiree benefits, including, but not limited to, health, dental, and vision care benefits, shall not be diminished.

(e) Notwithstanding any other provision of law, an employee organization that has been recognized as the exclusive representative of local agency public employees affected by a special reorganization shall retain exclusive representation of the unit employees of the original local agency, or of the newly incorporated local agency.

### **Article 3. Annexation and Other Changes of Organization**

**Election may be required where  
assessed value of land or number  
of voters in annexing territory is  
equal to or greater than half of**

**56737.** When a change of organization or a reorganization includes the annexation of inhabited territory to a city and the assessed value of land within the territory equals one-half or more of the assessed value of land within the city, or the number of

**city's assessed value or voters**

registered voters residing within the territory equals one-half or more of the number of registered voters residing within the city, the commission may determine as a condition of the proposal that the change of organization or reorganization shall also be subject to confirmation by the voters in an election to be called, held, and conducted within the territory of the city to which annexation is proposed.

**Annexation to a city; succession to Williamson Act contracts**

**56738.** If the proposal would result in the annexation to a city of land that is subject to a contract executed pursuant to the Williamson Act (Chapter 7 (commencing with Section 51200) of Division 1), then the petition shall state whether the city shall succeed to the contract pursuant to Section 51243 or whether the city intends to exercise its option to not succeed to the contract pursuant to Section 51243.5.

**Tidelands or submerged lands owned by state; procedures**

**56740.** (a) No tidelands or submerged lands, as defined in subdivision (g), which are owned by the state or by its grantees in trust shall be incorporated into, or annexed to, a city, except lands which may be approved by the State Lands Commission.

**Filed with State Lands Commission**

(b) If those tidelands or submerged lands are included within the boundaries of any territory proposed to be incorporated into, or annexed to, a city, a description of the boundaries, together with a map showing the boundaries, shall be filed with the State Lands Commission by the proponents of the incorporation or annexation. The filing with the State Lands Commission shall be made prior to the executive officer issuing a certificate of filing for the proposal.

(c) The State Lands Commission shall approve or disapprove all portions of the boundaries located upon the tidelands or submerged lands. In making that determination, it shall, where feasible and appropriate, require any extensions of land boundaries of the city or proposed city to be at right angles to the general direction of the shoreline at each point of intersection of the shoreline with the land boundaries of the city or proposed city. However, in the interest of ensuring an orderly and equitable pattern of offshore boundaries, the State Lands Commission may establish angles and other courses for each offshore boundary it deems necessary considering any irregularity of the shoreline, other geographical features, the effect of incorporation or annexation of the offshore or submerged lands on the uplands of the city, or proposed city, and adjoining territory, and the existing and potential boundaries of other cities and of unincorporated communities.

**State Lands Commission determination**

(d) Within 45 days after the filing of the boundary description and map with the State Lands Commission, the State Lands Commission shall make a determination of the proper offshore or submerged lands boundaries. That determination shall be final

and conclusive. If the State Lands Commission does not make the determination within that time, the proposed offshore or submerged lands boundaries shall be deemed approved.

(e) The State Lands Commission shall report its determination to the executive officer and to each affected city, affected county, affected district, or person, if any, that has filed the boundary description and map. Thereafter, filings and action may be taken pursuant to this part.

(f) The local agency formation commission may review and make determinations as to all portions of the boundaries, other than those offshore or submerged lands boundaries.

(g) "Submerged lands," as used in this section, includes, but is not limited to, lands underlying navigable waters which are in sovereign ownership of the state whether or not those waters are subject to tidal influences.

**City annexations in same county and contiguous**

**56741.** Territory may not be annexed to a city unless it is located in the same county. Unless otherwise provided in this division, territory may not be annexed to a city unless it is contiguous to the city at the time the proposal is initiated pursuant to this part. Territory incorporated as a city shall be located within one county and, except as otherwise provided in Section 56742, shall be contiguous with all other territory being incorporated as a city.

**City annexations of noncontiguous territory**

**56742.** (a) Notwithstanding Section 56741, upon approval of the commission a city may annex noncontiguous territory not exceeding 300 acres if the territory meets all of the following requirements:

(1) It is located in the same county as that in which the city is situated.

(2) It is owned by the city.

(3) It is used for municipal purposes at the time commission proceedings are initiated.

(b) Territory which is used by a city for the reclamation, disposal, and storage of treated wastewater may be annexed to the city pursuant to this section without limitation as to the size of the territory.

(c) If territory is annexed pursuant to this section, the annexing city may not annex any territory not owned by the city, not used for municipal purposes, and not contiguous to the city, although the territory is contiguous to the territory annexed pursuant to this section.

(d) Notwithstanding any other provision of this section, a city which annexes territory pursuant to this section may annex additional territory in the same county as that in which the city is situated which is owned by the United States government or the State of California and which is contiguous to the first annexed

**City ownership required**

territory if the total acreage of the first annexed and the subsequently annexed territory together does not exceed 300 acres in area. If after the completion of the subsequent annexation, the city sells any or all of the first annexed territory, the subsequently annexed territory shall cease to be part of the city if the subsequently annexed territory is no longer contiguous to territory owned by the city.

(e) When any or all of the territory annexed to a city pursuant to this section is sold by the city, all of the territory that is no longer owned by the city shall cease to be a part of that city.

(f) A city may lease territory annexed pursuant to this section for any of the purposes authorized pursuant to Sections 37380 to 37396, inclusive, as well as enter into leases for the construction and operation of electrical generation, transmission, and distribution. If, however, a city enters into a lease on and after April 24, 2002, pursuant to Section 37395, 37396, or any other provision of law, that would authorize the development of a shopping center, hotel, motel, or lodging house on territory annexed pursuant to this section, the affected territory shall cease to be a part of the city.

(g) When territory ceases to be part of a city pursuant to this section, the legislative body of the city shall adopt a resolution confirming the detachment. The resolution shall describe the detached territory and shall be accompanied by a map indicating the territory. Immediately upon adoption of the resolution, the city clerk shall make any filing required by Chapter 8 (commencing with Section 57200) of Part 4.

(h) If territory annexed to a city pursuant to this section becomes contiguous to the city, the limitations imposed by this section shall cease to apply.

**Annexation of state correctional facilities**

**56742.5.** (a) Notwithstanding Section 56741, upon approval of the commission any city may annex noncontiguous territory which constitutes a state correctional facility or a state correctional training facility. If, after the completion of the annexation, the State of California sells that territory or any part thereof, all of the territory which is no longer owned by the state shall cease to be a part of the city which annexed the territory.

(b) If territory is annexed pursuant to this section, the city may not annex any territory not owned by the State of California and not contiguous to the city although that territory is contiguous to the territory annexed pursuant to this section.

(c) When territory ceases to be part of the city pursuant to this section, the legislative body of the city shall adopt a resolution confirming the detachment of that territory from the city. The resolution shall describe the detached territory and shall be accompanied by a map indicating the territory. Immediately upon adoption of the resolution, the city clerk shall make any filing

provided for by Chapter 8 (commencing with Section 57200) of Part 4 of Division 3.

(d) If territory annexed pursuant to this section becomes contiguous to the city, the limitations imposed by this section shall cease to apply.

(e) A city may enter into an agreement with any other city under which the city apportions any increase in state subventions resulting from the annexation of territory pursuant to this section.

**Cities of Willits and Arcata;  
annexation of noncontiguous**

**56743.** (a) Notwithstanding Section 56741, upon approval of the commission a city may annex noncontiguous territory not exceeding 3,100 acres in area, which is located in the same county as that in which the city is situated, and which is owned by the city and is being used for municipal water purposes, wildlife habitat, or sustainable forestry that is subject to an adopted city forest management plan at the time preliminary proceedings are initiated pursuant to this part. If, after the completion of the annexation, the city sells that territory or any part thereof, all of that territory that is no longer owned by the city shall cease to be a part of the city.

(b) If territory is annexed pursuant to this section, the annexing city may not annex any territory not owned by it and not contiguous to it although that territory is contiguous to the territory annexed pursuant to this section.

(c) When territory ceases to be part of a city pursuant to this section, the legislative body of the city shall adopt a resolution confirming the detachment of that territory from the city. The resolution shall describe the detached territory and shall be accompanied by a map indicating the territory. Immediately upon adoption of the resolution, the city clerk shall make any filing provided for by Chapter 8 (commencing with Section 57200) of Part 4.

(d) If territory annexed to a city pursuant to this section becomes contiguous to the city, the limitations imposed by this section shall cease to apply.

(e) If territory is annexed pursuant to this section, it shall be used only for municipal water purposes, wildlife habitat, or sustainable forestry that is subject to an adopted city forest management plan. The city may, however, enter into agreements to lease the land for timber production or grazing by animals. If the territory is used by the city for any other purpose at any time, it shall cease to be a part of the city.

(f) This section applies only to the City of Willits and the City of Arcata.

**Islands not allowed from  
annexations or incorporations**

**56744.** Unless otherwise determined by the commission pursuant to subdivision (m) of Section 56375, territory shall not be incorporated into, or annexed to, a city pursuant to this division if,

as a result of that incorporation or annexation, unincorporated territory is completely surrounded by that city or by territory of that city on one or more sides and the Pacific Ocean on the remaining sides.

**Annexations to City of Cupertino** **56747.** [Repealed by Stats. 2021, Ch. 31]

**CHAPTER 4. FISCAL PROVISIONS**

**Article 1. Comprehensive Fiscal Analysis**

**Comprehensive fiscal analysis; incorporation**

**56800.** For any proposal that includes an incorporation, the executive officer shall prepare, or cause to be prepared by contract, a comprehensive fiscal analysis. This analysis shall become part of the report required pursuant to Section 56665. Data used for the analysis shall be from the most recent fiscal year for which data are available, preceding the issuances of the certificate of filing. When data requested by the executive officer in the notice to affected agencies are unavailable, the analysis shall

document the source and methodology of the data used. The analysis shall review and document each of the following:

(a) The costs to the proposed city of providing public services and facilities during the three fiscal years following incorporation in accordance with the following criteria:

(1) When determining costs, the executive officer shall include all direct and indirect costs associated with the current provision of existing services in the affected territory. These costs shall reflect the actual or estimated costs at which the existing level of service could be contracted by the proposed city following an incorporation, if the city elects to do so, and shall include any general fund expenditures used to support or subsidize a fee-supported service where the full costs of providing the service are not fully recovered through fees. The executive officer shall also identify which of these costs shall be transferred to the new city that result in an administrative cost reduction to other agencies. In the analysis, the executive officer shall also review how the costs of any existing services compare to the costs of services provided in cities with similar populations and similar geographic size that provide a similar level and range of services and shall make a reasonable determination of the costs expected to be borne by the newly incorporated city.

(2) When determining costs, the executive officer shall also include all direct and indirect costs of any public services that are proposed to be assumed by the new city and that are provided by state agencies in the area proposed to be incorporated.

(b) The revenues of the proposed city during the three fiscal years following incorporation.

(c) The effects on the costs and revenues of any affected local agency during the three fiscal years of incorporation.

(d) Any other information and analysis needed to make the findings required by Section 56720.

**Review of comprehensive fiscal analysis by Controller; requests**

**56801.** (a) For any proposal that includes an incorporation, the executive officer shall, at the request of an interested party, which request is submitted pursuant to subdivision (b), and prior to issuing his or her report and recommendation pursuant to Section 56665, request the Controller to review the comprehensive fiscal analysis prepared pursuant to Section 56800. The request by an interested party shall specify in writing any element of the comprehensive fiscal analysis that the Controller is requested to review and the reasons the Controller is requested to review each element.

(b) The commission may adopt written procedures for the acceptance, referral, and payment for a request for the Controller's review, which shall include setting a time period during which an interested party is permitted to submit a request pursuant to

subdivision (a). The time period for accepting a request shall not be less than 30 days following notice given in the same manner as specified in Section 56153.

(c) Within 45 days of receiving the analysis, the Controller shall issue a report to the executive officer regarding the accuracy and reliability of the information, methodologies, and documentation used in the analysis. The times within which the executive officer or commission is required to act pursuant to this chapter shall be tolled for the time required by the Controller for completion of the report. The executive officer shall include the results of the Controller's report into his or her own report and recommendation issued pursuant to Section 56665.

**Cost of Controller's review**

(d) Notwithstanding Sections 56378 and 56386, the Controller may charge the commission for the actual costs incurred pursuant to this section. The commission may recover these costs by charging the person who requested the Controller's review.

**Funds for incorporation within Mountain House Community Services District**

**56802.** (a) For any proposal for incorporation of the territory within the Mountain House Community Services District, San Joaquin County shall provide the required funds to those petitioners filing the incorporation application for all costs involved in filing the application for incorporation pursuant to this division, including the preparation of the comprehensive fiscal analysis pursuant to Section 56800.

(b) The funds provided by the county pursuant to this section shall not be construed to be a gift of public funds and may only be granted to a quasi-public or nonprofit organization formed for the purpose of pursuing incorporation of the Mountain House area.

(c) San Joaquin County shall provide the funds required in subdivision (a) only one time, upon the first filing of application for incorporation.

