	SECTION 1: FOOD			
	A.		Food facilities as defined by Chapter 4 of Division 104, section 113785 of the California Health and Safety Code (H&S Code) commonly known as the California Uniform Retail Food Facility Law.	
4018		1	Bed and Breakfast	723
4023		2.	Annual Flea Market/ Community Event Organizer Permit/Certified Farmers Market 6 hours	1051
		3.	Commissary	
4026			a. Commissary Food Preparation -no retail	1006
4030			b. Commissary (non-Food Prep) - no retail	730
4034			c. Commissary verification - 2 hour minimum	350
4038		4.	Community Event Organizer/Sponsor Per Event - 2.5 hours	437
4043		5.	Temporary Food Facility with Distribution Carts/Booths	309
4050		6.	Farmstay	601
		7.	Hospital and Skilled Nursing Kitchens	
4067			a. Tier 3	1,713
4069		8.	Hotel/Motel Complimentary Food	360
		9.	Mobile Food Facilities (Mobile Food Facilities in accordance with H&S Code Section 113831):	
4068			a. Bakery, Produce, Frozen Food or Ice Cream Trucks	231
4071			b. Ice Cream Push Carts (1-4)	88
4073			c. Ice Cream Push Carts (5-10)	171
4078			d. Ice Cream Push Carts (11+), per hour, one hour minimum	175
4088			e. Pushcarts/Other Conveyances (limited to pre-packaged, non-potentially hazardous food, no food preparation)	225
4096			f. MFF Vehicles (prepackaged, non-potentially hazardous food)	349
4092			g. Beverage MFF (bulk dispensing of non-potentially hazardous food)	349
4100			h. Whole fish and whole aquatic vertebrates	412
4108			j. Mobile Food Limited Food Preparation	412
4112			k. Mobile Food Preparation Units - 4 hours	701
4113			Catering Operation	512
4114			Host Facility	512

2672		3.	3. Annual operating permit for a sewage treatment and reclamation facility	
2072	F.		Miscellaneous: For example, wastewater monitoring, review or request for variance to Monterey County Code Chapter 15.20, review of technical documents, per hour	175
	SECTION 3: SANITATION FOOT NOTES			
		1.	An onsite Wastewater Treatment System, referred to throughout Article I.E. as "OWTS", is a system used to collect and treat wastewater from a single family dwelling or buildings that dispose of the treated wastewater below ground on the same parcel as the structure(s) that the OWTS serves. A Package Treatment Plant means a non-regional wastewater treatment facility that treats two-thousand and five hundred gallons or more per day of wastewater and does not include OWTS. A Wastewater Treatment Facility means a facility designed to receive wastewater from a regional area, e.g. The Monterey Regional Water Pollution Control Agency (MRWPCA) or the Carmel Area Wastewater District (CAWD). Definitions of the terms referenced herein are consistent with the 2010 Monterey County General Plan.	
		2.	An OWTS permit may only be renewed if no changes to Monterey County Code, Chapter 15.20 or the Central Coast Basin Plan have been approved by the Monterey County Board of Supervisors or the Central Coast Regional Water Quality Control Board, respectively, since the date of permit issuance and no changes to the OWTS design are proposed. An OWTS permit that has expired more than 36 months from the date of issuance shall be void; therefore, a new application and applicable fees must be submitted for consideration by EHB staff prior to issuance of the OWTS permit. If an applicant proposes to change the OWTS design of an expired OWTS permit a new application and applicable fees must be submitted for consideration by EHB staff prior to issuance of the OWTS permit.	

ARTICLE I.E.				
HEALTH DEPARTMENT FEES				
Article I.E - Environmental Health, Effective July 1, 2022				
PE Number	Section #		Description	FY 2022-23 Article I.E.
	3.		Relative to OWTS construction permits, fees collected for soils and/or percolation testing may be credited toward a subsequent OWTS permit application, up to 50% of the total permit fee, at the applicant's request provided the permit application is made within 6 months of the first day of onsite soils and/or percolation testing. Relative to discretionary permits, fees collected soils and/or percolation testing may be credited toward a subsequent discretionary permit, except design approval, at the applicant's request provided the discretionary permit application is made within 6 months of the application appointment. The fees collected for soils and/or percolation testing shall only be credited toward one (1) subsequent application, being either an OWTS construction permit or discretionary permit.	
	4.		In the event staff time spent reviewing the application materials exceeds 27 hours, the applicant may be billed for each additional hour beyond 27 hours at the current hourly rate approved by the Board of Supervisors through this article, Article I.E.	
	5.		In the event staff time spent reviewing the application materials exceeds 41 hours, the applicant may be billed for each additional hour beyond 41 hours to the current hourly rate approved by the Board of Supervisors through this article, Article I.E.	
	SECTION 4: HOUSING			
	A.		Organized Camps as defined in Part 2.3 of Division, section 18897 of the California Health and Safety Code.	
8010			Organized Camp	798
	B.		Employee Housing/Labor Camps as defined and regulated in Division 13, Part 1, commencing with section 17000 of the Health and Safety Code and Title 25, Chapter 2, commencing with section 600 of the California Code of Regulations. Fees are subject to change if changed per this regulation.	
		1.	Issuance and permit fees are calculated as follows:	
8014			a. Employee Housing Issuance fee	139
8018			b. Per employee to be housed	29
8021			c. Per lot or site provided for parking of mobile homes or recreational vehicle by employers	75
8023			d. Per Dormitory	289
8025			e. Per Single Family Dwelling	104

