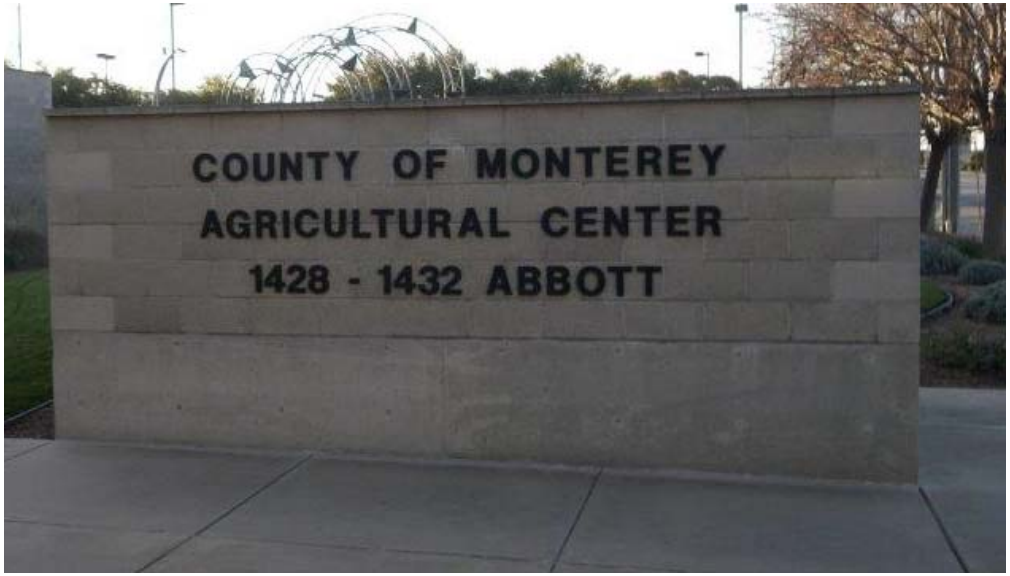
Operator Identification Numbers and Pesticide Use Reporting



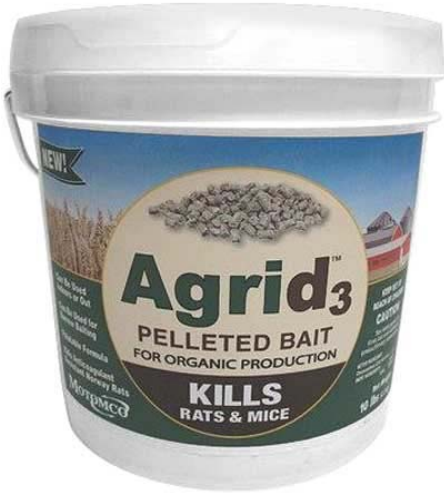
Francisco Paredes
Agricultural Inspector/Biologist III

Topics

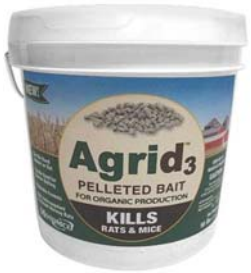
1. Definitions
2. Operator Identification Numbers (OIN)
3. Reporting the use of pesticides
4. Records inspection

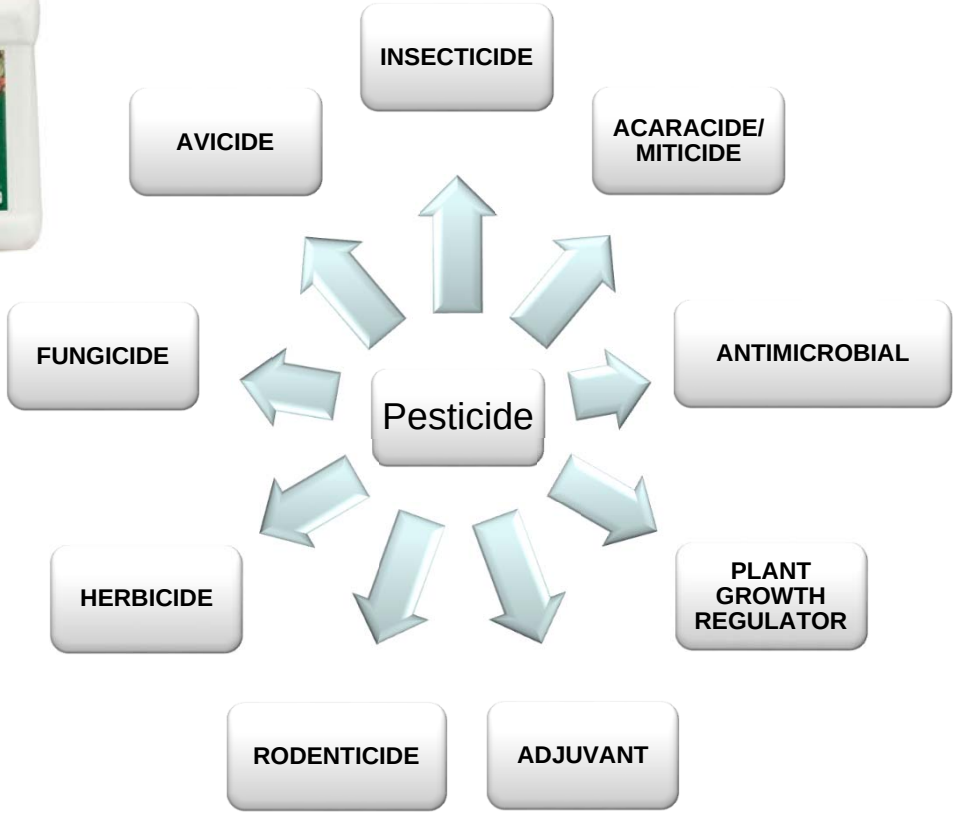
What is a pesticide?

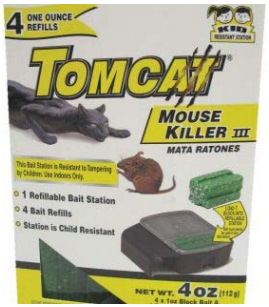
- Substances designed to be harmful to a target
- Purposely introduced into the environment to control pests such as insects, bacteria, weeds, or rodents
- California includes adjuvants and plant growth regulators in the definition



Pesticide Types







Agricultural Use

Food and Agricultural Code (FAC) 11408 definition

"**Agricultural use**" means the use of any

- pesticide/method/device used to control plant or animal pests or other pests
- ;u

Agricultural Use

Agricultural use does not include pesticides meant for:

- **(a)** Home use.
- **(b)** Use in structural pest control.
- **(c)** Industrial or institutional use.
- **(d)** The control of an animal pest under the written prescription of a veterinarian.

What is an Agricultural Commodity?