**Acceptance or rejection of incorporation findings; executive officer report; fiscal analysis**

**56803.** If the commission approves a proposal which includes the incorporation of a city, the resolution making determinations shall accept or reject each of the findings and recommendations made in the executive officer's report prepared pursuant to Section 56665, and the fiscal analysis prepared pursuant to Section 56800. If the commission rejects a finding or recommendation, the resolution making determinations shall include findings by the commission which present the basis for any rejection.

**Comprehensive fiscal analysis, disincorporation**

**56804.** For any proposal that includes a disincorporation, the executive officer shall prepare, or cause to be prepared by contract, a comprehensive fiscal analysis. This analysis shall become part of the report required pursuant to Section 56665. Data used for the analysis shall be from the most recent fiscal year for which data is available, preceding the issuances of the

**Contents**

certificate of filing. When data requested by the executive officer in the notice to affected agencies, pursuant to paragraph (2) of subdivision (b) of Section 56658, is unavailable, the analysis shall document the source and methodology of the data used. - (g) All current and long-term liabilities, including, but not limited to, debt obligations, of the city proposed for disincorporation, including the balance of the restricted and unrestricted funds available to extinguish the obligations and liabilities.
- (h) The potential financing mechanism or mechanisms to address any shortfalls and obligations for those responsibilities identified in this section, including, but not limited to, taxes or assessments.
- (i) Any other information and analysis needed to make the findings required by Section 56770.

**Article 2. Property Tax Exchange**

**Property tax exchange for incorporation or formation**

**56810.** (a) (1) If the proposal includes the incorporation of a city, as defined in Section 56043, the commission shall determine the amount of property tax revenue to be exchanged by the affected local agency pursuant to this section and Section 56815.

**Commission determination**

(2) If the proposal includes the formation of a district, as defined in Section 2215 of the Revenue and Taxation Code, the commission shall determine the amount of property tax to be exchanged by the affected local agency pursuant to this section.

(b) The commission shall notify the county auditor of the proposal and the services which the new jurisdiction proposes to

assume within the area, and identify for the auditor the existing service providers within the area subject to the proposal.

(c) If the proposal would not transfer all of an affected agency's service responsibilities to the proposed city or district, the commission and the county auditor shall do all of the following:

**Auditor's determination**

(1) The county auditor shall determine the proportion that the amount of property tax revenue derived by each affected local agency pursuant to subdivision (b) of Section 93 of the Revenue and Taxation Code bears to the total amount of revenue from all sources, available for general purposes, received by each affected local agency in the prior fiscal year. For purposes of making this determination and the determination required by paragraph (3), "total amount of revenue from all sources available for general purposes" means the total amount of revenue which an affected local agency may use on a discretionary basis for any purpose and does not include any of the following:

(A) Revenue which, by statute, is required to be used for a specific purpose.

(B) Revenue from fees, charges, or assessments which are levied to specifically offset the cost of particular services and do not exceed the cost reasonably borne in providing these services.

(C) Revenue received from the federal government which is required to be used for a specific purpose.

**Commission determination of total net cost; definition**

(2) The commission shall determine, based on information submitted by each affected local agency, an amount equal to the total net cost to each affected local agency during the prior fiscal year of providing those services which the new jurisdiction will assume within the area subject to the proposal. For purposes of this paragraph, "total net cost" means the total direct and indirect costs that were funded by general purpose revenues of the affected local agency and excludes any portion of the total cost that was funded by any revenues of that agency that are specified in subparagraphs (A), (B), and (C) of paragraph (1).

**Calculation**

(3) The commission shall multiply the amount determined pursuant to paragraph (2) for each affected local agency by the corresponding proportion determined pursuant to paragraph (1) to derive the amount of property tax revenue used to provide services by each affected local agency during the prior fiscal year within the area subject to the proposal. The county auditor shall adjust the amount described in the previous sentence by the annual tax increment according to the procedures set forth in Chapter 6 (commencing with Section 95) of Part 0.5 of Division 1 of the Revenue and Taxation Code, to the fiscal year in which the new city or district receives its initial allocation of property taxes.

**Separate county fund(s)**

(4) For purposes of this subdivision, in any county in which, prior to the adoption of Article XIII A of the California Constitution, and continuing thereafter, a separate fund or funds were established consisting of revenues derived from the

unincorporated area of the county and from which fund or funds services rendered in the unincorporated area have been paid, the amount of property tax revenues derived pursuant to paragraph (3), may, at the discretion of the commission, be transferred to the proposed city over a period not to exceed 12 fiscal years following its incorporation. In determining whether the transfer of the amount of property tax revenues determined pursuant to paragraph (3) shall occur entirely within the fiscal year immediately following the incorporation of the proposed city or shall be phased in over a period not to exceed 12 full fiscal years following the incorporation, the commission shall consider each of the following:

(A) The total amount of revenue from all sources available to the proposed city.

(B) The fiscal impact of the proposed transfer on the transferring agency.

(C) Any other relevant facts which interested parties to the exchange may present to the commission in written form.

The decision of the commission shall be supported by written findings setting forth the basis for its decision.

**Auditor's determination**

(d) If the proposal would transfer all of an affected agency's service responsibilities to the proposed city or district, the commission shall request the auditor to determine the property tax revenue generated for the affected service providers by tax rate area, or portion thereof, and transmit that information to the commission.

(e) The executive officer shall notify the auditor of the amount determined pursuant to paragraph (3) of subdivision (c) or subdivision (d), as the case may be, and, where applicable, the period of time within which and the procedure by which the transfer of property tax revenues will be effected pursuant to paragraph (4) of subdivision (c), at the time the executive officer records a certificate of completion pursuant to Section 57203 for any proposal described in subdivision (a), and the auditor shall transfer that amount to the new jurisdiction.

(f) The amendments to this section enacted during the 1985-86 Regular Session of the Legislature shall apply to any proposal described in subdivision (a) for which a certificate of completion is recorded with the county recorder on or after January 1, 1987.

**Prior fiscal year defined**

(g) For purposes of this section, "prior fiscal year" means the most recent fiscal year for which data on actual direct and indirect costs and revenues needed to perform the calculations required by this section are available preceding the issuance of the certificate of filing.

**Action to contest**

(h) An action brought by a city or district to contest any determinations of the county auditor or the commission with regard to the amount of property tax revenue to be exchanged by the affected local agency pursuant to this section shall be

commenced within three years of the effective date of the city's incorporation or the district's formation. These actions may be brought by any city that incorporated or by any district that formed on or after January 1, 1986.

(i) This section applies to any city that incorporated or district that formed on or after January 1, 1986.

(j) The calculations and procedures specified in this section shall be made prior to and shall be incorporated into the calculations specified in Section 56815.

**Determination of appropriations limit**

**56811.** (a) If a proposal includes the formation of a new special district, the commission shall determine the appropriations limit of the district in accordance with Section 7902.7 and Article XIII B of the California Constitution. The commission shall determine the provisional appropriations limit of the district in the following manner:

(1) Estimate the amount of revenue anticipated to be received by the district from the proceeds of taxes for the first full fiscal year of operation.

(2) Adjust the amount determined in paragraph (1) for the estimated change in the cost of living and population in the next full fiscal year of operation and any other changes that may be required or permitted by Article XIII B of the California Constitution.

(b) The governing body of the district shall determine the proposed permanent appropriations limit of the district to be submitted to the voters in the following manner:

(1) Determine the amount of revenue actually received by the district from the proceeds of taxes for the first full fiscal year of operation.

(2) Adjust the amount determined in paragraph (1) for the estimated change in the cost of living and population in the next full fiscal year of operation and any other changes that may be required or permitted by Article XIII B of the California Constitution.

(c) The permanent appropriations limit of the district shall be set at the first district election that is held following the first full fiscal year of operation and shall not be considered to be a change in the appropriations limit of the district pursuant to Section 4 of Article XIII B of the California Constitution.

**Incorporation of city; determination of provision and permanent appropriations limit**

**56812.** (a) If a proposal includes the incorporation of a city, the commission shall determine the provisional appropriations limit of the city in accordance with Section 7902.7 and Article XIII B of the California Constitution. The commission shall determine the provisional appropriations limit of the city in the following manner:

(1) Estimate the amount of revenue anticipated to be received by the city from the proceeds of taxes for the first full fiscal year of operation.

(2) Adjust the amount determined in paragraph (1) for the estimated change in the cost of living and population in the next full fiscal year of operation and such other changes as may be required or permitted by Article XIII B of the California Constitution.

(b) The governing body of the city shall determine the proposed permanent appropriations limit of the city to be submitted to the voters in the following manner

(1) Determine the amount of revenue actually received by the city from the proceeds of taxes for the first full fiscal year of operation.

(2) Adjust the amount determined in paragraph (1) for the estimated change in the cost of living and population in the next full fiscal year of operation and such other changes as may be required or permitted by Article XIII B of the California Constitution.

**Permanent appropriations limit**

(c) The permanent appropriations limit of the city shall be set at the first municipal election which is held following the first full fiscal year of operation and shall not be considered to be a change in the appropriations limit of the city pursuant to Section 4 of Article XIII B of the California Constitution.

**Property tax exchange for disincorporation**

**56813.** (a) If the proposal includes the disincorporation of a city, as defined in Section 56034, the commission shall determine the amount of property tax revenue to be exchanged by the affected city and successor or affected local agency pursuant to this section.

**Notice to auditor**

(b) The commission shall notify the county auditor of the proposal, the affected local agencies to be extinguished, and the services proposed to be transferred to new jurisdictions, and identify for the auditor the changes to occur.

(c) If the proposal would not transfer all of the service responsibilities of the disincorporating city to the affected county or to a single affected agency, the commission and the county auditor shall do all of the following:

**Auditor's determination**

(1) The county auditor shall determine the proportion that the amount of property tax revenue derived by the city being disincorporated pursuant to subdivision (b) of Section 93 of the Revenue and Taxation Code bears to the total amount of revenue from all sources, available for general purposes, received by the city being disincorporated in the prior fiscal year and provide his or her response within 15 days of receiving notification from the commission pursuant to subdivision (b). For purposes of making this determination and the determination required by paragraph

(3), "total amount of revenue from all sources available for general purposes" mean the total amount of revenue which the city being disincorporated may use on a discretionary basis for any purposes and does not include any of the following:

(A) Revenue that, by statute or ordinance, is required to be used for a specific purpose.

(B) Revenue from fees, charges, or assessments that are levied to specifically offset the cost of particular services and that do not exceed the cost reasonably borne in providing these services.

(C) Revenue received from the federal government that is required to be used for a specific purpose.

**Commission determination of total net cost; definition**

(2) The commission shall determine, based on information submitted by the city being disincorporated, an amount equal to the total net cost to that city during the prior fiscal year of providing those services that an affected agency will assume within the area subject to the proposal. For purposes of this paragraph, "total net cost" means the total direct and indirect costs that were funded by general purpose revenues of the city being disincorporated and excludes any portion of the total cost that was funded by any revenues of that agency that are specified in subparagraphs (A), (B), and (C) of paragraph (1).

**Calculation**

(3) For the services to be transferred to each affected local agency, the commission shall multiply the amount determined pursuant to paragraph (2) by the proportion determined pursuant to paragraph (1) to derive the amount of property tax revenue used to provide services by the city being disincorporated during the prior fiscal year within the area subject to the proposal. The county auditor shall adjust the amount so determined by the annual tax increment pursuant to the procedures set forth in Chapter 6 (commencing with Section 95) of Part 0.5 of Division 1 of the Revenue and Taxation Code, to the fiscal year in which the affected agency receives its next allocation of property taxes.

(d) If the proposal for disincorporation would transfer all of the service responsibilities of the city proposed for disincorporation, other than those that are proposed to be discontinued, to a single successor, the commission shall request that auditor to determine the property tax revenue allocated to the city being disincorporated by tax rate area, or portion thereof, and transmit that information to the commission.

(e) The executive officer shall notify the auditor of the amount determined pursuant to subdivision (c) or (d), as the case may be, and, where applicable, the period of time within which and the procedure by which the transfer of property tax revenues will be effected pursuant to this section, at the time the executive officer records a certificate of completion pursuant to Section 57203 for any proposal described in subdivision (a), and the auditor shall transfer that amount to the affected agency or agencies that will assume the services as determined by the commission. Any

**"Prior fiscal year"**

property tax not transferred to an affected agency pursuant to subdivision (c) shall be transferred to the affected county.

(f) For the purposes of this section, "prior fiscal year" means the most recent fiscal year preceding the issuance of the certificate of filing for which data is available on actual direct and indirect costs and revenues needed to perform the calculations required by this section.

**Action to contest**

(g) Any action brought by a city, county, or district to contest any of the determinations of the county auditor or the commission with regard to the amount of property tax revenue to be exchanged by the affected local agencies pursuant to this section shall be commenced within three years of the effective date of the disincorporation.

