

MONTEREY COUNTY PLANNING COMMISSION

Meeting: July 9, 2014	Agenda Item Nos.: 3 & 4
Project Description: Consider adoption of two resolutions recommending that the Board of Supervisors: 1) Adopt an Ordinance adding Chapter 21.64.320 to the Monterey County Code to establish regulations relating to proposed development applications involving disputed use of private streets (Proof of Access Ordinance); and 2) Adopt a Resolution of Intent to amend the Local Coastal Program adding Chapter 20.64.320 to the Monterey County Code establishing regulations relating to proposed development applications involving disputed use of private streets (Proof of Access Ordinance).	
Project Location: Countywide	APN: Countywide
Planning File Number: PLN060127-Inland / REF130084-Coastal	Owner: N/A Agent: N/A
Planning Area: Countywide	Flagged and staked: N/A
Zoning Designation: Multiple Zoning Designations	
CEQA Action: Categorically Exempt per Section 15301 (Class 1) – Existing Facilities	
Department: RMA - Planning Department	

RECOMMENDATION: Staff recommends that the Planning Commission adopt resolutions to recommend that the Board of Supervisors:

- 1) Adopt an Ordinance adding Chapter 21.64.320 to the Monterey County Code to establish regulations relating to proposed development applications involving disputed use of private streets (Proof of Access Ordinance); and
- 2) Adopt a Resolution of Intent to amend the Local Coastal Program adding Chapter 20.64.320 to the Monterey County Code establishing regulations relating to proposed development applications involving disputed use of private streets (Proof of Access Ordinance).

PROJECT OVERVIEW:

In 2005, the Board of Supervisors directed RMA – Planning staff to develop regulations for projects with access via a Private Road in order to avoid access disputes at the public hearings (Board Referral # 2005.0). Later, Policy C-3.6 of the 2010 General Plan was adopted. That Policy requires establishment of regulations for proof of access as part of any development application. Staff has prepared draft ordinances for the inland (Title 21) and coastal (Title 20) areas that respond to the Board referral and implement Policy C-3.6 of the General Plan.

Previous versions of the Proof of Access ordinances were considered by the Planning Commission on November 9, 2011, December 14, 2011, January 25, 2012, and September 11, 2013. On September 11, 2013, the Planning Commission adopted resolutions recommending approval of the ordinances to the Board of Supervisors. The Board of Supervisors considered the ordinances on December 17, 2013 and February 25, 2014. At the February 25th hearing, the Board continued the item to a date uncertain and directed staff to work with interested parties to address concerns raised at the hearing. Staff met with interested parties on March 26, 2014 and May 27, 2014 and has made major revisions to the draft ordinance. Because the ordinances are substantially different, these ordinances are being brought back to the Planning Commission for review prior to returning to the Board of Supervisors.

DISCUSSION:

The previous versions of the Proof of Access ordinances required an applicant, applying for a discretionary permit involving the use of a private road, to submit a copy of documentation showing a right to access (usually in the form of a grant deed or recorded map) and evidence that a notice had been provided to all interested parties to the easement prior to deeming a development project complete. The required notification provided an opportunity for any one of the interested parties to a Private Road, to file a written objection to the use of the road for a development project within 30 days of receiving the notice. If an objection was received, the appropriate authority to approve the permit would consider adding a condition to the project that required a showing of proof that access exists.

Revisions to the ordinance have kept the basic idea of providing an opportunity for easement holders on a private road to object to a development project and the subsequent consideration by the County to apply a condition of approval. Also still in tack in the revised draft is the ability of the County to approve discretionary permits without attempting to resolve legal disputes over access. What has changed is the circumstances and criteria by which the County will consider applying conditions. Consideration of applying a condition due to an objection has been broken down into four categories or "Tiers". Those tiers include"

1. No legal documentation
2. No Private Road Agreement but there is a written Road Maintenance Agreement
3. Private Road Agreement but no Maintenance Agreement; and
4. Both a Private Road Agreement and a Maintenance Agreement.

Under the new ordinance, unless a development project clearly conflicts with the terms of an agreement, the County will rely on written agreements as adequate documentation for the purposes of considering a discretionary permit. Where no access agreement exists, objections regarding legal access will be subject to a Proof of Access condition. Separately, objections regarding the costs of repairs and maintenance from more than 50% of easement holders will be subject to a separate condition specific to road maintenance. In addition, exemptions from the Proof of Access criteria have been expanded to include most types of single family residential development and the requirement to notice interested parties of a proposed project involving the use of a private road has been shifted from the applicant to the County. These changes have been thoroughly negotiated in meetings with interested parties and the revisions have addressed a number of concerns raised during the hearing process on the previous draft ordinances.

Environmental Review

The proposed Ordinances are categorically exempt pursuant Section 15301 of the California Environmental Quality Act (CEQA) Guidelines. This section (Class 1) of the CEQA Guidelines categorically exempts operation, maintenance or minor alteration of existing public or private structures and facilities involving negligible or no expansion of use. The proposed ordinance would require proof of access for the use of existing private roads, but would not involve any physical change to existing conditions.

OTHER AGENCY INVOLVEMENT: A subcommittee of two Supervisors was appointed to help direct staff in developing regulatory language. Staff from Planning, Public Works and County Counsel developed draft ordinances. Drafts of proposed ordinance language were presented to interested parties.

