

Local Ballot Measure: J

Arguments and rebuttals are the opinions of the authors. We print them exactly as submitted.

Argument In Favor of Measure J

Funding for Critical Repairs, Health and Safety Improvements at Chualar Union School District.

Chualar School is the center of our community. It is also one of our most valuable assets since it prepares our children to succeed academically through high school and beyond.

Our teachers and staff remain committed to nurturing and educating our children. Our school also works hard to stretch whatever little financial resources, putting most dollars where it matters: student instruction and teachers. However, our District was established over 100 years ago. Our school is old, in disrepair and needs major improvements. Our students deserve better!

Let's provide Chualar students with a safe and healthy place to learn by voting **YES on Measure J**.

If passed, Measure J will provide funding to make critical classroom and facility improvements at the Chualar School by:

- Repairing or replacing leaky roofs
- Upgrading inadequate electrical systems, plumbing, heating and ventilation
- Modernizing old classrooms, restrooms, playgrounds and soccer field
- Improving campus technology and security systems, including lighting, gates, alarms, and fencing

Measure J makes financial sense and protects taxpayers.

- All funds must be spent locally and **cannot be taken by the State**.
- Funds can only be spent on improvement projects, not salaries.
- By law, spending must be audited annually by an independent citizens' oversight committee.

The community approved the last bond nearly 20 years ago with overwhelming support. A portion of the prior bonds are close to being paid-off. Today, our school and community continue benefiting from our investment.

It's time to reinvest in our students and community today!

Measure J improves the quality of education for our children. That's something we can all support. Please join us and **VOTE YES ON MEASURE J!**