**Commission determination of appropriations limit**

**56814.** If the proposal includes the disincorporation of a city, as defined in Section 56034, with the assignment of property tax revenues to a successor the commission shall make the following determinations, as appropriate:

- (a) The increase of the appropriations limit for the successor if the successor is an existing entity.
- (b) The appropriations limit for a new special district through a formation process as defined by Section 56810.

**Article 3. Revenue Neutrality**

**Incorporation, legislative intent**

**56815.** (a) It is the intent of the Legislature that any proposal that includes an incorporation should result in a similar exchange of both revenue and responsibility for service delivery among the county, the proposed city, and other subject agencies. It is the further intent of the Legislature that an incorporation should not occur primarily for financial reasons.

**Findings for an incorporation**

(b) The commission shall not approve a proposal that includes an incorporation unless it finds that the following two quantities are substantially equal:

- (1) Revenues currently received by the local agency transferring the affected territory that, but for the operation of this section, would accrue to the local agency receiving the affected territory.
- (2) Expenditures, including direct and indirect expenditures, currently made by the local agency transferring the affected territory for those services that will be assumed by the local agency receiving the affected territory.

**Alternative findings**

(c) Notwithstanding subdivision (b), the commission may approve a proposal that includes an incorporation if it finds either of the following:

- (1) The county and all of the subject agencies agree to the proposed transfer.
- (2) The negative fiscal effect has been adequately mitigated by

tax sharing agreements, lump-sum payments, payments over a fixed period of time, or any other terms and conditions pursuant to Section 56886.

**Resolution; fiscal terms and conditions**

(d) Nothing in this section is intended to change the distribution of growth on the revenues within the affected territory unless otherwise provided in the agreement or agreements specified in paragraph (2) of subdivision (c).

(e) Any terms and conditions that mitigate the negative fiscal effect of a proposal that contains an incorporation shall be included in the commission resolution making determinations adopted pursuant to Section 56880 and the terms and conditions specified in the questions pursuant to Section 57134.

**Task Force; state guidelines**

**56815.2.** By July 1, 2001, the Governor's Office of Planning and Research, in consultation with the Controller, shall convene a task force composed of representatives of cities, counties, special districts, and local agency formation commissions, as nominated by their statewide organizations and associations, with expertise in local government fiscal issues for the purpose of creating statewide guidelines for the incorporation process. The guidelines shall be completed by January 1, 2002, by the Office of Planning and Research and shall serve as minimum statewide guidelines for the incorporation process. The guidelines shall include, but not be limited to, information to assist incorporation proponents to understand the incorporation process, its timelines, and likely costs. They shall also provide direction to affected agencies regarding the type of information that should be included in the comprehensive fiscal analysis of an incorporation, as well as suggestions for alternative ways to achieve fiscally neutral incorporations. The guidelines shall be advisory to the commissions in the review of incorporation proposals.

**Disincorporation; legislative intent**

**56816.** (a) It is the intent of the Legislature that any proposal that includes the disincorporation of a city result in a determination that the debt or contractual obligations and responsibilities of the city being disincorporated shall be the responsibility of that same territory for repayment. To ascertain this information, the city shall provide a written statement that determines and certifies all of the following to the commission prior to the issuance of a certificate of filing for a disincorporation proposal, pursuant to Section 56651 and 56658:

**Written statement requirement**

**Information to be included**

- (1) The indebtedness of the city.
- (2) The amount of money in the city's treasury.
- (3) The amount of any tax levy, assessment, or other obligation due to the city that is unpaid or has not been collected.
- (4) The amount of current and future liabilities, both internal debt owed to other special or restricted funds or enterprise funds within

the agency and external debt owed to other public agencies or outside lenders or that results from contractual obligations, which may include contracts for goods or services, retirement obligations, actuarially determined unfunded pension liability of all classes in a public retirement system, including any documentation related to the termination of public retirement contract provisions, and the liability for other postemployment benefits. The information required by this paragraph shall include any associated revenue stream for financing that may be or has been committed to that liability, including employee contributions.

(b) The city shall provide a written statement identifying the successor agency to the city's former redevelopment agency, if any, pursuant to Section 34173 of the Health and Safety Code.

## **CHAPTER 5. PROCEEDINGS FOR SPECIAL DISTRICTS**

### **Article 1. Representation and Functions**

#### **Resolution initiating representation; regulations**

**56821.** Either the commission or the legislative body of any independent special district within a county may adopt a resolution initiating proceedings as follows:

(a) It may propose representation of special districts upon the commission.

(b) It may propose the repeal of regulations affecting the functions and services of special districts.

#### **Consideration of commission's resolution by independent special district selection committee; procedures following approval or disapproval**

**56821.1.** If the commission adopts a resolution pursuant to subdivision (a) of Section 56821, the executive officer shall immediately call a meeting of the independent special district selection committee referred to in Section 56332. The meeting shall be held not less than 15, or more than 35, days from the adoption of the resolution by the commission. The independent special district selection committee shall meet at the time and place designated by the executive officer and shall consider the resolution adopted by the commission. By majority vote of those district representatives voting on the issue, the selection committee shall either approve or disapprove the resolution adopted by the commission. If the selection committee approves the resolution adopted by the commission, it shall immediately inform the executive officer of that action, and the commission at its next meeting shall adopt a resolution of intention pursuant to Section 56822. If the selection committee disapproves the resolution adopted by the commission, it shall immediately inform the executive officer of this action and all further proceedings under this chapter shall cease.

**Resolution adopted by independent special districts**

**56821.3.** If an independent special district adopts a resolution pursuant to subdivision (a) of Section 56821, it shall immediately forward a copy of the resolution to the executive officer. Upon receipt of those resolutions from a majority of independent special districts within a county, adopted by the districts within one year from the date that the first resolution was adopted, the commission, at its next regular meeting, shall adopt a resolution of intention pursuant to Section 56822.

**Certified copy of resolution**

**56821.5.** A certified copy of any resolution which has been adopted by an independent special district pursuant to subdivision (b) of Section 56821 shall be filed with the executive officer. If a resolution, or substantially identical resolution, has been filed by a majority of independent special districts within the county, then, not later than 35 days after the filing, the commission shall adopt a resolution of intention in accordance with the filed resolution or resolutions.

**Resolution of intention; contents**

**56822.** Whenever the commission, or the independent special districts, as the case may be, have complied with the applicable provisions of Sections 56821, 56821.1, 56821.3, and 56821.5, the commission shall adopt a resolution of intention pursuant to this section. The resolution of intention shall do all of the following:

- (a) State whether the proceedings are initiated by the commission or by an independent special district or districts, in which case, the names of those districts shall be set forth.
- (b) If the resolution of intention proposes only the repeal of regulations affecting the functions and services of special districts, it shall state that the commission proposes either of the following:
  - (1) To consider the proposal without reference to a special district advisory committee, in which case the resolution shall contain the text of the regulations proposed to be repealed.
  - (2) To refer the proposal to a special district advisory committee for study, report, and recommendation, in which case the resolution shall include the regulations proposed to be repealed.

In addition, the resolution of intention adopted pursuant to this subdivision shall also fix a time, not less than 15 or more than 35 days after the adoption of the resolution of intention, and the place of hearing by the commission on the question of whether the proposal made by the resolution should be disapproved, approved, and ordered without reference to a special district advisory committee, or referred to a special district advisory committee for study, report, and recommendation to the commission.

- (c) If the resolution of intention proposes representation of special districts on the commission, it shall state that the commission proposes to refer the proposal to a special district advisory

committee and the commission shall immediately order the proposal referred to that committee pursuant to Section 56823.

**Hearing on resolution of intention; notice**

**56822.3.** If a hearing is called pursuant to subdivision (b) of Section 56822, the executive officer shall give notice of the hearing by publication, as provided in Sections 56153 and 56154, by posting, as provided in Sections 56158 and 56159, and by mailing to the clerk of the county and each local agency within the county, as provided in Sections 56155, 56156, and 56157.

**Hearing on resolution of intention; time and place; approval or disapproval**

**56822.5.** The hearing referred to in Section 56822.3 shall be held by the commission at the time and place specified or to which the hearing may be continued. After the conclusion of the hearing, the commission shall adopt a resolution disapproving the proposal made by the resolution of intention, approving and ordering the proposal without reference to a special district advisory committee, or ordering the proposal referred to a special district advisory committee for study, report, and recommendation.

**Advisory committee; appointment; proceedings; definition**

**56823.** If the commission orders a proposal referred to a special district advisory committee for study, report, and recommendation, the appointment of, and proceedings by, the advisory committee shall be made and taken substantially in accordance with the provisions of Chapter 6 (commencing with Section 56826), pertaining to reorganization committees, except that the advisory committee shall not be terminated until after the commission acts upon the report and recommendation of the advisory committee. If the commission is of the opinion that special districts, other than independent special districts, may be affected by the proposal, then, in addition to the appointment of voting members to the advisory committee to represent independent special districts, the commission may authorize the legislative bodies of special districts, other than independent special districts, to appoint nonvoting members to the advisory committee. Any nonvoting member shall have all of the rights of a voting member except the right to vote.

**Advisory committee; executive committee; membership; duties and powers**

**56824.** Where a special district advisory committee consists of voting members representing more than five independent special districts, the advisory committee may appoint an executive committee to undertake all or part of the study and may authorize the executive committee to prepare a tentative report and recommendation for submission to and approval by the full advisory committee. The executive committee shall consist of the number of voting members as the advisory committee may determine. If the commission authorizes the appointment of nonvoting members to the advisory committee, those nonvoting members may appoint members to the executive committee in numbers not exceeding those appointed by the voting members and any nonvoting member appointed to the executive committee shall have all of the rights of a voting member on the committee, except the right to vote.

Upon completion of the studies of the executive committee, the executive committee shall report to the full advisory committee and submit any tentative report and recommendation prepared by the executive committee. Thereafter, the advisory committee may reject any tentative report and recommendation submitted, may adopt any tentative report and recommendation submitted, either as submitted by the executive committee or as changed by the full advisory committee, or the advisory committee may prepare its own report and recommendation.

**Action of commission on report and recommendation of advisory committee**

**56824.1.** Not later than 35 days after the filing with the executive officer of the report and recommendation of a special district advisory committee, the commission shall take one of the following actions:

**Hearing on approval of report and recommendation of advisory committee; notice**

**56824.3.** The executive officer shall give notice of the hearing by publication, as provided in Sections 56153 and 56154, by posting, as provided in Sections 56158 and 56159, and by mailing to the clerk of the county and each local agency within the county, as provided in Sections 56155, 56156, and 56157.

**Hearing on approval of report and recommendation of advisory committee; time and place; proposal for changes**

**56824.5.** The hearing shall be held by the commission at the time and place specified or to which the hearing may be continued. During the course of the hearing, the commission may propose changes in the report and recommendations. Any proposed changes shall be referred, for review, to the special district advisory committee, or if the advisory committee has appointed an executive committee, to that executive committee. The advisory committee, or the executive committee, shall have 60 days to report back to the commission. If no report is received by the commission within 60 days, the advisory committee shall be deemed to have approved the proposed changes in the report and recommendation.

Within 30 days after the conclusion of the hearing, the commission shall adopt a resolution approving the report and recommendation, either as filed or as those regulations may be changed by the commission.

**Resolution approving report and recommendation of advisory committee; orders**

(6) Alternatives for the establishment of the new or different functions or class of services within the special district's jurisdictional boundaries.

The commission shall not approve a proposal for the establishment of new or different functions or class of services within the jurisdictional boundaries of a special district unless the commission determines that the special district will have sufficient revenues to carry out the proposed new or different functions of class of services except as specified in paragraph (1).

(1) The commission may approve a proposal for the establishment of new or different functions or class of services within the jurisdictional boundaries of a special district where the commission has determined that the special district will not have sufficient revenue to provide the proposed new or different functions or class of services, if the commission conditions its approval on the concurrent approval of sufficient revenue sources pursuant to Section 56886. In approving a proposal, the commission shall provide that if the revenue sources pursuant to Section 56886 are not approved, the authority of the special district to provide new or different functions or class of services shall not be established.

(2) Unless otherwise required by the principal act of the subject special district, or unless otherwise required by Section 57075 the approval by the commission for establishment of new or different functions or class of services, or the divestiture of the power to provide particular functions or class of services, shall not be subject to an election.

For the purposes of this section, imposition of a fee as a condition of the issuance of a building permit does not constitute direct regulation of land use, property development, or subdivision requirements.</p> <p>(2) General or special taxes subject to approval by the voters.</p>
<b>Continuation of charges</b>	<p>(t) The extension or continuation of any previously authorized charge, fee, assessment, or tax by the local agency or a successor local agency in the affected territory.</p>
<b>Transfer of authority for charges (Mello-Roos, etc.)</b>	<p>(u) The transfer of authority and responsibility among any affected cities, affected counties, and affected districts for the administration of special tax and special assessment districts, including, but not limited to, the levying and collecting of special taxes and special assessments, including the determination of the annual special tax rate within authorized limits; the management of redemption, reserve, special reserve, and construction funds; the issuance of bonds which are authorized but not yet issued at the time of the transfer, including not yet issued portions or phases of bonds which are authorized; supervision of construction paid for with bond or special tax or assessment proceeds; administration of agreements to acquire public facilities and reimburse advances made to the district; and all other rights and responsibilities with respect to the levies, bonds, funds, and use of proceeds that would have applied to the local agency that created the special tax or special assessment district.</p>
<b>Any other matter</b>	<p>(v) Any other matters necessary or incidental to any of the terms</p>

and conditions specified in this section. If a change of organization, reorganization, or special reorganization provides for, or is made subject to one or more of, the terms and conditions specified in this section, those terms and conditions shall be deemed to be the exclusive terms and conditions for the change of organization, reorganization, or special reorganization, and shall control over any general provisions of Part 5 (commencing with Section 57300).