Attachment A
AMENDMENT TO TITLE 21

**Before the Planning Commission in and for the
County of Monterey, State of California**

Resolution No. _____
Resolution of the Monterey County Planning Commission recommending that the Board of Supervisors adopt an ordinance adding Chapter 21.64.320 to the Monterey County Code to establish regulations for the issuance of permits and entitlements for development on properties utilizing private streets, roads and other travelled ways ("Proof of Access"). (PLN060127/Proof of Access, Inland)

WHEREAS, Pursuant to Article XI of the California Constitution, the County of Monterey ("County") may adopt and enforce ordinances and regulations to protect and promote the public health, safety, and welfare of its citizens; and

WHEREAS, The County is charged with, among other tasks, the responsibility of assuring that development is compatible with surrounding neighborhoods and incorporates provisions for adequate access for occupants, residents and emergency services; and

WHEREAS, Many of the streets, roads, and other travelled ways in the County are privately owned ("Private Roads") the use of which is governed by agreements among private parties ("Private Road Agreements"). The County is not a party to such agreements and does not enforce their terms and conditions, nor does the County have jurisdiction to adjudicate a dispute among the parties to such agreements. Applications for development that require discretionary permits or other entitlements have, in some instances, proposed to use Private Roads, and, also in some instances, other parties to the applicable Private Road Agreement, or adjoining landowners, have disputed the legal authority of the applicant to use the Private Road in the manner proposed by the development application; and

WHEREAS, The County wishes to ensure that the issuance of certain land use related permits, licenses, entitlements and other approvals is consistent with any applicable Private Road Agreement, and that any issues that may arise over the use of Private Roads are resolved by the parties to the applicable Private Road Agreement and adjoining landowners prior to the issuance of such permits, licenses, entitlements or other approvals or, if disagreements arise later, prior to the commencement of use pursuant to the applicable land use approval. The County also wishes to provide certainty to the applicant and the public in the planning process as to the manner in which the County

will address disputes among parties to a Private Road Agreement that arise in connection with land use related applications; and

WHEREAS, In view of the foregoing and to protect the public health, safety, and welfare, it is necessary for the County to enact this ordinance to set forth the required proof of access for the use of Private Roads in conjunction with certain land use related applications; and

WHEREAS, The proposed ordinance is attached to this Resolution as **Exhibit A-1** and is incorporated herein by reference; and

WHEREAS, The attached ordinance is categorically exempt pursuant Section 15301 of the California Environmental Quality Act (CEQA) Guidelines. This section (Class 1) of the CEQA Guidelines categorically exempts operation, maintenance or minor alteration of existing public or private structures and facilities involving negligible or no expansion of use. The proposed ordinance would require proof of access for the use of existing private roads, but would not involve any physical change to existing conditions.

NOW, THEREFORE, BE IT RESOLVED that the Planning Commission hereby recommends that the Board of Supervisors adopt an Ordinance adding Chapter 21.64.320 to the Monterey County Code establishing regulations for the issuance of permits and entitlements for development on properties utilizing private streets, roads and other travelled ways (Proof of Access Ordinance - Inland).

ORDINANCE NO. _____

**AN ORDINANCE OF THE COUNTY OF MONTEREY, STATE OF CALIFORNIA,
ADDING SECTION 320 TO CHAPTER 21.64 OF THE MONTEREY COUNTY CODE
TO ESTABLISH REGULATIONS RELATING TO THE ISSUANCE OF LAND USE
PERMITS AND ENTITLEMENTS FOR DEVELOPMENT UTILIZING PRIVATE
ROADS.**

County Counsel Summary

This ordinance amends Chapter 21.64 of Title 21 (non-coastal zoning) of the Monterey County Code to establish special regulations for the issuance of land use permits and entitlements for development utilizing private streets, roads, and other travelled ways. The ordinance, which would apply in the non-coastal unincorporated area of Monterey County, provides for the resolution of disputes regarding the use of a private road, street, or other travelled way as part of the process by which discretionary permits, licenses or other entitlements for a development are considered by the County of Monterey.

The Board of Supervisors of the County of Monterey ordains as follows:

SECTION 1. Findings and Declarations:

1. Pursuant to Article XI of the California Constitution, the County of Monterey ("County") may adopt and enforce ordinances and regulations to protect and promote the public health, safety, and welfare of its citizens.
2. The County is charged with, among other tasks, the responsibility of assuring that development is compatible with surrounding neighborhoods and incorporates provisions for adequate access for occupants, residents and emergency services.
3. Many of the streets, roads, and other travelled ways in the County are privately owned ("Private Roads") the use of which is governed by agreements among private parties ("Private Road Agreements"). The County is not a party to such agreements and does not enforce their terms and conditions, nor does the County have jurisdiction to adjudicate a dispute among the parties to such agreements. Applications for development that require discretionary permits or other entitlements have, in some instances, proposed to use Private Roads, and, also in some instances, other parties to the applicable Private Road Agreement, or adjoining landowners, have disputed the legal authority of the applicant to use the Private Road in the manner proposed by the development application.
4. Issues have arisen during the County's consideration of discretionary land use permit applications as to whether the issuance of certain land use related permits, licenses, entitlements and other approvals is consistent with any applicable Private Road Agreement, and County desires that any issues that may arise over the use of Private Roads are resolved by the parties to the applicable Private Road Agreement. The County also wishes to provide certainty to the applicant and the public in the planning process as to the manner in which the County will

address disputes among parties to a Private Road Agreement that arise in connection with land use related applications.