Department of Pesticide Regulation (DPR) definition:

An unprocessed product of farms, ranges, nurseries and forests (except livestock, poultry and fish) including:

- Fruits & Vegetables
- Grains & Legumes
- Rangeland and pasture
- Seed crops
- Fiber crops
- Oil crops
- Nursery stock
- Christmas trees
- Ornamental and cut flowers
- Turf grown for Sod

Cannabis defined as an agricultural commodity

January 2017 - DPR reevaluated

- Cannabis now meets the definition of agricultural commodity
  - Cannabis is now subject to production agriculture regulations
    - Subject to use reporting under 3 CCR 6626

dpr Department of Pesticide Regulation

Brian R. Leahy
Director

Edmund G. Brown Jr.
Governor

January 25, 2017 ENF 17-03

TO: County Agricultural Commissioners

SUBJECT: PRELIMINARY GUIDANCE ON COUNTY PESTICIDE ENFORCEMENT RELATED TO COMMERCIAL CANNABIS CULTIVATION AND CANNABIS DEFINED AS AN AGRICULTURAL COMMODITY

Lastly, DPR has determined that cannabis meets the definition of an "agricultural commodity" in 3 CCR § 6000, and therefore, any requirement placed on pesticide use on for the production of an agricultural commodity in Divisions 6 and 7 of the Food and Agricultural Code and its implementing regulations, applies to cannabis. One significant impact of this determination is that cannabis growers will be subject to pesticide use reporting requirements under 3 CCR § 6626—as opposed to 3 CCR § 6627. An updated handout to reflect this requirement is attached.

State regulation requires that:

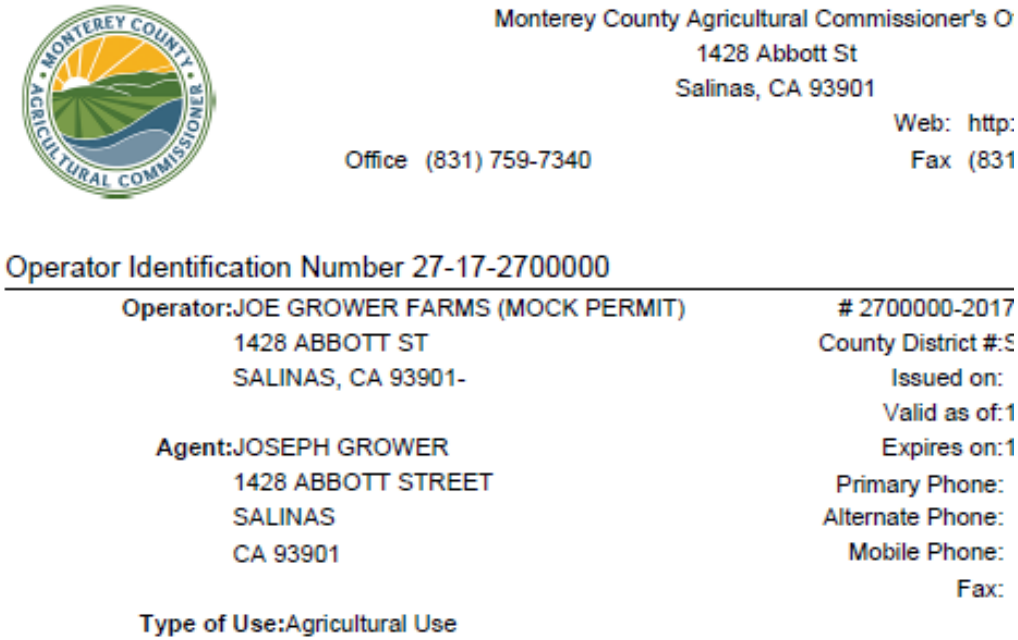
Any property operator using a pesticide for agricultural use must maintain records of pesticide use (Pesticide Use Records 3 CCR 6624)

Any property operator producing an agricultural commodity shall report the use of registered pesticides applied to the crop, commodity or site to the commissioner of the county in which the pest control was performed (Production Pesticide Use Reports 3 CCR 6626)

What do I need to submit report?

The first step to being able to submit a pesticide use report

- Obtain an operator identification number (OIN) or Op-ID) from the county agricultural commissioner (CAC)



Monterey County Agricultural Commissioner's O
1428 Abbott St
Salinas, CA 93901
Web: http:
Office (831) 759-7340 Fax (831

Operator Identification Number 27-17-2700000

Operator:JOE GROWER FARMS (MOCK PERMIT) # 2700000-2017
1428 ABBOTT ST County District #:S
SALINAS, CA 93901- Issued on:
Valid as of:1
Agent:JOSEPH GROWER Expires on:1
1428 ABBOTT STREET Primary Phone:
SALINAS Alternate Phone:
CA 93901 Mobile Phone:
Fax:

Type of Use: Agricultural Use

Purpose of the OIN/Op-ID

The main purpose:

Track pesticide use

- By operation
- commodity

Operation Food Search

You need an OIN for:

OIN is needed:

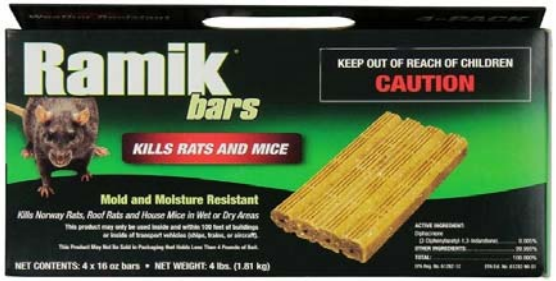
- If you plan to do any pesticide work
- If you plan to purchase any agricultural or Federal Restricted-Use rodenticides

RESTRICTED USE PESTICIDE

Due to Hazard to Nontarget Organisms

For retail sale to and use only by Certified Applicators or persons under their direct supervision and only for those uses covered by the Certified Applicator's certification.

HOME USE <4lbs



AG USE >4lbs

How do I obtain an OIN?

Monterey County Agricultural Commissioner's Office
417A Salinas Road
Watsonville, CA 95076

Web: http://ag.co.monterey.ca.us/
Fax: (831) 724-6935

Office: (831) 724-5025

How do I obtain an OIN?

Your application will be assigned to a biologist to create the OIN paperwork.

Once complete, the biologist will make an appointment with you to issue the OIN.

Once issued, you are ready to submit pesticide use reports (PURs)