**Public utilities**

**56886.1.** When applicable, the terms and conditions of any change of organization or reorganization shall provide public utilities, as defined in Section 216 of the Public Utilities Code, 90 days following the recording of the certificate of completion to make the necessary changes to impacted utility customer accounts.

**Improvement districts; exclusion of land**

**56886.3.** If the terms and conditions of any change of organization provide for the formation of a new improvement district, or the annexation or detachment of territory to, or from, an existing improvement district, the commission shall do all of the following:

(a) Exclude any lands proposed to be formed into, or to be annexed to, the improvement district which the commission finds will not be benefited by becoming a part of the improvement district.

(b) Exclude any lands proposed to be detached from an improvement district which the commission finds will be benefited by remaining a part of the improvement district.

**Formation of new government; alternative existing agencies**

**56886.5.** (a) If a proposal includes the formation of a district or the incorporation of a city, the commission shall determine whether existing agencies can feasibly provide the needed service or services in a more efficient and accountable manner. If a new single-purpose local agency is deemed necessary, the commission shall consider reorganization with other single-purpose local agencies that provide related services.

(b) If a proposal includes the consolidation of two or more special districts not formed pursuant to the same principal act, the commission shall determine whether any service provided at that time could be discontinued due to a lack of authority under the principal act of the successor. If a new single-purpose local agency is deemed necessary to provide the needed service or services, the commission shall consider the formation of a new district that is authorized to provide the service or services.

**Limitation on conditions requiring service outside of sphere of influence**

**56886.6.** The commission shall not impose a condition for the provision of services by the annexing city to an area which has not been placed within that city's adopted sphere of influence, as

defined in Section 56076, unless that condition would mitigate effects which are a direct result of the annexation.

In the case of any annexation proposal for which a certificate of completion was not recorded prior to January 1, 1985, a condition imposed thereon which does not comply with the requirements of this section is null and void and shall not affect the validity of or terminate the annexation proceedings.

**Limitations on conditions for road maintenance or public facility improvements**

**56886.7.** (a) The commission shall not impose any condition on an annexing local agency with respect to the standards or frequency of maintenance of any existing street or road within the annexed territory.

(b) The commission shall not impose a condition which requires a local agency to improve an existing public facility which is not owned by the agency.

(c) This section shall not be construed as authorizing a commission to impose any conditions which it is not otherwise authorized to impose.

**Local coastal program; amendments**

**56887.** Any change of organization or reorganization may be conditionally approved by a local agency formation commission subject to the certification by the California Coastal Commission of an amendment to the local coastal program of a city or a county.

**Application of terms and conditions to city or county; exception for indebtedness or liability**

**56887.5.** If any change of organization or reorganization pertains to city or district territory which is located, in whole or in part, within the boundaries of any city or county, any terms and conditions authorized by Section 56886 may be made applicable to that city or county. However, no indebtedness or liability which is subject to the requirement of an election, under the provisions of Section 18 of Article XVI of the California Constitution, shall be incurred or assumed by any city or county, except as provided in Section 18 of Article XVI of the California Constitution.

**Application of terms and conditions to districts within local agency**

**56890.** Any of the terms and conditions authorized by Section 56886 may be made applicable to all or any part of any city or district or any improvement district within that local agency or any territory annexed to, or detached from, any city or district or improvement district within that local agency.

**Article 3. Reconsideration**

**Written requests for amendment or reconsideration of resolutions**

**56895.** (a) When a commission has adopted a resolution making determinations, any person or affected agency may file a written request with the executive officer requesting amendments to or reconsideration of the resolution. The request shall state the specific modification to the resolution being requested and shall

state what new or different facts that could not have been presented previously are claimed to warrant the reconsideration. If the request is filed by a school district that received notification pursuant to Section 56658, the commission shall consider that request at a public hearing.

(b) Notwithstanding Section 56106, the deadlines set by this section are mandatory. The person or agency shall file the written request within 30 days of the adoption of the initial or superseding resolution by the commission making determinations. If no person or agency files a timely request, the commission shall not take any action pursuant to this section.

(c) Upon receipt of a timely request, the executive officer shall not take any further action until the commission acts on the request.

**Time tolled**

(d) Upon receipt of a timely request by the executive officer, the time to file any action, including, but not limited to, an action pursuant to Section 21167 of the Public Resources Code and any provisions of Part 4 (commencing with Section 57000) governing the time within which the commission is to act shall be tolled for the time that the commission takes to act on the request.

**Next agenda**

(e) The executive officer shall place the request on the agenda of the next meeting of the commission for which notice can be given pursuant to this subdivision. The executive officer shall give notice of the consideration of the request by the commission in the same manner as for the original proposal. The executive officer may give notice in any other manner as he or she deems necessary or desirable.

**Withdrawal**

(f) At that meeting, the commission shall consider the request and receive any oral or written testimony. The consideration may be continued from time to time but not to exceed 35 days from the date specified in the notice. The person or agency that filed the request may withdraw it at any time prior to the conclusion of the consideration by the commission.

(g) At the conclusion of its consideration, the commission may approve with or without amendment, wholly, partially, or conditionally, or disapprove the request. If the commission disapproves the request, it shall not adopt a new resolution making determinations. If the commission approves the request, with or without amendment, wholly, partially, or conditionally, the commission shall adopt a resolution making determinations that shall supersede the resolution previously issued.

**Final action**

(h) The determinations of the commission shall be final and conclusive. No person or agency shall make any further request for the same change or a substantially similar change, as determined by the commission.

**56897.** If pursuant to Section 56895, the commission approves any addition, deletion, amendment, or revision of its resolution making determinations, further proceedings for the change of organization or reorganization shall be taken in compliance with that addition, deletion, amendment, or revision. Any provision of this division requiring compliance with the resolution adopted by the commission making determinations shall be deemed to include any addition, deletion, amendment, or revision made to that resolution.

**Commission review of impartial analysis of ballot proposition; approval procedure**

**56898.** Whenever the executive officer is required by law to prepare an impartial analysis of a ballot proposition for approval by the commission, the commission may, by regulation, provide a procedure for approval or modification of the executive officer's analysis.

In any event, the analysis shall be prepared and submitted to the commission in sufficient time for the commission to consider and approve or modify the analysis, and submit the analysis to the officials conducting the election not later than the last day for submission of rebuttal arguments. The impartial analysis submitted by the commission shall not exceed 500 words in length and shall include a general description of the affected territory.

**Failure to direct elections official; next established election**

(2) If, within 45 days of receipt of the notification, the board of supervisors or the city council fails to direct the elections official to conduct the election pursuant to paragraph (1), the elections official shall place the item on the ballot at the next established election date occurring at least 88 days after the date of the notification to the elections official

**57001.** If a certificate of completion for a change of organization or reorganization has not been filed within one year after the commission approves a proposal for that proceeding, the proceeding shall be deemed terminated unless prior to the expiration of that year the commission authorizes an extension of time for that completion. The extension may be for any period deemed reasonable to the commission for completion of necessary prerequisite actions by any party. If a proceeding has not been completed because of the order or decree of a court of competent jurisdiction temporarily enjoining or restraining the proceedings,

this shall not be deemed a failure of completion and the one-year period shall be tolled for the time that order or decree is in effect.

Where separate elections are called within both the district and the territory of the city outside the boundaries of the district, separate forms of city and district ballots, printed on different colors of paper, shall be provided. The city and district ballots shall be separately canvassed.

**Voter entitlements; reorganization election**

**57142.** Where a special election is called upon the question of confirming an order of reorganization, each person entitled to vote as a result of residing or owning land within the territory within which the election is called shall be entitled to ballots and votes as follows:

(a) Each person who qualifies only as a registered voter of any city or registered voter district, regardless of the number of registered voters, is entitled to one ballot and one vote.

(b) Each person who qualifies only as a landowner-voter of any subject district, regardless of the number of landowner voters, is entitled to the number of ballots and votes authorized by the principal act for one such district; if there is more than one such district, that person upon declaration made to the precinct or election officers shall be furnished with a ballot or ballots for the particular district designated by that person.

(c) Each person who qualifies both as a registered voter and as a landowner-voter of any of the subject agencies, may at his or her option vote either as a registered voter or as a landowner-voter, but not both. That person, upon declaration made to the precinct or election officers, shall be furnished with a ballot or ballots for the particular city or district designated by that person.

**Computation of votes determined from election by landowner-voters and registered voters; merger, subsidiary district, or reorganization**

**57143.** In any special election or elections called upon the question of confirmation of an order for merger or the establishment of a subsidiary district or for a reorganization, where the results of the election or elections are to be determined from votes of both landowner-voters and registered voters, the votes of the landowner-voters shall be computed and equated with the votes of the registered voters in the following manner:

(a) First, the per capita assessed value of land for each registered voter within the county within which the elections are held shall be determined to the nearest even dollar by dividing the total assessed value of land within the county, as shown on the last equalized assessment roll of the county, by the total number of voters who were registered in the county at the close of registration, as provided in the Elections Code, next preceding the date of the election. If any landowner-voter district is located in more than one county, the per capita assessed value for each county shall be multiplied by a percentage, to the nearest one-tenth of 1 percent, those percentages being determined by dividing the total area of the district into the area of those portions of the district located within that county; the resulting products of those multiplications shall then be added and the total, to the nearest even dollar, shall be deemed to be the per capita assessed value for all the counties.

(b) Second, if any such landowner-voter district does not use the county assessment roll for the purposes of levying and collecting district assessments or taxes, the per capita assessed value of land for each registered voter within the county shall be corrected by multiplying the per capita assessed value by a correction factor determined as follows: The total assessed valuation of all lands within the district, as shown upon the last equalized assessment roll or book of the district, shall be divided by the corresponding total assessed valuation of all lands within the district, as shown upon the last equalized assessment roll of the county, and the quotient, expressed to the nearest of two decimal places, shall represent the correction factor. If any landowner-voter district is located in more than one county, a correction factor shall be determined, in the manner above provided, for each such county covering all those portions of the district which are located within the county; the correction factor for each county shall then be multiplied by a percentage, to the nearest one-tenth of 1 percent, that percentage being determined by dividing the total area of the

district into the area of those portions of the district located within that county; the resulting products of those multiplications shall then be added and the total, to the nearest of two decimal places, shall be deemed to be the correction factor for all the counties.

(c) Third, the corrected per capita assessed value, determined to the nearest even dollar, shall then be adjusted by dividing it by the number of dollars required for a single vote by a landowner-voter, as specified in the principal act determining the landowner-voter's right to vote.

(d) Fourth, the total number of votes cast by landowner-voters for and against the question shall be divided by the corrected and adjusted per capita assessed value and the quotients, to the nearest whole figures, shall be deemed to be the number of votes of landowner-voters which shall be equated with the votes of the registered-voters of any city or registered voter district, cast for and against the question.

**Application of general conditions; specific conditions control over general conditions**

**57302.** The general provisions of this part shall apply only if the commission does not impose terms and conditions on any change of organization or reorganization pursuant to Section 56886. If a change of organization or a reorganization specifically provides for, and is made subject to any of, the terms and conditions authorized by Section 56886, the specific terms and conditions shall be deemed to be the exclusive terms and conditions of the change of organization or reorganization and shall control over the general provisions of this part. Any of those terms and conditions may be provided for, and be made applicable to, any affected county, affected city, or affected district, to all or any part of the territory of the county, city, or district, to any territory proposed to be annexed to the county, city, or district and to the owner or owners of property within that territory. If the county ordinance or resolution is repealed or superseded, then within 30 days of the effective date of the ordinance or resolution repealing or superseding the county ordinance or resolution, the city council shall enact a new ordinance or resolution conforming in all respects to the action taken by the county. The ordinance enacted by the city council immediately following its organization also shall provide that no city ordinance enacted within that 120-day period of time be deemed to supersede any county ordinance unless the city ordinance specifically refers to the county ordinance, and states an intention to supersede it. <b>Continuation of county services after incorporation</b>	<b>57384.</b> (a) Except as provided in subdivision (b), whenever a city has been incorporated from territory formerly unincorporated, the board of supervisors shall continue to furnish, without additional charge, to the area incorporated all services furnished to the area prior to the incorporation. Those services shall be furnished for

the remainder of the fiscal year during which the incorporation became effective or until the city council requests discontinuance of the services, whichever occurs first.