5. In view of the foregoing and to protect the public health, safety, and welfare, it is necessary for the County to enact this ordinance to set forth standards to review the use of Private Roads in conjunction with certain land use related applications. These standards provide guidance for how and when the County may consider requiring additional proof demonstrating legal rights surrounding use of Private Roads as part of the land use entitlement and permitting process.

6. The Board of Supervisors finds that the ordinance is categorically exempt from the California Environmental Quality Act (CEQA) pursuant to CEQA Guidelines section 15301 because the ordinance establishes permit review procedures for development projects utilizing existing private roads and would not involve any physical change to existing facilities.

SECTION 2. The Table of Contents of Chapter 21.64 of the Monterey County Code is amended to add Section 21.64.320 to read as follows:

21.64.320 Regulations relating to applications involving use of private roads.

SECTION 3. Section 320 is added to Chapter 21.64 of the Monterey County Code to read as follows:

21.64.320 Regulations relating to applications involving use of private roads.

A. Purpose: The purpose of this Section is to establish regulations relating to the issuance of certain discretionary permits or entitlements that may result in the intensification of use of a Private Road.

B. Applicability: These regulations apply to all properties in the inland (non-coastal) unincorporated area of the County in all zoning districts. Where a conflict exists between the provisions of this Section and other provisions of the County Code, the provisions of this Section prevail.

C. Definitions: In addition to the definitions found in Chapter 21.06 of this Title, the following definitions shall apply to this Chapter:

1. "Applicant" means the person or entity submitting an Application to the County of Monterey for a discretionary permit.

2. "Application" means an application for a Project.

3. "Final Settlement or Final Judicial Determination" means a written agreement between Interested Parties resolved personally or through other avenues including but not limited to mediation, arbitration, or a document evidencing a binding arbitration decision or final court judgment.

4. "Interested Party" means any person or entity that owns property abutting a Private Road but that is not a Party to a Private Road.

5. "Notice" means written notice of an Application provided to all Parties to a Private Road and Interested Parties that will be used to access a Project, such notice to be personally delivered or deposited in the United States Mail, first class postage pre-paid.

6. "Party to a Private Road" means both: any person or entity that owns the underlying fee interest in land that is subject to and burdened by a Private Road, such as the servient tenement in the case of an easement; and any person or entity that holds an interest in the Private Road and benefits from it, such as the dominant tenement in the case of an easement.

7. "Private Road" means any travelled way, avenue, place, drive, lane, street, boulevard, highway, easement, or alley not owned, maintained, nor required to be maintained by the state, county, incorporated city, or other public agency.

8. "Private Road Agreement" means any document of record, properly executed and recorded, that is an agreement between parties concerning the right to use private property as access to another parcel of private property. A Private Road Agreement may include, without limitation, a written contract, an easement, grant deed, reservation or a designation on a final subdivision map. A Private Road Agreement also includes a final court judgment documenting an easement or other right of access.

9. "Private Road Maintenance Agreement" means a document of record, properly executed and recorded, that is an agreement between parties to a Private Road concerning the costs and responsibilities of those parties for upkeep and repair of the Private Road.

10. "Project" means:

a. a use for which a discretionary permit, license or other entitlement from the County is required; or a change in land use from an agricultural designation (Farmland, Permanent Grazing, Rural Grazing) to a non-agricultural designation; and

b. in either case, where access to the property from a public road is, or will be, provided either primarily or subordinately by a Private Road.

11. "Proof of Access" means one or more of the following:

a. Written concurrence of all Parties to a Private Road; or

b. Existence of a Final Settlement or Final Judicial Determination that the Private Road may be used to access the Project; or

c. A properly executed Private Road Agreement,

D. Application review and procedures:

1. Application Requirements. An Applicant shall provide the following with any Application, and an Application will not be deemed complete until the information or documentation required is provided:

a. A copy of the Private Road Agreement, if applicable;

b. A copy of the Private Road Maintenance Agreement, if applicable;

c. Written permission to use a Private Road for the Project from a Private Road governing structure, if applicable;

d. A Site Plan that includes, but is not limited to, documentation showing existing access limits and minimum access requirements from the Project to the primary public road or right-of-way. If access does not meet minimum requirements of the local Fire Authority and Monterey County Public Works Department, Applicant must demonstrate the ability to meet the minimum level of improvements required.

2. Application Review. Upon submittal of an Application, the Director of Planning shall:

a. Review the Application to determine if the Project is exempt pursuant to Subsection 21.64.320 (D) (4) of this Chapter;
b. Provide Notice pursuant to Subsection 21.64.320(D)(3) of this Chapter;
c. If the Application is not exempt pursuant to Subsection 21.64.320 (D) (4), the Director of Planning shall classify the Project as belonging within one of the following categories:

i. Tier 1: The Project is not subject to a Private Road Agreement or a Private Road Maintenance Agreement;
ii. Tier 2: The Project is not subject to a Private Road Agreement but is subject to a Private Road Maintenance Agreement;
iii. Tier 3: The Project is subject to a Private Road Agreement but not a Private Road Maintenance Agreement; or
iv. Tier 4: The Project is subject to a Private Road Agreement and a Private Road Maintenance Agreement.