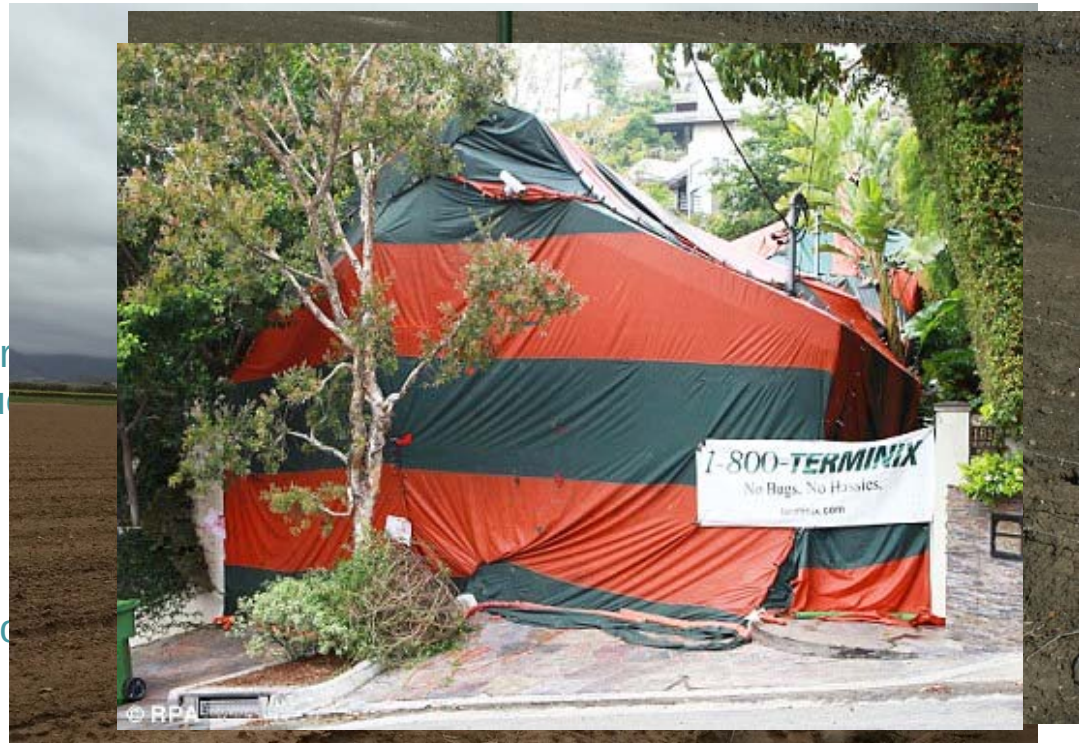
Pesticides Use Reports (PURs)

Three different types of reports

1. Production Agricultural
   - Use of pesticides for the production of an agricultural commodity

2. Non-Production Agriculture
   - Use of pesticides to control pests on agricultur land or areas that are not being used to produ agricultural commodity.

3. Non-Ag.
   - Use of pesticide in areas that are not productio non-production agriculture



Production PURs

When is this reported required?

- Use of any pesticide when applied with the purpose of producing an agricultural commodity

Examples

- Application to flowers, foliage
- Pre-plant applications

Non-production/non-ag use report

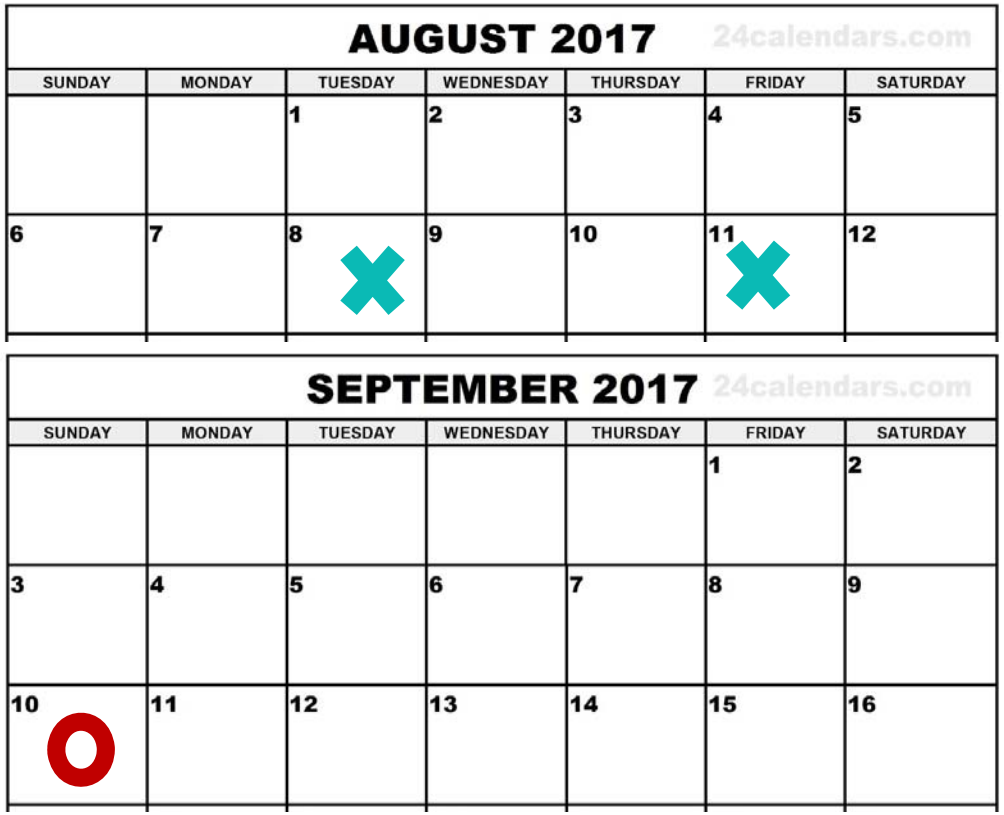
When is this reported required?

- When a pesticide is applied to areas/locations not involved with the production of an agricultural commodity

Examples

- Weed control on roadways
- Water disinfections
- Rodenticides for squirrels, mice, gophers, etc.

When are they due?



AUGUST 2017 24calendars.com

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
		1	2	3	4	5
6	7	8 ✖	9	10	11 ✖	12

SEPTEMBER 2017 24calendars.com

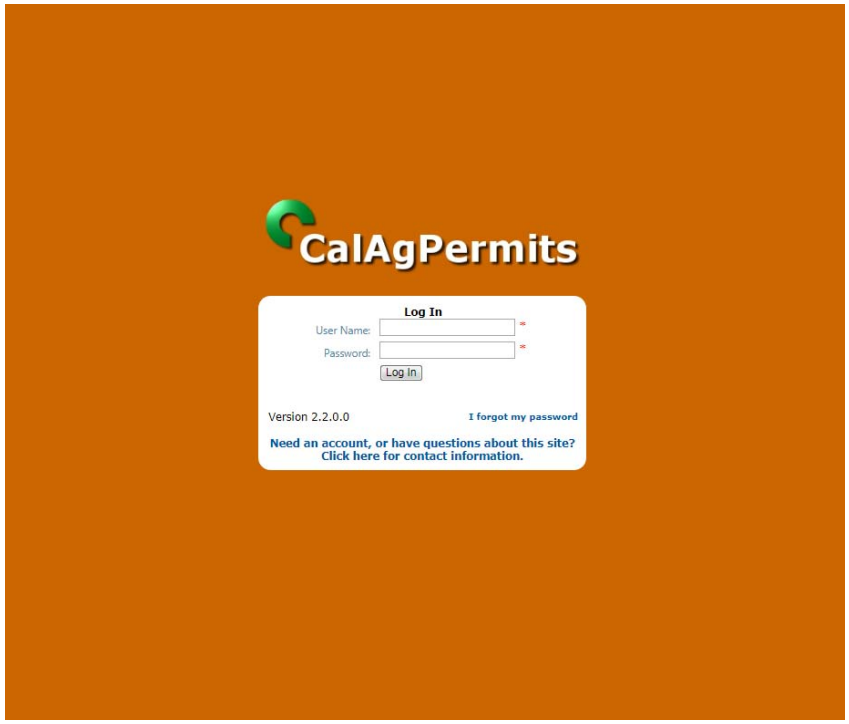
SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
					1	2
3	4	5	6	7	8	9
10 O	11	12	13	14	15	16

Reports are due by the 10th day of the month following the month of application

✖ Application Dates

O PUR is due

How to submit?