**Board of supervisors may request reimbursement**

(b) This subdivision applies only to incorporations for which the petition or resolution of application for incorporation is filed with the commission on or after January 1, 1987. Prior to the commission adopting a resolution making determinations, the board of supervisors may request that the city reimburse the county for the net cost of services provided pursuant to subdivision (a). The commission shall impose this requirement as a term and condition of its resolution. The city shall be obligated to reimburse the county within five years of the effective date of the incorporation or for a period in excess of five years, if the board of supervisors agrees to a longer period. As used in this subdivision, "net cost of services" means the total direct and indirect expense to the county of providing services, as determined pursuant to paragraph (2) of subdivision (c) of Section 56810, adjusted by any subsequent change in the California Consumer Price Index, less any revenues which the county retains that were generated from the formerly unincorporated territory during the period of time the services are furnished pursuant to subdivision (a). This subdivision applies only to those services which are to be assumed by the city.

**Time frame for reimbursement**

**"Net cost of services" defined**

**Additional time**

(c) At the request of the city council, the board of supervisors, by resolution, may determine to furnish, without charge, to the area incorporated all or a portion of services furnished to the area prior to the incorporation for an additional period of time after the end of the fiscal year during which the incorporation became effective. The additional period of time after the end of the fiscal year during which the incorporation became effective for which the board of supervisors determines to provide services, without charge, and the specific services to be provided shall be specifically stated in the resolution adopted by the board of supervisors.

(b) Subdivision (a) does not apply to a road or highway which had been accepted into the county road system pursuant to Section 941 of the Streets and Highways Code after the date of the first signature on a petition for annexation or incorporation, the adoption of a resolution of application by an affected local agency, or a date mutually agreed upon by the city and the county.

(c) Nothing in subdivision (a) requires a city to improve the affected road or highway to city standards.

**57400.** Except as otherwise provided in this chapter, on and after the effective date of a disincorporation, the territory of the disincorporated city, all inhabitants within the territory, and all persons formerly entitled to vote by reason of residing within the territory shall cease to be subject to the jurisdiction of the disincorporated city and shall have none of the rights or duties of inhabitants or voters of a city.

### **Transfer of public property**

**57401.** Prior to the effective date of the disincorporation, all public property of the disincorporating city under the control of, or in the possession of, any public officer or employee of the city shall be transferred to the possession and control of the successor or successors designated by the commission.

### **Transfer of all monies to county treasurer by city council**

**57404.** [Repealed by Stats. 2015, Ch. 304]

### **Due but uncollected tax or assessment**

**57405.** If a tax or assessment has been levied by the disincorporated city and remains uncollected, the county tax collector shall collect it when due and pay it into the county treasury on behalf of the designated successor agency or county to wind up the affairs of the disincorporated city.

### **Redemption of property for delinquent city taxes**

**57406.** All property upon which any tax levied by the disincorporated city has become delinquent, and all property sold for any tax levied by the disincorporated city, may be redeemed by any interested party, on payment to the county treasurer of the sum which the auditor estimates would have been necessary to redeem the property if there had been no disincorporation.

### **Special funds for disincorporated city**

**57407.** All money paid into the county treasury pursuant to this chapter shall be placed to the credit of a special fund established for the purpose of settling the affairs of the disincorporated city.

### **Warrants for city indebtedness**

**57408.** Warrants for city indebtedness shall be drawn by the board of supervisors on the special fund.

**57409.** [Repealed by Stats. 2015, Ch. 304]

**57410.** [Repealed by Stats. 2015, Ch. 304]

**Surplus in special fund;  
disposition by board of  
supervisors**

**57411.** Any surplus remaining in the special fund after the payment of any debts shall be, at the discretion of the board of supervisors, transferred to the school districts, community college districts, or districts included in the former city or used for the improvement of streets within the territory of the former city.

**Winding up of city affairs;  
county officer duties**

**57412.** The governing body of the successor shall provide for collection of debts due the city and wind up its affairs. Upon an order by the commission, the appropriate officer of the successor shall perform any act necessary for winding up the city affairs, with the same effect as if it had been performed by the proper city officer.

**County successor to city in rights  
of debts**

**57413.** The county succeeds to all of the rights of the city in the debts and may collect or sue for them in the name of the county.

**Expenses for winding up affairs**

**57414.** All costs and expenses incurred in winding up city affairs are part of the special fund.

**Public utilities of city;  
assumption of control by board  
of supervisors**

**57415.** By ordinance, the board of supervisors may assume control of, and continue to administer, all electric, power, lighting, or gas plants and all systems of waterworks, street lighting, or any other public utility owned by the city at the time of its disincorporation.

**57416.** [Repealed by Stats. 2015, Ch. 304]

**Separate fund for public utility  
collection**

**57417.** All sums collected shall be placed in a separate fund in the county treasury for the administration, conduct, and improvement of the public utility for which the tax is levied.

**Assumption of public property of  
disincorporated or newly  
incorporation city**

**57418.** If any city has within its boundaries, at the time of incorporation, at least two-thirds of the assessed value of an assessable property formerly contained within a disincorporated city, it becomes the owner of all public property formerly belonging to the disincorporated city and that proportion of the debts, liabilities, and credits owned by or due to the disincorporated city as the value of the assessable property of the disincorporated city lying within the boundaries of the new city bears to the value of all assessable property formerly contained within the disincorporated city. The value is that shown by the

equalized assessment roll in effect in the fiscal year in which the city was disincorporated.

**Exclusion from tax on outside territory**

**57419.** No tax shall be levied upon any territory not included within the former limits of the disincorporated city for any debt or liability of the disincorporated city.

**Value of property within new city and disincorporated city; preparation of statement**

**57420.** Upon written request by the legislative body of a newly incorporated city, the board of supervisors shall cause the county auditor to prepare, without cost, a statement of the value of the assessable property in the disincorporated city and the value of that property now contained in the incorporated city. If the statement shows that at least two-thirds of the assessed value of all assessable property formerly contained within the disincorporated city is contained within the boundaries of the newly incorporated city, the board of supervisors shall fix the relative proportion by an order entered in the minutes, and the newly incorporated city is liable for that proportion of the debts and liabilities of the disincorporated city.

**Transfer of public property to new city from disincorporated city**

**57421.** The board of supervisors shall forward a certified copy of the order to the Secretary of State and the city clerk, and turn over to the city council all public property taken by the board of supervisors and the proportion of the special fund to which the city is entitled. Thereafter, ownership of, and title to, all public property formerly belonging to the disincorporated city is vested in the city as fully as if the property had been originally acquired by it.

**Special tax for bonded indebtedness of disincorporated city by new city**

**57422.** Annually, at the time other city taxes are levied and collected, the city council shall levy and collect a special tax on the territory of the disincorporated city within the limits of the city sufficient to pay its proportion of the bonded indebtedness as it becomes due.

**57424.** [Repealed by Stats. 2015, Ch. 304]

**Redemption of property sold for taxes by disincorporated city**

**57425.** If any property within the former limits of the disincorporated city was sold for taxes levied by that city, it may be redeemed or a tax bond issued as if the city had not disincorporated. Those proceedings shall be had and deeds issued in the name of the city in which the land is situated.

**Disincorporated city; general plan and zoning ordinances**

**57426.** As of the effective date of the disincorporation, all of the following apply:

(a) The general plan of the disincorporated city that was in effect immediately prior to the effective date of the disincorporation shall constitute the community plan of the county for the territory of the disincorporated city until the county updates the community plan, adopts a specific plan, or amends its county general plan for the unincorporated territory.

(b) The zoning ordinances of the disincorporated city that were in effect immediately prior to the effective date of the disincorporation shall constitute the zoning ordinances of the county for that territory, and shall be so identified in any community plan, specific plan, or general plan amendment adopted by the county, until the county updates the zoning ordinances applicable to that territory.

(d) Any use of land that was authorized under the general plan and zoning ordinances immediately prior to the effective date of the disincorporation shall continue to be authorized, for as long as a period as may be required by the California Constitution or the United States Constitution.

## **CHAPTER 6. EFFECT OF DISSOLUTION**

### **Corporate powers to cease on effective date**

**57450.** On and after the effective date of the dissolution of a district, the district shall be dissolved, disincorporated, and extinguished, its existence shall be terminated, and all of its corporate powers shall cease, except as the commission may otherwise provide pursuant to Section 56886 or for the purpose of winding up the affairs of the district and as otherwise provided in this chapter. The general provisions of this chapter shall not be construed as limiting in any manner the authority of the commission to impose one or more of the terms and conditions set forth in Section 56886.

### **Determination of successor district**

**57451.** For the purpose of winding up the affairs of a dissolved district, the successor of the dissolved district shall be determined as follows:

(a) If the territory of a dissolved district is located entirely within the incorporated territory of a single city, the city is the successor.

(b) If the territory of a dissolved district is located entirely within the unincorporated territory of a single county, the county is the successor.

(c) If the territory of a dissolved district is located within the incorporated territory of more than one city or the unincorporated territory of more than one county, or any combination of the

incorporated or unincorporated territory of two or more such cities and counties, the successor is that city whose incorporated territory or that county whose unincorporated territory shall, upon the effective date of dissolution, contain the greater assessed value of all taxable property within the territory of the dissolved district, as shown on the last equalized assessment roll or rolls of the county or counties.

(d) If the terms and conditions provide that all of the remaining assets of a dissolved district shall be distributed to a single existing district, the single existing district is the successor.

(e) If the terms and conditions provide that all of the remaining assets of a dissolved district shall be distributed to two or more existing districts, the successor is that existing district which, upon the effective date of dissolution, contains the greater assessed value of all taxable property within the territory of the dissolved district, as shown on the last equalized assessment roll or rolls of the county or counties.

**Property or funds vested in successor**

**57452.** Upon the effective date of dissolution control over all of the moneys or funds, including cash on hand and moneys due but uncollected, and all property, real or personal, of the dissolved district is vested in the successor for the purpose of winding up the affairs of the district.

**Powers and duties of successor district**

**57453.** For the sole and exclusive purpose of winding up the affairs of the dissolved district, the successor and the officers and legislative body of the successor have the same powers and duties as the dissolved district and the officers and legislative body of the dissolved district and all of the following additional powers and duties:

(a) To exchange, sell, or otherwise dispose of all property, real and personal, of the dissolved district.

(b) To compromise and settle claims of every kind and nature.

(c) To sue or be sued in the same manner and to the same extent as the dissolved district and the officers and legislative body of the dissolved district.

These powers and duties shall commence upon the effective date of dissolution and shall continue thereafter until the time when the affairs of the dissolved district have been completely wound up.

**Inhabitants, owners, etc., not entitled**

**57454.** No inhabitant, property owner, taxpayer, consumer, or user within the territory of a dissolved district shall be entitled to either of the following:

(a) All or any part, or to any payment on account of the moneys or funds, including cash on hand and moneys due but uncollected, or any property, real or personal, of the dissolved district.

(b) Any refund by reason of any taxes, assessments, service

charges, rentals, or rates collected prior to the effective date of dissolution.

**Moneys and funds used for obligations of dissolved district**

**57455.** Any moneys and funds of the dissolved district and any moneys or funds received by the successor from the sale or other disposition of any property, real or personal, of the dissolved district shall be used to the extent necessary, for the payment of principal, interest and any other amounts then or thereafter due on account of any outstanding bonds, including revenue bonds, and other contracts or obligations of the dissolved district.

**Distribution of remaining assets**

**57456.** (a) When the successor determines that payment, or provision for payment, has been made of all short-term obligations of the dissolved district, the successor shall distribute any of the remaining assets of the dissolved district in the manner provided in Section 57457.

**"Short-term obligations" defined**

(b) "Short-term obligations," as used in subdivision (a), includes all amounts which shall be due and payable, prior to the end of the fiscal year commencing next after the effective date of dissolution, upon any outstanding bonds, including revenue bonds, and other contracts or obligations of the dissolved district. All other obligations shall be long-term obligations.

**Assets; to whom distributed**

**57457.** Remaining assets of the dissolved district shall be distributed by the successor as follows:

(a) If the territory of the dissolved district is located entirely within the incorporated territory of a single city, all of the assets shall be distributed to that city.

(b) If the territory of the dissolved district is located entirely within the unincorporated territory of a single county, all the assets of the dissolved district shall be distributed to that county.

(c) If the territory of a dissolved district is located within the incorporated territory of more than one city, or the unincorporated territory of more than one county, or any combination of the incorporated or unincorporated territory of two or more such cities and counties, the assets of the dissolved district shall be apportioned between all such cities and counties and distributed as follows:

(1) All real property located within the incorporated territory of any city or within the unincorporated territory of any county, as the case may be, shall be distributed to that city or county.

(2) All moneys or funds including cash on hand and money due but uncollected and all personal property shall be divided among and distributed to each city or county in the proportion that the assessed value of the taxable property of the dissolved district within the incorporated territory of each city or within the unincorporated territory of each county shall bear to the total

assessed value of all taxable property within the dissolved district, the assessed values being those shown upon the last equalized assessment roll or rolls of the county or counties upon the effective date of the dissolution.