3. Notice Requirements.

a. The Director of Planning shall provide Notice of a Project to all Parties to a Private Road and Interested Parties within 10 working days of submittal of an Application for a Project except Notice is not required for the following types of Projects:

i. The first single family dwelling on a legal lot of record;
ii. Any action authorized by an emergency permit issued pursuant to Chapter 21.75 of this Title provided that such action exists or occurs only so long as the emergency permit is effective;

iii. Projects with access via public road(s) only;
iv. Projects whose use of a Private Road is limited to emergency access only;

v. Routine and Ongoing agricultural uses;
vi. Accessory Dwelling Units, Guesthouses, and/or other subordinate uses that are accessory to the primary use of the property; and

vii. Projects with access via a Private Road(s) that are subject to a legally established Private Road governing structure such as a homeowners' association or similar organization where said governing structure is authorized to make determinations regarding the use, maintenance, and related matters regarding the Private Road(s) and where such governing structure has provided written permission to use the Private Road(s) for the Project. Examples of Projects within this exception may include but are not limited to projects considered allowed uses within the Del Monte Forest area, the Monterra and Tehama subdivisions, and similar subdivisions with previously contemplated allowed uses and Private Road governing structures. This exemption does not apply if access to the Private Road(s) subject to the governing structure is accessed by another Private Road(s) not subject to the governing structure. In such a case, Notice shall be provided to Interested Parties outside of the jurisdiction of the governing structure.

b. The Notice shall provide the opportunity for any Party to a Private Road to object to the use of the Private Road, for purposes of the Project, within 30 days from the mailing of the Notice. The purpose of this early Notice and objection is to provide an opportunity for

resolution of disputes prior to consideration of the Project by the Appropriate Authority or for staff to consider a recommendation following the provisions of this Section. For the purposes of this Section, objections from Interested Parties who own land abutting a Private Road shall be considered on a case by case basis. Objections from Interested Parties shall not provide a basis for applying the conditions described in subsection F of this Section.

c. The Notice may include notification of the Land Use Advisory Committee meeting where the Project will be considered if such consideration is required pursuant to the Land Use Advisory Committee Procedures adopted by the Board of Supervisors.

4. Exemptions: The following types of Projects shall be exempt from the Regulations contained in Subsections E and F of this Chapter:

a. The first single family dwelling on a legal lot of record;
b. Any action authorized by an emergency permit issued pursuant to Chapter 21.75 of Title 21 of the Monterey County Code provided that such action exists or occurs only so long as the emergency permit is effective;

c. Projects with access via Public Road(s) only;
d. Projects whose use of a Private Road is limited to emergency access only;
e. Projects that, in the opinion of the Director of Planning, do not result in intensification of the use of a Private Road(s);

f. Projects with access via a Private Road(s) that are subject to a legally established Private Road governing structure such as a homeowners' association or similar organization where said governing structure is authorized to make determinations regarding the use, maintenance, and related matters regarding the Private Road(s) and where such governing structure has provided written permission to use the Private Road(s) for the Project. This exemption does not apply if access to the Private Road(s) subject to the governing structure is accessed by another Private Road(s) not subject to the governing structure. In such a case, Notice shall be provided to Interested Parties to the Private Road Agreement outside of the jurisdiction of the governing structure;

g. Routine and Ongoing agricultural uses;
h. Accessory Dwelling Units, Guesthouses, and/or other subordinate uses that are accessory to the primary use of the property.

5. In all cases, Applicants are encouraged to provide early notification of a Project to Interested Parties and to work collaboratively with Interested Parties to resolve issues. For Projects falling within Tier 1, Tier 2, or Tier 3, Applicants and Interested Parties are encouraged to prepare or cause to be prepared, executed and recorded, Private Road Agreements and/or Private Road Maintenance Agreements, as the case may be.

E. Regulations. For all nonexempt Projects, the following standards, based on substantial evidence in the record, shall apply:

1. Tier 1 Projects: The Appropriate Authority shall consider any objection from a Party to a Private Road regarding Tier 1 Projects a substantive dispute and shall either deny the Project on that basis or approve the Project subject to the Proof of Access condition described in Subsection 21.64.320 (F) (1) and the Private Road Maintenance condition described in Subsection 21.64.320 (F) (2).

2. Tier 2 Projects: The Appropriate Authority shall consider any objection from a Party to a Private Road regarding the legal rights to use a Private Road for the Project a

substantive dispute and shall either deny the Project on that basis or approve the Project subject to the Proof of Access condition described in Subsection 21.64.320 (F) (1). Matters of proportionate costs for repair and maintenance of such roads shall be subject to the terms of the Private Road Maintenance Agreement.

3. Tier 3 Projects: The Appropriate Authority shall rely on the plain language of the Private Road Agreement regarding rights of access. If an objection is made involving proportionate costs for repair and maintenance of the Private Road(s), the Appropriate Authority shall consider an objection of fifty percent or more of the parties to a Private Road Agreement a substantive dispute and in this case, shall either deny the Project on that basis or approve the Project subject to the Private Road Maintenance condition described in Subsection 21.64.320 (F) (2).

4. Tier 4 Projects: The Appropriate Authority shall rely on the plain language of the Private Road Agreement and Private Road Maintenance Agreement regarding rights of access and proportionate costs for repair and maintenance. Unless a Project proposes a use that is clearly inconsistent with the plain language of the Agreements, the Appropriate Authority may approve a Project without applying conditions to the Project outlined in this Section.