Pesticides use reports can be submitted online via:

California **Ag**ricultural **Permit** System

CalAgPermits

How do I submit online?

You can request a username(s) from our office to gain access to use CalAgPermits

Requests can be me made in person or via email

∗If you have operations in other counties,
you will need a separate username for each

Requesting via email

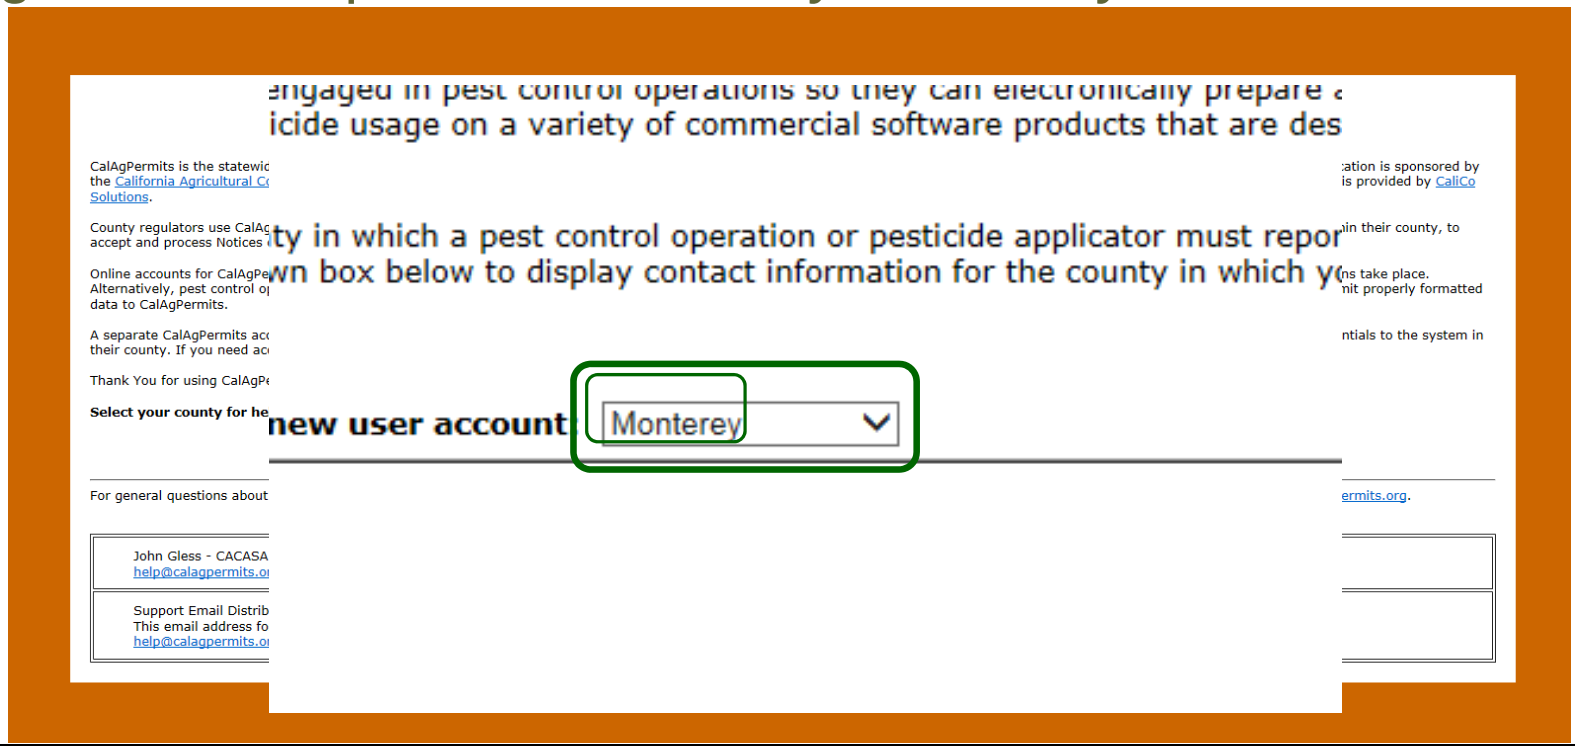
Go to http://www.calagpermits.org

Then click on the link at the bottom

Requesting via email

You will go to the “contact info page”

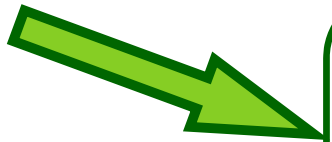
Next, go to the drop down to select your county



Requesting via email

After selecting the county, you will get the contact info for that county

Here we have three contacts for login requests



Monterey
Monterey County Agriculture Commissioner's Office
Main: (831) 759-7325
Pesticide Use Enforcement: (831) 759-7340
Department Website

North County Office (831) 724-5025
South County Office (831) 385-5266

Main CalAgPermits Contacts

CalAgPermits Pesticide Use Report Login Requests/Assistance
Francisco Paredes
ParedesFJ@co.monterey.ca.us

Paulina Mejia
MejiaPR@co.monterey.ca.us

Nathan Fishburn
FishburnNK@co.monterey.ca.us

Requesting via email

In the email we need the following information:

- OIN and Name
- PUR submitter's name
- Requested username
- PUR submitter's email address

