

**AMENDMENT NO. 1  
TO  
TEMPORARY MAINTENANCE AGREEMENT  
BY AND BETWEEN  
EAST GARRISON COMMUNITY SERVICES DISTRICT AND  
UCP EAST GARRISON, LLC**

This AMENDMENT NO. 1 TO AGREEMENT No. A-12423, TEMPORARY MAINTENANCE AGREEMENT by and between EAST GARRISON COMMUNITY SERVICES DISTRICT and UCP EAST GARRISON, LLC (“Amendment No.1”) is made and entered into as of July 25, 2017.

**RECITALS**

- A. On March 26, 2013, the EAST GARRISON COMMUNITY SERVICES DISTRICT (“District”) and UCP EAST GARRISON, LLC (“UCP” or “Developer”) entered into an agreement (the “Temporary Maintenance Agreement” or “Agreement”) whereby UCP agreed to provide all maintenance obligations on Phase 1 District improvements, in accordance with the scope and schedule of the approved *Operations and Maintenance Plan for the East Garrison Development* (“OMP”) related to the East Garrison Disposition and Development Agreement (“East Garrison DDA”).
- B. Paragraph 1 (“Term”) of the Temporary Maintenance Agreement provides that it shall remain in effect until the issuance of the Certificate of Occupancy for the three hundred fifteenth (315th) market-rate residential unit in Phase 1 of the East Garrison development. The Term also contained a proviso that the temporary maintenance obligations are to be transferred to the District within one hundred twenty (120) days of a certification from the District that revenues generated from the Special Tax for Services are sufficient to fund all District maintenance obligations, including a fully funded reserve.
- C. Paragraph 2 (“Temporary Maintenance of the CSD Property by UCP”) of the Agreement identifies certain improvements included in the scope of UCP’s maintenance responsibilities, but is unclear as to the scope of all improvements to be maintained by UCP pursuant to the Agreement.
- D. Paragraph 6 (“Reimbursement of Temporary Maintenance Costs”) of the Agreement provides that UCP’s maintenance obligations pursuant to the Agreement are not to be charged to the District, but instead included as “Project Costs” as that term is used in the East Garrison DDA. Paragraph 7 (“Cost of Maintenance/ Retention of Funds”) of the Agreement further provided that any revenues accrued by the District pursuant to the Agreement are to be kept by the District and used for restricted purposes as set forth in the Agreement.
- E. Development pursuant to the East Garrison DDA has proceeded, and the District is preparing to solicit a consultant to provide maintenance and related services, including the types of services described in the Temporary Maintenance Agreement undertaken by UCP. The

District believes sufficient revenues are being generated to assume maintenance duties, however, it is not known at this time if a consultant will be selected within the 120-day time frame contemplated by Paragraph 1. The District also recognizes the original intent of the parties to the East Garrison Disposition and Development Agreement was for the District to assume costs of maintenance of District property when it was financially capable.

F. UCP recognizes the marketing benefits of the obligations it assumed to maintain District improvements during critical stages of the development of East Garrison, as well as the continued benefits of control of maintenance of improvements by UCP, but does not wish to assume responsibility for continued costs if the District is financially capable.

G. Accordingly, in order to continue the proper, efficient and cost-effective maintenance of the East Garrison Project in a manner that promotes the continued development of the Project, the District and UCP wish to amend the Agreement to provide for the reimbursement of services performed by UCP under the Agreement as of the date set forth below.

NOW, THEREFORE, in consideration of the promises contained herein, the District and UCP agree to amend the Temporary Maintenance Agreement as follows:

1. Paragraph 1 (“Term”) of the Temporary Maintenance Agreement is amended to read as follows:

1. Term. Subject to applicable law, the term (“Term”) of this AGREEMENT shall commence on the date EGCS D accepts the completed East Garrison Phase 1 improvements described in the *Urban Services Agreement* as amended on March 26, 2013, into the EGCS D maintenance system, and shall remain in effect until issuance of the three hundred fifteenth (315<sup>th</sup>) market-rate residential unit in Phase 1 of the East Garrison development. Provided, however, that the temporary maintenance obligations described herein, with the exception of Lincoln Park, as set forth below in Paragraph 1.1, shall be transferred to EGCS D within sixty (60) days of the approval of an agreement between EGCS D and a selected vendor to provide maintenance services.