5. The "Tiers" described above are intended to provide standards that the Appropriate Authority will apply when considering an Application for a Project that is not exempt from the requirements of this Section pursuant to Subsection 21.64.320.D.4 and that involves a substantive dispute over the Private Road as described within the applicable Tier. Generally where a legally executed document exists, the County will consider such documentation to be adequate evidence to demonstrate access for the purposes of this Section and conditions of approval will not typically be warranted where such documentation exists. In all cases, regardless of whether the Appropriate Authority elects to apply a condition of approval to a Project, Interested Parties, Parties to a Private Road, and/or Applicants may have legal rights under the California Civil Code, and nothing in this Section is intended to preclude their exercise of rights under the Civil Code.

F. Project Conditions.

1. Proof of Access Condition

If the Appropriate Authority finds, based on substantial evidence in the record, that a substantive dispute exists regarding the use of a Private Road for a Project, said Authority may approve the Project but shall require as a condition of Project approval that the Applicant provide the County with Proof of Access demonstrating that the dispute has been satisfactorily resolved, in accordance with the Tier standards set forth above.

2. Private Road Maintenance Condition

If the Appropriate Authority finds, based on substantial evidence in the record and in accordance with the Tier standards set forth above, that a substantive dispute exists regarding the costs of repairing or maintaining a Private Road as it relates to a Project, said Authority may approve the Project but shall require as a condition of Project approval that the Applicant provide the County with adequate documentation demonstrating that the dispute has been satisfactorily resolved. For the purposes of this Section, adequate documentation may include written withdrawal of objections, a properly executed Private Road Maintenance Agreement, a final settlement or final judicial determination, or written documentation showing that a majority of the Parties to a Private Road have agreed to repair and maintenance terms in light of the Project.

a. Maintenance of any Private Road will be subject to a Private Road Maintenance Agreement, or if no such Agreement exists, then County recognizes that parties may have

recourse pursuant to California Civil Code Section 845. The County is not a party to such Private Road Maintenance Agreement and does not interpret or enforce their terms and conditions, nor does the County have jurisdiction to adjudicate a dispute among the parties as to the maintenance of any Private Road.

3. If a condition of approval is added to a Project pursuant to this Section, said condition shall be satisfied prior to issuance of any other permits in furtherance of the Project or recordation of a final map, whichever occurs first and as applicable.

4. If an Application is denied based upon a failure to comply with any of the conditions described in this Section and the permit or entitlement for the Project with said condition has expired, a new Application for the same Project may be submitted only if Proof of Access and/or adequate documentation can be provided at the time of Application. Upon submission of such new Application, the Director of Planning shall review and determine if Proof of Access and/or adequate documentation is demonstrated satisfying the requirements of this Section in order for the Application to be considered complete.

5. If a Project is approved subject to one or more of the conditions provided in this Chapter, the Director of Planning shall, in his or her discretion, have the authority to stay the expiration of the entitlement for the Project for a period no greater than the number of days from initial filing of judicial proceedings to the final judicial determination or settlement regarding the access dispute.

G. Nothing in this Section:

1. Affects the authority of the County to exercise the power of eminent domain pursuant to Government Code Section 66462.5 of the California Subdivision Map Act; or

2. Diminishes or in any way alter or lessen the effect of the California Civil Code.

Where a conflict exists between these provisions and the provisions of State or Federal laws, the State or Federal law shall prevail.

SECTION 4. SEVERABILITY. If any section, subsection, sentence, clause, or phrase of this Ordinance is for any reason held to be invalid, such decision shall not affect the validity of the remaining portions of this Ordinance. The Board of Supervisors hereby declares that it would have passed this Ordinance and each section, subsection, sentence, clause, and phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases be declared invalid.

SECTION 5. EFFECTIVE DATE. This ordinance shall become effective on the thirty-first day following its adoption.

**AN ORDINANCE OF THE COUNTY OF MONTEREY, STATE OF CALIFORNIA,
ADDING SECTION 320 TO CHAPTER 20.64 OF THE MONTEREY COUNTY CODE
TO ESTABLISH REGULATIONS RELATING TO THE ISSUANCE OF LAND USE
PERMITS AND ENTITLEMENTS FOR DEVELOPMENT UTILIZING PRIVATE
ROADS.**

County Counsel Summary

This ordinance amends Chapter 20.64 of Title 20 (Monterey County Coastal Implementation Plan) of the Monterey County Code to establish special regulations for the issuance of land use permits and entitlements for development utilizing private streets, roads, and other travelled ways. The ordinance, which would apply in the unincorporated coastal area of Monterey County, provides for the resolution of disputes regarding the use of a private road, street, or other travelled way as part of the process by which discretionary permits, licenses or other entitlements for a development are considered by the County of Monterey.