**Special tax levy to pay  
outstanding indebtedness**

**57458.** Until payment, or provision for payment, has been made of all principal, interest, and any other amounts owing on account of any outstanding long-term obligations, which are payable in whole or in part from taxes or assessments upon any property within all or any part of the territory of a dissolved district, the legislative body of the successor shall in each year provide for the levy and collection of taxes or assessments upon the property sufficient to pay any principal, interest, and any other amounts owing on account of such obligations, as they become due. Those taxes or assessments shall be levied and collected in the manner provided by the principal act of the dissolved district.

**Restriction on assets until  
outstanding debts paid**

**57459.** Until payment, or provision for payment, has been made of all principal, interest, and any other amounts owing on account of any outstanding bonds, contracts, or other obligations which are payable in whole or in part from the revenues of a revenue-producing enterprise of the dissolved district, the successor shall not do either of the following:

(a) Sell, encumber, or otherwise dispose of all or any part of the revenue-producing enterprise or the revenues derived from that enterprise, except as expressly authorized by the ordinance, resolution, or indenture authorizing or providing for the issuance of any of the bonds, contracts, or other obligations.

(b) Distribute less than the whole of the revenue-producing enterprise to any city or county.

**Retention of revenue enterprise  
until indebtedness paid**

**57460.** If at the time of distribution more than one city or county or any combination of cities or counties are entitled to distribution of portions of a revenue-producing enterprise but the successor is unable to distribute the same because of Section 57459, the successor shall retain the revenue-producing enterprise and all revenues derived from that enterprise until payment, or provision for payment, has been made of all principal, interest, and any other amounts owing on account of outstanding bonds, contracts, or other obligations which are payable in whole or in part from the revenues of the enterprise, at which time the successor shall distribute the enterprise and any revenues derived there from in accordance with Section 57457.

**Rights and liabilities of successor  
for obligations payable from  
revenue enterprise**

**57461.** Where any bonds, contracts, or other obligations which are payable in whole or in part from the revenues of a revenue-producing enterprise are outstanding upon the effective date of

dissolution, the successor, prior to distribution, or any city or county, after distribution, shall succeed to all rights and liabilities of the dissolved district under any ordinance, resolution, or indenture authorizing the bonds, contracts, or other obligations or providing for the issuance of the bonds, contracts, or other obligations and may sue or be sued upon those rights and liability in the same manner and to the same extent as the dissolved district.

**Assets of district impressed with any public trust**

**57462.** Any funds, money, or property of a dissolved district which have been impressed with any public trust, use, or purpose shall continue to be so impressed until that public trust, use, or purpose is vacated, abandoned, or terminated, in the manner provided by law.

**Assets to be used for winding up affairs and for the benefit of area**

**57463.** Subject to the provisions of Section 57462, any funds, money, or property of a dissolved district may be used by the successor for the purpose of winding up the affairs of the district and, after distribution to any city, county, or district may be used for any lawful purpose of the city, county, or district to which the funds, money, or property have been distributed. So far as may be practicable, the funds, money, or property shall be used for the benefit of the lands, inhabitants, and taxpayers within the territory of the dissolved district.

**CHAPTER 7. EFFECT OF CONSOLIDATION OF CITIES**

**Manner of governance of consolidated city; name of city; officers of new city**

**57475.** If the successor city has a freeholder's charter, the successor city shall be governed as a new city under the freeholder's charter of the successor city. If the successor city was organized under former Part 2 (commencing with Section 35000) of Division 2 of Title 4, or its predecessors, the successor city shall be governed in the same manner as a new city. Except as otherwise provided in this chapter, the successor city shall be governed in the name of the successor city. If the electors have expressed a preference for the name of the successor city, the successor city is deemed to have the name favored by the electors. The predecessor cities are dissolved and disincorporated and if any of them has a freeholder's charter, it is deemed surrendered and annulled and they are merged into the successor city. Immediately upon qualifying, the officers of the successor city who have been elected shall enter upon the duties of their offices and hold office until the next general municipal election and until their successors are elected and qualified. All persons in possession of, or occupying, the offices in each of the predecessor cities shall

surrender them immediately to the proper officers of the successor city.

**Title to property of predecessor city**

**57476.** Upon consolidation, the title to any property owned or held by, or in trust for, each predecessor city or by its officers or boards in trust for public use shall be vested in the successor city or its officers or boards.

**Effect of consolidation on liabilities**

**57477.** Except as otherwise provided in this division, consolidation does not affect any debts, demands, liabilities, or obligations of any kind existing in favor of or against the cities consolidated at the time of consolidation. Consolidation does not affect any pending action or proceeding involving any such debt, demand, liability, or obligation or any action or proceedings brought by or against any city prior to consolidation. The proceedings shall be continued and concluded by final judgment or otherwise as if consolidation had not been effected. Those rights or liabilities are the rights and liabilities of the successor city.

**Repeal of ordinances of predecessor city**

**57478.** Immediately upon consolidation, all ordinances of the predecessor cities are deemed repealed. That repeal shall not discharge any person from any existing civil or criminal liability nor affect any pending prosecution for violation of any of those ordinances.

**Restriction on repeal of ordinances**

**57479.** The repeal of ordinances provided by Section 57478 shall not apply to any of the following:

- (a) Ordinances under which vested rights have accrued.
- (b) Ordinances relating to proceedings for street or other public improvements.
- (c) Ordinances relating to zoning or land use regulation.
- (d) Proceedings for opening, extending, widening, straightening, or changing the grade of streets or other public places.

These proceedings shall be continued and conducted by the successor city with the same effect as if continued and conducted by the city which commenced them.

**Effective date of ordinances of successor city**

**57480.** On and after the effective date of the consolidation, all ordinances, if any, of the successor city shall have full effect throughout the successor city.

**Restriction on liability of other city's indebtedness**

**57481.** Unless otherwise provided in the terms and conditions of the consolidation, the property in cities consolidated pursuant to this chapter shall not be taxed to pay any indebtedness or liability

of any other city contracted or incurred prior to, or existing at, the time of consolidation.

**Separate levy for each city's indebtedness**

**57482.** The city council of the successor city shall separately levy and collect the taxes necessary to pay the indebtedness or liability of each predecessor city within the territory of each predecessor city.

**Charter city status**

**57483.** Where the successor city is, or becomes, a chartered city, under a freeholder's charter providing that boroughs may be established in territories or cities annexed to or consolidated with it, this division does not prevent a predecessor city, or any part of it, from becoming a borough.

**CHAPTER 8. EFFECT OF CONSOLIDATION OF DISTRICTS**

**Powers and duties of consolidated district; rights of inhabitants and voters**

**57500.** On and after the effective date of a consolidation, the consolidated district succeeds to all of the powers, rights, duties, obligations, functions, and properties of all predecessor districts which have been united or joined into the consolidated district. The territory of a consolidated district, all inhabitants within that territory, and all persons entitled to vote by reason of residing or owning land within the territory are subject to the jurisdiction of the consolidated district and, except as otherwise provided in this chapter, have the same rights and duties as if the consolidated district had been originally formed under the principal act.

**No payment for use of property of predecessor district**

**57501.** No payment for the use, or right of use, of any property, real or personal, acquired or constructed by any predecessor district shall be required by reason of the consolidation of the district with other predecessor districts.

**Liability for payment of bonds and obligations of predecessor districts**

**57502.** The territory of a consolidated district shall be liable for payment of principal, interest, and any other amounts which become due on account of any outstanding or then authorized but thereafter issued bonds, including revenue bonds, or other contracts or obligations of all predecessor districts, and are subject to the levying or fixing and collection of any of the following which may be necessary to provide for payment:

(a) Taxes or assessments.

(b) Service charges, rentals, or rates.

(c) Both taxes or assessments and service charges, rentals, or rates. However, only the territory within an improvement district shall be liable for any payment required on account of any bonds, including revenue bonds, or other contracts previously authorized or issued by, or on behalf of, the improvement district.

## **CHAPTER 9. MERGERS AND THE ESTABLISHMENT OF SUBSIDIARY DISTRICTS**

**57525.** On and after the effective date of a merger of a district with a city, the district is extinguished, terminated, and its existence ceases, except as otherwise provided in this chapter.

### **Assets vested in city**

**57526.** Upon the effective date of a merger, all of the moneys or funds, including cash on hand and moneys due but uncollected and all property, real or personal, of the merged district is vested in the city.

**57527.** No inhabitant, property owner, taxpayer, consumer, or user within the territory of a merged district shall be entitled to either of the following:

(b) Any refund by reason of any taxes, assessments, service charges, rentals, or rates collected prior to the effective date of merger.

### **Remaining moneys to pay outstanding indebtedness**

**57528.** Any moneys and funds of the merged district and any moneys or funds received by the city from the sale or other disposition of any property, real or personal, of the merged district shall be used, to the extent necessary, for the payment of principal, interest, and any other amounts then or thereafter due on account of any outstanding bonds, including revenue bonds, and other contracts and obligations of the merged district.

### **Special tax to pay indebtedness of merged districts**

**57529.** Until payment, or provision for payment, has been made of all principal, interest, and any other amounts owing on account of any outstanding obligations, which are payable in whole or in part from taxes or assessments upon any property within all or any part of the territory of a merged district, the city council shall in each year provide for the levy and collection of taxes and assessments upon the property sufficient to pay any principal, interest, and any other amounts owing on account of such obligations, as they become due. Those taxes and assessments shall be levied and collected in the manner provided by the principal act of the merged district.

### **Restriction on sale of revenue enterprise until indebtedness paid**

**57530.** Until payment, or provision for payment, has been made of all principal, interest, and any other amounts owing on account of any outstanding bonds, contracts, or other obligations which are payable in whole or in part from the revenues of a revenue-

producing enterprise of the merged district, the city shall not sell, encumber, or otherwise dispose of all or any part of the revenue-producing enterprise or the revenues derived from the enterprise, except as expressly authorized by the ordinance, resolution, or indenture authorizing the bonds, contracts, or other obligations or providing for the issuance of any bonds, contracts, or other obligations.

**Rights of successor city for payment of outstanding indebtedness**

**57531.** Where any bonds, including revenue bonds, contracts, or other obligations of the merged district are outstanding upon the effective date of merger, the city succeeds to all of the rights and liabilities of the merged district under any ordinance, resolution, indenture, contract, or other obligation or providing for or authorizing the issuance of any bonds, contracts, or other obligations and may sue and be sued upon those rights and liabilities in the same manner and to the same extent as the merged district.

**Funds impressed with public trust**

**57532.** Any funds, money, or property of a merged district which have been impressed with any public trust, use, or purpose shall continue to be so impressed until the public trust, use, or purpose is vacated, abandoned, or terminated, in the manner provided by law.

**Use of funds of merged district**

**57533.** Subject to Section 57532, any funds, money, or property of a merged district may be used for any lawful purpose of the city. So far as may be practicable, as determined by the city council, any of these funds, money, or property shall be used for the benefit of the lands, inhabitants, and taxpayers within the territory of the merged district.

**City council as board of directors of subsidiary district; continuation of district's existence**

**57534.** On and after the effective date of an order establishing a district as a subsidiary district of a city, the city council shall be designated as, and empowered to act as, ex officio the board of directors of the district. The district shall continue in existence with all of the powers, rights, duties, obligations, and functions provided for by the principal act, except for any provisions relating to the selection or removal of the members of the board of directors of the district.

**City council member serving on district board; conflict**

**57535.** If any court determines that any incompatibility exists by reason of the same person or persons holding office both as a member of the city council and as a member of the board of directors of a subsidiary district, the court shall order the vacation of the office of that person as a member of the board of directors, but not as a member of the city council, and shall order the

membership of the board of directors to be selected in the manner provided by the principal act.

#### **CHAPTER 10. EFFECT OF REORGANIZATION**

##### **Effect of change of organization after a reorganization**

**57550.** On and after the effective date of a reorganization, each change of organization ordered for any city or district shall be given the force and effect pertaining to a change of organization of that type, as provided in this part.

**93.** (a) Notwithstanding any other provision of law, except as provided in subdivisions (b) and (c), no local agency, school district, county superintendent of schools, or community college district shall levy an ad valorem property tax, other than that amount which is equal to the amount needed to make annual payments for the interest and principal on general obligation bonds or other indebtedness approved by the voters prior to July 1, 1978 or the amount levied pursuant to Part 10 (commencing with Section 15000) of Division 1 and Sections 39308, 39311, 81338, and 81341 of the Education Code. In determining the tax rate required for the purposes specified in this subdivision, the amount of the levy shall be increased to compensate for any allocation and payment of tax revenues required pursuant to subdivision (b) of Section 33670 and subdivision (d) of Section 33675 of the Health and Safety Code.