2. Paragraph 1.1 is hereby added to the Temporary Maintenance Agreement to read as follows:

1.1 Lincoln Park. Notwithstanding anything to the contrary in the AGREEMENT, UCP shall continue to maintain Lincoln Park for a period of one (1) year following the later of: (a) the issuance of the three hundred fifteenth (315<sup>th</sup>) market-rate residential unit Certificate of Occupancy in Phase 1 of the East Garrison development; or (b) the approval of an agreement between EGCS D and a selected vendor to provide maintenance services, or (c) the EGCS D providing notice to UCP of such approved agreement.

3. Paragraph 2 (“Temporary Maintenance of the CSD Property by UCP”) of the Temporary Maintenance Agreement is amended to read as follows:

Throughout the term of this AGREEMENT, UCP shall perform all maintenance obligations on ESCSD improvements in all Phases of the Project in accordance with the scope and schedule of the applicable OMP, including but not limited to all drainage, stormwater facilities and systems, and retention basins for flood control; Lincoln Park and other Open Space as shown in Exhibits 3 and 4 of the *First Amendment to Urban Services Agreement* approved by the Board of Supervisors on March 26, 2013.

4. Paragraph 6 (“Reimbursement of Temporary Maintenance Costs”) of the Temporary Maintenance Agreement is amended by replacing Paragraph 6 with the following:

6. Reimbursement of Temporary Maintenance Costs.

(a) Any costs associated with UCP’s maintenance obligations pursuant to this Agreement prior to the date of March 1, 2017, shall not be charged to EGCS D, but shall instead be included as “Project Costs” as that term is used in the DDA. In addition, unless through a future amendment past costs are reimbursed, the Project Costs incurred by UCP pursuant to this Agreement shall be chargeable only to the Successor Agency to the Redevelopment Agency of the County of Monterey and not to the Fort Ord Reuse Authority.

(b) Actual, direct costs associated with UCP’s maintenance obligations pursuant to this Agreement incurred on or after March 1, 2017, shall be reimbursed by EGCS D. The estimated cost of services provided under this Agreement shall not exceed the Total Annual Budget as is set forth below and as detailed in Exhibit 2 to this Amendment No. 1 (the “Total Annual Budget”):

<b>ANNUAL BUDGET</b>				
	<b>FY16-17</b>	<b>FY17-18</b>	<b>FY18-19</b>	<b>FY19-20</b>
Task 1: Public Road Annual Maintenance	\$ 7,500	\$ 65,200	\$ 66,600	\$ 68,100
Task 2: Stormwater/Flood Control Annual Maintenance	\$ 7,600	\$ 66,600	\$ 68,100	\$ 69,700
Task 3: Park & Open Space Annual Maintenance	\$ 57,600	\$ 503,900	\$ 515,100	\$ 526,700
Task 4: Optional Services as Assigned				
Non-Emergency Services	\$ 7,300	\$43,600	\$45,000	\$46,500
Emergency Services		\$20,000	\$20,000	\$20,000
<b>TOTAL MAXIMUM ANNUAL COST</b>	<b>\$ 80,000</b>	<b>\$ 699,300</b>	<b>\$ 714,800</b>	<b>\$ 731,400</b>

The parties acknowledge that the Annual Budget as stated herein is an estimate which may not reflect the actual cost of services, and while EGCS D shall have no obligation to pay any amount in excess of the Total Annual Budget, the parties agree to meet and confer in good faith on a semi-annual basis in order to review the Total Annual Budget and make reasonable adjustments to the Budget if necessary and mutually agreed upon by the parties. UCP shall submit monthly invoices which shall include details of service rendered and expenses incurred during the dates indicated. Detail of services shall describe the nature of the work, the scope line item from Exhibit 2, and the EGCS D

property or facility upon which the work was performed. Costs for purchased materials or for work performed by sub-contractors or sub-vendors shall be supported by attached invoices. No mark-up for materials or sub-contractor or sub-vendor costs will be allowed. Mileage costs shall be billed at the current County of Monterey mileage billing rate.

