BACKGROUND

This is an agreement ("Agreement") between the Carmel Highlands Fire Protection District, hereinafter ("PROVIDER") and the County of Monterey, acting through its Emergency Medical Services Agency ("EMS AGENCY").

Pursuant to California Health and Safety Code Section 1797.200, the Monterey County Board of Supervisors has designated the Health Department's Emergency Medical Services Agency ("EMS Agency") as the County's local EMS agency.

Pursuant to California Health and Safety Code Section 1797.204, the local EMS agency shall plan, implement, and evaluate an emergency medical services system, consisting of an organized pattern of readiness and response services based on public and private agreements and operational procedures.

Pursuant to California Code of Regulations, Title 22, Section 100168(b)(4) a paramedic service provider must have a written agreement with the local EMS agency to participate in the EMS system and to comply with all applicable state regulations and local policies and procedures, including participation in the local EMS agency's EMS Quality Improvement Program.

Pursuant to California Health and Safety Code, Section 1797.178, no person or organization may provide "advanced life support," also known as "paramedic" services, unless that person and organization is an authorized part of the emergency medical services system by the local EMS agency.

Pursuant to California Health and Safety Code, Section 1797.227, an emergency medical care provider shall use an electronic health record system that exports data in a format that is compliant with the current versions of the California Emergency Medical Services Information System (CEMSIS) and the National Emergency Medical Services Information System (NEMSIS) standards and includes those data elements that are required by the local EMS agency, and shall ensure that the electronic health record system can be integrated with the local EMS agency's data system, so that the local EMS agency may collect data from the provider.

- 3.7 This Agreement does not give PROVIDER exclusivity to provide ALS first response services within the geographic area to be served.

- 3.9 Neither EMS AGENCY nor the County of Monterey shall be liable for any costs or expenses incurred by PROVIDER as a result of this Agreement. PROVIDER shall bear all costs associated with its provision of services under this Agreement.
- 3.10 PROVIDER shall comply with all sections of this contract by the contract effective date.

- 5.3 PROVIDER shall ensure that their electronic health record system can be seamlessly integrated with EMS AGENCY's data system, so EMS AGENCY may collect data from PROVIDER. Seamlessly means that the process must be automatic and timely, and will not require any effort or cost on the part of the EMS AGENCY to integrate PROVIDERS data and provide Search, Alert, File and Reconcile capability. PROVIDER shall ensure continued integration with the EMS AGENCY's data system, if changes are made to the EMS AGENCY data system. EMS AGENCY shall provide reasonable notice to comply to PROVIDER.