The Board of Supervisors of the County of Monterey ordains as follows:

SECTION 1. Findings and Declarations:

1. Pursuant to Article XI of the California Constitution, the County of Monterey ("County") may adopt and enforce ordinances and regulations to protect and promote the public health, safety, and welfare of its citizens.
2. The County is charged with, among other tasks, the responsibility of assuring that development is compatible with surrounding neighborhoods and incorporates provisions for adequate access for occupants, residents and emergency services.
3. Many of the streets, roads, and other travelled ways in the County are privately owned ("Private Roads") the use of which is governed by agreements among private parties ("Private Road Agreements"). The County is not a party to such agreements and does not enforce their terms and conditions, nor does the County have jurisdiction to adjudicate a dispute among the parties to such agreements. Applications for development that require discretionary permits or other entitlements have, in some instances, proposed to use Private Roads, and, also in some instances, other parties to the applicable Private Road Agreement, or adjoining landowners, have disputed the legal authority of the applicant to use the Private Road in the manner proposed by the development application.
4. Issues have arisen during the County's consideration of discretionary land use permit applications as to whether the issuance of certain land use related permits, licenses, entitlements and other approvals is consistent with any applicable Private Road Agreement, and County desires that any issues that may arise over the use of Private Roads are resolved by the parties to the applicable Private Road Agreement. The County also wishes to provide certainty to the applicant and the public in the planning process as to the manner in which the County will

address disputes among parties to a Private Road Agreement that arise in connection with land use related applications.

5. In view of the foregoing and to protect the public health, safety, and welfare, it is necessary for the County to enact this ordinance to set forth standards to review the use of Private Roads in conjunction with certain land use related applications. These standards provide guidance for how and when the County may consider requiring additional proof demonstrating legal rights surrounding use of Private Roads as part of the land use entitlement and permitting process.

6. The Board of Supervisors finds that the ordinance, which amends Title 20, the Monterey County Coastal Implementation Plan, is consistent with the California Coastal Act because the ordinance establishes procedures for the protection of the public health, safety, and welfare and assures orderly development for the economic and social well-being of the people living and/or working in the coastal zone.

7. The Board of Supervisors hereby certifies that the ordinance is intended to be carried out in a manner fully in conformity with the California Coastal Act.

8. The Board of Supervisors finds that the ordinance is categorically exempt from the California Environmental Quality Act (CEQA) pursuant to CEQA Guideline section 15301 because the ordinance establishes permit review procedures for development projects utilizing existing private roads and would not involve any physical change to existing facilities.

SECTION 2. The Table of Contents of Chapter 20.64 of the Monterey County Code is amended to add Section 20.64.320 to read as follows:

21.64.320 Regulations relating to applications involving use of private roads.

SECTION 3. Section 320 is added to Chapter 20.64 of the Monterey County Code to read as follows:

20.64.320 Regulations relating to applications involving use of private roads.

A. Purpose: The purpose of this Section is to establish regulations relating to the issuance of certain discretionary permits or entitlements that may result in the intensification of use of a Private Road.

B. Applicability: These regulations apply to all properties in the Coastal Zone of the County in all zoning districts. Where a conflict exists between the provisions of this Section and other provisions of the County Code, the provisions of this Section prevail.

C. Definitions:

1. "Applicant" means the person or entity submitting an Application to the County of Monterey.

2. "Application" means an application for a Project.

3. "Final Settlement or Final Judicial Determination" means a written agreement between Interested Parties resolved personally or through other avenues including but not limited to mediation, arbitration, or a document evidencing a binding arbitration decision of final court judgment.

4. "Interested Party" means any person or entity that owns property abutting a Private Road but that is not a Party to a Private Road.

5. "Notice" means written notice of an Application provided to all Parties to a Private Road and Interested Parties that will be used to access a Project, such notice to be personally delivered or deposited in the United States Mail, first class postage pre-paid.

6. "Party to a Private Road" means both: any person or entity that owns the underlying fee interest in land that is subject to and burdened by a Private Road, such as the servient tenement in the case of an easement; and any person or entity that holds an interest in the Private Road and benefits from it, such as the dominant tenement in the case of an easement.

7. "Private Road" means any travelled way, avenue, place, drive, lane, street, boulevard, highway, easement, or alley not owned, maintained, nor required to be maintained by the state, county, incorporated city, or other public agency.

8. "Private Road Agreement" means any document of record, properly executed and recorded, that is an agreement between parties concerning the right to use private property as access to another parcel of private property. A Private Road Agreement may include, without limitation, a written contract, an easement, grant deed, reservation or a designation on a final subdivision map. A Private Road Agreement also includes a final court judgment documenting an easement or other right of access.

9. "Private Road Maintenance Agreement" means a document of record properly executed and recorded, that is an agreement between parties to a Private Road Agreement concerning the costs and responsibilities of those parties for upkeep and repair of the Private Road.

10. "Project" means:

a. a use for which a discretionary permit, license or other entitlement from the County is required; or a change in land use from an agricultural designation (Farmland, Permanent Grazing, Rural Grazing) to a non-agricultural designation; and

b. in either case, where access to the property from a public road is, or will be, provided either primarily or subordinately by a Private Road.

11. "Proof of Access" means one or more of the following:

a. Written concurrence of all Easement Holders; or

b. Existence of a Final Settlement or Final Judicial Determination that the Private Road may be used to access the Project.

c. A properly executed Private Road Agreement.