Our office will respond back with the username and a temporary password

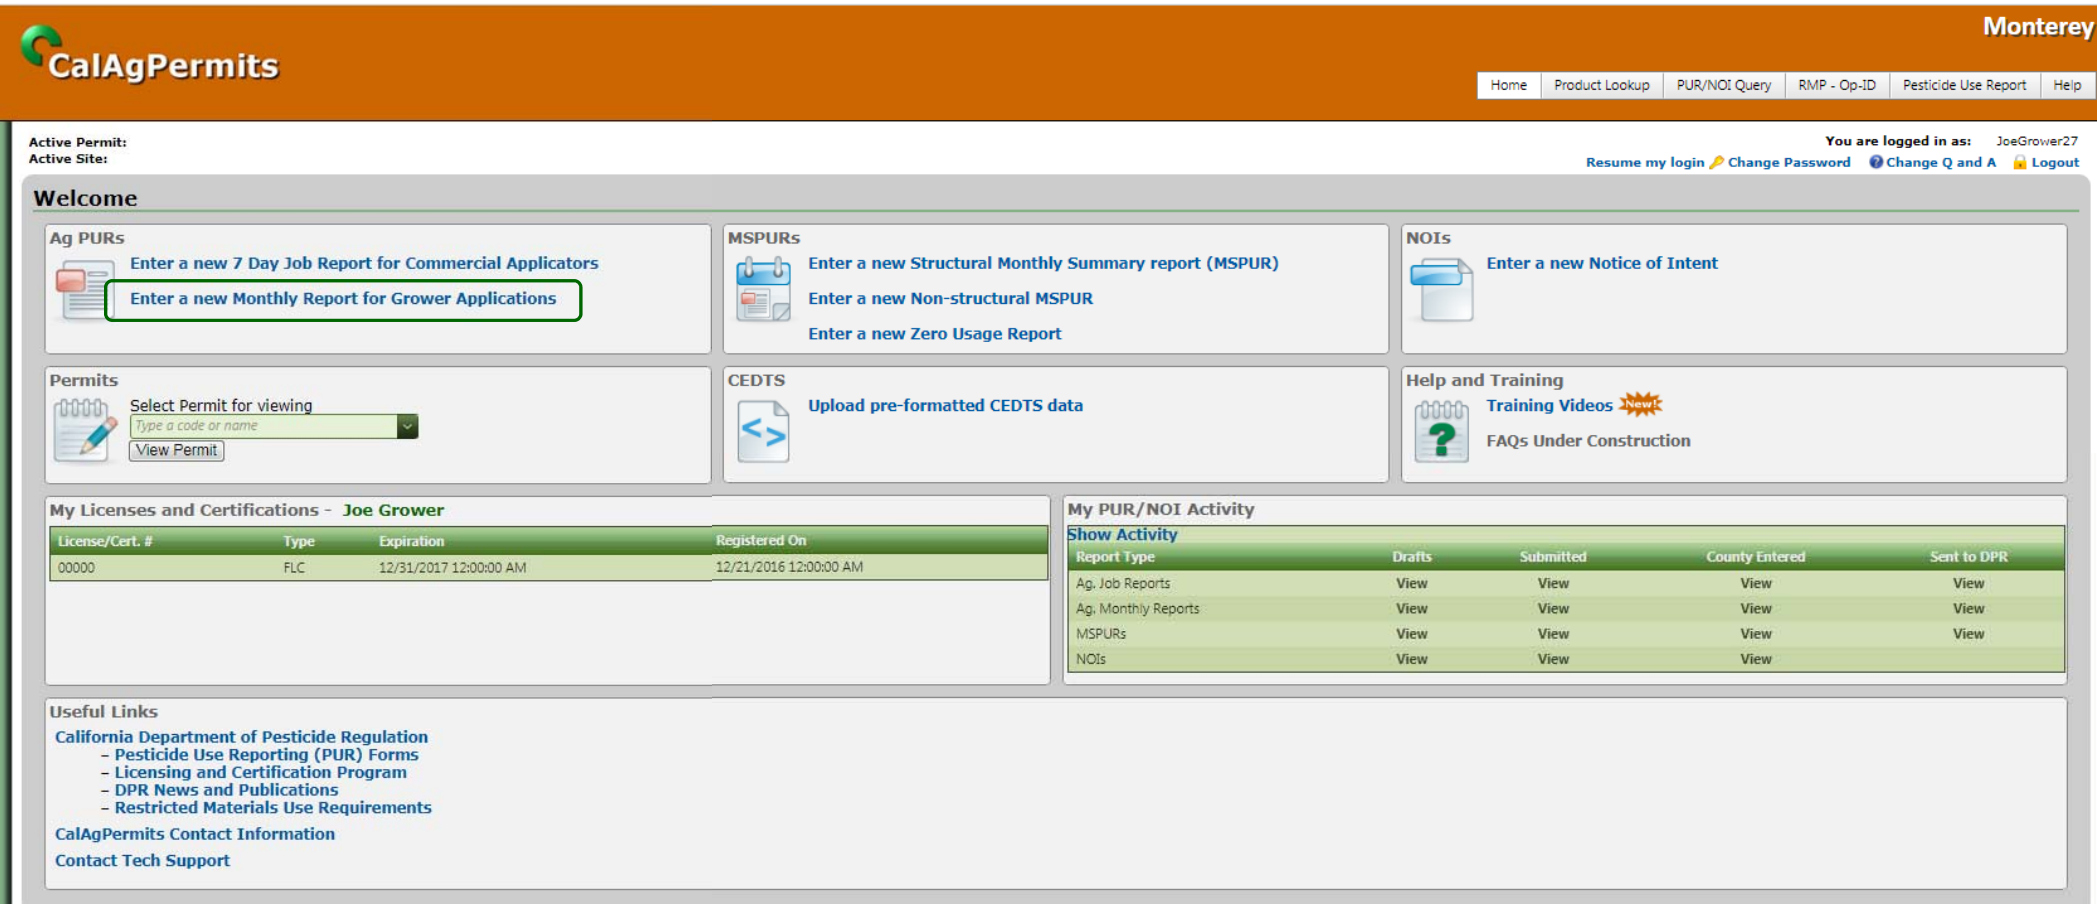
Logging in to submit a report

Go to http://www.calagpermits.org

Enter your username and password

- if first time logging in, you will be prompted to change the password

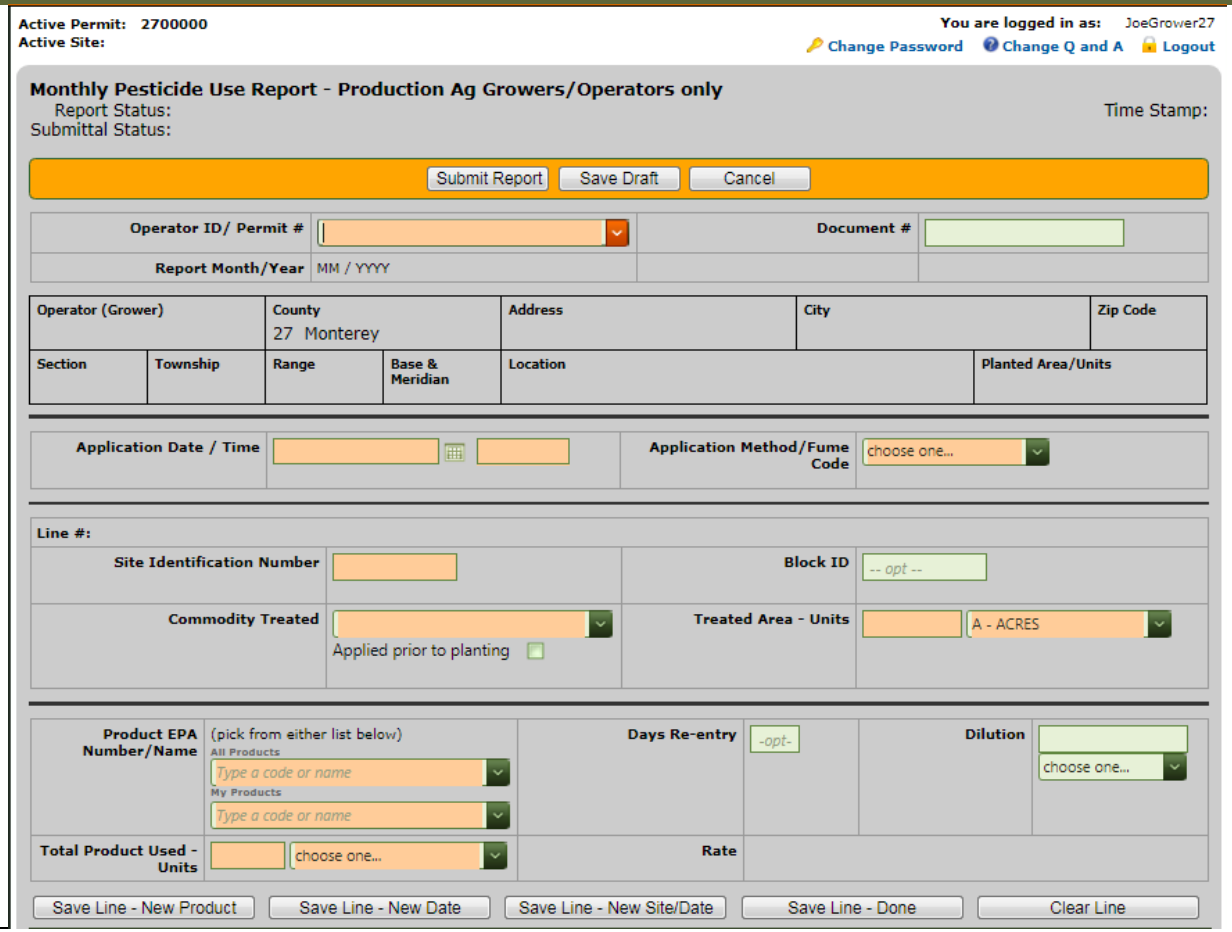
You will go to this screen



Entering a production PUR

You will be met with this screen.

