Variances to the yard, coverage, and area regulations of this Ordinance may be authorized by a variance permit granted in accordance with the provisions of this section.

**a. Authority:**

The Zoning Administrator shall hear and decide all applications for variance permits.

**\*\*b. Application:**

Application for variance shall be made in writing on a form prescribed by the Zoning Administrator, and shall be accompanied by a fee of twenty-five dollars, no part of which shall be returnable to the applicant, and by statements, plans, and other evidence showing:

1. That because of special circumstances applicable to subject property, including size, shape, topography, location, or surroundings, the strict application of this ordinance is found to deprive subject property of privileges enjoyed by other properties in the vicinity and under identical zone classification, and
2. That the grant of a variance permit would not constitute a grant of special privileges inconsistent with the limitations upon other properties in the vicinity and zone in which subject property is situated.

**c. Public Hearing:**

A public hearing shall be held after filing application, and after the determination of the Zoning Administrator that the information submitted by the applicant is sufficient to consider the matter; and not less than ten calendar days prior thereto the Zoning Administrator shall give notice of hearing thereon by one publication in a newspaper of general circulation and by posting notice thereof in conspicuous places close to the property involved. In addition, the Zoning Administrator may also give notice of such hearing by mailing postage prepaid a notice of the time and place of such hearing to all persons owning property adjacent to the exterior boundaries of the area actually occupied or to be occupied by the use for which the variance was applied. Addresses shall be used from the last equalized assessment roll, or alternatively, from such other records of the assessor or the tax collector as contain more recent addresses in the opinion of the Zoning Administrator.

(1), and (2) apply to the land, building, or use for which variance is sought. The Zoning Administrator may include such conditions in connection with the variance as he deems reasonable and necessary under the circumstances to preserve the integrity and character of the district and to secure the general purposes of this ordinance. Such conditions may include, but are not limited to architectural and site approval, time limitations, street dedication, and street and drainage improvements. The Zoning Administrator may also require such bond and guarantees as he deems appropriate to assure the compliance of the conditions.

\* e. Appeal:

An appeal to the Board of Supervisors may be filed by any person aggrieved by a decision of the Zoning Administrator. Such appeal shall be in writing and shall be filed with the clerk of the Board of Supervisors and with the Zoning Administrator within ten days after written notice of the decision has been mailed to the applicant. At the time of the filing of the appeal, the appellant other than the applicant, shall pay a filing fee of twenty-five dollar to the clerk of the Board of Supervisors. An appeal shall set forth specifically the points at issue, the reasons for the appeal, and wherein the appellant believes there was an error or abuse of discretion by the Zoning Administrator.

Upon receipt of the notice of appeal, the Board of Supervisors shall set a date for public hearing thereon, giving notice thereof pursuant to subdivision e. of this section. The Board of Supervisors may reverse or affirm, wholly or partly, or may modify the order, requirement, decision or determination appealed from, and may make such order, requirement, decision, or determination as should be made, and such action shall be final.

f. Revocation:

1. In any case where the conditions of granting of a variance have not been, or are not being, complied with, the Zoning Administrator shall give notice in writing to the permittee of his intention to revoke such variance at least ten days prior to a hearing thereon. Notice of such hearing shall be given pursuant to subdivision c. of this section. After conclusion of the hearing, the Zoning Administrator may revoke or modify such variance.