D. Application Review and Procedures:

1. Application Requirements. An Applicant for a Project shall provide the following with any Application, and, an Application will not be deemed complete until the information or documentation required is provided:

a. A copy of the Private Road Agreement, if applicable;

b. A copy of the Private Road Maintenance Agreement, if applicable;

c. Written permission to use a Private Road for the Project from a Private Road governing structure, if applicable;

d. A site Plan that includes, but is not limited to documentation showing existing access limits and minimum access requirements from the Project to the primary public road or right-of-way. If access does not meet minimum requirements of the local Fire Authority and Monterey County Resource Management Agency -Public Works, the Applicant must demonstrate the ability to meet the minimum level of improvements required.

2. Application Review. Upon submittal of an Application, the Director of Planning shall:

- a. Review the Application to determine if the project is exempt pursuant to Subsection 20.64.320 (D) (4) of this Section;
- b. Provide Notice pursuant to Section 20.64.320(D)(3) of this Section.
- c. If the Application is not exempt pursuant to Section 20.64.320 (D) (4), the Director of Planning shall classify the Project as belonging within one of the following categories:

- i. Tier 1: The Project is not subject to a Private Road Agreement or a Private Road Maintenance Agreement.
- ii. Tier 2: The Project is not subject to a Private Road Agreement but is subject to a Private Road Maintenance Agreement.
- iii. Tier 3: The Project is subject to a Private Road Agreement but not a Private Road Maintenance Agreement.
- iv. Tier 4: The Project is subject to a Private Road Agreement and a Private Road Maintenance Agreement.

3. Notice Requirements

a. The Director of Planning shall provide Notice of a Project to all Parties to a Private Road and Interested Parties within 10 working days of submittal of an Application for a Project except Notice is not required for the following types of Projects:

- i. The first single family dwelling on a legal lot of record;
- ii. Any action authorized by an emergency permit issued pursuant to Chapter 20.79 of this Title provided that such action exists or occurs only so long as the emergency permit is effective;
- iii. Projects with access via Public Road(s) only;
- iv. Projects whose use of a Private Road is limited to emergency access only;
- v. Routine and Ongoing agricultural uses;
- vi. Accessory Dwelling Units, Guesthouses, and/or other subordinate uses that are accessory to the primary use of the property;
- vii. Projects with access via a Private Road(s) that are subject to a legally established Private Road governing structure such as a homeowners' association or similar organization where said governing structure is authorized to make determinations regarding the use, maintenance, and related matters regarding the Private Road(s) and where such governing structure has provided written permission to use the Private Road(s) for the Project. Examples of Projects within this exception may include but are not limited to projects considered allowed uses within the Del Monte Forest area and similar subdivisions with previously contemplated allowed uses and Private Road governing structures. This exemption does not apply if access to the Private Road(s) subject to the governing structure is accessed by another Private Road(s) not subject to the governing structure. In such a case, Notice shall be provided to Interested Parties outside of the jurisdiction of the governing structure.

b. The Notice shall provide for the opportunity of any Party to a Private Road to object to the use of the Private Road for the purposes of the Project within 30 days from the mailing of the Notice. The purpose of this early Notice and objection is to provide an opportunity for resolution of disputes prior to consideration of the Project by the Appropriate Authority or for staff to consider a recommendation following the provisions of this Section. For the purposes of

this Section, objections from Interested Parties who own land abutting a Private Road shall be considered on a case by case basis. Objections from Interested Parties shall not provide a basis for applying the conditions described in subsection F of this Section.

c. The Notice may include notification for the Land Use Advisory Committee meeting where the Project will be considered if such consideration is required pursuant to the Land Use Advisory Committee Procedures adopted by the Board of Supervisors.

4. Exemptions: The following types of Projects shall be exempt from the Regulations contained in Subsections E and F of this Section.

a. The first single family dwelling on a legal lot of record;
b. Any action authorized by an emergency permit issued pursuant to Chapter 20.79 of this Title provided that such action exists or occurs only so long as the emergency permit is effective;

c. Projects with access via Public Road(s) only;
d. Projects whose use of a Private Road is limited to emergency access only;
e. Projects that, in the opinion of the Director of Planning, do not result in intensification of the use of a Private Road(s);
f. Projects with access via a Private Road(s) that are subject to a legally established Private Road governing structure such as a homeowners' association or similar organization where said governing structure is authorized to make determinations regarding the use, maintenance, and related matters regarding the Private Road(s) and where such governing structure has provided written permission to use the Private Road(s) for the Project. Examples of Projects within this exception may include but are not limited to projects considered allowed uses within the Del Monte Forest area and similar subdivisions with previously contemplated allowed uses and Private Road governing structures. This exemption does not apply if access to the Private Road(s) subject to the governing structure is accessed by another Private Road(s) not subject to the governing structure. In such a case, Notice shall be provided to Interested Parties outside of the jurisdiction of the governing structure;

g. Accessory Dwelling Units, Caretaker Units, Senior Units, Guesthouses, and other allowed accessory structures and uses that are accessory to the primary use of the property.

5. In all cases, Applicants are encouraged to provide early notification of a Project to Interested Parties and Parties to the Private Road and to work collaboratively with all parties to resolve issues. For Projects falling within Tier 1, Tier 2, or Tier 3, Applicants are encouraged to prepare or cause to be prepared, executed and recorded, Private Road Agreements and/or Private Road Maintenance Agreements, as the case may be.

E. Regulations. For all nonexempt Projects the following standards, based on substantial evidence in the record shall apply:

1. Tier 1 Projects: The Appropriate Authority shall consider any objection from a Party to a Private Road regarding Tier 1 Projects a substantive dispute and shall either deny the Project or approve the Project subject to the Proof of Access condition described in Section 20.64.3210 (F) (1) and the Private Road maintenance condition described in Section 20.64.320 (F) (2).