The effort anticipated to complete this work is based on the scope of work and cost estimates contained within the *Operation and Maintenance Plan, East Garrison Development*, rev April 26, 2013 and escalated to 2017 dollars. Cost estimates provided for tasks are the best estimates available at the time of Plan preparation; actual invoiced amounts may vary from the initial task estimates due to weather impacts, unanticipated repairs, inspection report recommendations, etc. An amendment to the Agreement is not required if the task allocated budget amount(s) do not exceed the overall Agreement not-to-exceed amount. In the event UCP costs are to exceed the task allocated budget amount(s), UCP shall notify EGCSO in advance and as soon as possible in writing and clearly describe how UCP will achieve net fiscal neutrality.

Work under Task 4, Optional Services, shall be provided only upon prior written authorization by EGCSO, and only if the cost of the work is within the indicated budget, excepting in the event of an emergency, in which case UCP may provide the response and repair services and notify EGCSO as soon as reasonably practicable. An "emergency" as used herein means only the following events: fire, flash flood, earthquake, Act of God, Act of War, and or an immediate unexpected threat to public health or safety which poses a substantial risk of serious bodily harm. The cost for such emergency services under this Agreement shall not exceed the Total Annual amount of \$20,000. Optional Services include work not anticipated in the Operation and Maintenance Plan which may be required to provide for public safety or compliance with statutes or regulations within the properties and facilities owned by the EGCSO. Except for emergency work, for any recommended work initiated by UCP, UCP shall provide EGCSO a written scope of work, justification of need, and detailed cost estimate for review by EGCSO prior to EGCSO issuing authorization to proceed with the work. For recommended work initiated by EGCSO, UCP shall provide upon request a detailed cost estimate for review by EGCSO prior to issuing authorization to proceed with the work.

Attached as Exhibit 1 to this Amendment No. 1 is a listing of incurred costs from March 1, 2017 to May 1, 2017. UCP represents that such costs are reasonable and consistent and not anticipated to increase over the anticipated term of this Agreement. All services provided during the period March 1 through June 30, 2017 must be invoiced not later than July 31, 2017.

5. Paragraph 8 ("Notices") of the Temporary Maintenance Agreement is amended by replacing the addresses for notices and other communications to read as follows:

UCP: UCP East Garrison, LLC

A FINANCE CHARGE OF 1.5% PER MONTH (18% PER ANNUM) will be charged on the past due balance. The past due balance represents all charges remaining unpaid on the closing date of the month following the invoice date. In the event of default in the payment of any amount due, and if the account is placed in the hands of any agency or attorney for collection or legal action, the purchaser agrees to pay finance charges equal to the cost of collection (as permitted by laws governing these transactions). When necessary, Quinn will invoke its repairman's lien pursuant to Sections 3051 and 3051a of the California Civil Code. Acceptance by the customer of the parts, service or equipment listed above is the customer's agreement to be bound by the credit and collection terms set forth above.

**EXHIBIT 2**  
**SCOPE OF WORK AND ANNUAL BUDGET**

Ref: *Operation and Maintenance Plan, East Garrison Development* , rev April 26, 2013