Fields in the orange-like color are mandatory

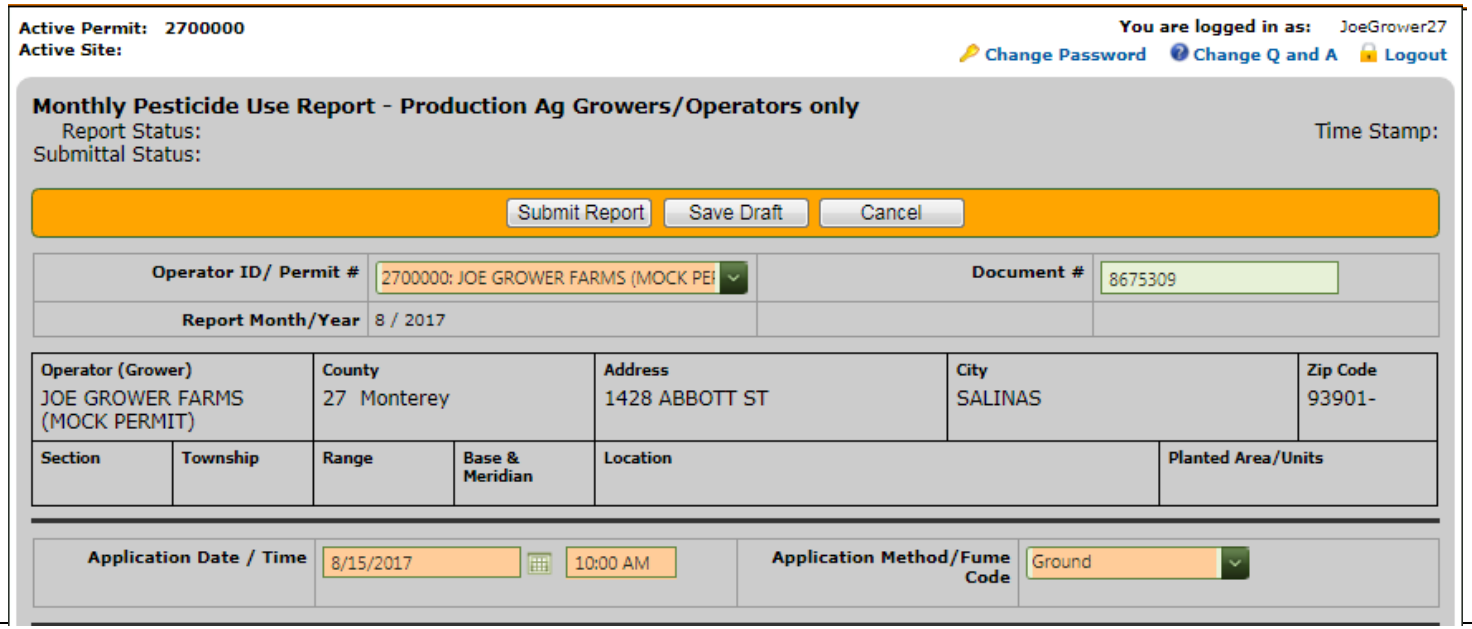


Entering a production PUR

Select the permit/OIN from the drop-down

You can enter a document # for record keeping

Enter the application date, time and application method

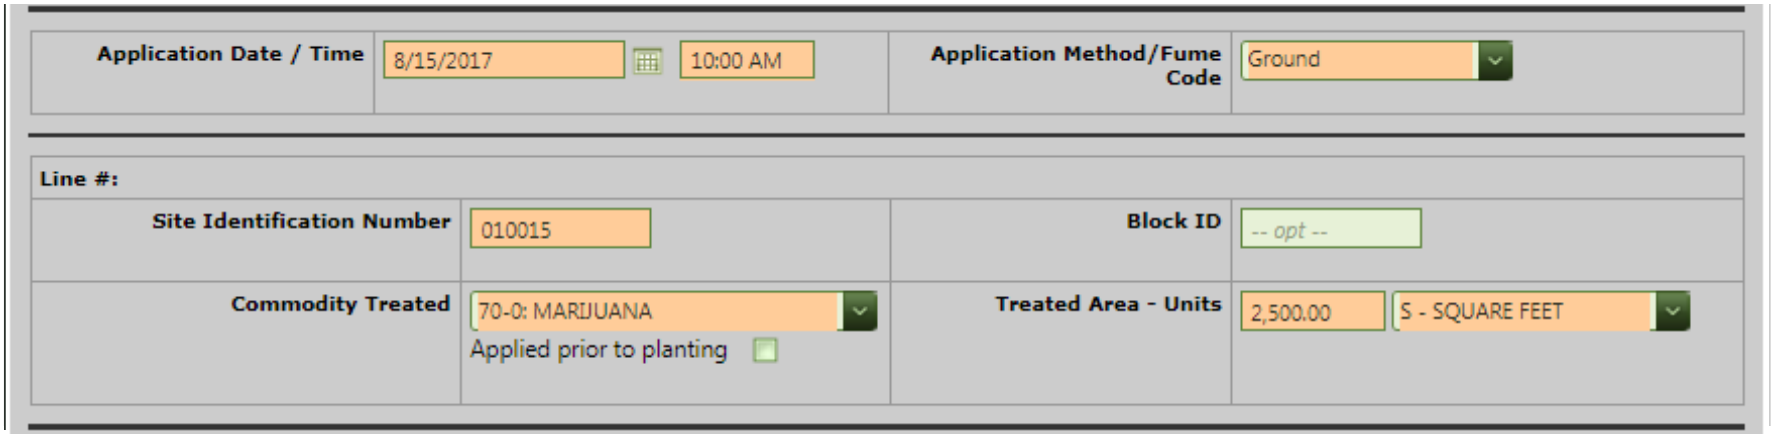


Entering a production PUR

Enter your site ID (6-character field) – 010015
*this ID is unique to each location