2. Tier 2 Projects: The Appropriate Authority shall consider any objection from a Party to a Private Road regarding the legal rights to use a Private Road for the Project a substantive dispute and shall either deny the Project on that basis or approve the Project subject

to the Proof of Access condition described in Section 20.64.320 (F) (1). Matters of proportionate costs for repair and maintenance of such roads shall be subject to the terms of the Private Road Maintenance Agreement.

3. Tier 3 Projects: The Appropriate Authority shall rely on the plain language of the Private Road Agreement regarding rights of access. If an objection is made involving proportionate costs for repair and maintenance of the Private Road(s), the Appropriate Authority shall consider an objection of fifty percent or more of the parties to a Private Road Agreement a substantive dispute and in this case, shall either deny the Project on that basis or approve the Project subject to the Private Road Maintenance condition described in Section 20.64.320 (F) (2).

4. Tier 4 Projects: The Appropriate Authority shall rely on the plain language of the Private Road Agreement and Private Road Maintenance Agreement regarding rights of access and proportionate costs for repair and maintenance. Unless a Project proposes a use that is clearly inconsistent with the plain language of the Agreements, the Appropriate Authority may approve a Project without applying conditions to the Project outlined in this Section.

5. The "Tiers" described above are intended to provide standards that the Appropriate Authority will apply when considering an Application for a Project that is not exempt from the requirements of this Section pursuant to Subsection 20.64.320 (D) (4) and that involves a substantive dispute over the terms of the easement as described within the applicable Tier. Generally where a legally executed document exists, the County will consider such documentation to be adequate evidence to demonstrate access for the purposes of this Section and conditions of approval described in Subsection F of this Section will not typically be warranted where such documentation exists. In all cases, whether the Appropriate Authority elects to apply a condition of approval to a Permit or not, Interested Parties, Parties to a Private Road, and/or Applicants may have legal rights under the California Civil Code, and nothing in this Section is intended to preclude their exercise of rights under the Civil Code.

F. Project Conditions

1. Proof of Access Condition

If the Appropriate Authority finds, based on substantial evidence in the record, that a substantive dispute exists regarding the use of a Private Road for a Project, said Authority may approve the Project but shall require as a condition of Project approval that the Applicant provide the County with Proof of Access demonstrating that the dispute has been satisfactorily resolved, in accordance with the Tier standards set forth above.

2. Private Road Maintenance Condition

If the Appropriate Authority finds, based on substantial evidence in the record, and in accordance with the Tier standards set forth above, that a substantive dispute exists regarding the costs of repairing or maintaining a Private Road as it relates to a Project, said Authority may approve the Project but shall require as a condition of Project approval that the Applicant provide the County with adequate documentation demonstrating that the dispute has been satisfactorily resolved. For the purposes of this Section, adequate documentation may include written withdrawal of objections, a properly executed Private Road Maintenance Agreement, a final settlement or final judicial determination, or written documentation showing that a majority of the Parties to a Private Road have agreed to repair and maintenance terms in light of the Project.

a. Maintenance of any Private Road will be subject to a Private Road Maintenance Agreement, or if no such Agreement exists, then the County recognizes that parties may have

recourse pursuant to California Civil Code Section 845. The County is not a party to such Private Road Maintenance Agreements and does not interpret or enforce their terms and conditions, nor does the County have jurisdiction to adjudicate a dispute among the parties to the Private Road.

3. If a condition of approval is added to a Project pursuant to this Section, said condition shall be satisfied prior to issuance of any other permits in furtherance of the Project or recordation of a final map, whichever occurs first and as applicable.

4. If an Application is denied based upon a failure to comply with any of the conditions described in this Section and the permit or entitlement for the Project with said condition has expired, a new Application for the same Project may be submitted only if Proof of Access and/or adequate documentation can be provided at the time of Application. Upon submission of such new Application, the Director of Planning shall review and determine if Proof of Access and/or adequate documentation is demonstrated satisfying the requirements of this Section in order for the Application to be considered complete.

5. If a Project is approved subject to one or more of the conditions provided in this Section, the Director of Planning shall, in his or her discretion, have the authority to stay the expiration of the entitlement for the Project for a period no greater than the number of days from initial filing of judicial proceedings to the final judicial determination or settlement regarding the access dispute.

G. Nothing in this Section:

1. Affects the authority of the County to exercise the power of eminent domain pursuant to Government Code Section 66462.5 of the California Subdivision Map Act; or

2. Diminishes or in any way alters or lessens the effect of the California Civil Code. Where a conflict exists between these provisions and the provisions of State or Federal laws, the State or Federal law shall prevail.

SECTION 4. SEVERABILITY. If any section, subsection, sentence, clause, or phrase of this Ordinance is for any reason held to be invalid, such decision shall not affect the validity of the remaining portions of this Ordinance. The Board of Supervisors hereby declares that it would have passed this Ordinance and each section, subsection, sentence, clause, and phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases be declared invalid.

SECTION 5. EFFECTIVE DATE. This ordinance shall become effective on the thirty-first day following its adoption and shall become operative thereafter upon final and effective certification by the California Coastal Commission.