(b) A county shall levy an ad valorem property tax on taxable assessed value at a rate equal to four dollars (\$4) per one hundred dollars (\$100) of assessed value, and at an equivalent rate when the ratio prescribed in Section 401 is changed from 25 percent to 100 percent. The revenue from that tax shall be distributed, subject to the allocation and payment as provided in subdivision (d) of Section 33675 of the Health and Safety Code, to local agencies, school districts, county superintendents of schools, and community college districts in accordance with the provisions of the Government Code through the 1978-79 fiscal year and in accordance with applicable provisions of the Revenue and Taxation Code in each fiscal year thereafter. Revenues from property tax delinquency penalties, and accrued legal interest paid on judgments for the recovery of unpaid property taxes rendered by courts of this state, shall be distributed pursuant to Sections 4653.6, 4655.4, and 4658.4 of the Revenue and Taxation Code, or their successors.

(c) Any jurisdiction may levy an ad valorem property tax rate in the excess of the rate permitted in subdivision (b) in order to produce revenues in an amount which is equal to the amount needed to make annual payments for the interest and principal on any bonded indebtedness for the acquisition or improvement of real property which is approved by a two-thirds vote of its voters after June 4, 1986

**97.70.** Notwithstanding any other law, for the 2004-05 fiscal year and for each fiscal year thereafter, all of the following apply:

(a) (1) (A) The auditor shall reduce the total amount of ad valorem property tax revenue that is otherwise required to be allocated to a county's Educational Revenue Augmentation Fund by the countywide vehicle license fee adjustment amount.

(B) If, for the fiscal year, after complying with Section 97.68 there is not enough ad valorem property tax revenue that is otherwise required to be allocated to a county Educational Revenue Augmentation Fund for the auditor to complete the allocation reduction required by subparagraph (A), the auditor shall additionally reduce the total amount of ad valorem property tax revenue that is otherwise required to be allocated to all school districts and community college districts in the county for that fiscal year by an amount equal to the difference between the countywide vehicle license fee adjustment amount and the amount of ad valorem property tax revenue that is otherwise required to be allocated to the county Educational Revenue Augmentation Fund for that fiscal year. This reduction for each school district and community college district in the county shall be the percentage share of the total reduction that is equal to the proportion that the total amount of ad valorem property tax revenue that is otherwise required to be allocated to the school district or community college district bears to the total amount of ad valorem property tax revenue that is otherwise required to be allocated to all school districts and community college districts in a county. For purposes of this subparagraph, "school districts" and "community college districts" do not include any districts that are excess tax school entities, as defined in Section 95.

(2) The countywide vehicle license fee adjustment amount shall be allocated to the Vehicle License Fee Property Tax Compensation Fund that shall be established in the treasury of each county.

(b) (1) The auditor shall allocate moneys in the Vehicle License Fee Property Tax Compensation Fund according to the following:

(A) Each city in the county shall receive its vehicle license fee adjustment amount.

(B) Each county and city and county shall receive its vehicle license fee adjustment amount.

(2) The auditor shall allocate one-half of the amount specified in paragraph (1) on or before January 31 of each fiscal year, and the other one-half on or before May 31 of each fiscal year.

(c) For purposes of this section, all of the following apply:

(1) "Vehicle license fee adjustment amount" for a particular city, county, or a city and county means, subject to an adjustment under paragraph (2) and Section 97.71, all of the following:

(A) For the 2004-05 fiscal year, an amount equal to the difference between the following two amounts:

(i) The estimated total amount of revenue that would have been deposited to the credit of the Motor Vehicle License Fee Account in the Transportation Tax Fund, including any amounts that would have been certified to the Controller by the auditor of the County of Ventura under subdivision (j) of Section 98.02, as that section read on January 1, 2004, for the distribution under the law as it read on January 1, 2004, to the county, city and county, or city for the 2004-05

fiscal year if the fee otherwise due under the Vehicle License Fee Law (Part 5 (commencing with Section 10701) of Division 2) was 2 percent of the market value of a vehicle, as specified in Sections 10752 and 10752.1 as those sections read on January 1, 2004.

(ii) The estimated total amount of revenue that is required to be distributed from the Motor Vehicle License Fee Account in the Transportation Tax Fund to the county, city and county, and each city in the county for the 2004-05 fiscal year under Section 11005, as that section read on the operative date of the act that amended this clause.

(B) (i) Subject to an adjustment under clause (ii), for the 2005-06 fiscal year, the sum of the following two amounts:

(I) The difference between the following two amounts:

(ia) The actual total amount of revenue that would have been deposited to the credit of the Motor Vehicle License Fee Account in the Transportation Tax Fund, including any amounts that would have been certified to the Controller by the auditor of the County of Ventura under subdivision (j) of Section 98.02, as that section read on January 1, 2004, for distribution under the law as it read on January 1, 2004, to the county, city and county, or city for the 2004-05 fiscal year if the fee otherwise due under the Vehicle License Fee Law (Part 5 (commencing with Section 10701) of Division 2) was 2 percent of the market value of a vehicle, as specified in Sections 10752 and 10752.1 as those sections read on January 1, 2004.

(ib) The actual total amount of revenue that was distributed from the Motor Vehicle License Fee Account in the Transportation Tax Fund to the county, city and county, and each city in the county for the 2004-05 fiscal year under Section 11005, as that section read on the operative date of the act that amended this subsubclause.

(II) The product of the following two amounts:

(ia) The amount described in subclause (I).

(ib) The percentage change from the prior fiscal year to the current fiscal year in gross taxable assessed valuation within the jurisdiction of the entity, as reflected in the equalized assessment roll for those fiscal years. For the first fiscal year for which a change in a city's jurisdictional boundaries first applies, the percentage change in gross taxable assessed valuation from the prior fiscal year to the current fiscal year shall be calculated solely on the basis of the city's previous jurisdictional boundaries, without regard to the change in that city's jurisdictional boundaries. For each following fiscal year, the percentage change in gross taxable assessed valuation from the prior fiscal year to the current fiscal year shall be calculated on the basis of the city's current jurisdictional boundaries.

(ii) The amount described in clause (i) shall be adjusted as follows:

(I) If the amount described in subclause (I) of clause (i) for a particular city, county, or city and county is greater than the amount

described in subparagraph (A) for that city, county, or city and county, the amount described in clause (i) shall be increased by an amount equal to this difference.

(II) If the amount described in subclause (I) of clause (i) for a particular city, county, or city and county is less than the amount described in subparagraph (A) for that city, county, or city and county, the amount described in clause (i) shall be decreased by an amount equal to this difference.

(C) For the 2006-07 fiscal year and for each fiscal year thereafter, the sum of the following two amounts:

(i) The vehicle license fee adjustment amount for the prior fiscal year, if Section 97.71 and clause (ii) of subparagraph (B) did not apply for that fiscal year, for that city, county, and city and county.

(ii) The product of the following two amounts:

(I) The amount described in clause (i).

(II) The percentage change from the prior fiscal year to the current fiscal year in gross taxable assessed valuation within the jurisdiction of the entity, as reflected in the equalized assessment roll for those fiscal years. For the first fiscal year for which a change in a city's jurisdictional boundaries first applies, the percentage change in gross taxable assessed valuation from the prior fiscal year to the current fiscal year shall be calculated solely on the basis of the city's previous jurisdictional boundaries, without regard to the change in that city's jurisdictional boundaries. For each following fiscal year, the percentage change in gross taxable assessed valuation from the prior fiscal year to the current fiscal year shall be calculated on the basis of the city's current jurisdictional boundaries.

(2) Notwithstanding paragraph (1), "vehicle license fee adjustment amount," for a city incorporating after January 1, 2004, and on or before January 1, 2012, means the following:

(A) For the 2017-18 fiscal year, the quotient derived from the following fraction:

(i) The numerator is the product of the following two amounts:

(I) The sum of the most recent vehicle license fee adjustment amounts determined for all cities in the county.

(II) The population of the incorporating city.

(ii) The denominator is the sum of the populations of all cities in the county.

(B) For the 2018-19 fiscal year, and for each fiscal year thereafter, the sum of the following two amounts:

(i) The vehicle license fee adjustment amount for the prior fiscal year.

(ii) The product of the following two amounts:

(I) The amount described in clause (i).

(II) The percentage change from the prior fiscal year to the current fiscal year in gross taxable assessed valuation within the jurisdiction of the entity, as reflected in the equalized assessment roll for those fiscal years.

(3) For the 2013-14 fiscal year, the vehicle license fee adjustment amount that is determined under subparagraph (C) of paragraph (1) for the County of Orange shall be increased by fifty-three million dollar (\$53,000,000). For the 2014-15 fiscal year and each fiscal year thereafter, the calculation of the vehicle license fee adjustment amount for the County of Orange under subparagraph (C) of paragraph (1) shall be based on a prior fiscal year amount that reflects the full amount of this one-time increase of fifty-three million dollars (\$53,000,000).

(4) "Countywide vehicle license fee adjustment amount" means, for any fiscal year, the total sum of the amounts described in paragraphs (1), (2), and (3) for a county or city and county, and each city in the county.

(5) On or before June 30 of each fiscal year, the auditor shall report to the Controller, in an electronic format provided by the Controller, the vehicle license fee adjustment amount for the county and each city in the county for that fiscal year. The Controller shall make the information available to the public in a readily accessible compiled electronic file via the Controller's internet website on or before September 1 of each year.

(d) For the 2005-06 fiscal year and each fiscal year thereafter, the amounts determined under subdivision (a) of Section 96.1, or any successor to that provision, shall not reflect, for a preceding fiscal year, any portion of any allocation required by this section.

(e) For purposes of Section 15 of Article XI of the California Constitution, the allocations from a Vehicle License Fee Property Tax Compensation Fund constitute successor taxes that are otherwise required to be allocated to counties and cities, and as successor taxes, the obligation to make those transfers as required by this section shall not be extinguished nor disregarded in any manner that adversely affects the security of, or the ability of, a county or city to pay the principal and interest on any debts or obligations that were funded or secured by that city's or county's allocated share of motor vehicle license fee revenues.

(f) This section shall not be construed to do any of the following:

(1) Reduce any allocations of excess, additional, or remaining funds that would otherwise have been allocated to county superintendents of schools, cities, counties, and cities and counties pursuant to clause (i) of subparagraph (B) of paragraph (4) of subdivision (d) of Sections 97.2 and 97.3 or Article 4 (commencing with Section 98) had this section not been enacted. The allocations required by this section shall be adjusted to comply with this paragraph.

(2) Require an increased ad valorem property tax revenue allocation or increased tax increment allocation to a community redevelopment agency.

(3) Alter the manner in which ad valorem property tax revenue growth from fiscal year to fiscal year is otherwise determined or allocated in a county.

(4) Reduce ad valorem property tax revenue allocations required under Article 4 (commencing with Section 98).

(g) Tax exchange or revenue sharing agreements, entered into prior to the operative date of this section, between local agencies or between local agencies and nonlocal agencies are deemed to be modified to account for the reduced vehicle license fee revenues resulting from the act that added this section. These agreements are modified in that these reduced revenues are, in kind and in lieu thereof, replaced with ad valorem property tax revenue from a Vehicle License Fee Property Tax Compensation Fund or an Educational Revenue Augmentation Fund.

**Jurisdictional changes; city  
Incorporation or  
disincorporation; district  
formation**

**99.** (a) For the purposes of the computations required by this chapter:

(1) In the case of a jurisdictional change, other than a city incorporation, city disincorporation, or a formation of a district as defined in Section 2215, the auditor shall adjust the allocation of property tax revenue determined pursuant to Section 96 or 96.1, or the annual tax increment determined pursuant to Section 96.5, for local agencies whose service area or service responsibility would be altered by the jurisdictional change, as determined pursuant to subdivision (b) or (c).

(2) In the case of a city incorporation or disincorporation, the auditor shall assign the allocation of property tax revenues determined pursuant to Section 56810 of the Government Code and the adjustments in tax revenues that may occur pursuant to Section 56815 of the Government Code to the newly formed city or district and shall make the adjustment as determined by Section 56810 or 56813 in the allocation of property tax revenue determined pursuant to Section 96 or 96.1 for each local agency whose service area or service responsibilities would be altered by the incorporation.

(3) In the case of a formation of a district as defined in Section 2215, the auditor shall assign the allocation of property tax revenues determined pursuant to Section 56810 of the Government Code to the district and shall make the adjustment as determined by Section 56810, or for the disincorporated city or dissolved district as determined by Section 56813, in the allocation of property tax revenue determined pursuant to Section 96 or 96.1 for each local agency whose service area or service responsibilities would be altered by the change of organization.

(b) Upon the filing of an application or a resolution pursuant to the Cortese-Knox-Hertzberg Local Government Reorganization Act of

2000 (Division 3 (commencing with Section 56000) of Title 5 of the Government Code), but prior to the issuance of a certificate of filing, the executive officer shall give notice of the filing to the assessor and auditor of each county within which the territory subject to the jurisdictional change is located. This notice shall specify each local agency whose service area or responsibility will be altered by the jurisdictional change.

(1) (A) The county assessor shall provide to the county auditor, within 30 days of the notice of filing, a report which identifies the assessed valuations for the territory subject to the jurisdictional change and the tax rate area or areas in which the territory exists.

(B) The auditor shall estimate the amount of property tax revenue generated within the territory that is the subject of the jurisdictional change during the current fiscal year.