<b>Task 1: Public Road Annual Maintenance</b>					
<u>Pavement Sweeping</u> – Sweeping and debris collection along streets, lanes, bicycle lanes, shoulders, and sidewalks.					
<u>Pavement Repair</u> – Conduct periodic inspections of pavement areas in public right-of-ways. In the event that distressed pavement areas are identified, these areas shall be repaired in an appropriate manner. Possible remedies include pavement overlays, slurry seals, or “point and-patch” activities. It is anticipated that pavement would have a useful life of 10 years. Seal coats are anticipated to be applied once every four years.					
<u>Drainage Facilities</u> – Drainage facilities associated with public right-of-ways, including curb-and-gutter structures, inlets, and manholes shall be inspected on a semi-annual basis. Storm drains shall be inspected on an annual basis. Debris removal from inlets and catch basins/traps shall be performed on a semi-annual basis; once in the spring and once in the fall prior to the onset of the wet season.					
<u>Sidewalk and Curb-and-Gutter Repair</u> – Sidewalks and curb-and-gutter structures shall be periodically inspected for distressed conditions. In the event that distressed pavement is observed, repairs will be performed on an as-needed basis if the situation poses a threat to public safety.					
<u>Street Lighting System</u> – Street lights within public right-of-ways shall be inspected and/or repaired in a manner consistent with maintaining public safety. It is anticipated that light fixtures would have a useful life of 20 years and that light bulbs would be replaced every four years.					
<u>Landscaping</u> – Landscaping will be provided along public street medians as well as in other locations within public road right-of-ways. Typical landscaping maintenance activities (mowing, leaf control, pruning, planting, weed/invasive species removal, irrigation system maintenance, and fertilizing) should occur on a regular basis consistent with proper care guidelines for specific plant species that are used in landscaped areas. Irrigation system components include controllers, backflow controls, and remote control valves.					
<u>Signage</u> – Street signs in public streets shall be maintained to prevent public safety from being compromised. Damaged or stolen signage shall be replaced on an as-needed basis. Signs are expected to have a 20-year useful life					
<u>Pavement Markings</u> – Pavement markings in public streets (e.g. striping) shall be inspected to protect public safety. Damaged or worn striping shall be replaced on an as-needed basis.					
<b>TASK 1 SUB-TOTAL ANNUAL BUDGET</b>		<b>FY2016-17</b>	<b>FY2017-18</b>	<b>FY2018-19</b>	<b>FY2019-20</b>
		\$ 7,500	\$ 65,200	\$ 66,600	\$ 68,100
<b>Task 2: Stormwater/Flood Control Annual Maintenance</b>					
<u>Monitoring Program:</u>					
<u>Water surface drawdown</u> – Routine inspections after rain events to verify that the surface of retained water is dropping with time, indicating infiltration					
<u>Litter and coarse debris</u> – Inspections to observe the relative quantity of deleterious materials that could interfere with stormwater conveyance.					
<u>Condition of inlets and outlets</u> – Inspection to assess if any obstructions or evidence of erosion is present at outlets.					
<u>Erosion (general)</u> – Inspection to determine if erosion or bank failures have occurred around the perimeter of the basins.					
<u>Sediment deposition</u> – Inspection during dry months to determine the extent of sediment deposition on basin floors.					
<u>Vegetation</u> – Inspection to determine the presence of vegetation greater than 5 feet in height or the presence of woody					
<u>Leakage through Basin 3 liner</u> – Inspections to qualitatively assess the integrity and performance of the geosynthetic liner installed at Basin 3.					
<u>Public safety</u> – Inspections to determine the condition of basin signage, barriers, and evidence of improper encroachment.					
<u>Vector control</u> – Periodic inspection to observe if ponded water that could serve as mosquito habitat is present within the detention basins.					
<u>Pump monitoring</u> – Periodic observations to assess pumping performance and back-up generator system. Response to alarm system on an as-needed basis.					

