Narrative:

At 5:43 PM I was notified by Dispatched to call Captain Ray Fontaine, Monterey City Fire. Captain Fontaine was on-scene at a sewage spill located at 22 Upper Ragsdale. Monterey Public Works was also on-scene. It was determined that the city mains were not the source of the spill and that 22 Upper Ragsdale was responsible. I called the property owner, Mr. Ray Griffin, that the cause of the spillage required to be fixed and that the areas where sewage had spilled onto the surface required cleanup and disinfection. Mr. Griffin was aware of the situation as Monterey Fire had informed him and he was working with PSTS to fix the problem either that evening or in the morning. The building was not occupied due to the weekend. As it was getting dark, I requested Monterey Fire to tape the area where sewage had spilled. Monterey PW cleaned the parking lot and disinfected it. Mr. Griffin called me the next morning at 10:21AM to inform me that the sewage blockage was fixed and the affected surface area was cleaned and disinfected. I arrived onsite at 10:45 to confirm site clean-up.

Incident Status:

Mitigated No Further Action Health Department Follow-up Warranted

Referred to other Agency or Department for follow-up: N/A