(2) The auditor shall estimate what proportion of the property tax revenue determined pursuant to paragraph (1) is attributable to each local agency pursuant to Sections 96.1 and 96.5.

(3) Within 45 days of notice of the filing of an application or resolution, the auditor shall notify the governing body of each local agency whose service area or service responsibility will be altered by the jurisdictional change of the amount of, and allocation factors with respect to, property tax revenue estimated pursuant to paragraph (2) that is subject to a negotiated exchange.

(4) Upon receipt of the estimates pursuant to paragraph (3), the local agencies shall commence negotiations to determine the amount of property tax revenues to be exchanged between and among the local agencies. Except as otherwise provided, this negotiation period shall not exceed 60 days. If a local agency involved in these negotiations notifies the other local agencies, the county auditor, and the local agency formation commission in writing of its desire to extend the negotiating period, the negotiating period shall be 90 days.

The exchange may be limited to an exchange of property tax revenues from the annual tax increment generated in the area subject to the jurisdictional change and attributable to the local agencies whose service area or service responsibilities will be altered by the proposed jurisdictional change. The final exchange resolution shall specify how the annual tax increment shall be allocated in future years.

(5) In the event that a jurisdictional change would affect the service area or service responsibility of one or more special districts, the board of supervisors of the county or counties in which the districts are located shall, on behalf of the district or districts, negotiate any exchange of property tax revenues. Prior to entering into negotiation on behalf of a district for the exchange of property tax revenue, the board shall consult with the affected district. The consultation shall include, at minimum, notification to each member and executive officer of the district board of the pending consultation and provision of adequate opportunity to comment on the negotiation.

(6) Notwithstanding any other provision of law, the executive officer shall not issue a certificate of filing pursuant to Section 56658 of the Government Code until the local agencies included in the property tax revenue exchange negotiation, within the negotiation period, present resolutions adopted by each such county and city whereby each county and city agrees to accept the exchange of property tax revenues.

(7) In the event that the commission modifies the proposal or its resolution of determination, any local agency whose service area or service responsibility would be altered by the proposed jurisdictional change may request, and the executive officer shall grant, 30 days for the affected agencies, pursuant to paragraph (4), to renegotiate an exchange of property tax revenues. Notwithstanding the time period specified in paragraph (4), if the resolutions required pursuant to paragraph (6) are not presented to the executive officer within the 30-day period, all proceedings of the jurisdictional change shall automatically be terminated.

(8) In the case of a jurisdictional change that consists of a city's qualified annexation of unincorporated territory, an exchange of property tax revenues between the city and the county shall be determined in accordance with subdivision (e) if that exchange of revenues is not otherwise determined pursuant to either of the following:

(A) Negotiations completed within the applicable period or periods as prescribed by this subdivision.

(B) A master property tax exchange agreement among those local agencies, as described in subdivision (d).

For purposes of this paragraph, a qualified annexation of unincorporated territory means an annexation, as so described, for which an application or a resolution was filed on or after January 1, 1998, and on or before January 1, 2028.

(9) No later than the date on which the certificate of completion of the jurisdictional change is recorded with the county recorder, the executive officer shall notify the auditor or auditors of the exchange of property tax revenues and the auditor or auditors shall make the appropriate adjustments as provided in subdivision (a).

(c) Whenever a jurisdictional change is not required to be reviewed and approved by a local agency formation commission, the local agencies whose service area or service responsibilities would be altered by the proposed change, shall give notice to the State Board of Equalization and the assessor and auditor of each county within which the territory subject to the jurisdictional change is located. This notice shall specify each local agency whose service area or responsibility will be altered by the jurisdictional change and request the auditor and assessor to make the determinations required pursuant to paragraphs (1) and (2) of subdivision (b). Upon notification by the auditor of the amount of, and allocation factors with respect to, property tax subject to exchange, the local agencies, pursuant to the provisions of paragraphs (4) and (6) of subdivision (b), shall determine the amount

of property tax revenues to be exchanged between and among the local agencies. Notwithstanding any other provision of law, no such jurisdictional change shall become effective until each county and city included in these negotiations agrees, by resolution, to accept the negotiated exchange of property tax revenues. The exchange may be limited to an exchange of property tax revenue from the annual tax increment generated in the area subject to the jurisdictional change and attributable to the local agencies whose service area or service responsibilities will be altered by the proposed jurisdictional change. The final exchange resolution shall specify how the annual tax increment shall be allocated in future years. Upon the adoption of the resolutions required pursuant to this section, the adopting agencies shall notify the auditor who shall make the appropriate adjustments as provided in subdivision (a). Adjustments in property tax allocations made as the result of a city or library district withdrawing from a county free library system pursuant to Section 19116 of the Education Code shall be made pursuant to Section 19116 of the Education Code, and this subdivision shall not apply.

(d) With respect to adjustments in the allocation of property taxes pursuant to this section, a county and any local agency or agencies within the county may develop and adopt a master property tax transfer agreement. The agreement may be revised from time to time by the parties subject to the agreement.

(e) (1) An exchange of property tax revenues that is required by paragraph (8) of subdivision (b) to be determined pursuant to this subdivision shall be determined in accordance with all of the following:

(A) The city and the county shall mutually select a third-party consultant to perform a comprehensive, independent fiscal analysis, funded in equal portions by the city and the county, that specifies estimates of all tax revenues that will be derived from the annexed territory and the costs of city and county services with respect to the annexed territory. The analysis shall be completed within a period not to exceed 30 days, and shall be based upon the general plan or adopted plans and policies of the annexing city and the intended uses for the annexed territory. If, upon the completion of the analysis period, no exchange of property tax revenues is agreed upon by the city and the county, subparagraph (B) shall apply.

(B) The city and the county shall mutually select a mediator, funded in equal portions by those agencies, to perform mediation for a period of not to exceed 30 days. If, upon the completion of the mediation period, no exchange of property tax revenues is agreed upon by the city and the county, subparagraph (C) shall apply.

(C) The city and the county shall mutually select an arbitrator, funded in equal portions by those agencies, to conduct an advisory arbitration with the city and the county for a period of not to exceed 30 days. At the conclusion of this arbitration period, the city and the county shall each present to the arbitrator its last and best offer with

respect to the exchange of property tax revenues. The arbitrator shall select one of the offers and recommend that offer to the governing bodies of the city and the county. If the governing body of the city or the county rejects the recommended offer, it shall do so during a public hearing, and shall, at the conclusion of that hearing, make written findings of fact as to why the recommended offer was not accepted.

(2) Proceedings under this subdivision shall be concluded no more than 150 days after the auditor provides the notification pursuant to paragraph (3) of subdivision (b), unless one of the periods specified in this subdivision is extended by the mutual agreement of the city and the county. Notwithstanding any other provision of law, except for those conditions that are necessary to implement an exchange of property tax revenues determined pursuant to this subdivision, the local agency formation commission shall not impose any fiscal conditions upon a city's qualified annexation of unincorporated territory that is subject to this subdivision.

(f) Except as otherwise provided in subdivision (g), for the purpose of determining the amount of property tax to be allocated in the 1979-80 fiscal year and each fiscal year thereafter for those local agencies that were affected by a jurisdictional change which was filed with the State Board of Equalization after January 1, 1978, but on or before January 1, 1979. The local agencies shall determine by resolution the amount of property tax revenues to be exchanged between and among the affected agencies and notify the auditor of the determination.

(g) For the purpose of determining the amount of property tax to be allocated in the 1979-80 fiscal year and each fiscal year thereafter, for a city incorporation that was filed pursuant to Sections 54900 to 54904, inclusive, of the Government Code after January 1, 1978, but on or before January 1, 1979, the amount of property tax revenue considered to have been received by the jurisdiction for the 1978-79 fiscal year shall be equal to two-thirds of the amount of property tax revenue projected in the final local agency formation commission staff report pertaining to the incorporation multiplied by the proportion that the total amount of property tax revenue received by all jurisdictions within the county for the 1978 -79 fiscal year bears to the total amount of property tax revenue received by all jurisdictions within the county for the 1977-78 fiscal year. Except, however, in the event that the final commission report did not specify the amount of property tax revenue projected for that incorporation, the commission shall by October 10, determine pursuant to Section 54790.3 of the Government Code the amount of property tax to be transferred to the city.

The provisions of this subdivision shall also apply to the allocation of property taxes for the 1980-81 fiscal year and each fiscal year thereafter for incorporations approved by the voters in June 1979.

(h) For the purpose of the computations made pursuant to this section, in the case of a district formation that was filed pursuant to Sections 54900 to 54904, inclusive, of the Government Code after January 1,

1978, but before January 1, 1979, the amount of property tax to be allocated to the district for the 1979-80 fiscal year and each fiscal year thereafter shall be determined pursuant to Section 54790.3 of the Government Code.

(i) For the purposes of the computations required by this chapter, in the case of a jurisdictional change, other than a change requiring an adjustment by the auditor pursuant to subdivision (a), the auditor shall adjust the allocation of property tax revenue determined pursuant to Section 96 or 96.1 or its predecessor section, or the annual tax increment determined pursuant to Section 96.5 or its predecessor section, for each local school district, community college district, or county superintendent of schools whose service area or service responsibility would be altered by the jurisdictional change, as determined as follows:

(1) The governing body of each district, county superintendent of schools, or county whose service areas or service responsibilities would be altered by the change shall determine the amount of property tax revenues to be exchanged between and among the affected jurisdictions. This determination shall be adopted by each affected jurisdiction by resolution. For the purpose of negotiation, the county auditor shall furnish the parties and the county board of education with an estimate of the property tax revenue subject to negotiation.

(2) In the event that the affected jurisdictions are unable to agree, within 60 days after the effective date of the jurisdictional change, and if all the jurisdictions are wholly within one county, the county board of education shall, by resolution, determine the amount of property tax revenue to be exchanged. If the jurisdictions are in more than one county, the State Board of Education shall, by resolution, within 60 days after the effective date of the jurisdictional change, determine the amount of property tax to be exchanged.

(3) Upon adoption of any resolution pursuant to this subdivision, the adopting jurisdictions or State Board of Education shall notify the county auditor who shall make the appropriate adjustments as provided in subdivision (a).

(j) For purposes of subdivision (i), the annexation by a community college district of territory within a county not previously served by a community college district is an alteration of service area. The community college district and the county shall negotiate the amount, if any, of property tax revenues to be exchanged. In these negotiations, there shall be taken into consideration the amount of revenue received from the timber yield tax and forest reserve receipts by the community college district in the area not previously served. In no event shall the property tax revenue to be exchanged exceed the amount of property tax revenue collected prior to the annexation for the purposes of paying tuition expenses of residents enrolled in the community college district, adjusted each year by the percentage change in population and the percentage change in the cost of living, or per capita personal income, whichever is lower, less the amount of revenue received by

the community college district in the annexed area from the timber yield tax and forest reserve receipts.

(k) At any time after a jurisdictional change is effective, any of the local agencies party to the agreement to exchange property tax revenue may renegotiate the agreement with respect to the current fiscal year or subsequent fiscal years, subject to approval by all local agencies affected by the renegotiation.

**Jurisdictional changes;  
services by special district to  
area not previously served by  
local agency**

**99.01.** (a) For the purposes of Section 99, in the case of a jurisdictional change that will result in a special district providing one or more services to an area where those services have not been previously provided by any local agency, the following shall apply:

(1) The special district referred to in this subdivision and each local agency that receives an apportionment of property tax revenue from the area shall be considered local agencies whose service area or service responsibility will be altered by the jurisdictional change.

(2) The exchange of property tax among those local agencies shall be limited to property tax revenue from the annual tax increment generated in the area subject to the jurisdictional change and attributable to those local agencies.

(3) Notwithstanding the provisions of paragraph (5) of subdivision (b) of Section 99, any special district affected by the jurisdictional change may negotiate on its own behalf, if it so chooses.

(4) If a special district involved in the negotiation (other than the district which will provide one or more services to the area where those services have not been previously provided) fails to adopt a resolution providing for the exchange of property tax revenue, the board of supervisors of the county in the area subject to the jurisdictional change is located shall determine the exchange of property tax revenue for that special district.

(b) The provisions of subdivisions (a), (b), (c), (d), and (j) of Section 99 not in conflict with this section shall apply. The jurisdictional changes described in subdivisions (e), (f), (g), (h), and (i) of Section 99 shall not be affected by the provisions of this section.

**Annexation development plan;  
plan for financing services**

**99.3.** (a) The plan for financing services that is included with a resolution of application for change of organization or reorganization filed by a local agency pursuant to Section 56653 of the Government Code for a disadvantaged, unincorporated community may include an annexation development plan that has been adopted pursuant to subdivision (c).

**Definitions**

(ii) The denominator is the fraction determined as the actual population, as defined in subdivision (d) of Section 11005.3, of all cities during the most recent fiscal year, divided by the actual population, as defined in subdivision (d) of Section 11005.3, of all cities in the 2004—05 fiscal year.

(B) The actual population, as defined in subdivision (e) of Section 11005.3, residing in areas annexed after August 5, 2004, as of the date of annexation.
