

How to Join a Zoom Meeting

For clients at home with computer or cellphone needing to access their appointment.

You will get a meeting ID that is like the address for your personal meeting, this can be sent to you by e-mail or the number can be given to you over the phone.

From a browser on your computer:

<https://zoom.us/join> and enter the personal meeting ID provided by your host

- The application will download automatically
- If the meeting has not started, it will prompt you to wait.
- You will get to choose how to connect to audio. (Via phone or your computer).
- The meeting will automatically start with your video off. You can control your video and other meeting setting with the menu along the bottom of the screen.

From a tablet or smartphone:

- Download App from App Store (Apple) or Google Play (Android)
- Click join a meeting (You do not need an account, nor do you have to login)
- Enter Meeting ID that was provided by your host
- Choose if you want your audio or video on.
- You will be entered into the meeting if it has started or you will be notified that the meeting has not started yet.

If you already have Zoom installed on your computer:

On a computer via the application

- Click Icon
- Click join a meeting
- Enter the Personal Meeting ID provided by your host