Select your commodity

Enter treated area and units



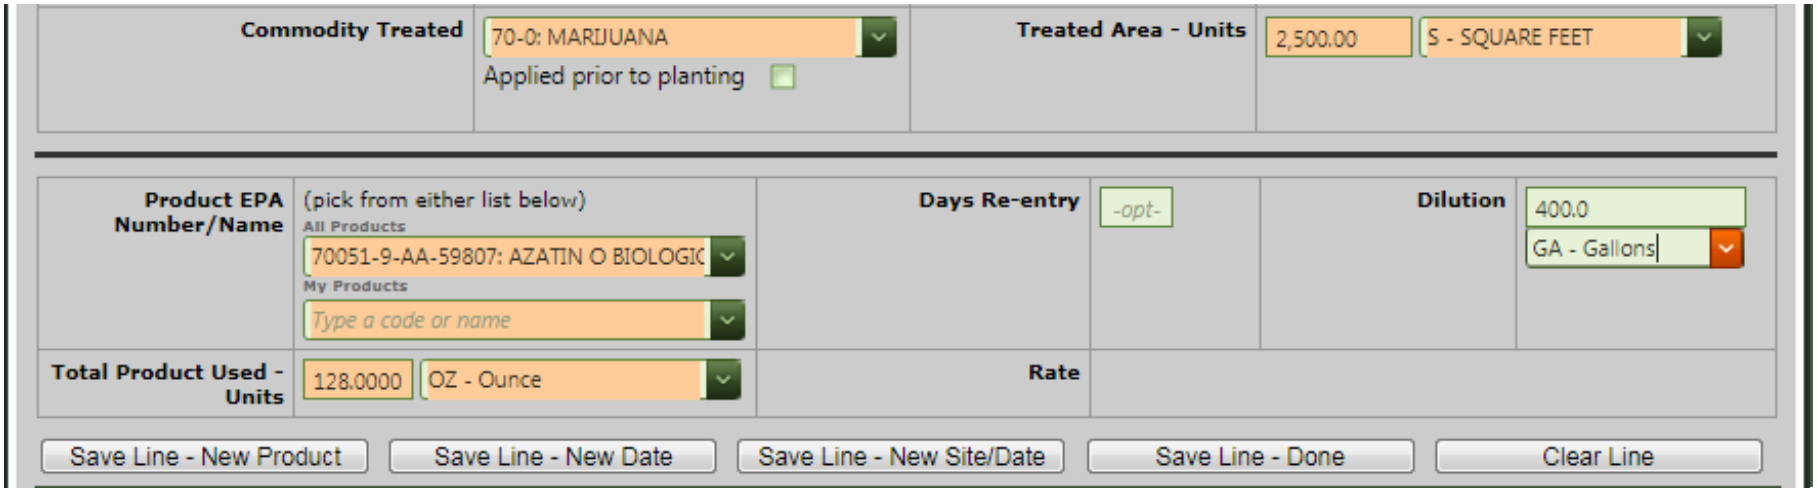
Entering a production PUR

Enter the product used. (By name or registration number)

Enter quantity used and units

Dilution is optional

Lastly click the appropriate button on the bottom

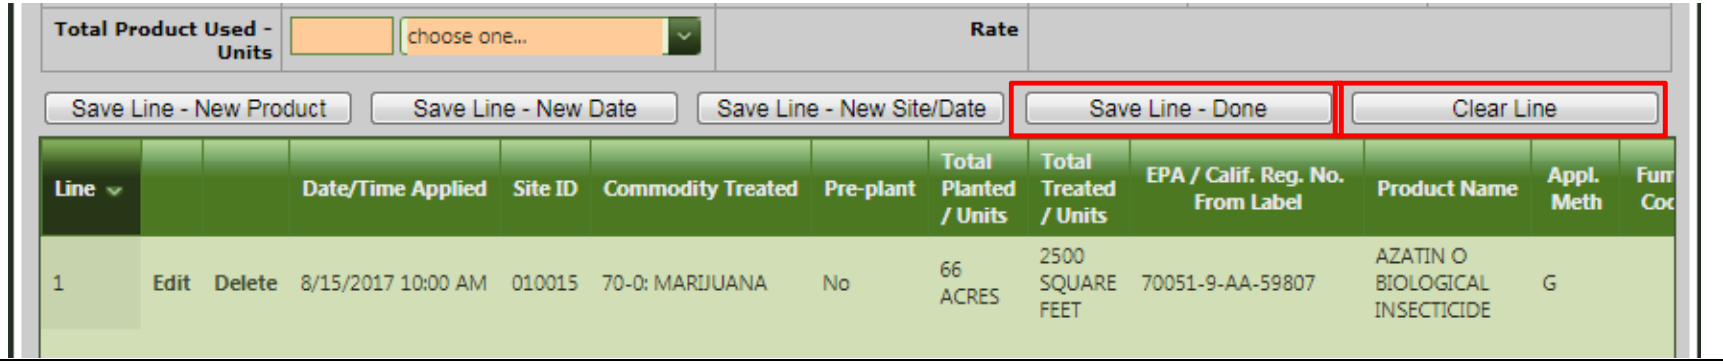


The save buttons

- Save Line – New Product
  - Copies the date and location, you enter new pesticides
- Save Line – New Date
  - Copies only the location, you enter new date and pesticides
- Save Line – New Site/Date
  - Copies just the permit name, you enter new date, location and pesticides

The save buttons

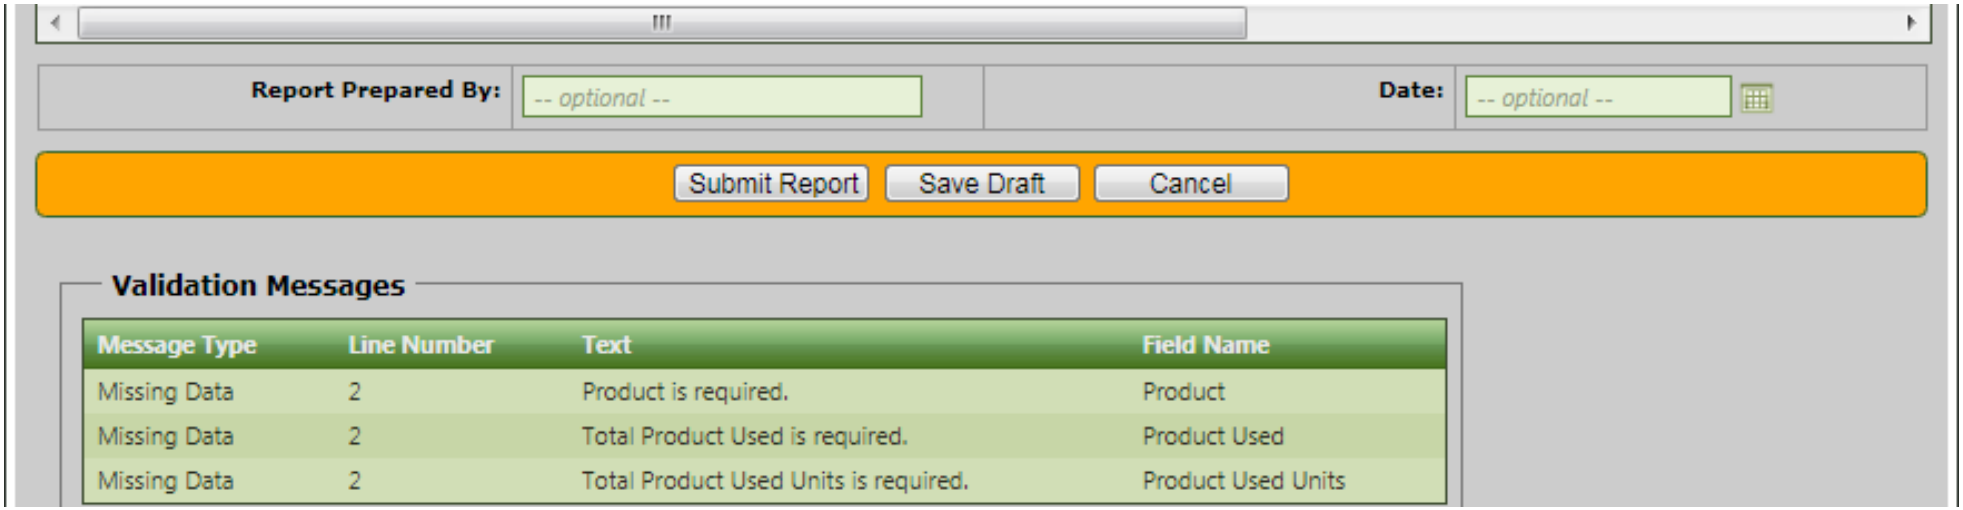
- Save Line – Done
  - Saves the current pesticide data line and closes the PUR for saving to Draft or to Submit to County
- Clear Line
  - Erase the current pesticide data being entered



