CODE OF ORDINANCE

Chapter 7.60- WEIGHING AND MEASURING FEES

7.60.080 - Reinspection.

After any commercial weighing or measuring instrument or device has been tested and found to be outside the tolerances and specifications set by the California Department of Food and Agriculture, the Sealer may reinspect, retest and recertify such an instrument or device in order to determine if it is within those tolerances and specifications. The Sealer is authorized to charge for any such inspection or testing and shall base the fee upon the inspector's hourly rate, benefits and department overhead charges. The fee for equipment rental shall be the fee established by the Division of Measurement Standards pursuant to provisions of Division 5, Chapter 2, Section 12212 of the California Business and Professions Code as may be amended from time to time.