	SECTION 5: LAND USE FOOT NOTES			
	1.		Environmental Health fees are based on an hourly rate approved by the Board of Supervisors flat fee based on the estimated reasonable through Health Department Fees, Article I.E. Unless a “deposit” is indicated, the fee is a flat fee based on the estimated reasonable cost, averaged across all applications, of processing the permit/entitlement/activity for which the fee is charged. For certain matters, a “deposit” is indicated because the cost of processing varies widely depending on the particular application. Where a “deposit” is indicated, the fee will be based on actual cost, measured by actual time spent on a particular application in quarter hour (.25) increments. Applicant is required to pay the deposit, which is based on an estimate of minimum cost, and to increase the deposit if, in the course of processing the application, County determines that the deposit is insufficient to cover actual processing time. The fee will be calculated at full cost recovery when the project is complete. Where there are conflicting deposit amounts, the lower deposit shall apply. On deposit matters, applicant and the Director of Health, or designee, may elect, on a case-by-case basis, to agree to a different deposit amount based on the estimated actual cost of processing a specific application.	

ARTICLE I.E.			
HEALTH DEPARTMENT FEES			
Article I.E - Environmental Health, Effective July 1, 2022			
PE Number	Section #	Description	FY 2022-23 Article I.E.
	2.	In the coastal zone, the appeal fee applies only to appeals of permits that are not appealable to the California Coastal Commission such as Administrative Permits, Design Approvals, Variances and Tree Removal Permits in certain coastal areas. The appeal fee does not apply to appeals of Coastal Development Permits that are appealable to the Coastal Commission. The Appeal fee is based upon the fee adopted by the Board of Supervisors on May 7, 2013, which sets the fee substantially lower than the actual cost. The Appeal Fee is subsidized by the County General Fund.	
	3.	“Extraordinary development applications” are those applications which will require staff time well beyond the typical application, as determined by the Director of Planning. These applications may include, by way of example and without limitation, applications for large scale development involving multiple discretionary entitlements, significant technical review by other land use agencies, and/or an anticipated lengthy time frame for processing because of their scope and complexity. Consistent with these criteria, any project requiring the preparation of an EIR shall qualify as an extraordinary development application. The amount paid to the County is for staff costs. The County may utilize a consultant, whose expenses shall be fully funded by the project applicant.	
	4.	Fees assessed on behalf of the EHB for Combined Development Permits under Chapter 21.76 of Title 21 and Chapter 20.70 of Title 20 are not subject to any discount or cost reduction because only one (1) EHB review fee is assessed per permit application. Fees for environmental review are separate from the permit review fee and will be assessed separately.	
	5.	Fees collected for Development Review Conferences shall be credited against any subsequent discretionary permit, except design approval, provided the discretionary permit application is made within 12 months of the application appointment.	
	6.	Projects approved after the effective date of this Article, with conditions of approval and mitigation measures that require monitoring by the EHB, shall be subject to the Condition Compliance / Mitigation Monitoring fee set forth in this Article. Projects approved prior to the effective date of this Article with mitigation measures shall be subject to the mitigation monitoring fees set forth in the County Fee Resolution that was in effect on the project approval date.	

ARTICLE I.E.				
HEALTH DEPARTMENT FEES				
Article I.E - Environmental Health, Effective July 1, 2022				
PE Number	Section #		Description	FY 2022-23 Article I.E.
	7.		An Onsite Wastewater Treatment System, referred to throughout Article I.E. as “OWTS”, is a system used to collect and treat wastewater from a single family dwelling or buildings that dispose of the treated wastewater below ground on the same parcel as the structure(s) that the OWTS serves. A Package Treatment Plant means a non-regional wastewater treatment facility that treats two-thousand and five hundred gallons or more per day of wastewater and does not include OWTS. A Wastewater Treatment Facility means a facility designed to receive wastewater from a regional area, e.g. Monterey One Water (MW1) or the Carmel Area Wastewater District (CAWD). Definitions of the terms referenced herein are consistent with the 2010 Monterey County General Plan.	
	8.		The applicant for a discretionary land use development permit, use permit, construction permit, Williamson Act agreement, Mills Act contract, lot line adjustment, and/or any procedure that requires processing through the Health Department and includes recording/filing of a document with the Monterey County Recorder shall, in addition to the payment of any and all other County and/or Health Department fees, be required to pay any and all applicable standard recording/filing fees no later than the time of the recording/filing of that document. The payment of the applicable recording/filing fee shall be required whether or not the document is processed on behalf of the applicant by an employee of the County of Monterey (e.g., Health Department staff or Clerk of the Board) or is processed by the applicant. Failure to ensure full payment of such recording/filing fee by the time of the recording/filing shall be grounds for rejection of the recording/filing of that document with no liability to the County.	
	9.		When a hydrogeologic report is required to be prepared for a subdivision or other application subject to Title 19 of Monterey County Code, the report shall be based on a comprehensive hydrological investigation prepared by a certified hydrogeologist, selected by the County and under contract with the County, at the applicant's expense. A deposit for staff costs associated with preparation and administration of the contract, and review of the hydrogeologic report shall be in addition to the deposit for the development application. When an application is not subject to Title 19, the applicant shall consult with the Water Resources Agency (WRA) to develop the scope of work for the hydrological investigation; however, selection, contract and preparation of the hydrogeologic report shall occur independent of the County. EHB will review the hydrogeologic report in consultation with WRA. A deposit for staff costs associated with technical review of the hydrogeologic report shall be in addition to the deposit for the