Finalizing the report

Report prepared by, and date are optional

You can then save the PUR in draft or submit it



Validation Error

Data entry mistakes do happen.

Please correct them before submitting

Pest Control Headquarters Inspections

Part of the CAC's regulatory duties includes conducting Pest Control Headquarters Inspections

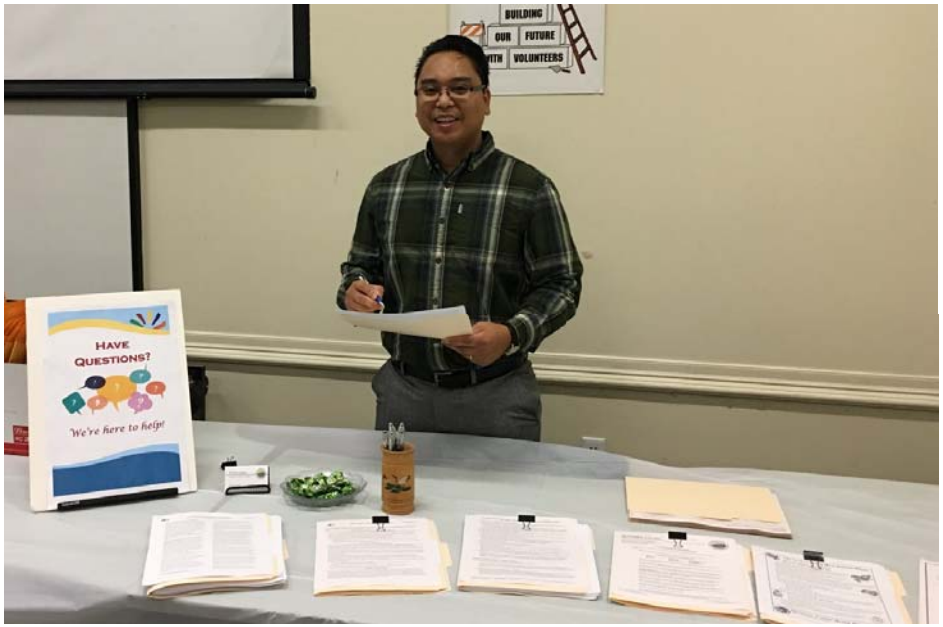
- Use records and reports
- Employee safety training records
- Respiratory protection program records
- Inspection of the pesticide storage

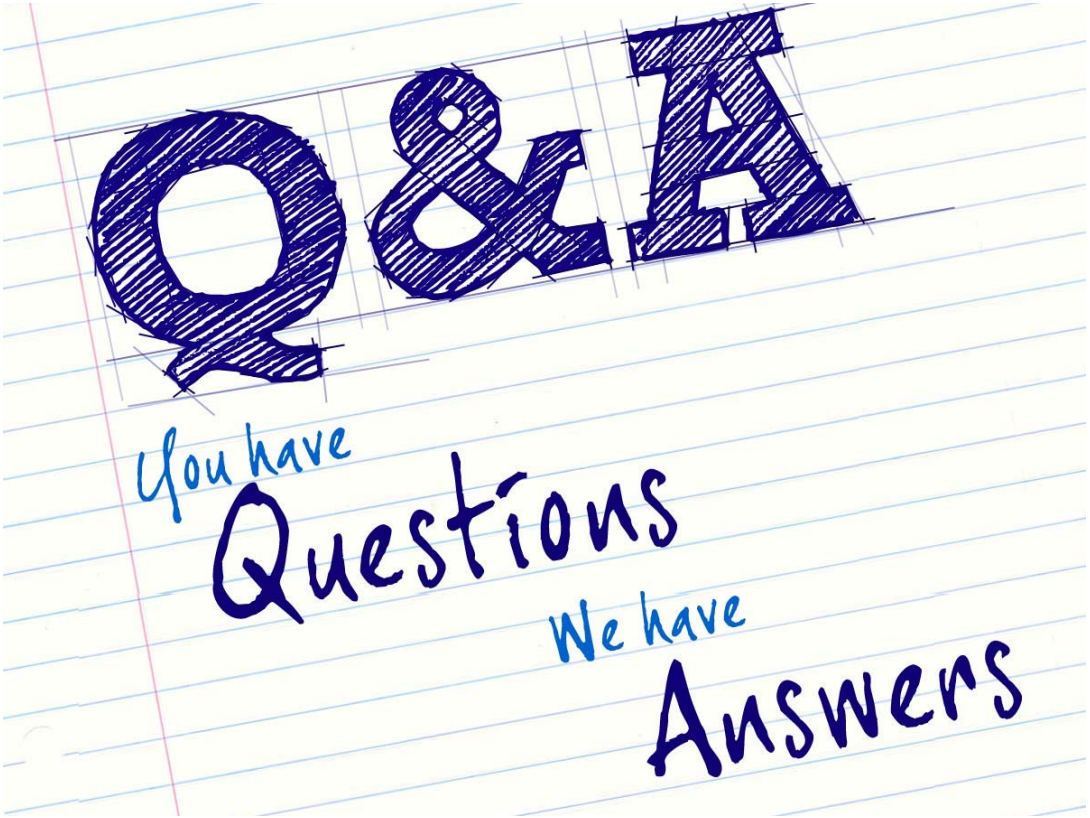
Further Assistance

Please see our inspector at the back for assistance

- CalAgPermit Login Requests
- Records Inspection Checklists
- OIN application
- Other materials (to be covered)

Ronnie Capili





Thank You