<u>Monitoring Schedule:</u>				
Routine monitoring – Two full monitoring events per year; one during wet season following a storm resulting in 0.2 inch or more of precipitation.				
Extreme event monitoring – Monitoring events following a storm resulting in 2 inches or greater of precipitation in a 24-hour period.				
<u>Routine Maintenance Activities</u>				
Removal of litter and coarse debris.				
Vegetation control and management.				
Cleaning of stormwater basin outlet structures				
Stormwater Basin 2b junction box maintenance.				
<u>Non-Routine Maintenance</u>				
Emergency outlet maintenance				
Bank repairs				
Sediment removal				
Geotextile liner repair				
Improper encroachment				
<b>TASK 2 SUB-TOTAL ANNUAL BUDGET</b>				
	<b>FY2016-17</b>	<b>FY2017-18</b>	<b>FY2018-19</b>	<b>FY2019-20</b>
	<b>\$ 7,600</b>	<b>\$ 66,600</b>	<b>\$ 68,100</b>	<b>\$ 69,700</b>
<b>Task 3: Park &amp; Open Space Annual Maintenance</b>				
<u>Landscaping</u> – Landscaping activities such as mowing, weeding/invasive species removal, pruning, fertilizing, transplanting, irrigation system monitoring and maintenance, and leaf removal should be performed on a regular basis based on proper care guidelines for the plant species selected for the project.				
<u>Sports facilities</u> – Activities such as baseball infield maintenance, baseball diamond and soccer field marker striping, court sweeping/refinishing, bocce court maintenance, and general sports equipment maintenance should be performed on a regular basis based on level of use and the resulting wear. Additionally, routine inspections should be performed to identify if any damaged equipment poses a hazard.				
<u>Playgrounds</u> – Inspection and maintenance of playground equipment, safety equipment (i.e., wood chips, padding) should be performed on a regular basis depending on the level of use and resulting wear.				
<u>Structures</u> – Ongoing inspection and maintenance should be performed for the pavilion stage and seating area, the gazebo, drinking fountains, restrooms and restroom fences, the interactive fountain, and table/seating areas. Additionally, garbage should be collected on a regular basis from the facilities, and walls should be inspected and cleaned if graffiti or other staining is present.				
<b>TASK 3 SUB-TOTAL ANNUAL BUDGET</b>				
	<b>FY2016-17</b>	<b>FY2017-18</b>	<b>FY2018-19</b>	<b>FY2019-20</b>
	<b>\$ 57,600</b>	<b>\$ 503,900</b>	<b>\$ 515,100</b>	<b>\$ 526,700</b>
<b>Task 4: Optional Services as Assigned</b>				
Optional Services include work not anticipated in the Operation and Maintenance Plan which may be required to provide for public safety or compliance with statutes or regulations within the properties and facilities owned by the EGCS D. Optional Services shall be provided only upon prior written authorization by EGCS D, and only if the cost of the work is within the indicated budget, excepting in the event of an emergency, in which case UCP may provide the response and repair services and notify EGCS D as soon as reasonably practicable. An “emergency” as used herein means only the following events: fire, flash flood, earthquake, Act of God, Act of War, and or an immediate unexpected threat to public health or safety which poses a substantial risk of serious bodily harm. Cost of services provided for such emergency services under this Agreement shall not exceed the Total Annual amount of \$20,000.				
<b>TASK 4 SUB-TOTAL ANNUAL BUDGET NOT TO EXCEED</b>				
	<b>FY2016-17</b>	<b>FY2017-18</b>	<b>FY2018-19</b>	<b>FY2019-20</b>
	<b>\$ 7,300</b>	<b>\$ 63,600</b>	<b>\$ 65,000</b>	<b>\$ 66,500</b>
Non-Emergency Optional Services	\$ 7,300	\$ 43,600	\$ 45,000	\$ 46,500
Emergency Optional Services	\$ -	\$ 20,000	\$ 20,000	\$ 20,000
<b>TOTAL ANNUAL BUDGET NOT TO EXCEED</b>	<b>FY2016-17</b>	<b>FY2017-18</b>	<b>FY2018-19</b>	<b>FY2019-20</b>
	<b>\$ 80,000</b>	<b>\$ 699,300</b>	<b>\$ 714,800</b>	<b>\$ 731,000</b>
<b>*NOTE</b> - The effort anticipated to complete this work is based on the scope and cost estimates in the Operation and Maintenance Plan, East Garrison Development, rev April 26, 2013 and escalated to 2017 dollars. Cost estimates are the best available at the time of Plan preparation. Actual invoiced amounts may vary from initial task estimates due to weather impacts, unanticipated repairs, inspection report recommendations, etc.
